U.S. History

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Human Services in Contemporary America

Cengage Learning Reflecting the latest policies and practices, HUMAN SERVICES IN CONTEMPORARY AMERICA, 10th Edition delivers a thorough examination of human services -- providing students with an insightful, realistic portrayal of the field. Using a unique multidisciplinary approach, the book offers a complete overview of the helping field, its available programs, and the practical skills workers can employ. It also illustrates how recent governmental policy shifts affect the way human services professionals work. The text is renowned for the way it presents the history and practice of human services through the lens of a social problems and policy perspective. Throughout, the author helps readers understand how social, economic, and political issues affect human service workers as well as the people they serve. Practical and relevant, the text is packed with captivating examples of human services work across the country and offers insightful information on selected careers within the field. America: A Narrative History

Brief Eleventh Edition 1 Volume

W.W. Norton & Company America is the leading narrative history because students love to read it. Additional coverage of immigration enhances the timeliness of the narrative. New Chapter Opener videos, History Skills Tutorials, and Norton's adaptive learning tool, InQuizitive, help students develop history skills, engage with the reading, and come to class prepared. What hasn't changed? Our unmatched affordability. Choose from Full, Brief (15% shorter), or The Essential Learning Edition--featuring fewer chapters and additional pedagogy.

The American Yawp

A Massively Collaborative Open U.S. History Textbook, Vol. 1: To 1877

Stanford University Press "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls.

It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

America's History

For the AP Course

American Nations

A History of the Eleven Rival Regional Cultures of North America

Penguin • A New Republic Best Book of the Year • The Globalist Top Books of the Year • Winner of the Maine Literary Award for Non-fiction • Particularly relevant in understanding who voted for who in this presidential election year, this is an endlessly fascinating look at American regionalism and the eleven "nations" that continue to shape North America According to award-winning journalist and historian Colin Woodard, North America is made up of eleven distinct nations, each with its own unique historical roots. In American Nations he takes readers on a journey through the history of our fractured continent, offering a revolutionary and revelatory take on American identity, and how the conflicts between them have shaped our past and continue to mold our future. From the Deep South to the Far West, to Yankeedom to El Norte, Woodard (author of American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good) reveals how each region continues to uphold its distinguishing ideals and identities today, with results

that can be seen in the composition of the U.S. Congress or on the county-by-county election maps of any hotly contested election in our history.

Voices of a People's History of the United States

Seven Stories Press Here in their own words are Frederick Douglass, George Jackson, Chief Joseph, Martin Luther King Jr., Plough Jogger, Sacco and Vanzetti, Patti Smith, Bruce Springsteen, Mark Twain, and Malcolm X, to name just a few of the hundreds of voices that appear in Voices of a People's History of the United States, edited by Howard Zinn and Anthony Arnove. Paralleling the twenty-four chapters of Zinn's A People's History of the United States, Voices of a People's History is the long-awaited companion volume to the national bestseller. For Voices, Zinn and Arnove have selected testimonies to living history—speeches, letters, poems, songs—left by the people who make history happen but who usually are left out of history books—women, workers, nonwhites. Zinn has written short introductions to the texts, which range in length from letters or poems of less than a page to entire speeches and essays that run several pages. Voices of a People's History is a symphony of our nation's original voices, rich in ideas and actions, the embodiment of the power of civil disobedience and dissent wherein lies our nation's true spirit of defiance and resilience.

America's History, Volume 1: To 1877

Macmillan With fresh interpretations from two new authors, wholly reconceived themes, and a wealth of cutting-edge new scholarship, the seventh edition of America's History is designed to work perfectly with the way you teach the survey today. Building on the book's hallmark strengths — balance, comprehensiveness, and explanatory power — as well as its outstanding visuals and extensive primary-source features, authors James Henretta, Rebecca Edwards, and Robert Self have shaped America's History into the ideal resource for survey classes.

