## **CASES IN PUBLIC POLICY AND ADMINISTRATION**

---

Addison-Wesley Longman Writing the perfect complement to their bestseller, *Introducing Public Administration*, Shafritz and Borick highlight the great drama inherent in public policy -- and the ingenuity of its makers and administrators -- in this new casebook that brings thrilling, true life adventures in public administration to life in an engaging, witty style. Drawing on a unique assortment of literary, historic, and modern examples, *Cases in Public Policy and Administration* exposes students to public administration in practice by telling the tales of: How Thurgood Marshall led the legal fight for civil rights and made it possible for Barack Obama to become president How the ideas of an academic economist and a

famous novelist led to the recession that started in 2008 How Al Gore really deserves just a little bit of credit for inventing the Internet How the decision was made by President Harry Truman to drop the first atomic bomb on Japan in order to end World War II How the current American welfare state was inspired by a German chancellor How a Nazi war criminal inadvertently provided the world with a lesson in bureaucratic ethics How Napoleon Bonaparte encouraged the job of chief of staff to escape from the military and live in contemporary civilian offices How an obscure state department bureaucrat wrote the policy of containment that allowed the United States to win the Cold War with the Soviet Union How Dwight D. Eisenhower was started on the road to the presidency by a mentor he found in the Panamanian rain forest How Florence Nightingale gathered statistics during the Crimean War that helped lead to contemporary program evaluation.

## UNDERSTANDING THE UNITED STATES DEBT

---

CreateSpace [www.UnderstandingTheUSDebt.com](http://www.UnderstandingTheUSDebt.com) Overview According to Webster's Collegiate Dictionary, debt is defined as "a state of owing" or "something owed: Obligation." Interestingly, it is also defined as "Sin, Trespass." All three definitions accurately describe the condition, history, and decisions leading to the persistent and rising debt of the U.S. federal government. For over 120 years, the United States raised money during times of war or financial panics. Each time, the leaders of the country worked hard to reduce their obligations, wary of passing debts to future generations. But starting in the early 1900's, views about debt and the role of the federal government began to change. Now, one hundred years later, America is over \$14 trillion in debt. Americans need to know why we are in such a horrible financial condition and what changes are necessary to become debt free. Book Fast Facts The United States government has a long history of debt, starting with its initial obligations from the Revolutionary War. Unfortunately, the debt hasn't been reduced even once since 1958. The last and only time we've been debt free was in the 1800's. Understand the debt from a historical perspective in Chapter 1. Historically, the debt has risen because of major wars and financial depressions. But now, over a third of the debt is associated with something called intragovernmental holdings. Learn more in Chapter 2. In 1985, 16% of our debt was held by foreign interests. Today, that percentage is over 50%. Find out who owns the debt in Chapter 2. Social Security has been called a Ponzi scheme. Understand how the Social Security "trust funds"

work in Chapter 2. Some people think military conflicts are the cause of our current debt problems. However, national defense outlays are only 20% of the total spending over the last 35 years. Learn where the money is really spent in Chapter 3. Which Presidents spent the most? One President increased general government spending by over 1300%, five times more than any other. Look at spending by Presidential terms in Chapter 3. The actual debt of the U.S. government is not \$14 trillion. It is much, much higher. Learn why the actual debt is closer to \$60 trillion in Chapter 4. The budgeting process of the U.S. government is broken. Cuts in discretionary spending are not the answer. Even if all non-defense discretionary spending is completely eliminated, we will have deficits every year for the next 10 years. Learn why in Chapter 5. Did you know Argentina was among the wealthiest countries in the world during the early 1900's? Have you ever wondered why Japan is no longer a rising superpower? Would you be surprised to hear that massive debt is the culprit? Learn why these countries fell, and how the U.S. is following right in their footsteps, in Chapter 6. According to the government's own predictions, by 2030 the debt (relative to the size of our economy) will be worse than it was during the peak of World War II. This is probably an optimistic prediction. Learn why in Chapter 7. There are startling parallels between the Great Depression and what started as a recession in 2008. If you want to know why high unemployment and a secondary recession are likely to be part of our immediate future, read Chapter 7. Can we become a debt free nation? Yes, if we are willing to implement simple but perhaps unpopular changes. Read the 7-point plan for becoming debt free in Chapter 8.

