## KEY=SON - SANCHEZ ESTRADA

---

**An American Son A Memoir Penguin** Few politicians have risen to national prominence as quickly as Marco Rubio. Here is the full story of his unlikely journey. Florida Senator Marco Rubio electrified the 2012 Republican National Convention by telling the story of his parents, who were struggling immigrants from Cuba. They embraced their new country and taught their children to appreciate its unique opportunities. Every sacrifice they made over the years, as they worked hard at blue-collar jobs in Miami and Las Vegas, was for their children. Young Marco grew up dreaming about football, not politics. In this fascinating memoir, he reveals how he ended up running for the West Miami City Commission, and then the Florida House of Representatives. In just six years he rose to Speaker of the Florida House. He then won his U.S. Senate campaign as an extreme long shot. Now Rubio speaks on the national stage about the better future that's possible if we return to our founding principles. In that vision, as in his family's story, Rubio proves that the American Dream is still alive for those who pursue it. **An American Son A Memoir Penguin** Few politicians have risen to national prominence as quickly as Marco Rubio. Here is the full story of his unlikely journey. Florida Senator Marco Rubio electrified the 2012 Republican National Convention by telling the story of his parents, who were struggling immigrants from Cuba. They embraced their new country and taught their children to appreciate its unique opportunities. Every sacrifice they made over the years, as they worked hard at blue-collar jobs in Miami and Las Vegas, was for their children. Young Marco grew up dreaming about football, not politics. In this fascinating memoir, he reveals how he ended up running for the West Miami City Commission, and then the Florida House of Representatives. In just six years he rose to Speaker of the Florida House. He then won his U.S. Senate campaign as an extreme long shot. Now Rubio speaks on the national stage about the better future that's possible if we return to our founding principles. In that vision, as in his family's story, Rubio proves that the American Dream is still alive for those who pursue it. **American Dreams Restoring Economic Opportunity for Everyone Sentinel** In 1956, presidential-hopeful Marco Rubio's parents came to America as poor immigrants and found a land of opportunity where anyone could build a better future. But now the American Dream is on life support. Millions of Americans have

been left behind by an economy that doesn't value their skills and a government that would rather give them a handout than a hand up. In *American Dreams* Rubio offers a roadmap for restoring the land of opportunity. He explains why America now stands at a critical junction and offers a detailed economic plan to help rebuild it.

**100 Innovative Ideas for Florida's Future Regnery Publishing** The 100 ideas contained in this book reflect the thoughts of thousands of Floridians who have taken the time to offer their personal insights into what it will take to preserve the state's legacy of opportunity. This book is a written commitment that will detail Florida's vision for the future, and how to make it a reality. *100 Innovative Ideas for Florida's Future* shows how every Floridian can enjoy freedom, opportunity, and the pursuit of happiness and leave for their children a better life than their own. **American**

**Dreams Restoring Economic Opportunity for Everyone Penguin** In 1956, Marco Rubio's parents came to America as poor immigrants with grade-school educations. They found a land of opportunity where anyone could work hard, play by the rules, and build a better future for themselves and their children. His family proved the reality of the American Dream, where the children of maids and bartenders could become doctors, lawyers, small business owners, and maybe even a U.S. senator. But now the American Dream is on life support. Years of government-centered, tax-and-spend liberalism have failed to lift the poor or sustain the middle class. Millions of everyday Americans have been left behind by an economy that doesn't value their skills and a government that would rather give them a handout than a hand up. In this follow-up to his bestselling memoir, *An American Son*, Senator Rubio offers a road map for restoring the land of opportunity. He explains why we now stand at a critical junction and why the next few years will determine the future for our children and grandchildren. He shares his plan for scaling back the nanny state, helping families save for college and retirement, and making it easier for small businesses to create millions of good jobs. Above all, he urges us to return to the values and can-do spirit that made our country exceptional in the first place. **I**

**Survived the Battle of D-Day, 1944 (I Survived #18) Scholastic Inc.** This installment in the New York Times bestselling *I Survived* series from Lauren Tarshis shines a spotlight on the Normandy landings, just in time for the 75th anniversary of D-Day! **Collusion Secret Meetings, Dirty Money, and how Russia Helped**

**Donald Trump Win Vintage** "December 2016. Luke Harding, the Guardian reporter and former Moscow bureau chief, quietly meets former MI6 officer Christopher Steele in a London pub to discuss President-elect Donald Trump's Russia connections. A month later, Steele's now-famous dossier sparks what may be the biggest scandal of the modern era. The names of the Americans involved are well-known, but here Harding also shines a light on powerful Russian figures whose motivations and instructions may have been coming from the highest echelons of the Kremlin.

