Adopted for Life The Priority of Adoption for Christian Families and Churches Crossway Books In this practical book, Moore highlights the importance of adoption for all Christians, encouraging readers to lead the way in adoption and orphan advocacy out of our identity as adopted children of God. **Adopted for Life (Updated and Expanded Edition) The Priority of Adoption for Christian Families and Churches Crossway** The doctrine of adoption—God’s decision to adopt sinful men and women into his family—stands at the heart of Christianity. In light of this, Christians’ efforts to adopt beautifully illustrate the truth of the gospel. In this popular-level and practical manifesto, Russell Moore encourages Christians to adopt children and to help other Christian families to do the same. He shows that adoption is not just

about couples who have struggled to have children. Rather, it's about an entire culture within evangelicalism—a culture that sees adoption as part of the Great Commission mandate and as a sign of the gospel itself. **Adopted for Life: The Priority of Adoption for Christian Families and Churches** Crossway Books A manifesto calling Christians to adopt children and to equip Christian families going through the process. Offers biblical foundations for adoption and identifies adoption as a Great Commission priority in evangelical churches. **Adoption: What Joseph of Nazareth Can Teach Us about This Countercultural Choice** Crossway Joseph of Nazareth was a good and honorable man. The adoptive father of Jesus, he stood by his wife and raised her son—even when it appeared that she had betrayed him. Such is the love of adoption. But this love stands in stark contrast to what we see in our world today: on-demand abortion, unreported abuse, and widespread neglect. Adapted from Russell Moore's influential book **Adopted for Life: The Priority of Adoption for Christian Families and Churches**, this short volume calls Christians to seriously consider adoption for their own families and thus take a stand for children—born and unborn. **Orphanology: Awakening to Gospel-centered Adoption and Orphan Care** New Hope Publishers (AL) Orphan care is more than just adoption. At the heart of orphan care is grace that reconciles us with God and that we extend to others. Orphanology unveils the grassroots movement that's engaged in a comprehensive response to serve hundreds of millions of orphans and "functionally parentless" children. You will see a breadth of ways to care with biblical perspective and reasons why we must. Heartwarming, personal stories and vivid illustrations from a growing network of families, churches, and organizations that cross culture show how to respond to God's mandate. Discover how to adopt, assist orphans in transition, engage in foster care, partner with faith-based fostering agencies, or become orphan hosts. **A Call to Love: Preparing Your Heart and Soul for Adoption** NavPress Are you considering or entering the adoption or foster care process? **A Call to Love** joins you in your journey, offering spirit-filled wisdom and encouragement through the first year with a new child. Devotional exercises will equip you to record your thoughts and emotions. You will also receive spiritual insights from many adoptive parents, including stories from people who have adopted from the foster-care system. As parents, we never know what to expect. That is all too true for many adoptive parents whose children are more prone to battle mental illness. Don't struggle alone! Through a variety of stories, you will receive strength and encouragement so you can seek appropriate help as needed. Author Julie Holmquist guides parents along the journey and vulnerably unpacks the struggles and joys of her own adoption stories. **A Call to Love** helps you fully prepare both emotionally and spiritually for the path God may be calling you to walk. **Family-making: Contemporary Ethical Challenges** Issues in Biomedical Ethics Explores the moral choices of making or expanding families through adoption or technologically-assisted reproduction and highlights the social norms that can distort decision-making. Reading

