Requiem for the American Dream

The 10 Principles of Concentration of Wealth & Power

Seven Stories Press A NEW YORK TIMES BESTSELLER! In his first major book on the subject of income inequality, Noam Chomsky skewers the fundamental tenets of neoliberalism and casts a clear, cold, patient eye on the economic facts of life. What are the ten principles of concentration of wealth and power at work in America today? They're simple enough: reduce democracy, shape ideology, redesign the economy, shift the burden onto the poor and middle classes, attack the solidarity of the people, let special interests run the regulators, engineer election results, use fear and the power of the state to keep the rabble in line, manufacture consent, marginalize the population. In *Requiem for the American Dream*, Chomsky devotes a chapter to each of these ten principles, and adds readings from some of the core texts that have influenced his thinking to bolster his argument. To create *Requiem for the American Dream*, Chomsky and his editors, the filmmakers Peter Hutchison, Kelly Nyks, and Jared P. Scott, spent countless hours together over the course of five years, from 2011 to 2016. After the release of the film version, Chomsky and the editors returned to the many hours of tape and transcript and created a document that included three times as much text as was used in the film. The book that has resulted is nonetheless arguably the most succinct and tightly woven of Chomsky's long career, a beautiful vessel—including old-fashioned ligatures in the typeface—in which to carry Chomsky's bold and uncompromising vision, his perspective on the economic reality and its impact on our political and moral well-being as a nation. "During the Great Depression, which I'm old enough to remember, it was bad—much worse subjectively than today. But there was a sense that we'll get out of this somehow, an expectation that things were going to get better . . ." —from *Requiem for the American Dream*

New York in the '50s

Open Road Media The rhythms of jazz and beat poetry punctuate this sweeping, firsthand account of New York City's 1950s literary scene from the Bowery to Spanish Harlem. National bestselling author Dan Wakefield first came to New York City in 1952 with the intention of receiving a proper literary education on the ivied campus of Columbia University. An equally enlightening experience, he quickly found, was hiding in the smoky bars and cafés of Greenwich Village frequented by the most talented writers of the fifties, including James Baldwin, Joan Didion, and Allen Ginsberg. Wakefield recounts drinking at the White Horse Tavern, Dylan Thomas's Village haunt, as well as the offices of *Esquire* and the *Nation*, capturing rare, intimate moments of spirited camaraderie between some of the most influential artists of their generation. Like Hemingway's recollections of 1920s Paris in *A Moveable Feast*, *New York in the '50s* showcases a city in its artistic heyday, replete with Wakefield's remembrances of brushing shoulders with literary icons such as Jack Kerouac and Norman Mailer, and watching Thelonious Monk play jazz at the Five Spot Café. Wakefield's experience as a journalist and chronicler of Americana allows him to capture the subtleties of a decade of unparalleled artistic expression.

Dream Wisdom

Uncovering Life's Answers in Your Dreams

Celestial Arts During times of crisis and trauma, as well as transition—beginning or ending a relationship, facing illness, changing jobs, leaving home, dealing with loss—dreams can be a valuable resource for problem solving. Make smart decisions during these critical times with the practical and engaging insight of *DREAM WISDOM*. This handbook shows you how to use your dreams—and nightmares—as a guide to understanding your unconscious feelings and needs and includes tools for learning dream recall, an explanation of common dream symbols, and more than 140 actual turning-point dreams, all analyzed to reveal their hidden meaning. *DREAM WISDOM* will enhance your ability to interpret your inner feelings and resolve major challenges, turning the difficult passages of life into opportunities for growth and success. • Analyzes dreams about relationships, expectant mothers, separation and divorce, work, grief and healing, and midlife. • Includes instructions for creating a dream journal, incubating problem-solving dreams, and setting up dream groups. • An accessible means of tapping into an often-unexplored part of the mind. Reviews "Innovative and beautifully researched. Alan Siegel is a refreshing and articulate advocate of psychotherapeutic dream analysis" —*San Francisco Chronicle* "This book CAN change your life if you focus on your dreams as turning points." — *Association for Humanistic Psychology Perspective* "Excellent . . . This is a book that can be confidently recommended to anyone wanting to draw on the wisdom of their dreams" —*The California Psychologist* "A uniquely positive look at dreams through the lifespan." — Robert van de Castle Professor Emeritus University of Virginia and author of *Our Dreaming Mind*