Harding takes the reader through every bizarre and disquieting detail of the Trump-Russia story, an event so huge it involves international espionage, off-shore banks, sketchy real estate deals, the Miss Universe pageant, mobsters, money laundering, poisoned dissidents, computer hacking, and the most shocking election in American history." -- Provided by publisher. **The Heart of a Great Nation Timeless Wisdom**

**from Ronald Reagan Penguin** With a foreword from Senator Marco Rubio, a stirring collection of Ronald Reagan's most inspiring speeches, offering his timeless

wisdom and guidance for our day. In his 1989 farewell address, Ronald Reagan said, "I wasn't a great communicator, but I communicated great things, and they didn't spring full bloom from my brow, they came from the heart of a great nation--from our experience, our wisdom, and our belief in principles that have guided us for two centuries." The Heart of a Great Nation brings together Reagan's most powerful speeches, as relevant to our chaotic world as they were when he first gave them. In a period of our country's history consumed by economic stagnation, national instability, and the looming threat of communism, Reagan spoke directly to the hearts of everyday Americans. His wisdom on matters of family, freedom, and nationhood helped guide the country back to its founding principles and ushered in an era of prosperity and national pride. Today, as we find our country treading similar ground, Reagan's wisdom speaks to us once again, offering guidance to everyone looking to navigate the present and remember the legacy of this great nation--which can one day be reclaimed. **The Rise of Marco Rubio Simon and Schuster** SENATOR MARCO RUBIO has been called the Michael Jordan of Republican politics and a crown prince of the Tea Party. He is a political figure who inspires fierce passions among his supporters—and his detractors. From his family's immigrant roots to his ascent from small-town commissioner to the heights of the United States Senate, The Rise of Marco Rubio traces a classic American odyssey. Rubio's grandfather was born in a humble thatched-palm dwelling in a sugar cane-growing region of Cuba, more than fifty years before Rubio's parents left the island for a better life in Miami. His father worked as a bartender, his mother as a maid and stock clerk at Kmart. Rubio was quick on his high school football field, and even quicker in becoming a major voice on everything from immigration to the role of faith in public life and one of the great hopes of the Republican Party. Drawing on hundreds of interviews and documents, Washington Post reporter Manuel Roig-Franzia shows how Rubio cultivated a knack for apprenticing himself to the right mentor, learning the issues, and volunteering for tough political jobs that made him shine. He also has a way with words and the instinct to seize opportunities that others don't see. As Mike Huckabee says, Rubio "is our Barack Obama with substance." The Rise of Marco Rubio elegantly tells us why. \*\*\* THE RISE OF MARCO RUBIO A POLITICIAN IN THE RIGHT PLACE AT THE RIGHT TIME A slender, delicate right shoulder knifed downward; a cane flipped sideways. Nancy Reagan was crashing. But before the crowd's applause gave way to gasps, Marco Rubio, his hair parted just so, a valedictorian's smile on his face, tugged the aging icon toward him. He caught the ninety-year-old almost parallel to the floor and bound for a bone-chipping thud. Extraordinary political careers can build momentum from an accretion of perfect moments, and this was just one more for Marco Rubio. Rubio's reflexes had only sharpened the impression that a party looking for heroes had found a figure with great promise. American politics had never seen anything like him. A FAMILY THAT FACED THE CHALLENGES OF IMMIGRATION In the summer of 1962 Rubio's Cuban grandfather Pedro Víctor asked his bosses for a vacation, and this time they granted it. And so it was that on August 31, 1962, he took an incredibly risky step. He boarded Pan American Airlines Flight 2422 bound for Miami. His troubles began not long after the plane landed. A LEGISLATOR FULL OF AMBITION In Marco Rubio's second year at the Florida capital, a committee was formed to redraw voting district

lines. As usual, Rubio's timing was good and his instincts were spot-on. Redistricting was a once-in-a-decade ritual, and it presented him with a once-in-a-decade opportunity. Not yet thirty, he volunteered to help. In doing so he took the same route he had traveled before, making himself an apprentice in a good position to impress the older generation. Volunteering for the task meant substantial face time with the leaders of the state house. And the leaders noticed him.

**The Travels of Marco Polo, the Venetian Seeds of Peace CreateSpace** There may be war and destruction in certain parts of the world, but peace can still prevail! Peace is within all of us, it sits waiting to wake up and grow, then amazing things can happen. Based on a vision the author had when she was 16 years old. Children and adults will enjoy reading this book. The colorful images tell the story. Seeds of Peace has been translated into Arabic, French, German, Japanese and Spanish. We hope to reach all the children of the world, to spread the seeds of peace.

