NEO4J CERTIFIED PROFESSIONAL: EXAM PRACTICE TESTS

Cristian Scutaru This book contains two high-quality practice tests of 80 questions each - with answers and explanations - to help you pass or improve your score on the free online Neo4j Certified Professional exam. * All questions are closely emulated from those currently found in the actual exam, so you'll not waste time on anything else. * Unlike the real exam, you'll know right away what questions you missed, and what the correct answers are. * Detailed explanations with external references for any possible choice, in each practice test question. * Quiz types distributed close to 50% multi-choice + 25% multi-select + 25% True/False. * Domains distributed close to the real exam: 40% Cypher + 30% Intro + 20% Modeling + 10% Developer. * Questions will test you on Neo4j version 3.x, but explanations will have updates on deprecated features and change history. Why not just trying again and again the free online exam, until I pass? * Because starting May 2020, you can try only once a day the real online exam. * Because the high number of multi-answer questions and the gotcha tricks may give you no idea what went wrong. * Because it is time consuming and you can easily get stuck at the same low scoring mark. *

Because nothing tells you where and what you failed, and next time you will likely make the same wrong choices. * Because you can hardly improve without knowing what went wrong. * Because you may want to get a better passing score anyway, as long as it appears on your issued certificate. Same e-book as LIVE practice tests on Udemy: "Neo4j Certified Professional - Practice Exams".

SPEAK

Farrar, Straus and Giroux (BYR) The extraordinary, groundbreaking novel from Laurie Halse Anderson, with more than 2.5 million copies sold! The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace,

and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

But what does it really mean? In *The New Science of Narcissism*, Dr. W. Keith Campbell pulls back the curtain on this frequently misused label, presenting the most recent psychological, personality, and social research into the phenomenon. Drawing from real-life incidents and case studies, *The New Science of Narcissism* offers tools, tips, and suggestions for softening toxically selfish behaviors both in yourself and others. Here you will discover: An exploration of personality disorders connected with and adjacent to narcissism Why minor narcissistic tendencies are common in most people The foundational difference between grandiose and vulnerable narcissism Different psychological models of personality and how they interpret narcissistic behaviors The “recipe” of mental and emotional traits that combine into narcissism How to identify when you’re in a relationship with a narcissist and what you can do about it Why the 21st century has seen the rise of a “Great Fantasy Migration” into evermore insular subcultures The connection between narcissistic tendencies and leadership Why “the audience in your pocket” of social media has exacerbated culture-wide narcissistic tendencies Though narcissism looms large in our cultural consciousness, *The New Science of Narcissism* offers many different options for understanding and treating it. With Campbell’s straightforward and grounded guidance, you’ll not only discover the latest and best information on the condition, but also a hopeful view of its future.
