Unfreedom of the Press *Threshold Editions* Six-time New York Times bestselling author, FOX News star, and radio host Mark R. Levin “trounces the news media” (The Washington Times) in this timely and groundbreaking book demonstrating how the great tradition of American free press has degenerated into a standardless profession that has squandered the faith and trust of the public. **Unfreedom of the Press** is not just another book about the press. In “Levin’s finest work” (Breitbart), he shows how those entrusted with news reporting today are destroying freedom of the press from within—not through actions of government officials, but with its own abandonment of reportorial integrity and objective journalism. With the depth of historical background for which his books are renowned, Levin takes you on a journey through the early American patriot press, which proudly promoted the principles set forth in the Declaration of Independence and the Constitution. This is followed by the early decades of the Republic during which newspapers around the young country were open and transparent about their fierce allegiance to one political party or another. It was only at the start of the Progressive Era and the 20th century that the supposed “objectivity of the press” first surfaced, leaving us where we are today: with a partisan party-press overwhelmingly aligned with a political ideology but hypocritically engaged in a massive untruth as to its real nature. **Liberty and Tyranny A Conservative Manifesto** *Simon and Schuster* Don’t miss syndicated radio host and author Mark Levin’s #1 New York Times acclaimed and longtime bestselling manifesto for the conservative movement. When nationally syndicated radio host Mark R. Levin’s **Liberty and Tyranny** appeared in the early months of the Obama presidency, Americans responded by making his clarion call for a new era in conservatism a #1 New York Times bestseller for an astounding twelve weeks. As provocative, well-reasoned, robust, and informed as his on-air commentary, with his love of our country and the legacy of our Founding Fathers reflected on every page, Levin’s galvanizing narrative provides a philosophical, historical, and practical framework for revitalizing the conservative vision and ensuring the preservation of American society. In the face of the modern liberal assault on Constitution-based values, an attack that has resulted in a federal government that is a massive, unaccountable conglomerate, the time for reinforcing the intellectual and practical case for conservatism is now. In a series of powerful essays, Levin lays out how conservatives can counter the tyrannical liberal corrosion that has filtered into every timely issue affecting our daily lives, from the economy to health care, global warming to immigration, and more. **The Brief Against Obama The Rise, Fall & Epic Fail of the Hope & Change Presidency** *Center Street* Voters can do nothing until they have the facts---the hard, cold, true facts, and that is what Hugh Hewitt provides in **THE BRIEF AGAINST OBAMA: The Rise, Fall & Epic Fail of the Hope & Change Presidency**. Hugh makes the case that Obama’s has been a disastrous presidency, a fiasco in fact, and reveals the president to be a wholly unprepared and incapable-of-learning ideologue whose nearly every move has been wrong, and whose almost every decision has been ill-conceived and poorly executed. But for the SEALs’ dispatch of bin Laden and the military’s removal of al-Awalki and other terrorists---whom the president still seeks to remove from Gitmo to domestic courts in the United States---Obama would be wholly without anything to claim as an achievement of his time in the Oval Office. In addition to the monumental failures of Obamacare, the soaring unemployment rate, the 2009 “stimulus” and the massive debt, Hugh Hewitt examines the scores and scores of broken promises and fraudulent forecasts, dozens of dodges and hundreds of disastrous innovations that President Obama has inflicted on America. It has been a reign of incompetency not before seen in the country---ever. According to Hewitt, President Obama is not just a failed president, but the most spectacularly failed president of modern times, and Hewitt’s precise and lawyerly indictment is made to help the American people see what has happened, and what desperately needs to be done in the upcoming election. The path for the American people is clear and urgent: Barack Obama mustn’t be allowed to run the country into the ground as the Commander-in-Chief for four more years. **Rediscovering Americanism And the Tyranny of Progressivism** *Simon and Schuster* From #1 New York Times bestselling author and radio host Mark R. Levin comes a searing plea for a return to America’s most sacred values. In **Rediscovering Americanism**, Mark R. Levin revisits the founders’ warnings about the perils of overreach by the federal government and concludes that the men who created our country would be outraged and disappointed to see where we’ve ended up. Levin returns to the impassioned question he’s explored in each of his bestselling books: How do we save our exceptional country? Because our values are in such a precarious state, he argues that a restoration to the essential truths on which our country was founded has never been more urgent. Understanding these principles, in Levin’s words, can “serve as the antidote to tyrannical regimes and governments.” **Rediscovering Americanism** is not an exercise in nostalgia, but an appeal to his fellow citizens to reverse course. This essential book brings Levin’s celebrated, sophisticated analysis to the troubling question of America’s future, and reminds us what we must restore for the sake of our children and our children’s children. **The Liberty Amendments** *Simon and