### DELETION PHENOMENA IN COMPARATIVE CONSTRUCTIONS

---

---

### ENGLISH COMPARATIVES IN A CROSS-LINGUISTIC PERSPECTIVE

---

Language Science Press **This book provides a new analysis for the syntax of comparatives, focusing on various deletion phenomena affecting the subclause. In particular, the proposed account shows that Comparative Deletion is merely a surface phenomenon that can be drawn back to the overtness of the comparative operator and the availability of lower copies of a movement chain, and it is thus subject to both language-internal and cross-linguistic variation. The main focus of the book is on English, yet other languages are also discussed for comparative purposes, with the aim of showing what the idiosyncratic properties of English comparatives are.**

### AUTO REPAIR FOR DUMMIES

---

John Wiley & Sons **Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.**

#### EM CHOI (I PLAY)

#### IRISHNESS AND WOMANHOOD IN NINETEENTH-CENTURY BRITISH WRITING

Ashgate Publishing, Ltd. Using Lady Morgan's The Wild Irish Girl as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps the genealogy of this development in fiction, political discourse, and the popular press, from Edgeworth's Castle Rackrent through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s.

#### BOATOWNER'S MECHANICAL AND ELECTRICAL MANUAL

#### HOW TO MAINTAIN, REPAIR, AND IMPROVE YOUR BOAT'S ESSENTIAL SYSTEMS

International Marine/Ragged Mountain Press In his latest book, Calder walks the reader through the repair, maintenance, and setting up of the boat's primary systems, including the electrical system, electronics equipment, generator sets, solar panels, wind and water generators, the engine, transmission, pumps, steering, waste disposal systems, and more. Destined to become a highly trusted companion aboard all types of boats for years to come.

#### 101 PROJECTS FOR YOUR PORSCHE BOXSTER

Motorbooks Since its introduction in 1997, the Porsche Boxster has earned a reputation as one of the world's greatest sports cars, as well as a huge, loyal following of devoted drivers. This book is aimed at those owners of Boxsters who want to improve their machines while avoiding thousands of dollars in mechanic's costs. Clearly and simply written, with straightforward illustrations, this manual offers 101 projects to help you modify, maintain, and enhance your Porsche. Focusing on the 986 and 987 Boxster models, 101 Projects for Your Porsche Boxster presents all the necessary information, associated costs, and pitfalls to avoid when performing a wide array of projects. In a word, it makes owning a Porsche Boxster an unqualified thrill.

#### VOLKSWAGEN RABBIT, JETTA (A1 DIESEL SERVICE MANUAL 1977, 1978, 1979, 1980, 1981, 1982, 1984, 1984: INCLUDING PICKUP TRUCK AND TURBO DIESEL

Engines covered: \* 1.6L Diesel (engine code: CK, CR, JK) \* 1.6L Turbo-Diesel (engine code: CY)

#### AMERICAN KULAK

#### SOCIALIST PROGRESSIVES WILL BRING THE AMERICAN AFFLUENT CLASS TO RUIN

American Kulak offers a warning that socialism is on the rise in America, especially among the young. Marc Sagire makes a compelling case that every time any form of Marxism has been tried throughout history, it has resulted in economic calamity. Americans are flirting with disaster, and no one will pay the price more than affluent professionals. While among America's higher income earners, the affluent professional lacks the vast resources to defend themselves the way the mega rich can; but they are still well off enough to be a target in the event the American government takes a radical turn towards a Marxist economic system. There is a stark historical precedent for the affluent being persecuted by a Marxist regime. When the Bolsheviks seized power in Russia 100 years ago, an affluent class of peasants known as the Kulaks were specifically targeted for hostile mistreatment by the new Soviet government. It is entirely possible that the American affluent professional class could find themselves in a similar situation in the event America comes to be ruled by a neo-Marxist regime. It has happened before and can happen again. Marc Sagire walks the reader through all the potential avenues that such a regime could take were they afforded the opportunity. The book ends with a detailed discussion of the causes of the current ideological assent of socialism, and offers a series of utilitarian populist reforms that, while certainly not appetizing for the staunch free market advocate, would be preferable to the debasement of a Marxist regime. This book should be on the "must read" list for anyone concerned with preserving America's economic traditions and heritage, as they are very much at stake.

#### MINI DOWN UNDER

#### 50 YEARS OF THE MINI IN NEW ZEALAND

Penguin Books Mini Down Under traces the history of one of New Zealand's - and the world's - best-loved cars. More versions of the Mini were available in New Zealand than anywhere else, and the launching of the iconic car in February 1960 was a larger-than-life event. In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection between Kiwi racing driver Bruce McLaren and the birth of the Mini Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century.

#### WHO DOES THIS JOB?

Boyds Mills Press Shows who grows the corn, brings the mail, drives the bus, cooks the food, collects the train tickets, directs the traffic, puts out a fire, sells vegetables, takes care of sick people, and teaches school