Adoption Family and Difference in Fiction and Drama University of Michigan Press She meditates on how her relationships with her adoptive parents, her birth mother, and her own daughter affect her reading, and ultimately finds issues in much adoption literature relevant to parenting in any kind of family. Written from Novy's dual perspectives as critic and adult adoptee, the book combines the techniques of literary and feminist scholarship with memoir, and in doing so it sheds new light on familiar texts."--BOOK JACKET. Onward Engaging the Culture Without Losing the Gospel B&H Publishing Group Keep Christianity Strange. As the culture changes all around us, it is no longer possible to pretend that we are a Moral Majority. That may be bad news for America, but it can be good news for the church. What's needed now, in shifting times, is neither a doubling-down on the status quo nor a pullback into isolation. Instead, we need a church that speaks to social and political issues with a bigger vision in mind: that of the gospel of Jesus Christ. As Christianity seems increasingly strange, and even subversive, to our culture, we have the opportunity to reclaim the freakishness of the gospel, which is what gives it its power in the first place. We seek the kingdom of God, before everything else. We connect that kingdom agenda to the culture around us, both by speaking it to the world and by showing it in our churches. As we do so, we remember our mission to oppose demons, not to demonize opponents. As we advocate for human dignity, for religious liberty, for family stability, let's do so as those with a prophetic word that turns everything upside down. The signs of the times tell us we are in for days our parents and grandparents never knew. But that's no call for panic or surrender or outrage. Jesus is alive. Let's act like it. Let's follow him, onward to the future. Confessions of an Adoptive Parent Hope and Help from the Trenches of Foster Care and Adoption Harvest House Publishers Know That You Are Not Alone on This Journey Adopting or fostering a child brings its own unique set of challenges only another parent facing the same uphill climb could possibly understand. From parenting children with traumatic pasts, to dealing with attachment issues, to raising a child with special needs, it can sometimes be a struggle just getting through the day. Mike Berry knows the loneliness and isolation you can easily feel in your particular parenting role—because he's been there. He's still there, and he wants to give you the hope and encouragement you so desperately need. There are plenty of how-to guides out there on parenting, but this one-of-a-kind book is specifically designed to address your needs as a parent of an adopted or foster child. With a refreshing dose of honesty, empathy, and care, you'll discover you are definitely not alone on your journey and God has a very special plan for you and your family. The Child Catchers Rescue, Trafficking, and the New Gospel of Adoption PublicAffairs The award-winning journalist and author of Quiverfull reveals how adoption has become entangled in the conservative Christian agenda as a reflection of pro-life initiatives, explaining how child and family well-being has become a lesser priority in a market increasingly driven by profit and religious ideology. Honestly Adoption Answers to

101 Questions About Adoption and Foster Care Harvest House Publishers Discover What Adoption and Foster Care Really Look Like If you are considering adoption or foster care or are already somewhere in this difficult and complicated process, you need trusted information from people who have been where you are. Mike and Kristin Berry have adopted eight children and cared for another 23 kids in their nine-year stint as foster parents. They aren't just experts. They have experienced every emotional high and low and encountered virtually every situation imaginable as parents. Now, they want to share what they've learned with you. Get the answers you need to the following questions, and many more: Should I foster parent or adopt? How do I know? What is the first step in becoming an adoptive or foster parent? What are the benefits of an open versus closed adoption? How and when do I tell my child that he or she is adopted? How do I help my child embrace his or her cultural and racial identity? **Honestly Adoption** will provide you with practical, down-to-earth advice to make good decisions in your own adoption and foster parenting journey and give you the help and hope you need. **A Treasury of Adoption Miracles True Stories of God's Presence Today** Hachette UK #1 New York Times bestselling author Karen Kingsbury delivers a collection of powerful stories which explore adoption from the perspectives of those who have experienced it from all sides. Inspiring and comforting, the greatest gift of these stories is in the encouragement they offer -- through true accounts of adoption blessings -- to anyone considering taking on the special role of an adoptive parent. **The Connected Parent Real-Life Strategies for Building Trust and Attachment** Harvest House Publishers **There Is Hope for Every Child, Every Parent, and Every Family** Parenting under the best of circumstances can be difficult. And raising children who have come to your home from "hard places," who have their own set of unique needs, brings even more challenges. You may have discovered that the techniques that worked with your birth children are not working with your adopted or foster child. Renowned child-development expert Dr. Karyn Purvis gives you practical advice and powerful tools you can use to encourage secure attachment in your family. You will benefit from Karyn's decades of clinical research and real-world experience. Coauthor Lisa Qualls demonstrates how you can successfully implement these strategies in your home, just as she did in hers. You will learn how to simplify your approach using scripts, nurture your child, combat chronic fear, teach respect, and develop other valuable tools to facilitate a healing connection with your child. **The Connected Parent** will help you lovingly guide your children and bring renewed hope and restoration to your family. **Nobody's Children Abuse and Neglect, Foster Drift, and the Adoption Alternative** Beacon Press **Nobody's Children** is an intense look at child welfare policies on abuse and neglect, foster care, and adoption. Elizabeth Bartholet, one of the nation's leading experts on family law, challenges the accepted orthodoxy that treats children as belonging to their kinship and their racial groups and that locks them into inadequate biological and foster homes. She asks us to apply the lessons

learned from the battered women's movement as we look at battered children, and to question why family preservation ideology still reigns supreme when children rather than adult women are involved. Bartholet asks us to take seriously the adoption option. She calls on the entire community to take responsibility for its children, to think of the children at risk of abuse and neglect as belonging to all of us, and to ensure that "Nobody's Children" become treasured members of somebody's family.