---

## **GLOBALIZATION - MONEY LAUNDERING, THREAT FINANCE, NARCOTICS, TRANSNATIONAL ORGANIZED CRIME, SEX TRAFFIC, BLACK MARKET, URBANIZATION**

---

This book provides a comprehensive overview of all aspects of illicit networks and national security in the modern "globalized" world. From human trafficking in Eastern Europe to drug smuggling in East Asia, to the illicit arms trade in Africa, to terrorist cells in East Asia and insurgents in the Caucasus, transnational illicit networks have tentacles that reach everywhere. The trade in illegal narcotics is perhaps most worrisome, but of growing concern is the illicit trafficking of counterfeit items, weapons, natural resources, money, cultural property, and even people by shrewd, well-resourced, and nefarious adversaries. These networks have taken advantage of modern advances in communications and transportation to globalize. Narcotraffickers in the Andean Ridge, for instance, have expanded operations as far as their markets in the United States and Europe. Illegal arms merchants have expanded their operations around the world. Human smugglers have moved their slaves from underdeveloped countries to sex operations throughout the developed world. And, of course, we have all seen the global reach of modern transnational terrorism. No one is immune from this insidious threat. It will take a combination of initiatives to defeat the threats created by illicit criminal networks. These transnational organizations are a large part of the hybrid threat that forms the nexus of illicit drug trafficking-including routes, profits, and corruptive influences-and terrorism, both home grown as well as imported Islamic terrorism. With the latest wave of globalization allowing for even more movement of people, goods, and information, these actors have spread their tentacles wider and deeper, breaking new ground. At the same time, they have demonstrated an ability to adapt, diversify, and converge. This has allowed them to obtain vast resources and to continuously reorganize themselves to stay ahead of efforts to combat them. They have achieved a degree of globalized outreach and collaboration via networks, as well as horizontal diversification. Contents: Convergence: Illicit Networks and National Security in the Age of Globalization \* Part I - A Clear and Present Danger \* Chapter 1 - Deviant Globalization \* Chapter 2 - Lawlessness and Disorder: An Emerging Paradigm for the 21st Century \* Chapter 3 - Can We Estimate the Global Scale and Impact of Illicit Trade? \* Part II - Complex Illicit Operations \* Chapter 4 - The Illicit Supply Chain \* Chapter 5 - Fixers, Super Fixers, and Shadow Facilitators: How Networks Connect \* Chapter 6 - The Geography of Badness: Mapping the Hubs of the Illicit Global Economy \* Chapter 7 - Threat Finance: A Critical Enabler for Illicit Networks \* Chapter 8 - Money Laundering into Real Estate \* Part III - The Attack on Sovereignty \* Chapter 9 - The Criminal State \* Chapter 10 - How Illicit Networks Impact Sovereignty \* Chapter 11 - Counterinsurgency, Counternarcotics, and Illicit Economies in Afghanistan: Lessons for State-Building \* Part IV - Fighting

Back \* Chapter 12 - Fighting Networks with Networks \* Chapter 13 - The Department of Defense's Role in Combating Transnational Organized Crime \* Chapter 14 - Collaborating to Combat Illicit Networks Through Interagency and International Efforts

### **COUNTERING ILLICIT POWER IN WAR AND TRANSITION - H.R. MCMASTER FOREWORD, CORRUPTION IN AFGHANISTAN, IRAQ, HAITI, LIBERIA, PAKISTAN, COLOMBIA, PHILIPPINES, SRI LANKA, RUSSIA, ODESSA NETWORK**