**Let Me Finish Trump, the Kushners, Bannon, New Jersey, and the Power of In-Your-Face Politics Hachette Books** The instant New York Times-bestselling memoir from the outspoken former governor--an "explosive" (Guardian) "must read" (Hugh Hewitt) account of Chris Christie's life in politics including his "not to miss" (Entertainment Weekly) insights into Donald Trump. After dropping out of the 2016 presidential race, Chris Christie stunned the political world by becoming the first major official to endorse Donald Trump. A friend of Trump's for fifteen years, the two-term New Jersey governor understood the future president as well as anyone in the political arena--and Christie quickly became one of Trump's most trusted advisers. Tapped with running Trump's transition team, Christie was nearly named his running mate. But within days of Trump's surprise victory over Hillary Clinton, Christie was in for his own surprise: he was being booted out. In Let Me Finish, Christie sets the record straight about his tenure as a corruption-fighting prosecutor and a Republican running a Democratic state, as well as what really happened on the 2016 campaign trail and inside Trump Tower. Christie takes readers inside the ego-driven battles for Trump's attention among figures like Steve Bannon, Corey Lewandowski, Reince Priebus, Kellyanne Conway, Jeff Sessions, and Paul Manafort. He shows how the literal trashing of Christie's transition plan put the new administration in the hands of self-serving amateurs, all but guaranteeing the Trump presidency's shaky start. Christie also addresses hot-button issues from his own years in power, including what really went down during Bridgegate. And, for the first time, Christie tells the full story of the Kushner saga: how, as a federal prosecutor, Christie put Jared Kushner's powerful father behind bars--a fact Trump's son-in-law makes Christie pay for later. Packed with news-making revelations and told with the kind of bluntness few politicians can match, Christie's memoir is an essential guide to understanding the Trump presidency.

**God, Guns, Grits, and Gravy St. Martin's Press** The New York Times, USA Today, Wall Street Journal, and Publishers Weekly bestseller from a presidential candidate for the 2016 election! In God, Guns, Grits and Gravy, Mike Huckabee asks, "Have I been taken to a different planet than the one on which I grew up?" The New York Times bestselling author explores today's fractious American culture, where divisions of class, race, politics, religion, gender, age, and other fault lines make polite conversation dicey, if not downright dangerous. As Huckabee notes, the differences of opinion between the "Bubble-villes" of the big

power centers and the "Bubba-villes" where most people live are profound, provocative, and sometimes pretty funny. Where else but in Washington, D.C. could two presidential golf outings cost the American taxpayers \$2.9 million in travel expenses? Government bailouts, politician pig-outs, and popular culture provocations from Jay-Z and Beyoncé to Honey Boo-Boo to the Duck Dynasty's Robertson family. Gun rights, gay marriage, the decline of patriotism, and the mainstream media's contempt for those who cherish a faith-based life. The trouble with Democrats, the even bigger trouble with Republicans, our national security complex, and how our Constitution is eroding under our noses. Reflections on our way of life as it once was, as it is, and as it might become...these subjects and many more are covered with Mike Huckabee's signature wit, insight, and honesty. **The Party's Over How the Extreme Right Hijacked the GOP and I Became a Democrat Penguin** Charlie Crist, the former Republican governor of Florida, spent years in the party's inner circle. In this no-holds-barred memoir, he shows why he switched sides and became a Democrat. After serving as a Republican governor—one who was on the short list for the vice presidency in 2008—Charlie Crist made headlines when he decided to run for the U.S. Senate as an Independent. He was on the front page again when he endorsed President Obama in 2012 and spoke at the Democratic National Convention—and yet again when he officially joined the Democratic Party later that year. In *The Party's Over*, he'll make even more news when he reveals: The inside story of his 2010 Senate primary campaign against Marco Rubio, where he learned exactly how vicious the Republican leadership can be. His journey from inner circle to persona non grata, thanks to his literal embrace of President Obama. His very frank opinions on Marco Rubio, Jeb Bush, Mitt Romney, Sarah Palin, and other top-tier Republicans. Why he believes that Democrats have the right vision for Florida and the nation. • What he's learned as a member of both parties and why he remains convinced that the two-party system can still work—with the right leadership. Rather than just rehashing his career, in this book Crist offers a focused indictment of the failings of the Republican Party, naming names and identifying where things went wrong. *The Party's Over* is as far from "politics as usual" as you can get. **An Unlikely Journey Waking Up from My American Dream** In the spirit of a young Barack Obama's *Dreams from My Father*, comes a candid and compelling memoir about race and poverty in America. In many ways, there was no reason Julian Castro would have been expected to be a success. Born to unmarried parents in a poverty-stricken neighborhood of a struggling city, his prospects of escaping his circumstance seemed bleak. But he and his twin brother Joaquin had something going for them: their mother. A former political activist, she provided the launch pad for what would become an astonishing ascent. Julian and Joaquin would go on to attend Stanford and Harvard before entering politics at the ripe age of 26. Soon after, Joaquin became a state representative and Julian was elected mayor of San Antonio, a city he helped revitalize and transform into one of the country's leading economies. His success in Texas propelled him onto the national stage, where he was the keynote speaker at the 2012 DNC--the same spot President Obama held three conventions prior--and then to Washington D.C. where he served as the Obama Administration's Secretary of Housing and Urban Development. After being shortlisted as a potential running mate for Hillary Clinton, he is now seen by many as