Our Kids

The American Dream in Crisis

Simon and Schuster A *New York Times* bestseller and "a passionate, urgent" (*The New Yorker*) examination of the growing inequality gap from the bestselling author of *Bowling Alone: why fewer Americans today have the opportunity for upward mobility*. Central to the very idea of America is the principle that we are a nation of opportunity. But over the last quarter century we have seen a disturbing "opportunity gap" emerge. We Americans have always believed that those who have talent and try hard will succeed, but this central tenet of the American Dream seems no longer true or at the least, much less true than it was. In *Our Kids*, Robert Putnam offers a personal and authoritative look at this new American crisis, beginning with the example of his high school class of 1959 in Port Clinton, Ohio. The vast majority of those students went on to lives better than those of their parents. But their children and grandchildren have faced diminishing prospects. Putnam tells the tale of lessening opportunity through poignant life stories of rich, middle class, and poor kids from cities and suburbs across the country, brilliantly blended with the latest social-science research. "A truly masterful volume" (*Financial Times*), *Our Kids* provides a disturbing account of the American dream that is "thoughtful and persuasive" (*The Economist*). *Our Kids* offers a rare combination of individual testimony and rigorous evidence: "No one can finish this book and feel complacent about equal opportunity" (*The New York Times Book Review*).

Answers to Questions About Old Jewelry, 1840-1950

Identification and Value Guide

Penguin A *Jewelry Classic* For three decades, *Answers to Questions About Old Jewelry* has served as the most respected and authoritative reference to the subject of vintage jewelry on the market. The new edition of this timeless classic finds acclaimed jewelry expert C. Jeanenne Bell at her best, sharing her impressive understanding of the subject with unbridled passion for her life-long pursuit. Offering significant historical information and lavish images of remarkable pieces, this best-selling guide to antique jewelry takes you on a beautiful and edifying adventure. Bell's historical sense, coupled with her keen eye for detail and value, makes her work a cherished addition to the library for both the beginning or veteran jewelry collector. This new edition features nearly 1,000 all-new color photographs of the most collectible jewelry today from 1840 to 1950, fully vetted values, and offers indispensable insight for various jewelry styles, including: • Victorian • Edwardian and Egyptian Revival • Art Nouveau and Art Deco • Retro Modern • Bakelite, Costume, Mexican and Modernist A former appraiser for "Antiques Roadshow," Bell also provides additional information on maker's marks, trademarks, designer marks, and circa dating clues.

Sisyphus

A Jungian Approach to Midlife Crisis

Daimon Verena Kast refers to Sisyphus as the myth of the forty-year-olds, who often experience their lot in life to be a Sisyphus task. Are our human efforts all in vain, or is there some meaning to be found? In the end, it is a struggle with death itself. Dr. Kast interprets everyday events, fairy tales and psychotherapy issues in light of the Sisyphus theme, rendering it a kaleidoscope through which we can look deeply into ourselves. Verena Kast deals with a problem that also fascinated Nietzsche and Freud. This book is packed with down-to-earth experience, clinical anecdotes, wit and insight. - Murray Stein

Thematic Guide to American Poetry

Greenwood Publishing Group Uses approximately 250 poems by eighty-six poets to chronologically trace the development of such themes as art, beauty, civilization, family relations, freedom, and slavery in American poetry.

A Readers Guide to Contemporary Feminist Literary Criticism

Routledge This introduction to feminist literary criticism in its international contexts discusses a broad range of complex critical writings and then identifies and explains the main developments and debates within each approach. Each chapter has an easy-to-use format, comprising an introductory overview, an explanation of key themes and techniques, a detailed account of the work of specific critics, and a summary which includes critiques of the approach. Each chapter is accompanied by a guide to the primary texts and further reading.