Schuster* A new book on how to fix the U.S. government by the #1 New York Times best-selling author of **Liberty and Tyranny** and **Ameritopia**. **The Radicalism of the American Revolution** *Vintage* In a grand and immensely readable synthesis of historical, political, cultural, and economic analysis, a prize-winning historian describes the events that made the American Revolution. Gordon S. Wood depicts a revolution that was about much more than a break from England, rather it transformed an almost feudal society into a democratic one, whose emerging realities sometimes baffled and disappointed its founding fathers. **The Federalist Papers A Reader’s Guide** *Bloomsbury Publishing USA* The **Federalist Papers** constitute a key document in the understanding of the American government. Written by John Jay, James Madison, and Alexander Hamilton, these 85 texts were published between 1787 and 1788 to convince the state of New York to ratify the Constitution. Today, the Papers are studied in courses on American government, American political thought, and constitutional law. However, the size and organization of the full text, notwithstanding its complex political concepts and context, make it difficult for students to apprehend. The **Reader’s Guide** will be a key tool to help them understand the issues at hand and the significance of the Papers then and now. Organized around key issues, such as the branches of the government, the utility of the Union, or skepticism of a national regime, the work will walk the reader through the 85 Papers, providing them with the needed intellectual and historical contexts. Designed to supplement the reading of **The Federalist Papers**, the guide will help elucidate not only their contents, but also their importance and contemporary relevance. **The Political Theory of the American Founding** *Cambridge University Press* This book provides a complete overview of the Founders’ natural rights theory and its policy implications. **Guardian of the Republic An American Ronin’s Journey to Faith, Family and Freedom** *Crown Forum* The inspiring life and uncensored views of a veteran, patriot, former Congressman, conservative icon, and warrior for personal liberty... Over the course of the past few decades, Allen West has had many titles bestowed on him, among them Lt. Colonel, U.S. Representative, “Dad,” and Scourge of the Far Left. He rose from humble beginnings in Atlanta where his father instilled in him a code of conduct that would inform his life ever after. Throughout his years leading troops, raising a loving family, serving as Congressman in Florida’s 22nd district, and emerging as one of the most authentic voices in conservative politics, West has never compromised the core values on which he was raised: family, faith, tradition, service, honor, fiscal responsibility, courage, freedom. Today, these values are under attack as never before, and as the far Left intensifies its assaults, few have been as vigorous as West in pushing back. He refuses to let up, calling out an Obama administration that cares more about big government than following the Constitution, so-called black “leaders” who sell out their communities in exchange for pats on the head, and a segment of the media that sees vocal black conservatives as threats to be silenced. Now more than ever, the American republic needs a guardian: a principled, informed conservative who understands where we came from, who can trace the philosophical roots of our faith and freedom, and who has a plan to get America back on track. West isn’t afraid to speak truth to power, and in this book he’ll share the experiences that shaped him and the beliefs he would die to defend. **Plunder and Deceit Big Government’s Exploitation of Young People and the Future** *Simon and Schuster* In a like-minded appeal to reason and audacity, calls for a new civil rights movement that fosters liberty and prosperity and ceases the exploitation of young people by statist masterminds. **Liars, Leakers, and Liberals The Case Against the Anti-Trump Conspiracy** *Center Street* Get the story the Fake News media doesn’t want you to hear in the #1 New York Times bestseller: a withering indictment of the Deep State plot against Trump and a firsthand account of the real presidency, based on interviews with the Trump family and top administration officials. At this point in American history, we are the victims of a liberal sabotage of the presidency unlike anything we’ve ever witnessed. Nevertheless President Trump continues to fight every day to keep his promise to Make America Great Again. Today that bold idea has already led to a conservative judge on the Supreme Court, tax reform, and deregulation that has unleashed an economy stronger than anyone could have imagined. But there are dark forces that seek to obstruct and undermine the president and reverse the results of the 2016 presidential election. They are part of a wide-ranging conspiracy that would seem incredible if it weren’t being perpetrated openly. Driven by ambition, blinded by greed, and bound by a common goal -- to unseat the 45th President of the United States -- this cabal is determined to maintain its wrongful hold on national political power. Fox News host Jeanine Pirro uncovers the elements of this conspiracy, including: “Fake news” propaganda, Law enforcement corruption at the highest levels, National security leaks by the intelligence community, Bureaucratic resistance to lawful and constitutional executive orders issued by the duly elected president, Crooked deals with foreign governments by U.S. officials sworn to defend our Constitution. It’s about time the American public knows the truth about the plot to bring down the Trump presidency. By the time you’ve finished this book, you’ll agree with