Rage Against the Minivan Learning to Parent Without Perfection Convergent Books A smart, irreverent personal manifesto challenging the idea that there's a "right" way to raise kids, for anyone who has grown weary of the onslaught of expert advice and perfect Instagrams curated by influencer moms. Filled with her signature blend of humor, vulnerability, and insight, *Rage Against the Minivan* is the handbook Kristen Howerton wishes she'd had when she was a new mom. At its heart, it is about parents learning how to love better by letting themselves off the hook. With her hard-earned knowledge gained from having four kids in four years, she navigates the emotional and sometimes messy waters of motherhood: the expectations, the anxiety, the total lack of control, and yes, the indignities of driving a minivan (which now sits in her driveway covered in crushed Cheerios and the remnants of her self-esteem). Howerton shares her unexpected journey through motherhood, from infertility to adoption to divorce, and how she learned to quell her inner anxiety to do it all perfectly. As a mom of both white and black children, Howerton is an advocate for social justice, foster care reform, and helping fellow parents to step up to hard conversations about race with their kids. Her writing speaks to the thorny issues parents deal with every day while reminding them they are not alone on this unpredictable ride. *Rage Against the Minivan* serves as a quiet resistance against the superficial obsessions of motherhood, from the kind of car we drive to looking like we've got it all together. Infused with heart and humor, it's a permission slip to allow yourself to be a "good-enough" parent.

Zachary's New Home A Story for Foster and Adopted Children This story for adopted and foster children describes the adventures of Zachary the kitten, who is taken from his mother's house when his mother is unable to take care of him. The book follows Zachary as he first goes into foster care and then is adopted by a family of geese. Zachary experiences the expected and true-to-life feelings of shame, anger, rebelliousness, and hurt, and his adoptive parents struggle with their own feelings during Zachary's tougher times, until Zachary finally finds a place he can call home. The poignant story is brought to life by Margo Lemieux's detailed, evocative drawings.

The Girls Who Went Away The Hidden History of Women Who Surrendered Children for Adoption in the Decades Before Roe v. Wade Penguin "A remarkably well-researched and accomplished book." —The New York Times Book Review "A wrenching, riveting book." —Chicago Tribune In this deeply moving and myth-shattering work, Ann Fessler brings out into the open for the first time the astonishing untold history of the million and a half women who surrendered children for adoption due to enormous