a future presidential candidate. Julian Castro's story not only affirms the American dream, but also resonates with millions, who in an age of political cynicism and hardening hearts are searching for a new hero. No matter one's politics, this book is the transcendent story of a resilient family and the unlikely journey of an emerging national icon. **Gender, Race, and Social Identity in American Politics The Past and Future of Political Access Rowman & Littlefield** This book explores the convergence of gender, race, and social identities in the often-exclusionary arena of American politics. Contributors examine contemporary issues as they relate to candidate positioning, acceptance, and clashing ideologies that pervade America's political landscape. **The 2016 Contenders: Marco Rubio Diversion Books** Presidential candidates are a breed apart, often propelled by traits that have shaped their careers and have deep roots in personal histories. Often their greatest strength can turn at supernova speed into their greatest weakness. The exact qualities that set them apart from the field trip them up eventually over the long haul of a presidential campaign. Florida Sen. Marco Rubio is a man in a hurry, whose dizzying political ascent—he has never lost a race—is a testament to his quickness to spot openings and go for them. The question now, as he aims for the White House, is whether voters ultimately see Rubio as refreshing and bold, the inspiring face of a new generation—or just a promising young pol getting ahead of himself. In this series of eBooks, The Washington Post is exploring in-depth all these key characteristics of the leading presidential contenders, the very characteristics that could help make one of them the country's next commander in chief—or forever sink their presidential ambitions. **A Revolution Remembered The Memoirs and Selected Correspondence of Juan N. Seguín ; Edited by Jesús F. de la Teja Texas State Historical Assn** A biography of a patriot of the Texas Revolution who fled to Mexico after escaping the fate of others at the Alamo after being sent for reinforcements. **World War IV The Long Struggle Against Islamofascism Vintage** For almost half a century—as a magazine editor and as the author of numerous bestselling books and hundreds of articles—Norman Podhoretz has helped drive the central political and intellectual debates in this country. Now, in this provocative and powerfully argued book, he takes on the most controversial issue of our time—the war against the global network of terrorists that attacked us on 9/11. **Cuba Confidential Love and Vengeance in Miami and Havana Vintage** From America's number one Cuba reporter, PEN award-winning investigative journalist Ann Louise Bardach, comes the big book on Cuba we've all been waiting for. An incisive and spirited portrait of the twentieth century's wildest political survivor and his fiefdom, Cuba Confidential is the gripping story of the shattered families and warring personalities that lie at the heart of the forty-three-year standoff between Miami and Havana. Famous to many Americans for her cover stories and media appearances, Ann Louise Bardach has been covering Cuba for a decade. She's talked to the crooks, spooks and politicians who have made history, and to their hired assassins and confidants. Based on exclusive interviews with Fidel Castro, his sister Juanita, his former brother-in-law Rafael Díaz-Balart, the family of Elián González, the friends and family of the legendary American fugitive Robert Vesco, the intrepid terrorist Luis Posada Carriles, and the inner circles of Jeb Bush and the late exile leader Jorge Mas Canosa, Cuba Confidential exposes the hardball take-no-prisoners

tactics of the Cuban exile leadership, and its manipulation and exploitation by ten American presidents. Bardach homes in on Fidel Castro and his cronies, taking us closer than we've ever been—and on the militant exiles who have devoted their lives, with CIA connivance, to trying to eliminate him. From Calle Ocho to Juan Miguel González's kitchen table in Cárdenas, from Guantánamo Bay to Union City to Washington, D.C., Ann Louise Bardach serves up an unforgettable portrait of Cuba and its exiles.