Keeping the Republic

Power and Citizenship in American Politics - Brief Edition

CQ Press Keeping the Republic gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. Keeping the Republic draws students into the study of American politics, showing them how to think critically about "who gets what, and how" while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Eighth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power – the ability to create and share their own narratives – while simultaneously being even more vulnerable to those trying to shape their views. The political landscape of today gives us new ways to keep the republic, and some high-tech ways to lose it. Throughout the text and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct prevailing narratives and effectively harness the political power of the information age for themselves. Up-to-date with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, Keeping the Republic, Eighth Edition is a much-needed resource to help students make sense of politics in America today. Carefully condensed from the full version by authors Christine Barbour and Gerald Wright, Keeping the Republic, Brief Edition gives your students all the continuity and crucial content, in a more concise, value-oriented package. A Complete Teaching & Learning Package SAGE Vantage Digital Option Engage, Learn, Soar with SAGE Vantage, an intuitive digital platform that delivers Keeping the Republic, Eighth Brief Edition textbook content in a learning experience carefully designed to ignite student engagement and drive critical thinking. History Can Bite

History Education in Divided and Postwar Societies

V&R unipress GmbH The volume provides critical insights into approaches adopted by curricula, textbooks and teachers around the world when teaching about the past in the wake of civil war and mass violence, discerning some of the key challenges and opportunities involved in such endeavors. The contributors discuss ways in which history teaching has acted as a political tool that has, at times, been guilty of exacerbating inter-group conflicts. It also highlights history teaching as an important component of reconciliation attempts, showcasing examples of curricular reform and textbook revision after conflict, and discussing how the contestations and difficulties surrounding such processes were addressed in different post-conflict societies.

Everything Your American History Textbook Got Wrong

The New Press Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

God and Race in American Politics

A Short History

A critical analysis of the explosive political effects of the religious intermingling with race reveals the profound role of religion in American political history and in the American discourse on race and social justice.

A Patriot's History of the United States

From Columbus's Great Discovery to the War on Terror

Penguin For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

Lonely Planet Central America

Lonely Planet Lonely Planet Central America is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Get to the heart of Central America and begin your journey now!

A People's History of the United States

1492-Present

Harper Collins Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

The Norton Anthology of American Literature

W W Norton & Company Incorporated Includes outstanding works of American poetry, prose, and fiction from the Colonial era to the present day.

Politics UK

Routledge The revised and updated eighth edition of the bestselling textbook *Politics UK* is an indispensable introduction to British politics. It provides a thorough and accessible overview of the institutions and processes of British government, a good grounding in British political history and an incisive introduction to the issues facing Britain today. With contributed chapters from respected scholars in the field and contemporary articles on real-world politics from well-known political commentators, this textbook is an essential guide for students of British politics. The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition. The eighth edition includes:

- Britain in context boxes offering contrasting international perspectives of themes in British politics.
- A comprehensive 'who's who' of politics in the form of Profile boxes featuring key political figures.
- And another thing ... pieces: short articles written by distinguished commentators including Jonathan Powell, Michael Moran and Mark Garnett.
- Fully updated chapters plus new material providing excellent coverage of contemporary political events including: The Leveson Inquiry, the aftermath of the 2011 riots and the House of Lords reform.
- A vibrant and accessible new design to excite and engage students as they work through a variety of political topics.
- A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government, including an overview of the major differences that divide the coalition partners.

A People and a Nation: A History of the United States, Brief Edition

Cengage Learning The Brief Edition of *A PEOPLE AND A NATION* offers a succinct and spirited narrative that tells the stories of all people in the United States. The authors' attention to race and racial identity, and their inclusion of everyday people and popular culture brings history to life, engaging readers and encouraging them to imagine what life was really like in the past. In the tenth edition, the number of chapters has been reduced from 33 to 29, making the text easier to assign in a typical semester. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Latin America