family and social pressure in the decades before *Roe v. Wade*. An adoptee who was herself surrendered during those years and recently made contact with her mother, Ann Fessler brilliantly brings to life the voices of more than a hundred women, as well as the spirit of those times, allowing the women to tell their stories in gripping and intimate detail. *Wounded Children, Healing Homes* How Traumatized Children Impact Adoptive and Foster Families Tyndale House Why doesn't our child return our love? What are we failing to understand? What are we failing to do? These questions can fill the minds of adoptive parents caring for wounded, traumatized children. Families often enter into this experience with high expectations for their child and for themselves but are broadsided by shattered assumptions. This book addresses the reality of those unmet expectations and offers validation and solutions for the challenges of parenting deeply traumatized and emotionally disturbed children. *All You Can Ever Know* A Memoir Catapult A NATIONAL BESTSELLER This beloved memoir "is an extraordinary, honest, nuanced and compassionate look at adoption, race in America and families in general" (Jasmine Guillory, *Code Switch*, NPR) What does it mean to lose your roots—within your culture, within your family—and what happens when you find them? Nicole Chung was born severely premature, placed for adoption by her Korean parents, and raised by a white family in a sheltered Oregon town. From childhood, she heard the story of her adoption as a comforting, prepackaged myth. She believed that her biological parents had made the ultimate sacrifice in the hope of giving her a better life, that forever feeling slightly out of place was her fate as a transracial adoptee. But as Nicole grew up—facing prejudice her adoptive family couldn't see, finding her identity as an Asian American and as a writer, becoming ever more curious about where she came from—she wondered if the story she'd been told was the whole truth. With warmth, candor, and startling insight, Nicole Chung tells of her search for the people who gave her up, which coincided with the birth of her own child. *All You Can Ever Know* is a profound, moving chronicle of surprising connections and the repercussions of unearthing painful family secrets—vital reading for anyone who has ever struggled to figure out where they belong. *Inside Transracial Adoption* Strength-based, Culture-sensitizing Parenting Strategies for Inter-country or Domestic Adoptive Families That Don't "Match" Jessica Kingsley Publishers *Inside Transracial Adoption* provides creative, confident and pro-active guidance on how to build close, loving, and very real families consisting of individuals who are proud and culturally competent members of differing races. Drawing on research and personal experience, Steinberg and Hall offer detailed, step-by-step, get-real guidance for families about tough issues they have to face relating to race and adoption in domestic or international transracial adoptions: What's "normal?" Where do we live and go to school? Does class have an influence? How do children develop racial identity? What kind of impact does being raised by white parents have on a black child? Combining humor with empathy and hard truths, this book is an established classic

guide to living **Inside Transracial Adoption**. It is essential reading for parents and the people who support them: whether considering transracial adoption for the first time or experienced veterans. **Frozen, But Not Forgotten An Adoptive Dad's Step-By-Step Guide to Embryo Adoption** A veteran journalist-turned-adoptive father shares everything you need to know about embryo adoption from your first call with an agency or fertility clinic to bringing baby home from the hospital. **Lucky Girl** Algonquin Books The true story of an American woman's unexpected reunion with her Chinese birth family: "A great book" (Good Housekeeping). In 1974, a baby girl from Taiwan was brought to the United States, newly adopted by a loving couple in Michigan. Mei-Ling Hopgood had an all-American upbringing, never really identifying with her Asian roots or harboring a desire to uncover her ancestry. Mei-Ling believed she was lucky to have escaped a life that was surely one of poverty and misery, to grow up in comfort with her doting parents and brothers. Then, when she was in her twenties, her birth family came calling. Rather than the rural peasants she always pictured, they are a boisterous, loving, bossy, complicated middle-class family who hound her daily—by phone, fax, and letter, in a language she doesn't understand—until she returns to Taiwan to meet them. As her biological sisters and parents pull her into their lives, claiming her as one of their own, the devastating secrets that still haunt this family begin to emerge. Spanning cultures and continents, **Lucky Girl** brings home a tale of joy and regret, hilarity, deep sadness, and great discovery as the author untangles the unlikely strands that formed her destiny. "Enchanting . . . Hopgood's story entices not because it's joyful but because she is honest, analytical and articulate concerning her ambivalence about and eventual acceptance of both her families and herself." —The Courier-Journal (Louisville, Kentucky) **The Storm-Tossed Family** How the Cross Reshapes the Home B&H Publishing Group Christianity Today "Beautiful Orthodoxy" Book of the Year in 2019. Why do our families have so much power over us? In **The Storm-Tossed Family**, bestselling author Russell Moore (Onward, Christianity Today's 2016 "Book of the Year Award Winner") teaches readers whether you are married or single, whether you long for a child or shepherding a full house, you are part of a family. Family is difficult because family—every family—is an echo of the gospel. Family can be the source of some of the most transcendent human joy, and family can leave us crumpled up on the side of the road. Family can make us who we are, and family can break our hearts. Why would this social arrangement have that much power, for good or for ill, over us? **Heirs with Christ** The Puritans on Adoption The Puritans have gotten bad press for their supposed lack of teaching on the doctrine of spiritual adoption. In **Heirs with Christ**, Joel R. Beeke dispels this caricature and shows that the Puritan era did more to advance the idea that every true Christian is God's adopted child than any other age of church history. This little book lets the Puritans speak for themselves, showing how they recognized adoptions far-reaching, transforming power and comfort for the children of God. Author Joel R. Beeke (Ph.D. Westminster Theological Seminary) is president and