The Guide to United States Popular Culture

Popular Press "To understand the history and spirit of America, one must know its wars, its laws, and its presidents. To really understand it, however, one must also know its cheeseburgers, its love songs, and its lawn ornaments. The long-awaited Guide to the United States Popular Culture provides a single-volume guide to the landscape of everyday life in the United States. Scholars, students, and researchers will find in it a valuable tool with which to fill in the gaps left by traditional history. All American readers will find in it, one entry at a time, the story of their lives."--Robert Thompson, President, Popular Culture Association. "At long last popular culture may indeed be given its due within the humanities with the publication of The Guide to United States Popular Culture. With its nearly 1600 entries, it promises to be the most comprehensive single-volume source of information about popular culture. The range of subjects and diversity of opinions represented will make this an almost indispensable resource for humanities and popular culture scholars and enthusiasts alike."--Timothy E. Scheurer, President, American Culture Association "The popular culture of the United States is as free-wheeling and complex as the society it animates. To understand it, one needs assistance. Now that explanatory road map is provided in this Guide which charts the movements and people involved and provides a light at the end of the rainbow of dreams and expectations."--Marshall W. Fishwick, Past President, Popular Culture Association Features of The Guide to United States Popular Culture: 1,010 pages 1,600 entries 500 contributors Alphabetic entries Entries range from general topics (golf, film) to specific individuals, items, and events Articles are supplemented by bibliographies and cross references Comprehensive index

The Catcher in the Rye Study Guide: Chapter Questions and Answer Keys

Independently Published "The mark of an immature man is that he wants to die nobly for a cause, while the mark of the mature man is that he wants to live humbly for one."--HoldenJ.D Salinger's The Catcher in the Rye is a testament to the 1950s- a time of change, and a time for reflection of ourselves and the American Dream. It has also withstood the test of literary time with its unforgettable characters: Holden Caulfield, Phoebe, Stradlater, Mr. Antolini- they are all awaiting for you or your student to discover! Included in this 38 page, comprehensive study guide is over 250 chapter questions and a comprehensive answer key for your perusal. Questions cover character development, plot, and, of course, themes, including Holden's portrayal of the waning American Dream.

Stakes Is High

Life After the American Dream

Bold Type Books Brave, clear-eyed, and passionate, *Stakes Is High* is the book we need to guide us past crisis mode and through an uncertain future. The events of the past decade have forced us to reckon with who we are and who we want to be. We have been invested in a set of beliefs about our American identity: our exceptionalism, the inevitable rightness of our path, the promise that hard work and determination will carry us to freedom. But in *Stakes Is High*, Mychal Denzel Smith confronts the shortcomings of these stories -- and with the American Dream itself -- and calls on us to live up to the principles we profess but fail to realize. In a series of incisive essays, Smith exposes the stark contradictions at the heart of American life, holding all of us, individually and as a nation, to account. We've gotten used to looking away, but the fissures and casual violence of institutional oppression are ever-present. There is a future that is not as grim as our past. In this profound work, Smith helps us envision it with care, honesty, and imagination.

Study Guide to Who's Afraid of Virginia Woolf? and Other Works by Edward Albee

Influence Publishers A comprehensive study guide offering in-depth explanation, essay, and test prep for selected works by Edward Albee, well renowned American dramatist and theatrical producer. Titles in this study guide include *Who's Afraid of Virginia Woolf?*, *The Zoo Story*, and *Tiny Alice*. As a major playwright of the twentieth century, Albee's work established him as a sharp critic of American values. Moreover, he expertly displayed slashing insight and witty dialogue in the gruesome portrayal of marriage, family life, and self revelation. This Bright Notes Study Guide explores the context and history of Albee's classic work, helping students to thoroughly explore the reasons they have stood the literary test of time. Each Bright Notes Study Guide contains: - Introductions to the Author and the Work - Character Summaries - Plot Guides - Section and Chapter Overviews - Test Essay and Study Q&As The Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots, and themes. This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research.

Who Stole the American Dream?