Judge Pirro that the only way to stop these hoodlums is to Take Them Out in Cuffs! **Exonerated The Failed Takedown of President Donald Trump by the Swamp** *Simon and Schuster* A NEW YORK TIMES BESTSELLER “Great new book by wonderful and very street smart author Dan Bongino, EXONERATED, THE FAILED TAKEDOWN OF PRESIDENT DONALD TRUMP BY THE SWAMP. Dan hits all of the crooked points of the greatest Witch Hunt in political history. Nevertheless, the Scam continues!” —President Donald J. Trump An explosive, whistle-blowing expose, **Exonerated: The Failed Takedown of Donald Trump by the Swamp** reveals how Deep State actors relied on a cynical plug-and-play template to manufacture the now-discredited Russiagate scandal. With the cutting analysis and insight he exhibited in his blockbuster bestseller **Spygate: The Attempted Sabotage of Donald J. Trump**, Fox News contributor Bongino exposes who masterminded the dangerous playbook to take down Trump, their motives, and how a plan filled with faked allegations backfired—forcing investigators to up the ante and hide their missteps and half-truths in a desperate effort to prove a collusion case that never happened. The result? The misguided multimillion Mueller investigation that tore the nation apart, tried to destabilize the presidency and led, as the world now knows, to nowhere! **The Anatomy of the State** *Ludwig von Mises Institute* **Fighting for Common Ground How We Can Fix the Stalemate in Congress** *Weinstein Publishing* The first woman in American history to serve in both houses of a state legislature and both houses of Congress describes how to dissolve the polarization afflicting the current American government and unite both parties to work for the common good. **The Synchronicity Key The Hidden Intelligence Guiding the Universe and You** *Penguin* Unlock the key to a universal life-force in this astonishing book from the New York Times bestselling author of **The Source Field Investigations** and **Awakening of the Dream**. The **Source Field Investigations** was a New York Times, Wall Street Journal, and USA Today bestseller that uncovered hidden science and lost prophecies to illuminate an entirely new understanding of our world today. Now, in **The Synchronicity Key**, David Wilcock embarks on an astonishing investigation into what lies beyond—finding proof that everything in our lives is not only connected, but it also influences everything else. Using history, astrology, and synchronicity theory among other concepts, Wilcock shows that there is hidden architecture within time, guiding individuals

and nations through a system of enlightenment Joseph Campbell called the Hero's Journey. Historical events occur in shockingly precise, repeating cycles of time as a result. Once we understand and identify the hidden laws of this seemingly random "synchronicity," we are left with a remarkable blueprint of how best to lead our lives in this uncertain and confusing world.

Ameritopia The Unmaking of America *Simon and Schuster* In his acclaimed #1 New York Times bestseller, Mark R. Levin explores the psychology, motivations, and history of the utopian movement, its architects—the Founding Fathers, and its modern-day disciples—and how the individual and American society are being devoured by it. Levin asks, what is this utopian force that both allures a free people and destroys them? Levin digs deep into the past and draws astoundingly relevant parallels to contemporary America from Plato's Republic, Thomas More's Utopia, Thomas Hobbes's Leviathan, and Karl Marx's Communist Manifesto, as well as from the critical works of John Locke, Charles Montesquieu, Alexis de Tocqueville, and other philosophical pioneers who brilliantly diagnosed the nature of man and government. As Levin meticulously pursues his subject, the reader joins him in an enlightening and compelling journey. And in the end, Levin's message is clear: the American republic is in great peril. The people must now choose between utopianism or liberty. President Ronald Reagan warned, "freedom is never more than one generation away from extinction." Levin agrees, and with Ameritopia, delivers another modern political classic, an indispensable guide for America in our time and in the future.

The Destructive War William Tecumseh Sherman, Stonewall Jackson, and the Americans *Vintage* From the moment the Civil War began, partisans on both sides were calling not just for victory but for extermination. And both sides found leaders who would oblige. In this vivid and fearfully persuasive book, Charles Royster looks at William Tecumseh Sherman and Stonewall Jackson, the men who came to embody the apocalyptic passions of North and South, and re-creates their characters, their strategies, and the feelings they inspired in their countrymen. At once an incisive dual biography, hypnotically engrossing military history, and a cautionary examination of the American penchant for patriotic bloodshed, *The Destructive War* is a work of enormous power.

Yucatecans in Dallas, Texas Breaching the Border, Bridging the Distance *Routledge* Through fascinating vignettes and case studies, this unique text illustrates how Yucatecan migrants actively maintain social ties across borders. It also paints a vivid picture of the people and their lives. It places them in the context of current U.S. immigration policy and mesmerizes students by bringing them up to speed on one of the most crucial issues facing the U.S. today.

Inferno *Ballantine Books* As a mad arsonist known as an Enfer scheme terrorizes the inhabitants of Gotham City, a fire at Arkham Asylum is engineered to provide an escape opportunity for its most infamous inmate, the Joker, who comes up with a scheme to launch the ultimate crime wave, disguised as the Caped Crusader himself.

