The early 1960s saw American auto manufacturers desperately trying to sell cars to the emerging baby-boom market. Pontiac attained success with its original muscle car, the GTO, but as successful as the GTO was, it was handily outsold by Ford's grand-slam home-run pony car, the Mustang. In response, Pontiac entered the pony car market in 1967, its new Firebird, a model that became one of the most iconic cars of the classic muscle-car era. Eventually the top Firebird model, the Trans Am, became the standard bearer for automotive performance in the U.S. market, kept the muscle car flame alive throughout the dark years of the 1970s and led the charge when performance reemerged in the 1980s. Pontiac Firebird: 50 Years chronicles the Firebird's rich history, from the early attempts to reach the youth market in the early 1960s, through the potent and turbulent years of the classic muscle car era, the resurgence of muscle in the 1980s, to the car's continued popularity today. **Focus On: 100 Most Popular Sedans e-artnow sro Atlas of Automobiles Muscle Cars The Legend Lives On The Rosen Publishing Group, Inc** The Chevrolet Corvette; the Dodge Coronet; the Ford GT[]they're names that send a shiver down the spine of true car enthusiasts. Vito, born into a New York mob family, quickly becomes a bad influence on Jimmy, who is destined to receive an athletic scholarship. As Jimmy becomes friends with Vito, he has no idea that his life has changed forever with that one decision. Several weekends later, Jimmys uncle shows him his FBI badge and tells fascinating stories about organized crime. Despite warnings from his father, an already intrigued Jimmy soon becomes immersed in a lifestyle not intended for the faint-hearted. After he sets out on a dangerous path lined with drugs, fast women, hot cars, and gangs, Jimmy encounters a variety of characters that eventually lead him to wonder who he can trust, even within a family where loyalty is supposed to matter. As he ponders his life choices and contemplates his next move, now only time will tell if Jimmy will shun the lures of his past or continue on the same misguided path. **Snitches n B*tches** shares the tale of one mans lifelong saga through organized crime and drugs as he learns life lessons the hard way in a cold, harsh world where no one is safe. **Turbocharging Normally Aspirated Engines on a Budget Lulu.com Complete Book of Collectible Cars 60 Years of Blue-chip Auto Investments Used Car and Truck Prices American and Import, 1992-2001 Griffin** Features accurate, up-to-date wholesale and retail prices on used cars and trucks from 1992 to 2001, covering both domestic and imported makes and models, as well as detailed information about automobile specifications, fuel efficiency, standard and optional equipment, ratings and reviews, and much more. Kids built plastic kits of planes, tanks, race cars, space ships, creatures from scary movies, you name it. Before baseball card collecting, Pokémon, and video games, model kit building was one of the most popular hobby activities. Car and airplane kits were the most popular, and among the car kits, muscle cars, as we know them today, were one of the most popular categories. Many owners of real muscle cars today were not old enough to buy them when the cars were new, of course. Yet kids of the 1960s and 1970s worshiped these cars to an extent completely foreign to kids today. If you couldn't afford or were too young to buy a muscle car back then, what could you do? For many, the next best thing was to buy, collect, and build muscle car kits from a variety of kit companies. Hundreds were made. Many of these kits have become collectible today, especially in original, unassembled form. Although people still build kits today, there is a broad market for collectors of nostalgic model kits. People love the kits for the great box art, to rekindle fond memories of building them 40 years ago, or even as a companion to the full-scale cars they own today. Here, world-leading authority Tim Boyd takes you through the entire era of muscle car kits, covering the options, collectability, variety availability, and value of these wonderful kits today. Boyd also takes you through the differences between the original kits, the older reproduction kits, and the new reproduction kits that many people find at swap meets today. If you are looking to build a collection of muscle car kits, interested in getting the kits of your favorite manufacturer or even just of the cars you have owned, this book will be a valuable resource in your model kit search. **Popular Mechanics** Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle. **U.S. News & World Report Lemon-aid New Cars and Minivans Consumer Reports January-December 2002 Hearings Hearings, Reports and Prints of the House Committee on Interstate and Foreign Commerce Air Pollution Control and Solid Wastes Recycling Hearings, Ninety-first Congress, First and Second Sessions on H.R. 12934, H.R. 14960, H.R. 15137, and H.R. 15192, H.R. 15848, H.R. 15847, and Related Bills** Committee Serial No. 91-49.