---

With a foreword by Lt. General H.R. McMaster, the newly appointed National Security Advisor, this unique work deals with the current need to confront illicit power in war and transition. Contents include: Chapter 1 \* Criminal Patronage Networks and the Struggle to Rebuild the Afghan State \* Chapter 2 \* Jaish al-Mahdi in Iraq \* Chapter 3 \* Haiti: The Gangs of Cite Soleil \* Chapter 4 \* Liberia: Durable Illicit Power Structures \* Chapter 5 \* Traffickers and Truckers: Illicit Afghan and Pakistani Power Structures with a Shadowy but Influential Role \* Chapter 6 \* Colombia and the FARC: From Military Victory to Ambivalent Political Reintegration? \* Chapter 7 \* The Philippines: The Moro Islamic Liberation Front - A Pragmatic Power Structure? \* Chapter 8 \* Sierra Leone: The Revolutionary United Front \* Chapter 9 \* Sri Lanka: State Response to the Liberation Tigers of Tamil Eelam as an Illicit Power Structure \* Part 2: Confronting Illicit Power - Understanding Enablers, Ours and Theirs \* Chapter 10 \* It Takes a Thief to Catch a Thief: Illicit Power and the Intelligence Challenge \* Chapter 11 \* Weapons Trafficking and the Odessa Network: How One Small Think Tank was Able to Unpack One Very Big Problem, and the Lessons It Teaches Us \* Chapter 12 \* Financial Tools and Sanctions: Following the Money and the Joumaa Web \* Chapter 13 \* Recruitment and Radicalization: The Role of Social Media and New Technology \* Part 3: Licit Transitions - Building Institutions and Strengthening Capacity for Success \* Chapter 14 \* Make It Matter: Ten Rules for Institutional Development that Works \* Chapter 15 \* The Hitchhiker's Guide to Intelligence-Led Policing \* Chapter 16 \* Security Sector Reconstruction in Post-Conflict: The Lessons from Timor-Leste \* Chapter 17 \* A Granular Approach to Combating Corruption and Illicit Power Structures. Among the most insidious challenges to the contemporary state is the corrosive capture and use of illicit power, which both weakens the state and creates among populations the perception of inefficacy, incompetence, and, ultimately, illegitimacy. Part 1 of this book presents case studies of illicit power, and the domestic and international responses to it, in a range of states. These nine country case studies cumulatively alert analysts and practitioners to the gravity of the challenge posed by illicit power. Following these, the four chapters in Part 2 describe fundamental characteristics of illicit power structures, and the elements of

the operational environment that enable illicit power to succeed, as well as those that enable the international community to counter it. The outcome of the struggle between illicit power and legitimate, accountable governance in any state hinges on the competition between them over these enablers. Part 3 gives four approaches to mitigating illicit power, which the international community must become adept at using and flexibly adapting to the specific conditions faced in particular environments. Part 4, the book's concluding section, offers insights that help clarify both the nature and the gravity of the challenge that is illicit power, as well as the most effective approaches to mitigating it.

## **THE FEDERAL BUDGET**

---

---

### **POLITICS, POLICY, PROCESS**

---

Brookings Institution Press The federal budget impacts American policies both at home and abroad, and recent concern over the exploding budgetary deficit has experts calling our nation's policies "unsustainable" and "system-dooming." As the deficit continues to grow, will America be fully able to fund its priorities, such as an effective military and looking after its aging population? In this third edition of his classic book *The Federal Budget*, Allen Schick examines how surpluses projected during the final years of the Clinton presidency turned into oversized deficits under George W. Bush. In his detailed analysis of the politics and practices surrounding the federal budget, Schick addresses issues such as the collapse of the congressional budgetary process and the threat posed by the termination of discretionary spending caps. This edition updates and expands his assessment of the long-term budgetary outlook, and it concludes with a look at how the nation's deficit will affect America now and in the future. "A clear explanation of the federal budget... [Allen Schick] has captured the politics of federal budgeting from the original lofty goals to the stark realities of today."—Pete V. Domenici, U.S. Senate

## **THINGS FALL APART**

---

Penguin UK Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

**STRENGTHENING FORENSIC SCIENCE IN THE UNITED STATES**

---

---

**A PATH FORWARD**

---

**National Academies Press Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.**

## **AMERICAN GOVERNMENT**

---

"Published by OpenStax College, American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project." - BC Campus website.

