American Visions

The Epic History of Art in America

Knopf Traces the history of art in America, from the early works of Native Americans to the present day, and includes critical commentaries, anecdotes, profiles, and hundreds of illustrations

American Visions

The Epic History of Art in America

Harvill Press Robert Hughes begins where American art itself began, with the Native Americans and the first Spanish invaders in the Southwest; he ends with the art of today. In between, in a scholarly text that crackles with wit, intelligence and insight, he tells the story of how American art developed. Hughes investigates the changing tastes of the American public; he explores the effects on art of America's landscape of unparalleled variety and richness; he examines the impact of the melting-pot of cultures that America has always been. Most of all he concentrates on the paintings and art objects themselves and on the men and women - from Winslow Homer and Thomas Eakins to Edward Hopper and Georgia O'Keeffe, from Arthur Dove and George Bellows to Jackson Pollock and Mark Rothko -awho created them. This is an uncompromising and refreshingly opinionated exploration of America, told through the lens of its art.

American Visions: The Epic History of Art in America

Turtleback Books In text crackling with wit, intelligence, and insight, Hughes tells the story of the American artistic tradition, from the earliest days of European settlement to the present. 365 illustrations, most in full color.

Nothing If Not Critical

Essays on Art and Artists

Knopf From Holbein to Hockney, from Norman Rockwell to Pablo Picasso, from sixteenth-century Rome to 1980s SoHo, Robert Hughes looks with love, loathing, warmth, wit and authority at a wide range of art and artists, good, bad, past and present. As art critic for Time magazine, internationally acclaimed for his study of modern art, *The Shock of the New*, he is perhaps America's most widely read and admired writer on art. In this book: nearly a hundred of his finest essays on the subject. For the realism of Thomas Eakins to the Soviet satirists Komar and Melamid, from Watteau to Willem de Kooning to Susan Rothenberg, here is Hughes—astute, vivid and uninhibited—on dozens of famous and not-so-famous artists. He observes that Caravaggio was “one of the hinges of art history; there was art before him and art after him, and they were not the same”; he remarks that Julian Schnabel’s “work is to painting what Stallone’s is to acting”; he calls John Constable’s *Wivenhoe Park* “almost the last word on Eden-as-Property”; he notes how “distorted traces of [Jackson] Pollock lie like genes in art-world careers that, one might have thought, had nothing to do with his.” He knows how Norman Rockwell made a chicken stand still long enough to be painted, and what Degas said about success (some kinds are indistinguishable from panic). Phrasemaker par excellence, Hughes is at the same time an incisive and profound critic, not only of particular artists, but also of the social context in which art exists and is traded. His fresh perceptions of such figures as Andy Warhol and the French writer Jean Baudrillard are matched in brilliance by his pungent discussions of the art market—its inflated prices and reputations, its damage to the public domain of culture. There is a superb essay on Bernard Berenson, and another on the strange, tangled case of the Mark Rothko estate. And as a finale, Hughes gives us “*The SoHoiad*,” the mock-epic satire that so amused and annoyed the art world in the mid-1980s. A meteor of a book that enlightens, startles, stimulates and entertains.

American Art to 1900

A Documentary History

Univ of California Press American Art to 1900 presents an astonishing variety of unknown, little-known, or undervalued documents to convey the story of American art through the many voices of its contemporary practitioners, consumers, and commentators. The volume highlights such critically important themes as women artists, African American representation and expression, regional and itinerant artists, Native Americans and the frontier, and more. With its hundreds of explanatory headnotes, this book reveals the documentary riches of American art and its many intersecting histories. -back cover.

[The author] presents art and artists within the context of their times, including insights into the intellectual, spiritual, and political environment. [He] charts the growth of a distinctly American art culture. -Back cover.

Twentieth-Century American Art

OUP Oxford Jackson Pollock, Georgia O'Keeffe, Andy Warhol, Julian Schnabel, and Laurie Anderson are just some of the major American artists of the twentieth century. From the 1893 Chicago World's Fair to the 2000 Whitney Biennial, a rapid succession of art movements and different styles reflected the extreme changes in American culture and society, as well as America's position within the international art world. This exciting new look at twentieth century American art explores the relationships between American art, museums, and audiences in the century that came to be called the 'American century'. Extending beyond New York, it covers the emergence of Feminist art in Los Angeles in the 1970s; the Black art movement; the expansion of galleries and art schools; and the highly political public controversies surrounding arts funding. All the key movements are fully discussed, including early American Modernism, the New Negro movement, Regionalism, Abstract Expressionism, Pop Art, and Neo-Expressionism.

