Our culture, however, favors the indirect knowledge gained from secondary experience, in which information is selected, modified, packaged, and presented to us by others. In this controversial book, Edward S. Reed warns that secondhand experience has become so dominant in our technological workplaces, schools, and even homes that primary experience is endangered. Reed calls for a better balance between firsthand and secondhand experience, particularly in our social institutions. He contends that without opportunities to learn directly, we become less likely to think and feel for ourselves. Since the scientific revolution of the seventeenth century, Western epistemological tradition has rejected primary experience in favor of the abstractions of secondhand experience. Building on James Gibson's concept of ecological psychology, Reed offers a spirited defense of the reality and significance of ordinary experience against both modernist and postmodernist critics. He expands on the radical critiques of work, education, and art begun by William Morris and John Dewey, offering an alternative vision of meaningful learning that places greater emphasis on unmediated experience, and he outlines the psychological, cultural, and

intellectual conditions that will be needed to foster that crucial change. **The Complete Idiot's Guide to Finding Mr. Right Get Your Love Life Moving in the Right Direction Penguin** In a world of Mr. Right Nows, a guide to Mr. Right... Internal Combustion Engines Performance, Fuel Economy and Emissions Woodhead Publishing This book presents the papers from the Internal Combustion Engines: Performance, fuel economy and emissions held in London, UK. This popular international conference from the Institution of Mechanical Engineers provides a forum for IC engine experts looking closely at developments for personal transport applications, though many of the drivers of change apply to light and heavy duty, on and off highway, transport and other sectors. These are exciting times to be working in the IC engine field. With the move towards downsizing, advances in FIE and alternative fuels, new engine architectures and the introduction of Euro 6 in 2014, there are plenty of challenges. The aim remains to reduce both CO2 emissions and the dependence on oil-derivate fossil fuels whilst meeting the future, more stringent constraints on gaseous and particulate material emissions as set by EU, North American and Japanese regulations. How will technology developments enhance performance and shape the next generation of designs? The book introduces compression and internal combustion engines' applications, followed by chapters on the challenges faced by alternative fuels and fuel delivery. The remaining chapters explore current improvements in combustion, pollution prevention strategies and data comparisons. presents the latest requirements and challenges for personal transport applications gives an insight into the technical advances and research going on in the IC Engines field provides the latest developments in compression and spark ignition engines for light and heavy-duty applications, automotive and other markets

Nero & Other Plays Modelling and Control of Mechatronic and Robotic Systems MDPI Currently, the modelling and control of mechatronic and robotic systems is an open and challenging field of investigation in both industry and academia. The book encompasses the kinematic and dynamic modelling, analysis, design, and control of mechatronic and robotic systems, with the scope of improving their performance, as well as simulating and testing novel devices and control architectures. A broad range of disciplines and topics are included, such as robotic manipulation, mobile systems, cable-driven robots, wearable and rehabilitation devices, variable stiffness safety-oriented mechanisms, optimization of robot performance, and energy-saving systems.

Army Mobility Diesel Engine Handbook Diesel engine is acknowledged for its superior efficiency and possesses a wide field of applications. It is also known as CI engine. Diesel engines also however, are the prime source of emissions such as NOX and particulate matter (PM). In order to reduce the emissions to an absolute minimum, this book explain as to how these toxins can be regulated. It is no hidden secret that the world is witnessing an oil crisis. But with other alternative sources such as biogas, natural gas and coke based substances; diesel is not the only way forward. The unique characteristics and properties such as combustion and emission of the aforementioned alternatives are explained extensively in this book. The book also goes on to explain how one can look for early signs of wear and tear and malfunctioning components of a

diesel engine and its parts. **Korean A Comprehensive Grammar Routledge** Korean: A Comprehensive Grammar is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times. **Supersize Mad Libs World's Greatest Word Game Penguin** Includes five complete Mad Libs books in one collection with oversize pages that make it easy to play and share with friends The books included in this collection are: Unicorns, Mermaids, and Mad Libs; Dog Ate My Mad Libs; Meow Libs; Game Over Mad Libs; and Escape from Detention Mad Libs. **South Park Annual 2014 Pedigree Books Limited Art of "X-Men 2"** The X-Men are back in the cinema.