**The Riot Within My Journey from Rebellion to Redemption Harper Collins** On a dark street, what began as a private moment between a citizen and the police became a national outrage. Rodney Glen King grew up in the Altadena Pasadena section of Los Angeles with four siblings, a loving mother, and an alcoholic father. Soon young Rodney followed in Dad's stumbling steps, beginning a lifetime of alcohol abuse. King had been drinking the night of March 3, 1991, when he engaged in a high-speed chase with the LAPD, who finally pulled him over. What happened next shocked the nation. A group of officers brutally beat King with their metal batons, Tasered and kicked him into submission—all caught on videotape by a nearby resident. The infamous Rodney King Incident was born when this first instance of citizen surveillance revealed a shocking moment of police brutality, a horrific scene that stunned and riveted the nation via the evening news. Racial tensions long smoldering in L.A. ignited into a firestorm thirteen months later when four white officers were acquitted by a mostly white jury. Los Angeles was engulfed in flames as people rioted in the streets. More than fifty people were dead, hundreds were hospitalized, and countless homes and businesses were destroyed. King's plaintive question, "Can we all just get along?" became a sincere but haunting plea for reconciliation that reflected the heartbreak and despair caused by America's racial discord in the early 1990s. While Rodney King is now an icon, he is by no means an angel. King has had run-ins with the law and continues a lifelong struggle with alcohol addiction. But King refuses to be bitter about the crippling emotional and physical damage that was inflicted upon him that night in 1991. While this nation has made strides during those twenty years to heal, so has Rodney King, and his inspiring story can teach us all lessons about forgiveness, redemption, and renewal, both as individuals and as a nation.

**A Time for Truth Reigniting the Promise of America HarperCollins** Since his election in 2012, Ted Cruz has refused to go along with the established way of doing business in Washington, becoming a voice for millions of Americans frustrated with governmental corruption and gridlock. In this, his first book, Cruz reveals how Americans can take back their country, and start moving forward.

**Calico Joe Dell Publishing Company** Follows the divergent paths of a rookie hitter for the Chicago Cubs and a hard-hitting Mets pitcher.

**"Our Hemisphere"? The United States in Latin America, from 1776 to the Twenty-First Century Yale University Press** An accessible course book on U.S.-Latin American relations

**The Republican Dream Team of 2016 A Strategy for Republicans to Win Greenleaf Book Group** THE REPUBLICAN DREAM TEAM OF 2016 introduces an audacious concept to transform an overcrowded field of candidates into a powerhouse team to win the general election, while also offering an insightful and easy-to-use Voter's Guide. The Republican Dream Team of 2016 provides critical information about the background, experience, and viewpoints of Republican candidates on the issues that matter most

to voters. It identifies what is really important to the electorate as conservatives and moderates prepare to vote in the 2016 primaries. The Republican Dream Team of 2016 promotes and validates with research the concept of all Republican candidates running together as a comprehensive ticket to win the general election. After Republican voters select their presidential candidate through the primary process, which of the remaining candidates should be placed in the position of vice president and the fifteen cabinet posts? Can you create the unbeatable Dream Team to win the general election? This book focuses on how candidates can build a consensus platform for reform—instead of beating each other up. By combining their efforts, the Dream Team will develop a compelling plan to attack political gridlock in Washington DC—ensuring that the much-needed transformation of the federal government can begin on January 21, 2017.

**Latinos in the American Political System: An Encyclopedia of Latinos as Voters, Candidates, and Office Holders [2 volumes] ABC-CLIO** This encyclopedia provides a comprehensive overview of the evolution of Hispanic Americans engaged in U.S. politics, from increased visibility as governors and other lawmakers at the local, state, and federal levels to their growing importance as a voting constituency. This encyclopedia comprehensively surveys the evolution of Latina/o engagement in US politics as voters, candidates, lawmakers, and public officials. It is an authoritative resource for public library patrons, high school students, and undergraduates in a variety of curricular studies, including political science, civics, American history, and Latino studies. The set's A-Z entries were carefully selected and crafted to ensure thorough coverage of all of the individuals, organizations, cultural forces, political issues, and legal decisions that have combined to elevate the role of Latinos at the polls, on the campaign trail, in Washington, and in mayors' offices, city councils, school boards, and statehouses all across the country. In-depth essays on the rising prominence of Latino Americans as voters, candidates, public officials, lawmakers, and opinion leaders will provide further context for understanding their impact on modern U.S. political processes and institutions from the perspective of liberals and conservatives alike. Features two dozen primary documents, including illuminating sources provided both in the original Spanish and in English translations Contains approximately 300 encyclopedia entries Gives special attention to the significant diversity of the Latino population in the United States, with a focus on growing communities of Central American and Dominican origin as well as groups of Mexican, Puerto Rican, and Cuban origin Provides context in historical overview essays that focus specifically on Latino population in their roles as voters and citizens, candidates, and lawmakers in American life Includes a chronology of events concerning the evolution of Latino American involvement in U.S. politics