## **COMMANDING AN AIR FORCE SQUADRON IN THE 21ST CENTURY**

---

### **A PRACTICAL GUIDE OF TIPS AND TECHNIQUES FOR TODAY'S SQUADRON COMMANDER - LEADERSHIP, UNIT COHESION, MORALE, INSPECTIONS, ART OF COMMAND, FAMILIES**

---

Jeffrey Smith updates the earlier release of Col Timothy T. Timmon's Commanding an Air Force Squadron (1993). In this book, which includes a foreword by Gen John P. Jumper and an introduction by Colonel Timmons, USAF, retired, Colonel Smith relies on the vast "insights, experiences, and recommendations" of former and current commanders to identify the attributes of a successful commander at multiple levels. He identifies some issues commanders face regardless of the level of command, including counseling personnel, dorm inspections, commanders' calls, money management, and the roles of spouses and families. According to Colonel Smith, the conduct of individuals in times of crises is the truest barometer of a good commander. Contents \* FOREWORD \* PREFACE \* INTRODUCTION \* Chapter 1 \* CRITICAL MONTHS \* Introduction \* Before Taking Over \* The Art of Command \* The First Three Months (When the Honeymoon's Over!) \*

Notes \* Chapter 2 \* THE MISSION \* Lessons of Leadership in Action \* Command Relationships \* Building Unit Cohesion and Morale \* Formal Inspections \* Notes \* Chapter 3 \* PEOPLE \* Welcome \* Key Personnel \* Counseling \* Recognition Programs \* Personnel Decisions \* Ceremonies \* Roles of Spouses and Families \* Notes \* Chapter 4 \* COMMUNICATIVE LEADERSHIP \* Commander's Call \* News of the Week \* Squadron Meetings \* Routine Paperwork \* Officer/Enlisted Performance Reports \* Open Door (or Screen Door) Policies \* E-mail \* Notes \* Chapter 5 \* THE GOOD, THE BAD, AND THE UGLY \* The Good \* The Bad: Learning How to Use Your Authority \* The Ugly: Times of Crises \* Notes \* Chapter 6 \* CATS AND DOGS \* Honorary Squadron Commander Programs \* Closing Down a Squadron \* Money Management \* Dorm Inspections \* US Government Travel Card \* Notes \* Chapter 7 \* YOUR EXIT STRATEGY \* Finishing the Job and Leaving in Style \* Change of Command Ceremony \* Notes \* GLOSSARY

**BRITISH POLITICS FOR DUMMIES**

---

John Wiley & Sons So - you want to be knowledgeable about British politics but don't know where to start. The rich history, complex statistics and tricky political jargon are getting in your way, not to mention the media hype (is politics only about duck houses and moats?). But don't worry! British Politics For Dummies is your essential guide to understanding even the trickiest questions surrounding politics in the UK, so you'll be discussing the ins and out of leaders, parties, ideologies, constitutions, laws, cabinets and summits past and present in no time - and with maximum confidence. Coming up to the potential end of Labour's historic three terms in power, there's never been a better time to get to grips with politics. British Politics For Dummies includes: Part 1: The Basics of Politics Chapter 1: Taking in the Political Universe Chapter 2: Understanding Why Politics and Politicians are Important Chapter 3: Looking at Democracy & Participation Chapter 4: Examining Different Political Ideologies Chapter 5: Forming of the British Political State Part 2: Elections and Britain's Parties Chapter 6: Electoral & voting systems Chapter 7: Voting Behaviour & Trends Chapter 8: Honing in on Political Parties Chapter 9: Pressure Groups Chapter 10: Politics & the Media Part 3: The Ins & Outs of Parliament Chapter 11: Britain's Constitution Chapter 12: Examining Britain's Parliamentary Democracy Chapter 13: Gazing at the Summit: the PM and Cabinet Chapter 14: Ministers & Civil Servants Chapter 15: The Courts & The Judiciary Chapter 16: Laying Bear Devolution & Local Government Chapter 17: Joining the Lawmakers: Becoming a Politician Part 4: Politics Worldwide Chapter 18: Understanding Britain's Place in the World Chapter 19: Taking in the International Stage Chapter 20: Expanding Your Horizons: Europe Chapter 21: Leading the Free World: US Politics Part 5: Parts of Ten Chapter 22: Ten Significant Prime Ministers Chapter 23: Ten Major Political Scandals Chapter 24: Ten Events Which Formed the Modern Political World Chapter 25: Ten Political Trends for the Future

