The manageable content and support helps students successfully meet curriculum requirements. Lexile Level 800 Reading Level 3-4 Interest Level 6-12

American Government Workbook -Student Edition

Learn how the Law of Moses and Christ's Salvation laid the groundwork for Western justice and compassion -two traits that forged the founding documents of a new government...American Government. This course begins with the origins of Western Heritage that embraced Judeo-Christian principles and then the rule of law and the acknowledgement of natural law that finally created the US Constitution. The Declaration of Independence is covered word for word, the Articles of Confederation is compared to the Bill of Rights and the US Constitution is thoroughly explained from the 7 Articles to the 27 Amendments. This American Government course also examines how the US Constitution held up during historical challenges, such as the Civil War and its slavery issue, and how it now meets new challenges, like Progressivism and threats to national sovereignty. This workbook serves as an interactive workspace for students taking the online "American Government" course at www.gwbridgeacademy.com.

Workbook for Magruder's American Government

FreedomCivics Teacher Workbook - Second Edition

FreedomCivics was developed by a team of teachers and historians for the Freedom Education Foundation (FEF) to provide an accurate history of the founding of the United States of America, with a focus on the Declaration of Independence, the Articles of Confederation, the Northwest Ordinance of 1787, and the U.S. Constitution. The 20-session civics course includes history of the American colonies, the Revolutionary War, free enterprise, and a balanced portrayal of American history. Recognizing the problems of slavery and poor treatment and denial of civil rights of many, it also addresses the efforts of the Founders and our forefathers to work for "a more perfect union" by passing new laws and amending the Constitution. It concludes with examples of contemporary challenges to the Constitution and to encourage students to be good citizens and protect the rights it guarantees. There are two workbooks for the FreedomCivics course, a Student Workbook and a Teacher Workbook. The two workbooks are identical except that the Teacher Workbook includes the 50 minute Lesson Plans, the answers to activities and quizzes, and additional resources.

Study Guide and Workbook

For Democracy in the Making : American Government and Politics

American Government

"Published by OpenStax College, American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project."--BC Campus website.

American Government a Global Perspective Workbook

The Basics of American Government

University of North Georgia The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

FreedomCivics Student Workbook: Foundations of American Government

Freedom Education Foundation Incorporated FreedomCivics is a 20-session course covering the four Founding Documents of the United States, with history and the principles of the Founders that were foundational to creation of the United States of America.

The North Pool

Catapult Khadim has no idea why he's been called into the office of Dr. Danielson, the Vice Principal at Sheffield High. At first, Danielson is cagey, using a minor violation to keep the boy at school for detention. But as tension mounts, Danielson alternately plays good cop and bad, and winds up catching Khadim in a series of lies about crimes he may (or may not) have committed. The truth shifts constantly in this riveting cat-and-mouse thriller from Pulitzer Prize finalist Rajiv Joseph. What's bothering Dr. Danielson? What are the secrets that trouble Khadim? As the semester reaches its final hour, the time for revelation begins. The North Pool is a psychological drama that weaves a timely character study about racial and cultural profiling in America, skillfully using an interrogation to peel away ever more unexpected layers of the characters' lives as they navigate our increasingly complex society.