Original. Hollowed Out A Warning about America's Next Generation *Simon and Schuster* Do teachers have a front row seat to America's decline? Jeremy S. Adams, a teacher at both the high school and college levels, thinks so. Adams has spent decades trying to instill wisdom, ambition, and a love of learning in his students. And yet, as he notes, when teachers get together, they often share an arresting conclusion: Something has gone terribly wrong. Something essential is missing in our young people. Their curiosity seems stunted, their reason undeveloped, their values uninformed, their knowledge lacking, and most worrying of all, their humanity diminished. Digital hermits of a sort unfamiliar to an older generation, they have little interest in marriage and family. They largely dismiss—and are shockingly ignorant of—religion. They sneer at patriotism, sympathize with riots and vandalism, and regard American society and civilization as so radically flawed that it must be dismantled. Often friendless and depressed, they eat alone, study alone, and even "socialize" alone. Educators like Adams see a generation slipping away. The problems that have hollowed out our young people have been festering for years. A year of COVID-19 lockdowns and social distancing have magnified them. The result could be a generation—and our nation's future—lost in a miasma of alienation and stupefaction.

In his stunning new book, *Hollowed Out*, Jeremy S. Adams reveals why students have rejected the wisdom, culture, and institutions of Western civilization—and what we can do to win them back. Poignant, frightening, and yet inspiring, this is a book for every parent, teacher, and patriot concerned for our young people and our country.

Men in Black How the Supreme Court Is Destroying America *Simon and Schuster* "A modern conservative classic." - Sean Hannity "Men in Black couldn't be more timely or important...a tremendously important and compelling book." - Rush Limbaugh "One of the finest books on the Constitution and the judiciary I've read in a long time....There is no better source for understanding and grasping the seriousness of this issue." - Edwin Meese III "The Supreme Court has broken through the firewalls constructed by the framers to limit judicial power." "America's founding fathers had a clear and profound vision for what they wanted our federal government to be," says constitutional scholar Mark R. Levin in his explosive book, *Men in Black*. "But today, our out-of-control Supreme Court imperiously strikes down laws and imposes new ones to suit its own liberal whims--robbing us of our basic freedoms and the values on which our country was founded." In *Men in Black: How the Supreme Court Is Destroying America*, Levin exposes countless examples of outrageous Supreme Court abuses, from promoting racism in college admissions, expelling God and religion from the public square, forcing states to confer benefits on illegal aliens, and endorsing economic socialism to upholding partial-birth abortion, restraining political speech, and anointing terrorists with rights. Levin writes: "Barely one hundred justices have served on the United States Supreme Court. They're unelected, they're virtually unaccountable, they're largely unknown to most Americans, and they serve for life...in many ways the justices are more powerful than members of Congress and the president.... As few as five justices can and do dictate economic, cultural, criminal, and security policy for the entire nation." In *Men in Black*, you will learn: How the Supreme Court protects virtual child pornography and flag burning as forms of free speech but denies teenagers the right to hear an invocation mentioning God at a high school graduation ceremony because it might be "coercive." How a former Klansman and virulently anti-Catholic Supreme Court justice inserted the words "wall of separation" between church and state in a 1947 Supreme Court decision--a phrase repeated today by those who claim to stand for civil liberty. How Justice Harry Blackmun, a one-time conservative appointee and the author of *Roe v. Wade*, was influenced by fan mail much like an entertainer or politician, which helped him to evolve into an ardent activist for gay rights and against the death penalty. How the Supreme Court has dictated that illegal aliens have a constitutional right to attend public schools, and that other immigrants qualify for welfare benefits, tuition assistance, and even civil service jobs.

The Beginner's Guide to Stoicism Tools for Emotional Resilience and Positivity *Althea Press* Optimize joy, overcome obstacles--discover the calm of stoicism Being a stoic means embracing positivity and self-control through the ability to accept the uncertainty of outcomes. With this stoicism guide, the beginner stoic will learn how to take charge of their emotions on the path to sustained happiness and satisfaction. This easy-to-navigate stoicism guide gives you the emotional tools needed to let go of the things you can't control and find joy in what you have. Through thought-provoking strategies and exercises, this book helps you find contentment so you can build closer relationships and become an active member of society. The Beginner's Guide to Stoicism includes: Evolution of stoicism--Discover the history of stoicism and how its principles can help you find peace. Complete the mindset--Find acceptance using an essential emotional toolkit based on the disciplines of Desire, Action, and Assent. Time to reflect--Apply what you've learned to your own life with ethical questions, quotes, and exercises. Change your perception, focus on positivity--become the best version of yourself with *The Beginner's Guide to Stoicism*.