**Diplomacy Meets Migration US Relations with Cuba during the Cold War Cambridge University Press** Diplomacy Meets Migration examines diplomacy, migration, and the history of US relations with Cuba during the Cold War. Hideaki Kami draws on declassified US and Cuban diplomatic sources, as well as Miami-Cuban lobby records, to challenge traditional interpretations that mainly focus on the two national capitals, Washington and Havana. By incorporating Miami into the story of foreign affairs, Kami assesses the intersection between migration and diplomacy, and considers how migration emerged as a critical issue that shaped the dynamism of US relations with

Cuba. Kami demonstrates that the US government reformulated its Cuban policy in response to Fidel Castro's institutionalization of power, while simultaneously trying to build a new relationship with the Miami Cuban community, a new, politically mobilized constituency within US society. He shows how both migration control and migrant politics became important components of US foreign policy, which in turn influenced Cuban policy toward the United States.

**Hispanic Americans in Congress, 1822-2012** "A compilation of historical essays and short biographies about 91 Hispanic-Americans who served in Congress from 1822 to 2012"--Provided by publisher. **Miami A Cultural History Interlink Publishing** Sociologist and Miami resident Anthony P. Maingot has written a cultural history of this vibrant city, which boasts the highest percentage of foreign-born residents in the US. Miami, or "Sweet Water" in the Creek Indian language, is one of the newest cities in the United States. While northern Florida was fought over by European powers and finally taken by the Americans as part of the slave-worked plantation South, Miami lay largely ignored and populated by more alligators than humans until its incorporation as a city in 1896. The driving force was Henry Flagler, who brought his railroad down to Miami and from there to Key West—and trade with Cuba. Once settled, "Tin Can" tourists from the North, Midwest and South rode their Model-T Fords down to Florida and Miami and the boom in land sales began. After the Prohibition period and the heyday of the bootleggers, a new but still segregated Miami emerged from the Second World War. Miami Beach became a tourist mecca and once Disney World opened in Orlando, millions passed through Miami to reach it and Florida and Miami entered a new era of growth and development. It was Fidel Castro, however, who created present-day Miami by exiling over a million of Cuba's middle class. Showing enormous entrepreneurial skill and an exuberant taste for life, Cubans and more recently, Brazilians, Venezuelans and Colombians created the first Latin and "tropical" city in the US. Anthony P. Maingot explores the momentous history and vibrant culture of this most cosmopolitan city. With the highest percentage of foreign-born residents in the US, Miami is a melting-pot of music, dance, visual arts, cuisine sports and political argument. Maingot reveals how this unique cultural mix keeps the new city humming and ensures the perpetuation of its tropical *joie de vivre*.

- \* City of migrants and tourists: "capital of Latin America and the Caribbean"; Little Havana and Little Haiti; exiles and entrepreneurs; the world's biggest cruise ship hub.
- \* • City of crime: the Prohibition boom; Al Capone, Meyer Lansky and the mob; Miami Vice and modern-day drug crime.
- \* City of culture: art deco architecture; the Latin recording industry; writers of the Caribbean Diaspora; center of performing arts.

**Religion and Politics in America Faith, Culture, and Strategic Choices Routledge** Religion and politics are never far from the headlines, but their relationship remains complex and often confusing. In this fifth edition of *Religion and Politics in America*, the authors offer a lively, accessible, and balanced treatment of religion in American politics. They explore the historical, cultural, and legal contexts that underlie religious political engagement while also highlighting the pragmatic and strategic political realities that religious organizations and people face. Incorporating the best and most up-to-date scholarship, the authors assess the politics of Roman Catholics; evangelical, mainline, and African American Protestants; Jews; Muslims and other conventional and not-so-conventional American religious

movements. The author team also examines important subjects concerning religion and its relationship to gender, race/ethnicity, and class. The fifth edition has been revised to include the 2012 elections, in particular Mitt Romney's candidacy and Mormonism, as well as a fuller assessment of the role of religion in President Obama's first term. In-depth treatment of core topics, contemporary case studies, and useful focus-study boxes, provides students with a real understanding of how religion and politics relate in practice and makes this fifth edition essential reading for courses in political science, religion, and sociology departments.

**The Prison Letters of Fidel Castro Nation Books** Early in Ann Louise Bardach's Cuban voyage she came across *Cartas de Presidio* or *The Prison Letters of Fidel Castro*. Edited by Luis Conte Aguero, who was the recipient of most of these letters, they are cited in every important work from Hugh Thomas' opus *Cuba* to Tad Szulc's *Fidel* biography, and everything in between and since. These twenty-one letters (nine to Conte Aguero, six to his late sister and close collaborator, Lidia, one to his wife Mirta, one to his comrade in combat, Melba Hernandez letters, one to the great scholar Jorge Manach) are regarded as the single most valuable and revelatory document regarding Fidel Castro and the Cuban Revolution. Never before published in English, these letters were written when Castro was imprisoned for his failed attack on the Moncada from 1953 to 1955 and reveal a man of spectacular ambition and steely determination. A man, who despite being incarcerated to serve a lengthy prison term, never wavers in his confidence that he will one day rule Cuba.