Random House Trade Paperbacks Pulitzer Prize winner Hedrick Smith's new book is an extraordinary achievement, an eye-opening account of how, over the past four decades, the American Dream has been dismantled and we became two Americas. In his bestselling *The Russians*, Smith took millions of readers inside the Soviet Union. In *The Power Game*, he took us inside Washington's corridors of power. Now Smith takes us across America to show how seismic changes, sparked by a sequence of landmark political and economic decisions, have transformed America. As only a veteran reporter can, Smith fits the puzzle together, starting with Lewis Powell's provocative memo that triggered a political rebellion that dramatically altered the landscape of power from then until today. This is a book full of surprises and revelations—the accidental beginnings of the 401(k) plan, with disastrous economic consequences for many; the major policy changes that began under Jimmy Carter; how the New Economy disrupted America's engine of shared prosperity, the “virtuous circle” of growth, and how America lost the title of “Land of Opportunity.” Smith documents the transfer of \$6 trillion in middle-class wealth from homeowners to banks even before the housing boom went bust, and how the U.S. policy tilt favoring the rich is stunting America's economic growth. This book is essential reading for all of us who want to understand America today, or why average Americans are struggling to keep afloat. Smith reveals how pivotal laws and policies were altered while the public wasn't looking, how Congress often ignores public opinion, why moderate politicians got shoved to the sidelines, and how Wall Street often wins politically by hiring over 1,400 former government officials as lobbyists. Smith talks to a wide range of people, telling the stories of Americans high and low. From political leaders such as Bill Clinton, Newt Gingrich, and Martin Luther King, Jr., to CEOs such as Al Dunlap, Bob Galvin, and Andy Grove, to heartland Middle Americans such as airline mechanic Pat O'Neill, software systems manager Kristine Serrano, small businessman John Terboss, and subcontractor Eliseo Guardado, Smith puts a human face on how middle-class America and the American Dream have been undermined. This magnificent work of history and reportage is filled with the penetrating insights, provocative discoveries, and the great empathy of a master journalist. Finally, Smith offers ideas for restoring America's great promise and reclaiming the American Dream. Praise for *Who Stole the American Dream?* “[A] sweeping, authoritative examination of the last four decades of the American economic experience.”—The Huffington Post “Some fine work has been done in explaining the mess we're in. . . . But no book goes to the headwaters with the precision, detail and accessibility of Smith.”—The Seattle Times “Sweeping in scope . . . [Smith] posits some steps that could alleviate the problems of the United States.”—USA Today “Brilliant . . . [a] remarkably comprehensive and coherent analysis of and prescriptions for America's contemporary economic malaise.”—Kirkus Reviews (starred review) “Smith enlivens his narrative with portraits of the people caught up in events, humanizing complex subjects often rendered sterile in economic analysis. . . . The human face of the story is inseparable from the history.”—Reuters

Crimes of the Centuries: Notorious Crimes, Criminals, and Criminal Trials in American History [3 volumes]

Notorious Crimes, Criminals, and Criminal Trials in American History

ABC-CLIO This multivolume resource is the most extensive reference of its kind, offering a comprehensive summary of the misdeeds, perpetrators, and victims involved in the most memorable crime events in American history. • Supports national standards curriculum • Offers an extensive selection of primary documents to encourage critical thinking and reading practice • Includes photos and

illustrations to help bring content to life • Features sidebars with illuminating crime facts and interesting anecdotes

The Law of Higher Education, A Comprehensive Guide to Legal Implications of Administrative Decision Making

Field Guide to Dreams

How to Identify and Interpret the Symbols in Your Dreams

Quirk Books At last, a field guide to identifying and interpreting dream symbols, from falling to flying! Dreams can be mysterious, exhilarating, and terrifying—but they don't have to be confusing. With *Field Guide to Dreams*, you'll unravel the hidden meanings behind these mysterious subconscious messages. For example, you may find yourself naked in front of your high school classroom during a time of great change—perhaps you're feeling insecure about a decision you recently made. Or if you find buried treasure in a dream, you may have hidden talents or knowledge. Organized by dominant symbol (animals, caves, hospitals, teachers, and so on), each full-color image refers to a complete dream description. This book gives you clues to a dream's meaning and explains the significance of having the same dream time and again. You'll hear what Freud and Jung might say about a particular vision and discover a dream's sometimes strange, often illuminating, historical and cultural context. With *Field Guide to Dreams* at your bedside, you'll never wonder if that cigar was just a cigar!

The Americans

American Dreams

The United States Since 1945

Evaluates how and why the United States has changed socially, economically and politically since World War II, tracing a shift toward individual rights, consumerism and globalization, in an account that includes coverage of such topics as immigration reform, the abandonment of the gold standard and CNN's debut.