The Right Side of History How Reason and Moral Purpose Made the West Great *HarperCollins* A #1 NEW YORK TIMES BESTSELLER! Human beings have never had it better than we have it now in the West. So why are we on the verge of throwing it all away? In 2016, New York Times bestselling author Ben Shapiro spoke at the University of California-Berkeley. Hundreds of police officers were required to protect his speech. What was so frightening about Shapiro? He came to argue that Western civilization is in the midst of a crisis of purpose and ideas; that we have let grievances replace our sense of community and political expediency limit our individual rights; that we are teaching our kids that their emotions matter more than rational debate; and that the only meaning in life is arbitrary and subjective. As a society, we are forgetting that almost everything great that has ever happened in history happened because of people who believed in both Judeo-Christian values and in the Greek-born power of reason. In *The Right Side of History*, Shapiro sprints through more than 3,500 years, dozens of philosophers, and the thicket of modern politics to show how our freedoms are built upon the twin notions that every human being is made in God's image and that human beings were created with reason capable of exploring God's world. We can thank these values for the birth of science, the dream of progress, human rights, prosperity, peace, and artistic beauty. Jerusalem and Athens built America, ended slavery, defeated the Nazis and the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Yet we are in the process of abandoning Judeo-Christian values and Greek natural law, watching our civilization collapse into age-old tribalism, individualistic hedonism, and moral subjectivism. We believe we can satisfy ourselves with intersectionality, scientific materialism, progressive politics, authoritarian governance, or nationalistic solidarity. We can't. The West is special, and in *The Right Side of History*, Ben Shapiro bravely explains how we have lost sight of the moral purpose that drives each of us to be better, the sacred duty to work together for the greater good.

Rescuing Sprite A Dog Lover's Story of Joy and Anguish *Simon and Schuster* From the New York Times bestselling radio personality Mark Levin and his family comes the true story of the two years of joy and anguish they had with a rescue dog named Sprite. Mark Levin, while known as a lawyer and nationally syndicated broadcaster, considers himself first and foremost a dog lover. In 2004, Mark's family added a new member to their bunch—a beautiful, Spaniel-mixed dog they named Sprite. With his beautiful face and soft, huggable fur, Sprite immediately bonded with the Levin family. But on Halloween night, just three weeks after being adopted, Sprite collapsed and had to be rushed to the animal hospital in what would turn out to be the first of many such visits—and a difficult, heart-wrenching journey for the entire family. Over the next two years, Sprite's health deteriorated, but his spirit remained high and his beauty and grace continued to inspire, until the holiday season of 2006, when the Levin family had to say a final goodbye to their beloved pet. *Rescuing Sprite* is a stunningly intimate revelation of the strong love that can develop between a family and a pet, and the realization, as Mark Levin puts it, that "in the end, we humans are the lucky ones."

Am I Crazy? An Unapologetically Southern Christian American Patriot Cowboy Rants from His Truck An Unapologetically Southern Christian American Patriot Cowboy Rants From His Truck Chad Prathers - "a modern-day Will Rogers" is just your friendly neighborhood cowboy philosopher, gazing into the sweet tea leaves at the bottom of his cowboy hat, pondering a most fundamental question: "Am I crazy? Or is the world crazy...?" Chad finds life amusing, baffling, sometimes heartwarming, and downright interestesin, and wants to shares personal stories and witty observations on the hasty growth of insanity within the folds of society, and inspire critical thinking about the state of our modern culture. In this series of humorous essays - reminiscent of the rants Chad is famous for doing from his truck in Texas - Chad takes on all the problems he has with the modern age, and also talks about some of the problems that we have with each other. Problems with kids, problems with spouses, problems with our bosses at work, and of course problems with all those other jackwagons we work with. What are some of the basic things you need to know if you're going to survive marriage and parenthood? Whatever happened to decency, hard work, and a sharing of the basic values that made us great in the first place? When did it become unfashionable to believe in God, to go to church on Sunday, or to send our "thoughts and prayers" toward those having a difficult time? When did it become child abuse to spank your kids, instead of child abuse to avoid it? Why do we have such visceral reactions to politics when - by and large - we know so little about how it actually works? When is social media going to finally stop messing around and just bring the full-on possession? And why is it that, as we march further and further along the road of progress - growing our collective knowledge and technological means of dealing with life along the way - we seem to be regressing socially at an equally break-neck pace? **AM I CRAZY?: An Unapologetically Southern Christian American Patriot Cowboy Rants From His Truck** explores human misbehavior and stupidity in all its naked splendor with laugh-out-loud humor. **JOIN THE CHAD PRATHER POSSE!