**Ambition For What? Oxford University Press** "Ambition is a dominant force in for human civilization, driving its greatest achievements and most horrific abuses. Our striving has brought art, airplanes, and antibiotics, as well as wars, genocide, and despotism. This mixed record raises obvious concerns about how we can channel ambition in the most productive directions. To that end, the book begins by exploring three central focuses of ambition: recognition, power, and money,. It argues that an excessive preoccupation with these external markers for success can be self defeating for individuals and toxic for society. Discussion then shifts to the obstacles to constructive ambition and the consequences when ambitions are skewed or blocked by inequality and identity-related characteristics such as gender, race, class, and national origin. Attention also centers on the ways that families, schools, and colleges might play a more effective role in developing positive ambition. The book concludes with an exploration of what sorts of ambitions contribute to sustained well being. Contemporary research makes clear that that, even from a purely self - interested perspective, individuals would do well to strive for some goals that transcend the self. Pursuing objectives that have intrinsic value, such as building relationships and contributing to society, generally brings greater fulfilment than chasing extrinsic rewards such as wealth, power, and fame. And society benefits when ambitions for self advancement do not crowd out efforts for the common good. The hope is to prompt readers to reconsider where their ambitions are leading and whether that destination reflects their deepest needs and highest aspirations"

**Lessons Learned From Star Trek Lulu Press, Inc** This is the third edition of "Lessons Learned from Star Trek". This updated e-book is a collection of articles, which in an entertaining way, discuss important philosophical and moral issues, that our world is facing, by using the themes from the science fiction series, *Star Trek*. If

you are a Trekkie, nor never heard of the TV series; this book is for everybody, and provides an entertaining overview of the franchise. Our world is facing so many problems today, and humanity needs to look to the lessons seen in Star Trek, as the perfect guide to help all of us discuss as a society, on how we can come together to create a better world. The world needs Star Trek, now, more than ever! **The Good Dad Becoming the Father You Were Meant to Be Zondervan** It's never too late to be a better father Jim Daly, president and CEO of Focus on the Family, is an expert in fatherhood—in part because his own "fathers" failed him so badly. His biological dad was an alcoholic. His stepfather deserted him. His foster father accused Jim of trying to kill him. All were out of Jim's life by the time he turned 13. Isn't it odd—and reminiscent of the hand of God—that the director of the leading organization on family turned out to be a guy whose own background as a kid and son were pretty messed up? Or could it be that successful parenting is discovered not in the perfect, peaceful household but in the midst of battles and messy situations, where God must constantly be called to the scene? That is the mystery unraveled in this book. Using his own expertise, humor, and inexhaustible wealth of stories, Jim will show you that God can make you a good dad, a great dad, in spite of the way you've grown up and in spite of the mistakes you've made. Maybe even because of them. It's not about becoming a perfect father. It's about trying to become a better father, each and every day. It's about building relationships with your children through love, grace, patience, and fun—and helping them grow into the men and women they're meant to be. **The Long Game A Memoir Penguin** Now in paperback with a foreword by President Donald J. Trump, Senate Majority Leader Mitch McConnell's memoir shows how one of the most successful public figures of our time has worked to advance conservative values in Washington. Under Mitch McConnell's famously quiet and strategic leadership, Republicans in the Senate have seen win after win—from tax cuts and deregulation to major improvements for veterans, farmers, and our national defense. In 2018, President Donald Trump dubbed McConnell "the greatest leader in history"—and even his harshest critics on the Left acknowledge his skill. Now with a new foreword by President Trump and an afterword that details McConnell's friendship with Supreme Court Justice Antonin Scalia, this paperback edition of McConnell's memoir reveals the backdrop of his decision not to fill Scalia's vacant seat until after the 2016 presidential election. Of this decision, New York Times chief Washington correspondent Carl Hulse wrote that "McConnell not only preserved a Supreme Court seat, he elected Donald Trump president." The years of the McConnell-led Senate have proved that lasting change can only be won by playing the long game. Leading up to the 2020 election, when the system of government our Founding Fathers created will again be threatened by the Left, this book is necessary reading for anyone who wants to avoid repeating the mistakes of our recent past. **Courage to Stand An American Story Tyndale House Publishers, Inc.** Long before he was considered a top prospective presidential candidate for 2012—even before he landed on John McCain's short list of potential running mates in 2008—Governor Tim Pawlenty had already earned legendary status in conservative circles. In his hard-left-leaning home state of Minnesota, the man known as "T-Paw" somehow erased a \$4.8-billion budget deficit while simultaneously reforming health care, creating jobs, improving education, and supporting renewable energy

reform—all without raising taxes. In *Courage to Stand*, Pawlenty reveals, for the first time, how he found the resolve to get the job done, taking readers all the way back to the lessons he learned as a boy in the gritty meatpacking town of South St. Paul. From the devastating early death of his mother to the struggle to work his way through college and law school and his epic political battles as governor, Pawlenty opens up about his deepest beliefs and shares his vision for a better America.