Rome

A Cultural, Visual, and Personal History

Vintage Presents a history of the Roman empire that provides coverage of an extensive range of topics from its government and architecture to its influence on culture and politics, sharing personal insights from the author's 1958 visit.

Things I Didn't Know

Vintage Robert Hughes has trained his critical eye on many major subjects, from the city of Barcelona to the history of his native Australia. Now he turns that eye inward, onto himself and the world that formed him. Hughes analyzes his experiences the way he might examine a Van Gogh or a Picasso. From his relationship with his stern and distant father to his Catholic upbringing and school years; and from his development as an artist, writer, and critic to his growing appreciation of art and his exhilaration at leaving Australia to discover a new life, Hughes' memoir is an extraordinary feat of exploration and celebration.

The Second American Civil War: Book One the Red and the Blue

Lulu.com Think It Can't Happen Here? Think Again: Operation Vigilant Eagle HR 347 Million Vet March IRS Targeting Bundy Ranch Ferguson Patriot Act Partisanship is on the rise, the economy is in a downward spiral, and there is a steady erosion of civil liberties. These factors all contribute to a plotline that is as unthinkable as it is inevitable. A Second American Civil War. From the backroom deals in Washington D.C. to the front lines of the battlefield. Daugherty offers an unflinching view of how a modern war on American soil would play out. A nightmare scenario which will come true.

A Jerk on One End

Reflections of a Mediocre Fisherman

Harvill Press 'In some ways it's a ridiculous human passion, ' Robert Hughes writes of fishing but, for him, it has been a lifelong obsession and the pastime that he loves best. In A Jerk on One End he brings the wit and insight that have characterised his art criticism and his other writings to bear on the subjects of fish and fishing. He traces his love of fishing to his boyhood on Sydney Harbour and recounts the high and low points of his career with rod and reel, from his first catch to the hair-raising tales of shark hunts he has picked up from other fishermen. Mixing memoir and history with folklore and anecdote, he has produced a book that is a celebration of the delights and beauties of fishing and, in its final pages, a powerful and reasoned plea for the protection of the ecology of the ocean.

Goya

Knopf Robert Hughes, who has stunned us with comprehensive works on subjects as sweeping and complex as the history of Australia (The Fatal Shore), the modern art movement (The Shock of the New), the nature of American art (American Visions), and the nature of America itself as seen through its art (The Culture of Complaint), now turns his renowned critical eye to one of art history's most compelling, enigmatic, and important figures, Francisco José de Goya y Lucientes. With characteristic critical fervor and sure-eyed insight, Hughes brings us the story of an artist whose life and work bridged the transition from the eighteenth-century reign of the old masters to the early days of the nineteenth-century moderns. With his salient passion for the artist and the art, Hughes brings Goya vividly to life through dazzling analysis of a vast breadth of his work. Building upon the historical evidence that exists, Hughes tracks Goya's development, as man and artist, without missing a beat, from the early works commissioned by the Church, through his long, productive, and tempestuous career at court, to the darkly sinister and cryptic work he did at the end of his life. In a work that is at once interpretive biography and cultural epic, Hughes grounds Goya firmly in the context of his time, taking us on a wild romp through Spanish history; from the brutality and easy violence of street life to the fiery terrors of the Holy Inquisition to the grave realities of war, Hughes shows us in vibrant detail the cultural forces that shaped Goya's work. Underlying the exhaustive, critical analysis and the rich historical background is Hughes's own intimately personal relationship to his subject. This is a book informed not only by lifelong love and study, but by his own recent experiences of mortality and death. As such this is a uniquely moving and human book; with the same relentless and fearless intelligence he has brought to every subject he has ever tackled, Hughes here transcends biography to bring us a rich and fiercely brave book about art and life, love and rage, impotence and death. This is one genius writing at full capacity about another—and the result is truly spectacular.