An Interpretive History, Books a la Carte Edition

Pearson For courses in the History of Latin America and Modern Latin America. A thoroughly updated examination of Latin American Latin America: An Interpretive History interweaves the story of Latin America with coverage of broader themes and regional differences. Building upon the work of original author E. Bradford Burns, current author Julie Charlip presents Latin American history as a continuum to help students make connections among time periods and events, and see the impact of the past upon the present. A new closing chapter examines in detail the Pink Tide the swing left in Latin America that began at the end of the twentieth century and has continued over the last 15 years. NOTE: This ISBN is for a Pearson Books a la Carte edition a convenient, three-hole-punched, loose-leaf text. In addition to the flexibility offered by this format, Books a la Carte editions offer students great value, as they cost significantly less than a bound textbook. "

How the Word Is Passed

A Reckoning with the History of Slavery Across America

Little, Brown Instant #1 New York Times Bestseller Winner of the National Book Critics Circle Award for Nonfiction Winner of the Stowe Prize Winner of 2022 Hillman Prize for Book Journalism PEN America 2022 John Kenneth Galbraith Award for Nonfiction Finalist A New York Times 10 Best Books of 2021 A Time 10 Best Nonfiction Books of 2021 Named a Best Book of 2021 by The New York Times, The Washington Post, The Boston Globe, The Economist, Smithsonian, Esquire, Entropy, The Christian Science Monitor, WBEZ's Nerdette Podcast, TeenVogue, GoodReads, SheReads, BookPage, Publishers Weekly, Kirkus, Fathom Magazine, the New York Public Library, and the Chicago Public Library One of GQ's 50 Best Books of Literary Journalism of the 21st Century Longlisted for the National Book Award Los Angeles Times, Best Nonfiction Gift One of President Obama's Favorite Books of 2021 This compelling #1 New York Times bestseller examines the legacy of slavery in America—and how both history and memory continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been

*central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be.*

A History of ALA Policy on Intellectual Freedom

A History of ALA Policy on Intellectual Freedom: A Supplement to the Intellectual Freedom Manual, Ninth Edition

American Library Association Collecting several key documents and policy statements, this supplement to the ninth edition of the Intellectual Freedom Manual traces a history of ALA's commitment to fighting censorship. An introductory essay by Judith Krug and Candace Morgan, updated by OIF Director Barbara Jones, sketches out an overview of ALA policy on intellectual freedom. An important resource, this volume includes documents which discuss such foundational issues as The Library Bill of Rights Protecting the freedom to read ALA's Code of Ethics How to respond to challenges and concerns about library resources Minors and internet activity Meeting rooms, bulletin boards, and exhibits Copyright Privacy, including the retention of library usage records

Revolutionary Horizons

Past and Present in Bolivian Politics

Verso Books In an age of military neoliberalism, social movements and center-Left coalition governments have advanced across South America, sparking hope for radical change in a period otherwise characterized by regressive imperial and anti-imperial politics. Nowhere do the limits and possibilities of popular advance stand out as they do in Bolivia, the most heavily indigenous country in the

Americas. Revolutionary Horizons traces the rise to power of Evo Morales's new administration, whose announced goals are to end imperial domination and internal colonialism through nationalization of the country's oil and gas reserves, and to forge a new system of political representation. In doing so, Hylton and Thomson provide an excavation of Andean revolution, whose successive layers of historical sedimentation comprise the subsoil, loam, landscape, and vistas for current political struggles in Bolivia. Revolutionary Horizons offers a unique and timely window onto the challenges faced by Morales's government and by the South American continent alike.

Sources for America's History, Volume 1: To 1877

Macmillan Higher Education Designed for America's History, Ninth Edition, this two-volume primary source reader offers a chorus of voices from the past carefully selected to enrich the study of U.S. history. Five to six documents per chapter, ranging from speeches and political cartoons by celebrated historical figures to personal letters and diary entries by ordinary people, foster historical thinking skills while putting a human face on America's diverse history. To support the structure of the parent text, unique part document sets at the end of each part present sources that illustrate the major themes of each section. Brief introductions place each document in historical context, and questions for analysis help students practice historical thinking skills and link individual sources to larger themes.