Pedagogy into Practice

A Handbook for New Teachers

IAP The purpose of this book is to help new teachers transition from students in education courses to proactive educators who can translate what they have learned in methods classes into realistic practices as novice teachers. This book will help these candidates operationalize good educational pedagogy and understand the connections between theory and practice. This book will also explain the logical connections between standard curriculum theory and certification examinations like the edTPA. *Pedagogy into Practice* is also answering the current cry, of how to teach in a virtual setting during this Pandemic, by offering up to date information on virtual learning. **PRAISE FOR PEDAGOGY INTO PRACTICE** An expert in teacher education and a novice teacher brilliantly combine forces to help teachers improve their first years in service. This text is skillfully crafted and thoughtfully laid out in a way that will provide you a roadmap to navigate the common issues and concerns all new teachers face. From understanding curriculum design to aligning assessments to planning, this valuable resource will be your "go-to" guide. Also, a powerful text for teacher training, you will want to make sure this text is close at hand. Richard M. Cash Educator and Consultant Author of *Advancing Differentiation: Thinking and Learning for the 21st Century* "This is an excellent resource that will be extremely valuable to the busy classroom teacher." Margaret Sutherland Senior Lecturer and Director Post Graduate Research in the School of Education, University of Glasgow, Scotland. "Long overdue and so needed....Pedagogy into Practice: A Handbook for New Teachers is an educational guide through the lenses of a master and novice educator. The authors converge their individual perspectives to provide a practical and insightful guide for teachers in all aspects of the teaching profession. Experienced and new teachers to the profession will refer to this handbook time and time again!" Dana McDonough 2016 New York State Teacher of the Year

A Study Guide for John Updike's "Rabbit, Run"

Gale, Cengage Learning A Study Guide for John Updike's "Rabbit, Run," excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust *Novels for Students* for all of your research needs.

The Negro Motorist Green Book

1940 Edition

Colchis Books The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Wisdom

The Psychology of Wise Thoughts, Words, and Deeds

Cambridge University Press The world is simultaneously facing many crises that humanity is failing to solve. Yet, at the same time, humans are smarter (with IQs on average thirty points higher than a century ago) and more knowledgeable (with the world's knowledge base at our fingertips), and scientific advances are accelerating. However, intelligence and knowledge are not enough: wisdom harnesses these strengths to serve the common good. Education is focused on acquiring knowledge, but schools would do better also to teach and test for the development of wisdom. To a lot of people, wisdom is an abstraction, but there is a growing body of scientific research into what wisdom is and how it works. This introduction sets out why wisdom is so important. Drawing on insights from psychology, philosophy, science, and common sense, this book provides a complete account of wisdom and how we can develop it throughout our lives.

Local Politics Matters

A Citizen's Guide to Making a Difference

"It feels like politics counts more today than it ever has. At the same time, people are frustrated by "the mess in Washington" or think "I can't make a difference." *Local Politics Matters* shows a way out: a chance for everyday people to feed their hunger for political action while having a positive impact. *Local Politics Matters* takes the knowledge that scholars have gathered from half a century of studying local politics, and translates it into clear action steps for citizens. *Local Politics Matters: Explains local government. There are over 90,000 local governments in America. Do you have a "strong mayor" or "council-mayor" system of government? Who sits on your "board of supervisors"? What the heck is a "selectman"? Shows why you should care. Local politics offers access-officials are literally the people in your neighborhood-and impact: you can make a difference. Lays out what to do. In local politics, sometimes there are right answers. The book explores six issues where only one path makes sense, and then follows up with specific steps to get involved. For readers who want to make a difference, this book lets them know how, by reminding them that Local Politics Matters"--*

Grinding California

Culture and Corporeality in American Skate Punk

transcript Verlag »Grinding California« provides the first academic analysis of the subculture of skate punk at book-length. It establishes highly critical evaluations of the discourses that influenced early skateboarding and punk cultures. Based on an examination of songs, flyers, magazines, and videos, Konstantin Butz revisits American popular cultures of the 1980s and approaches them from a variety of theoretical and methodological angles. He introduces contemplations of the rebellious potential that can be located within skate punk's material and corporeal contestations of the site-specific locale of suburban Southern California. Theoretical recourse to thinkers such as Gilles Deleuze, Félix Guattari, Jean Baudrillard and Hans Ulrich Gumbrecht are topped off with excerpts from interviews with some of the most influential protagonists of the 1980s skate punk scene.