** The Seven Deadly Virtues 18 Conservative Writers on Why the Virtuous Life is Funny as Hell *Templeton Foundation Press* An all-star team of eighteen conservative writers offers a hilarious, insightful, sanctimony-free remix of William Bennett's *The Book of Virtues*—without parental controls. The *Seven Deadly Virtues* sits down next to readers at the bar, buys them a drink, and an hour or three later, ushers them into the revival tent without them even realizing it. The book's contributors include Sonny Bunch, Christopher Buckley, David "lowahawk" Burge, Christopher Caldwell, Andrew Ferguson, Jonah Goldberg, Michael Graham, Mollie Hemingway, Rita Koganzon, Matt Labash, James Lileks, Rob Long, Larry Miller, P. J. O'Rourke, Joe Queenan, Christine Rosen, and Andrew Stiles. Jonathan V. Last, senior writer at the *Weekly Standard*, editor of the collection, is also a contributor. All eighteen essays in this book are appearing for the first time anywhere. In the book's opening essay, P. J. O'Rourke observes: "Virtue has by no means disappeared. It's as much in public view as ever. But it's been strung up by the heels. Virtue is upside down. Virtue is uncomfortable. Virtue looks ridiculous. All the change and the house keys are falling out of Virtue's pants pockets." Here are the virtues everyone (including the book's contributors) was taught in Sunday school but have totally forgotten about until this very moment. In this sanctimony-free zone: • Joe Queenan observes: "In essence, thrift is a virtue that resembles being very good at Mahjong. You've heard about people who can do it, but you've never actually met any of them." • P. J. O'Rourke notes: "Fortitude is

quaint. We praise the greatest generation for having it, but they had aluminum siding, church on Sunday, and jobs that required them to wear neckties or nylons (but never at the same time). We don't want those either." • Christine Rosen writes: "A fellowship grounded in sociality means enjoying the company of those with whom you actually share physical space rather than those with whom you regularly and enthusiastically exchange cat videos." • Rob Long offers his version of modern day justice: if you sleep late on the weekend, you are forced to wait thirty minutes in line at Costco. • Jonah Goldberg offers: "There was a time when this desire-to-do-good-in-all-things was considered the only kind of integrity: 'Angels are better than mortals. They're always certain about what is right because, by definition, they're doing God's will.' Gabriel knew when it was okay to remove a mattress tag and Sandalphon always tipped the correct amount." • Sonny Bunch dissects forbearance, observing that the fictional Two Minutes Hate of George Orwell's 1984 is now actually a reality directed at living, breathing people. Thanks, in part, to the Internet, "Its targets are designated by a spontaneously created mob—one that, due to its hive-mind nature—is virtually impossible to call off." By the time readers have completed *The Seven Deadly Virtues*, they won't even realize that they've just been catechized into an entirely different—and better—moral universe. **Marxismo norteamericano (American Marxism Spanish Edition) Simon and Schuster BESTSELLER #1 DEL NEW YORK TIMES** Mark R. Levin, autor seis veces bestseller #1 del New York Times, estrella de Fox News y presentador de radio, regresa para explicar cómo aquellos peligros sobre los que nos advirtió hace una década finalmente han ocurrido...y lo que se debe hacer ahora para hacerlos retroceder. Mark R. Levin movilizó a los conservadores en 2009 con *Libertad y tiranía*, el cual brindó un marco filosófico, histórico y práctico para detener el ataque liberal contra los valores basados en la Constitución, que hizo su aparición durante los años de Obama. Ese libro hablaba de que estábamos parados frente al precipicio del ataque del progresismo a nuestras libertades, desde la economía hasta la atención médica, y desde el calentamiento global hasta la inmigración. Ahora, más de una década después, hemos ido más allá de ese precipicio...y estamos pagando el precio. En *Marxismo norteamericano*, Levin explica cómo hoy en día los elementos centrales de la ideología marxista se han generalizado en la sociedad y la cultura estadounidenses—desde nuestras instituciones educativas, la prensa y las corporaciones hasta Hollywood, el partido Demócrata y la presidencia de Biden—y cómo a menudo se la disfraza con rótulos engañosos como "progresismo," "socialismo democrático," "activismo social," y "activismo comunitario". Con su característico análisis incisivo, Levin se sumerge en la psicología y las tácticas de estos movimientos de masas, el extendido lavado de cerebro de estudiantes, los propósitos antiestadounidenses de la Teoría Crítica de la Raza y del Green New Deal y la escalada de represión y censura para silenciar a voces opositoras e imponer la conformidad. Levin expone a un gran número de instituciones, intelectuales, académicos y activistas que lideran esta revolución, y nos brinda algunas respuestas e ideas sobre cómo confrontarlos. Como escribe Levin: "La contrarrevolución a la Revolución norteamericana está en pleno vigor. Y ya no puede ser desestimada ni ignorada, porque está devorando a nuestra sociedad y a nuestra cultura, rondando en nuestras vidas cotidianas y omnipresente en nuestra política, en nuestras escuelas, en los medios y en la industria del entretenimiento". Y, tal como hizo antes, Levin busca unir al pueblo estadounidense para que defienda su libertad. *The Grace of Rain Poetry and More to Quiet the Noise Createspace Independent Publishing Platform* Listening for God's voice through the Word, nature, and the arts can lead to the habit of hearing Him everywhere. That is the extraordinary life we were all created to live. Kirk Manton