---

**CAMPAIGN FINANCE AND AMERICAN DEMOCRACY**

---

---

**WHAT THE PUBLIC REALLY THINKS AND WHY IT MATTERS**

---

University of Chicago Press In recent decades, and particularly since the US Supreme Court's controversial Citizens United decision, lawmakers and other elites have told Americans that stricter campaign finance laws are needed to improve faith in the elections process, increase trust in the government, and counter cynicism toward politics. But as David M. Primo and Jeffrey D. Milyo argue, politicians and the public alike should reconsider the conventional wisdom in light of surprising and comprehensive empirical evidence to the contrary. Primo and Milyo probe

original survey data to determine Americans' sentiments on the role of money in politics, what drives these sentiments, and why they matter. What Primo and Milyo find is that while many individuals support the idea of reform, they are also skeptical that reform would successfully limit corruption, which Americans believe stains almost every fiber of the political system. Moreover, support for campaign finance restrictions is deeply divided along party lines, reflecting the polarization of our times. Ultimately, Primo and Milyo contend, American attitudes toward money in politics reflect larger fears about the health of American democracy, fears that will not be allayed by campaign finance reform.

## **THE GLOBAL FINDEX DATABASE 2017**

---

## **MEASURING FINANCIAL INCLUSION AND THE FINTECH REVOLUTION**

---

World Bank Publications In 2011 the World Bank—with funding from the Bill and Melinda Gates Foundation—launched the Global Findex database, the world's most comprehensive data set on how adults save, borrow, make payments, and manage risk. Drawing on survey data collected in collaboration with Gallup, Inc., the Global Findex database covers more than 140 economies around the world. The initial survey round was followed by a second one in 2014 and by a third in 2017. Compiled using nationally representative surveys of more than 150,000 adults age 15 and above in over 140 economies, The Global Findex Database 2017: Measuring Financial Inclusion and the Fintech Revolution includes updated indicators on access to and use of formal and informal financial services. It has additional data on the use of financial technology (or fintech), including the use of mobile phones and the Internet to conduct financial transactions. The data reveal opportunities to expand access to financial services among people who do not have an account—the unbanked—as well as to promote greater use of digital financial services among those who do have an account. The Global Findex database has become a mainstay of global efforts to promote financial inclusion. In addition to being widely cited by scholars and development practitioners, Global Findex data are used to

track progress toward the World Bank goal of Universal Financial Access by 2020 and the United Nations Sustainable Development Goals. The database, the full text of the report, and the underlying country-level data for all figures—along with the questionnaire, the survey methodology, and other relevant materials—are available at [www.worldbank.org/globalindex](http://www.worldbank.org/globalindex).

## **YOUR COMPLETE GUIDE TO PROPERTY MANAGEMENT**

---

---

"Mirror, mirror on the wall, who is the fairest of them all?" asked the queen in the fairy tale. Then the magic mirror would respond to her with an honest answer. In reality, wouldn't it be nice if we all have a magic mirror that can tell us all the answers we want? For those of us who need to know about how to manage our own properties but lack the knowledge and experience, a magic mirror would be perfect for us every time we have questions. Unfortunately, this mirror does not exist in real life. That is why we have created this book to help, inform, and educate you like a magic mirror. In this book, we'll show you all the elements of property management. First of all, why do you even need to learn about property management? At the start, we will explore the benefits of this subject so that you can appreciate its importance. We will then discuss in what factors prospective tenants will consider in renting, so that you as landlord can prepare your property in such a way that attracts good quality tenants. Once your property is ready to rent, we will show you how to find good tenants. But remember, during your tenant selection, you are obliged to follow any fair housing regulations in your area, which are set to avoid any discrimination. We will discuss the concept of fair housing and its legal implications using the United States as an example. Keep in mind that our United States examples are for reference only. Each country and region will have different rules and regulations; you need to do some research for your own area of investment after you understand the general concept. When you finally find someone good to rent your property, you will need to know different aspects and pitfalls in the renting process. Later, you will have to close the deal with your prospects by signing a lease agreement with them. But what provisions should your lease include to protect both you and your tenants? In the case where you have already done your due diligence in selecting good tenants but you still end up with troublesome people and you want to evict them, you should definitely read the chapter on evictions so you know what to do and how to do an eviction properly.