Telecourse Guide for American in Perspective

Addison-Wesley

Guide to U.S. Environmental Policy

CQ Press *Guide to U.S. Environmental Policy* provides the analytical connections showing readers how issues and actions are translated into public policies and persistent institutions for resolving or managing environmental conflict in the U.S. The guide highlights a complex decision-making cycle that requires the cooperation of government, business, and an informed citizenry to achieve a comprehensive approach to environmental protection. The book's topical, operational, and relational essays address development of U.S. environmental policies, the federal agencies and public and private organizations that frame and administer environmental policies, and the challenges of balancing conservation and preservation against economic development, the ongoing debates related to turning environmental concerns into environmental management, and the role of the U.S. in international organizations that facilitate global environmental governance. Key Features: 30 essays by leading conservationists and scholars in the field investigate the fundamental political, social, and economic processes and forces driving policy decisions about the protection and future of the environment. Essential themes traced through the chapters include natural resource allocation and preservation, human health, rights of indigenous peoples, benefits of recycling, economic and other policy areas impacted by responses to green concerns, international cooperation, and immediate and long-term costs associated with environmental policy. The essays explore the impact made by key environmental policymakers, presidents, and politicians, as well as the topical issues that have influenced U.S. environmental public policy from the colonial period to the present day. A summary of regulatory agencies for environmental policy, a selected bibliography, and a thorough index are included. This must-have reference for political science and public policy students who seek to understand the forces that U.S. environmental policy is suitable for academic, public, high school, government, and professional libraries.

The Secrets of Money

A Guide for Everyone on Practical Financial Literacy

This handy book shows you how.

TV Guide

Between Education and Catastrophe

The Battle over Public Schooling in Postwar Manitoba

McGill-Queen's Press - MQUP After the Second World War, progressives and traditionalists waged a quieter battle over schools. In *Between Education and Catastrophe*, George Buri connects the educational debates of the 1950s to the broader Canadian postwar political conversation about the social welfare state and Keynesian versus laissez-faire models of liberalism. Working skilfully with primary sources, contemporary publications, and a rich array of secondary sources, Buri examines debates over curricula, the purpose of high school, teacher training, rural schools, and standardized testing in Manitoba. The progressives who advocated for a "new liberalism" - characterized by government intervention and the social welfare state - sought to create a system of public schooling that would both equip students to succeed and enlarge their political vision by encouraging compromise and democratic decision making. They promoted more practical subjects, child-centred classrooms, and the use of psychological expertise to promote "life adjustment." Meanwhile, self-styled traditionalists such as Hilda Neatby thought progressive education undermined the individual competition and achievement at the root of a laissez-faire economy, calling for a return to the basics, an elimination of "frill" subjects, and a more academic focus for the public education system. A frank consideration of conflict, power, and influence within school systems, *Between Education and Catastrophe* brings to light compelling social, cultural, and philosophical themes within the history of education in Manitoba.

American History - Teacher Guide

Observations & Assessments from Early Settlement to Today

New Leaf Publishing Group This convenient teacher's guide is all a parent or teacher needs to easily grade the 10th grade student assignments for *American History: Observations & Assessments from Early Settlement to Today*. When I Was Puerto Rican

A Memoir

Da Capo Press Esmeralda Santiago's story begins in rural Puerto Rico, where her childhood was full of both tenderness and domestic strife, tropical sounds and sights as well as poverty. Growing up, she learned the proper way to eat a guava, the sound of tree frogs in the mango groves at night, the taste of the delectable sausage called morcilla, and the formula for ushering a dead baby's soul to heaven. As she enters school we see the clash, both hilarious and fierce, of Puerto Rican and Yankee culture. When her mother, Mami, a force of nature, takes off to New York with her seven, soon to be eleven children, Esmeralda, the oldest, must learn new rules, a new language, and eventually take on a new identity. In this first volume of her much-praised, bestselling trilogy, Santiago brilliantly recreates the idyllic landscape and tumultuous family life of her earliest years and her tremendous journey from the barrio to Brooklyn, from translating for her mother at the welfare office to high honors at Harvard.