draws upon a lifetime of experiences as an ordinary person walking with an extraordinary God to write poetry and devotionals that are accessible, meaningful and inspirational. Soak in the thirty-one chapters of *The Grace of Rain*, and you will experience a deeper, more intimate walk with God. Each chapter contains a poem, a personal backstory to the poem, and a devotional with related inspiring thoughts and scriptures. Here are additional details from the Forward by British poet Malcolm Guite: There are short poems here that transfigure everyday objects and there are longer poems that take us on a journey, a journey back through our own history, back through the bible or out into a new appreciation of the beauty and power of God's creation. There are poems that reveal the brief grace in little things and poems that remind us of the awesome, indeed Angelic powers behind all the appearances of nature. Though there is much more here than just pious sentiment, Kirk doesn't duck the big issues, or the controversial ones in this poetry. There is plenty to challenge the reader who is struggling with temptation, to provoke the reader who has become blasé or over-confident, and to rouse in every reader that sense of child-like awe and wonder which we so often lose as adults but which poetry can help to restore. Kirk has also provided his readers, in the 'Behind' and 'Between' sections that follow the poems, a helpful resource for deepening the way they read and for making the transition between poetry and prayer. I would commend this book not only for personal use but also as a resource for small church groups or circles of friends who could read, discuss, and pray through it together. I hope you enjoy reading these poems as much as I did. *Malcolm Guite The Constitution and the Declaration of Independence A Pocket Constitution Izzard Ink Publishing Mount Chicago A Novel Doubleday* From the award-winning author of *Bubblegum and The Instructions*, a daring new novel about the absurdity, the humor, and the tragedy of survivorship. "Adam Levin is one of our wildest writers and our funniest." -George Saunders, bestselling, award-winning author of *Lincoln in the Bardo* A one-in-ten-billion natural disaster devastates Chicago. A Jewish comedian, his most devoted fan, and the city's mayor must struggle to move forward while the world—quite literally—caves beneath their feet. With this polyphonic tale of Chicago-style politics and political correctness, stand-up comedy and Jewish identity, celebrity, drugs, and animal psychology, Levin has constructed a monument to laughter, love, art, and resilience in an age of spectacular loss. *The Anti-Federalist Papers Courier Dover Publications* Never collected in a definitive form and written using pseudonyms, these essays, speeches, and letters warned of the dangers inherent in a powerful central government, helping shape the passage of the United States Bill of Rights. **American Marxism Simon and Schuster #1 NEW YORK TIMES BESTSELLER** The seven-time #1 New York Times bestselling author, Fox News star, and radio host Mark R. Levin explains how the dangers he warned against in the "timely yet timeless" (David Limbaugh, author of *Jesus Is Risen*) bestseller *Liberty and Tyranny* have come to pass. In 2009, Mark R. Levin galvanized conservatives with his unforgettable manifesto *Liberty and Tyranny*, by providing a philosophical, historical, and practical framework for halting the liberal assault on Constitution-based values. That book was about standing at the precipice of progressivism's threat to our freedom and now, over a decade later, we're fully over that precipice and paying the price. In *American Marxism*, Levin explains how the core elements of Marxist ideology are now pervasive in American society and culture—from our schools, the press, and corporations, to Hollywood, the Democratic Party, and the Biden presidency—and how it is often cloaked in deceptive labels like "progressivism," "democratic socialism," "social activism," and more. With his characteristic trenchant analysis, Levin digs into the psychology and tactics of these movements, the widespread brainwashing of students, the anti-American purposes of Critical Race Theory and the Green New Deal, and the escalation of repression and censorship to silence opposing voices and enforce conformity. Levin exposes many of the institutions, intellectuals, scholars, and activists who are leading this revolution, and provides us with some answers and ideas on how to confront them. As Levin writes: "The counter-revolution to the American Revolution is in full force. And it can no longer be dismissed or ignored for it is devouring our society and culture, swirling around our everyday lives, and ubiquitous in our politics, schools, media, and entertainment." And, like before, Levin seeks to rally the American people to defend their liberty. *Swiped How to Protect Yourself in a World Full of Scammers, Phishers, and Identity Thieves PublicAffairs* Identity fraud happens to everyone. So what do you do when it's your turn? Increasingly, identity theft is a fact of life. We might once have hoped to protect ourselves from hackers with airtight passwords and aggressive spam filters, and those are good ideas as far as they go. But with the breaches of huge organizations like Target, AshleyMadison.com, JPMorgan Chase, Sony, Anthem, and even the US Office of Personnel Management, more than a billion personal records have already been stolen, and chances are good that you're already in harm's way. This doesn't mean there's no hope. Your identity may get stolen, but it doesn't have to be a life-changing event. Adam Levin, a longtime consumer advocate and identity fraud expert, provides