professor of systematic theology and homiletics at Puritan Reformed Theological Seminary, pastor of the Heritage Netherlands Reformed Congregation in Grand Rapids, Michigan, editor of The Banner of Sovereign Grace Truth, and author of numerous books. **Adopting after Infertility Messages from Practice, Research and Personal Experience** Jessica Kingsley Publishers Around three quarters of people who turn to adoption do so because of infertility and those working in this field need information, guidance and support to assist them in the process of adoption to support the adopters and to deal with any issues that may result from infertility. **Adopting after Infertility** is an accessible and informative interdisciplinary book that addresses the issues that professionals working with adopters and the adopters themselves face when going through the adoption process and the impact of infertility on their experiences. The book includes chapters on the effects of infertility, why people may choose adoption and the assessment and preparation process. It also covers what an Adoption Panel needs to know about the prospective parents, the experiences of those coming to adoption from minority communities or when living with health conditions and post-adoption support needs. Personal accounts by people who have experienced adopting after infertility are included throughout the book. This book will be essential reading for professionals and academics from a range of disciplines including social work, psychology, health, mental health and counselling. It will also be invaluable to students studying for post-qualifying awards. **Reclaiming Adoption Missional Living Through the Rediscovery of Abba Father** Cruciform Press If Christians learn to first think about their adoption by God, and only then about the adoption of children, they will enjoy deeper communion with the God who is love, and experience greater missional engagement with the pain and suffering of this world. **Education for Sustainable Development A Roadmap** UNESCO Publishing **Sons in the Son The Riches and Reach of Adoption in Christ** P & R Publishing **Rarely Addressed Throughout Church History**, the doctrine of adoption has seen fresh attention in recent years. Although valuable, contemporary studies have focused primarily on etymological, cultural, and pastoral considerations, giving little to no attention to vital systematic theological concerns. In this groundbreaking work, Professor David Garner examines the function of adoption in Pauline thought: its relationship to the doctrines of Christ, the Holy Spirit, eschatology, and union with Christ, as well as its primary place among the other benefits of salvation. Adoption frames Pauline soteriology, Garner argues, and defines the Trinitarian, familial context of redemption in Christ, the Son of God. Properly understood, adoption's paradigm-shifting implications extend deep and far. **Book jacket. The Gospel & Abortion** B&H Publishing Group Abortion has been a divisive issue in American culture since the sexual revolution. Yet the Bible is an unapologetic defender of human dignity. Moreover, Christians have always cared for the unborn, the orphan, and the least among us. The time is now for this generation to reaffirm what believers have always believed: everybody is created in the image of God. **Child Protective Services A Guide for**

Caseworkers From the Preface: This manual, *Child Protective Services: A Guide for Caseworkers*, examines the roles and responsibilities of child protective services (CPS) workers, who are at the forefront of every community's child protection efforts. The manual describes the basic stages of the CPS process and the steps necessary to accomplish each stage: intake, initial assessment or investigation, family assessment, case planning, service provision, evaluation of family progress, and case closure. Best practices and critical issues in casework practice are underscored throughout. The primary audience for this manual includes CPS caseworkers, supervisors, and administrators. State and local CPS agency trainers may use the manual for preservice or inservice training of CPS caseworkers, while schools of social work may add it to class reading lists to orient students to the field of child protection. In addition, other professionals and concerned community members may consult the manual for a greater understanding of the child protection process. This manual builds on the information presented in *A Coordinated Response to Child Abuse and Neglect: The Foundation for Practice*. Readers are encouraged to begin with that manual as it addresses important information on which CPS practice is based—including definitions of child maltreatment, risk factors, consequences, and the Federal and State basis for intervention. Some manuals in the series also may be of interest in understanding the roles of other professional groups in responding to child abuse and neglect, including: Substance abuse treatment providers; Domestic violence victim advocates; Educators; Law enforcement personnel. Other manuals address special issues, such as building partnerships and working with the courts on CPS cases. Parenting Matters Supporting Parents of Children Ages 0-8 National Academies Press Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge,

attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States. Created to Connect A Christian's Guide to the Connected Child Family Bonds Adoption and the Politics of Parenting Houghton Mifflin Harcourt The Harvard Law School professor critiques the current laws and practices surrounding adoption, discussing international and domestic law, common reasons for adoption and the definition of family Tempted and Tried Temptation and the Triumph of Christ Crossway Although temptation is a common and well-acknowledged part of the human experience, few realize the truth behind temptation and fewer still know how to defeat it. Tempted and Tried will not reassure Christians by claiming that temptation is less powerful or less prevalent than it is; instead, it will prepare believers for battle by telling the truth about the cosmic war that is raging. Moore shows that the temptation of every Christian is part of a broader conspiracy against God, a conspiracy that confronts everyone who shares the flesh of Jesus through human birth and especially confronts those who share the Spirit of Christ through the new birth of redemption. Moore walks readers through the Devil's ancient strategies for temptation revealed in Jesus' wilderness testing. Moore considers how those strategies might appear in a contemporary context and points readers to a way of escape. Tempted and Tried will remind Christians that temptation must be understood in terms of warfare, encouraging them with the truth that victory has already been secured through the triumph of Christ. Love Me, Feed Me The Adoptive Parent's Guide to Ending the Worry about Weight, Picky Eating, Power Struggles and More "Grounded in science and made real with the often heartbreaking and inspiring words of parents who have been there, Dr. Rowell helps readers understand and overcome feeding challenges, from simple picky eating to entrenched food obsession, oral motor and developmental delays, "feeding clinic failures," and more" --Cover, p. 4. The Kingdom of Christ The New Evangelical Perspective Crossway In this scholarly work, Russell D. Moore relates the history leading up to the new "Kingdom" consensus among evangelicals from the time theologian Carl F. H. Henry called for it fifty years ago. He examines how this consensus offers a renewed theological foundation for evangelical engagement in the social and political realms. While evangelical scholars and pastors will be interested in this sharp, insightful book, all evangelicals interested in public policy will find it useful in discovering how this new Kingdom perspective works out in the public

square. This Means War Equipping Christian Families for Foster Care Or Adoption Are you considering foster care or adoption? If so, are you fully prepared to succeed? We weren't! In This Means War experienced foster, adoptive and even grandparents share insight, advice and stories of success-but also of failure. Many began this journey unprepared. We were quickly overwhelmed and wondered why our parenting methods failed. Why didn't our love heal these kids? Why were our previously healthy families now falling apart? We lacked vital information about invisible disabilities. We didn't understand how profoundly neglect damages a child. We didn't know we'd signed up to be missionaries to miniature heathens, nor that a fierce spiritual enemy opposed us. Perhaps we even assumed the natural state of man (apart from a negative environment or defective genes) was an ideal person. In the Garden of Eden, maybe. Join the author and friends for a biblical discussion of foster care and adoption-this side of the Garden.

World Social Report 2020 Inequality in a Rapidly Changing World United Nations This report examines the links between inequality and other major global trends (or megatrends), with a focus on technological change, climate change, urbanization and international migration. The analysis pays particular attention to poverty and labour market trends, as they mediate the distributional impacts of the major trends selected. It also provides policy recommendations to manage these megatrends in an equitable manner and considers the policy implications, so as to reduce inequalities and support their implementation.

The Lucky Few Finding God's Best in the Most Unlikely Places Zondervan When life looks radically different than the plan we have for ourselves, it's the lucky few that recognize God's plan is best. That's what adoptive mom Heather Avis learned, and that's the invitation of this book. As the mother of three adopted children - two with Down syndrome - Heather Avis has learned that it's truly the lucky few who get to live a life like hers, who actually recognize that God's plans are best, even when they seem so radically different from the plans we have for ourselves. When Heather started her journey into parenthood she never thought it would look like this, never planned to have three adopted children, and certainly never imagined that two of them would have Down syndrome. But like most things God does, once she stepped into the craziness and confusion that comes with the unknown and the unplanned, she realized that they were indeed among the lucky few. Discover in this book what 70,000+ followers of Heather's hit Instagram account @macymakesmyday already know: the power of faith and family can help us stay strong in the toughest times. This book will also be especially touching to those with adopted family members or children with Down syndrome in their lives.