American Notes

Castrovilli Giuseppe

Colonial American History Stories -1665 - 1753

Forgotten and Famous Historical Events

Mossy Feet Books Colonial American History Stories - 1215 - 1664 contains almost 300 history stories presented in a timeline that begins in 1655 with the performance of the first documented play performed in British North America and ends with the switch from the Julian to the Gregorian Calendar in 1752. American Quaker War Tax Resistance

David M Gross This book illuminates the evolution of Quaker war tax resistance in America, as told by those who resisted and those who debated the limits of the Quaker peace testimony where it applied to taxpaying. Among the writers featured in this documentary history are Isaac Sharpless, Thomas Story, William Penn, James Logan, Benjamin Franklin, John Woolman, John Churchman, James Pemberton, Joshua Evans, Anthony Benezet, Job Scott, Warner Mifflin, Timothy Davis, James Mott, Isaac Grey, Samuel Allinson, Moses Brown, Stephen B. Weeks, Rufus Hall, Gouverneur Morris, Elias Hicks, Joshua Maule, and Cyrus G. Pringle.

Barcelona The Great Enchantress

National Geographic Books Beginning with a vivid description of his wedding in the splendid medieval ceremonial chamber in Barcelona's city hall, Hughes launches into a lively account of the history, art, and architecture of the storied city. He tells of architectural treasures abounding in 14th-century Barcelona, establishing it as one of Europe's great Gothic cities, while Madrid was hardly more than a cluster of huts. The city spawned such great artists as Antoni Gaudi, Pablo Picasso, Joan Miro, Salvador Dali, and Pablo Casals. Hughes's deep knowledge of the city is evident—but it's his personal reflections of what Barcelona, its people, and its storied history and culture have meant to him over the decades that sets Barcelona the Great Enchantress apart from all others' books.

Cowboys and Indies

The Epic History of the Record Industry

Macmillan A history of the record industry focuses on the label founders and talent scouts who understood the industry's dual music and business natures, drawing parallels between the setbacks of the 1920s and 1930s and the recent CD crash.

Myths and Little Known Oddities about the Greatest Nation on Earth

Written by Michael Hart, host of the popular weekday Talk Radio program, The Michael Hart Show, UNKNOWN AMERICA, Myths and little known oddities about the greatest nation on earth, reveals some of the most fascinating, obscure, and even overlooked facts and common myths about the greatest nation on earth. In this book you will discover amazing and little known facts and trivia about America, and learn about people and places that the history books have either forgotten, or completely overlooked. In UNKNOWN AMERICA you will learn: *Why portraits of the Declaration of Independence are completely wrong *Which is the only state to have 3 Governors in a single day *About the slave that sued for her freedom, and won! *Who "really" invented the airplane *Which US President had a dog named Satan *Strange strategies and plans used by the US Military *About the slave that owned slaves *The role IBM may have played in the Holocaust *America's only Gay President *America's first female President *Why the Rosa Parks Story is all wrong *What Presidential hopeful wanted John Wayne to be his VP Running mate *Why July 4th is not our Independence day, and what day really is ...And so much more

Things I Didn't Know

Vintage The cultural critic describes growing up in Australia, his fractured family life and estrangement from his war-hero father, his anti-war beliefs, his education in a Catholic boys' school, his growing appreciation of art, and his early career as an author and artist.

The Spectacle of Skill

Selected Writings of Robert Hughes

Vintage "I am completely an elitist, in the cultural but emphatically not the social sense. I prefer the good to the bad, the articulate to the mumbling, the aesthetically developed to the merely primitive, and full to partial consciousness. I love the spectacle of skill, whether it's an expert gardener at work, or a good carpenter chopping dovetails . . . I don't think stupid or ill-read people are as good to be with as wise and fully literate ones. I would rather watch a great tennis player than a mediocre one . . . Consequently, most of the human race doesn't matter much to me, outside the normal and necessary frame of courtesy and the obligation to respect human rights. I see no reason to squirm around apologizing for this. I am, after all, a cultural critic, and my main job is to distinguish the good from the second-rate." Robert Hughes wrote with brutal honesty about art, architecture, culture, religion, and himself. He translated his passions—of which there were many, both positive and negative—brilliantly, convincingly, and with vitality and immediacy, always holding himself to the same rigorous standards of skill, authenticity, and significance that he did his subjects. There never was, and never will be again, a voice like this. In this volume, that voice rings clear through a gathering of some of his most unforgettable writings, culled from nine of his most widely read and important books. This selection shows his enormous range and gives us a uniquely cohesive view of both the critic and the man. Most revealing, and most thrilling for Hughes's legions of fans, are the never-before-published pages from his unfinished second volume of memoirs. These last writings show Robert Hughes at the height of his powers and can be read only with pleasure and a tinge of sadness that his extraordinary voice is no longer here to educate us as well as to clarify and define our world.
