MANUAL OF TESTS AND CRITERIA

The Manual of Tests and Criteria contains criteria, test methods and procedures to be used for classification of dangerous goods according to the provisions of Parts 2 and 3 of the United Nations Recommendations on the Transport of Dangerous Goods, Model Regulations, as well as of chemicals presenting physical hazards according to the Globally Harmonized System of Classification and Labelling of Chemicals (GHS). As a consequence, it supplements also national or international regulations which are derived from the United Nations Recommendations on the Transport of Dangerous Goods or the GHS. At its ninth session (7 December 2018), the Committee adopted a set of amendments to the sixth revised edition of the Manual as amended by Amendment 1. This seventh revised edition takes account of these amendments. In addition, noting that the work to facilitate the use of the Manual in the context

of the GHS had been completed, the Committee considered that the reference to the "Recommendations on the Transport of Dangerous Goods" in the title of the Manual was no longer appropriate, and decided that from now on, the Manual should be entitled "Manual of Tests and Criteria".

SON OF HEAVEN AND HEAVENLY QAGHAN

SUI-TANG CHINA AND ITS NEIGHBORS

MILTON IN GOVERNMENT

Penn State University Press For students of the poet, Robert Fallon's Milton in Government fills a gap in modern knowledge of his life, the ten years he labored as Secretary for Foreign Languages to the English Republic. For Interregnum historians, the book offers a study of the international affairs of the Republic from a unique perspective, as well as a detailed analysis of the government bureaucracy that conceived and articulated foreign policy during the 1650s. Milton's decade of public service to the English Republic, and the collection of State Papers which are the product of those years, have been either misunderstood or largely ignored by Miltonists, and their influence upon his poetry all but dismissed. Making extensive use of the State Papers Foreign in the Public Record Office, hitherto overlooked by literary scholars, and the Calendar of State Papers Domestic, Fallon offers the first definitive description of the poet's place in government. He finds Milton to be an indefatigable and highly knowledgeable public servant, closely involved in the expression of foreign policy, and responsible for many more documents than have been previously ascribed to him. His State Letters reveal him as a man intimately aware of international events, a consideration which leaves little doubt that his experience in government had a significant influence on his creative imagination. Fallon also provides a reading of Milton's tracts of 1659-1660, tracing the influence of a decade of public service in his political philosophy and questioning historians' conclusions that he was repudiating Cromwell's Protectorate in his appeal to stave off the Restoration.

PLUNGING INTO HAITI

CLINTON, ARISTIDE, AND THE DEFEAT OF DIPLOMACY

Univ. Press of Mississippi For much of the early 1990s, Haiti held the world's attention. A fiery populist priest, Jean Bertrand Aristide, was elected president and deposed a year later in a military coup. Soon thousands of desperately poor Haitians started to arrive in makeshift boats on the shores of Florida. In early 1993, the newly elected Clinton administration pledged to make the restoration of President Aristide one of the cornerstones of its foreign policy. But that fall the U.S. let supporters of Haiti's ruling military junta

intimidate America into ordering the USS Harlan County and its cargo of UN peacekeeping troops to scotch plans and return to port. Less than a year later, for the first time in U.S. history, a deposed president of another country prevailed on the United States to use its military might to return him to office. These extraordinary events provide the backdrop for *Plunging into Haiti: Clinton, Aristide, and the Defeat of Diplomacy*—Ralph Pezzullo's detailed account of the international diplomatic effort to resolve the political crisis. Through his father, Lawrence Pezzullo, who served as the U.S. special envoy to Haiti, Ralph Pezzullo gained access to important players on all sides. He tells the story of talented, committed men and women from the United States, France, Argentina, and Haiti who dedicated themselves to creating an outcome that would benefit Haiti and the rest of the world. With the energy of a political thriller, *Plunging into Haiti* fleshes out the central political struggle with threads of Haitian history and will engage readers with a general interest in Haiti as well as students of foreign policy. Using his unique perspective and access, Ralph Pezzullo covers the aftermath of the Clinton administration's diplomatic maneuvers to show an island still in turmoil. Ralph Pezzullo is an award-winning playwright, screenwriter, novelist, poet, and journalist. He is the author of several books including *Jawbreaker* and *At the Fall of Somoza* and has written articles for the *Wall Street Journal*, *Newsweek*, the *Washington Post*, *Sports Illustrated*, *Connoisseur*, *GO*, *USA Weekend*, the *Miami Herald*, and other publications.

OBSERVATIONS FROM THE HAGUE AND UTRECHT

WILLIAM HARRISON'S LETTERS TO HENRY WATKINS, 1711-1712

THE HIGH ROAD TO CHINA

GEORGE BOGLE, THE PANCHEN LAMA AND THE FIRST BRITISH EXPEDITION TO TIBET

Bloomsbury UK In 1774 the head of the East India Company in Bengal, Warren Hastings, determined to open trade relations with the hitherto impenetrable court of imperial China. To this end he entrusted the young Scotsman George Bogle to be the first British envoy to Tibet. Once there, Bogle attempted to enlist the influence of the Panchen Lama in a bid to attract the sympathy of the Qianlong Emperor; a hard task, for the imperial court generally viewed trade with disdain, and took an altogether dim view of the British Empire. But what began as an unprecedented diplomatic mission soon acquired a different character. Bogle became smitten by what he saw, and in particular by the person of the Panchen Lama himself, with whom he struck up a remarkable friendship, fuelled by a reciprocal desire for understanding. And as for Tibet: 'When I look upon the time I have spent among the Hills it appears like a fairy dream.' Bogle's letters and journals, by turns playful, penetrating, self-deprecating and packed with engaging detail, were to help

create the myth of Tibet in the West, the Shangri-La so familiar to us today. This book tells the story of the British attempt to reach the Qianlong Emperor's ear, a narrative of two extraordinary journeys across some of the harshest and highest terrain in the world: Bogle's mission, and the Panchen Lama's state visit to China, on which British hopes were hung. Piecing together the narrative from Bogle's private papers, Tibetan biographies of the Panchen Lama, the account of a wandering Hindu monk, and the writings of the Qianlong Emperor himself, Kate Teltscher deftly reconstructs the momentous meeting of four very different worlds.