a method to help you keep hackers, phishers, and spammers from becoming your problem. Levin has seen every scam under the sun: fake companies selling "credit card insurance"; criminal, medical, and child identity theft; emails that promise untold riches for some personal information; catfishers, tax fraud, fake debt collectors who threaten you with legal action to confirm your account numbers; and much more. As Levin shows, these folks get a lot less scary if you see them coming. With a clearheaded, practical approach, *Swiped* is your guide to surviving the identity theft epidemic. Even if you've already become a victim, this strategic book will help you protect yourself, your identity, and your sanity. *The Vision Of The Anointed Self-congratulation As A Basis For Social Policy A critical examination of failed social policies, in particular the "politically correct" theory, identifies the mistakes that have penalized American education, criminal justice, and core families. 50,000 first printing. \$40,000 ad/promo. Tour. Great Boss, Dead Boss A riveting business novel on how to create a highly motivated and committed organization. Based on two decades of face-to-face interaction with managers in hundreds of companies around the world, it offers a radical new perspective on how great leaders motivate entire organizations - not individuals, to peak performance. One of the richest men in America described as "very to the point" and other successful CEOs hailed it as "a new perspective on how to coach, guide, and lead an organization that is sorely needed in the light of the recent antics of corporate America." Who's Looking Out for You? Crown* From the mega-bestselling author of *The O'Reilly Factor* and *The No Spin Zone*, a no-holds-barred exposé of the people and institutions who are letting Americans down - and what we should do about it. Bill O'Reilly is mad as hell - and he's not going to let you take it anymore. In his most powerful and personal book yet, this media powerhouse and unstoppable truth-teller takes on those individuals and institutions in American life who are failing in their duties - big-time. In his inimitable style, mixing wit, pugnacity, and plain common sense, O'Reilly kicks butt and takes (and also names) names - from crooked corporate weasels to venal politicians to lazy and/or politically correct bureaucrats to sexually predatory priests and the Church hierarchy that protects them to a media establishment rife with political bias and economically hooked on violence and smut. At the same time that he calls the famous and powerful to account, he dares to get personal, questioning just how much our closest friends, families, and lovers do look out for us, and delivering a powerful message about personal responsibility and self-reliance in an uncertain world. He forces us to ask just how much genuine altruism is left in a society that thrives on self-indulgence and ruthless competition. *Who's Looking Out for You?* is a book that boldly confronts our worst fears and biggest problems in a post-9/11, post-corporate-meltdown world. Its sage, candid advice on regaining control and trust in these troubled times will resonate with the millions of readers and viewers who have come to believe in Bill O'Reilly as the man who speaks for them. *Management Theory and Practice* Kris Cole throws light on the gap between theory and practice in the 5th edition of *Management - Theory and Practice*. She explains management theory in everyday language, and puts it in a context that makes it easy to understand. This resource will help you develop the vocabulary you need to communicate effectively with colleagues and equips you with models and frameworks to tackle management challenges. In addition it will enable you to strengthen your 'hard skills', like managing poor performance, being more directive and solving problems permanently. *Radical Nation The Dangerous Scheme to Change America RADICAL NATION* makes it clear what is at stake. If you want to Save America you must read this--it is MAGA all the way." -- PRESIDENT DONALD J. TRUMP "RADICAL NATION is a must-read. Spicer presents a clear and concise understating of the direction we are headed and provides the tools and tactics necessary to combat it." -- NEWT GINGRICH "The Biden-Harris regime is pushing discredited policies that will destroy the very fabric of America. RADICAL NATION provides us with background on the direction they could take us, and ways we can fight back and win." -- DAN BONGINO "RADICAL NATION is critically important. My friend Sean perfectly diagnoses the problems with the Biden presidency and what we can do to save our nation." -- CHARLIE KIRK The Biden-Harris progressive agenda presents a radical change to the American economy, values, national security, and freedom. From the former Trump White House press secretary and New York Times bestselling author of *THE BRIEFING* and *LEADING AMERICA* comes a stark warning: Under Joe Biden and Kamala Harris, America is lurching towards economic collapse, runaway inflation, wide-open borders, an all-out assault on human life and religious liberty, a K-12 school indoctrination plan, "election reforms" to ensure never-ending Democratic Party rule, and more. RADICAL NATION is a bold grassroots agenda for defending America against the Progressives' Socialist agenda. Featuring powerful stories that will move you and keep you riveted, this book will channel conservatives discouragement, anger, and betrayal into meaningful action to keep America free, strong, and secure for our children and grandchildren. *Bubblegum A Novel Anchor* "Adam Levin is one of our wildest writers and our funniest, and Bubblegum is a dazzling accomplishment of w