**CHAPTER 1 - THE NEED FOR PROPERTY MANAGEMENT**  
**CHAPTER 2 - CONSIDERATIONS IN RENTING**  
**CHAPTER 3 - FINDING THE IDEAL TENANTS**

## **SUPER PACS**

---

**Greenhaven Publishing LLC** The passage of Citizens United by the Supreme Court in 2010 sparked a renewed debate about campaign spending by large political action committees, or Super PACs. Its ruling said that it is okay for corporations and labor unions to spend as much as they want in advertising and other methods to convince people to vote for or against a candidate. This book provides a wide range of opinions on the issue. Includes primary and secondary sources from a variety of perspectives; eyewitnesses, scientific journals, government officials, and many others.

### **PLANNING FOR ACTION**

---

---

#### **CAMPAIGN CONCEPTS AND TOOLS - WARGAMING, MILITARY DECISION MAKING PROCESS (MDMP), JOINT OPERATION PLANNING PROCESS (JOPP), END STATE AND MEASUREMENTS OF PERFORMANCE (MOP)**

---

The purpose for this book is straightforward: to provide an overview of planning principles and the tools used by planners to design campaign plans. Since 9/11, the US military has been involved in numerous actions, most notably in Iraq and Afghanistan. The approach to campaign planning has changed and evolved over this time, spawning a number of new concepts and approaches to planning; this book is intended to provide some assistance in understanding and applying those concepts and approaches. A campaign is defined as "a series of related major operations aimed at achieving strategic and operational objectives within a given time and space."<sup>1</sup> That's a fairly broad definition for a campaign - but campaigns are normally joint operations (which means it is conducted by more than one service of the US military) and relates directly to strategic level or national objectives. Put another way, campaigns are fought because the US President has decided that our national level objectives necessitate the commitment of US military forces. Today, campaigns also require the integration of both military and non-military national level instruments of power to achieve "unity of action." Our campaigns today require both civilian and military resources to fully accomplish national level objectives. Those objectives are aimed towards changing the conditions "at a given time and space" to conditions that are desirable for the United States. We conducted (and are still conducting) campaigns in Iraq and Afghanistan (and elsewhere) because the US President decided that the conditions in those areas required the commitment of US forces to change those conditions. This required the commitment of not only US forces, but also the commitment of civilian resources and lots of money. Tying this all together in a coherent fashion in order to ultimately meet US national objectives requires detailed campaign planning. Some of the subjects covered include General Ridgway in Korea, John Warden's Five Rings, Operation Enduring Freedom, and Dr. Joe Strange. Introduction \* PART I: Planning for Action Concepts \* Chapter 1: Problem Solving \* Chapter 2: Ends, Ways, and Means \* Chapter 3: Understand \* Chapter 4: Visualize \* Chapter 5: Describe \* Chapter 6: Exercising Collaborative Leadership \* Chapter 7: Framing and Reframing \* Chapter 8: Developing the Narrative . \* PART II: Planning for Action Tools \* Chapter 9: Centers of Gravity \* Chapter 10: Developing Distinct Courses of Action \* Chapter 11: Lines of Effort \* Chapter 12: Critical Factor Analysis (CC-CR-CV) \* Chapter 13: Target Value Analysis \* Chapter 14: Wargaming \* Chapter 15:

Assessment (MOE and MOP) \* Chapter 16: Parting Thoughts \* Appendix A:  
General Ridgway in Korea \* Appendix B: Examples