**The Triple Package How Three Unlikely Traits Explain the Rise and Fall of Cultural Groups in America Penguin** "That certain groups do much better in America than others—as measured by income, occupational status, test scores, and so on—is difficult to talk about. In large part this is because the topic feels racially charged. The irony is that the facts actually debunk racial stereotypes. There are black and Hispanic subgroups in the United States far outperforming many white and Asian subgroups. Moreover, there's a demonstrable arc to group success—in immigrant groups, it typically dissipates by the third generation—puncturing the notion of innate group differences and undermining the whole concept of 'model minorities.'" Mormons have recently risen to astonishing business success. Cubans in Miami climbed from poverty to prosperity in a generation. Nigerians earn doctorates at stunningly high rates. Indian and Chinese Americans have much higher incomes than other Americans; Jews may have the highest of all. Why do some groups rise? Drawing on groundbreaking original research and startling statistics, *The Triple Package* uncovers the secret to their success. A superiority complex, insecurity, impulse control—these are the elements of the Triple Package, the rare and potent cultural constellation that drives disproportionate group success. The Triple Package is open to anyone. America itself was once a Triple Package culture. It's been losing that edge for a long time now. Even as headlines proclaim the death of upward mobility in America, the truth is that the old-fashioned American Dream is very much alive—but some groups have a cultural edge, which enables them to take advantage of opportunity far more than others.

- Americans are taught that everyone is equal, that no group is superior to another. But remarkably, all of America's most successful groups believe (even if they don't say so aloud) that they're exceptional, chosen, superior in some way.
- Americans are taught that self-esteem—feeling good about yourself—is the key to a successful life. But in all of America's most successful groups, people tend to feel insecure, inadequate, that they have to prove themselves.
- America today spreads a message of immediate gratification, living for the moment. But all of America's most successful groups cultivate heightened discipline and impulse control. But the Triple Package has a dark underside too. Each of its elements carries distinctive pathologies; when taken to an extreme, they can have truly toxic effects. Should people strive for the Triple Package? Should America? Ultimately, the authors conclude that the Triple Package is a ladder that should be climbed and then kicked away, drawing on its power but breaking free from its constraints. Provocative and profound, *The Triple Package* will transform the way we think about success and achievement.

**The Party Is Over How Republicans Went Crazy, Democrats Became Useless, and the Middle Class Got Shafted Penguin** The New York Times bestselling exposé of what passes for business as usual in Washington today There was a time, not so very long ago, when perfectly rational people ran the Republican Party. So how did the party of Lincoln

become the party of lunatics? That is what this book aims to answer. Fear not, the Dems come in for their share of tough talk— they are zombies, a party of the living dead. Mike Lofgren came to Washington in the early eighties—those halcyon, post-Nixonian glory days—for what he imagined would be a short stint on Capitol Hill. He has witnessed quite a few low points in his twenty-eight years on the Hill—but none quite so pitiful as the antics of the current crop of legislators whom we appear to have elected. Based on the explosive article Lofgren wrote when he resigned in disgust after the debt ceiling crisis, *The Party Is Over* is a funny and impassioned exposé of everything that is wrong with Washington. Obama and his tired cohorts are no angels but they have nothing on the Republicans, whose wily strategists are bankrupting the country one craven vote at a time. Be prepared for some fireworks.

**Race Characters Ethnic Literature and the Figure of the American Dream** UNC Press Books A vexed figure inhabits U.S. literature and culture: the visibly racialized immigrant who disavows minority identity and embraces the American dream. Such figures are potent and controversial, for they promise to expiate racial violence and perpetuate an exceptionalist ideal of America. Swati Rana grapples with these figures, building on studies of literary character and racial form. Rana offers a new way to view characterization through racialization that creates a fuller social reading of race. Situated in a nascent period of ethnic identification from 1900 to 1960, this book focuses on immigrant writers who do not fit neatly into a resistance-based model of ethnic literature. Writings by Paule Marshall, Ameen Rihani, Dalip Singh Saund, Jose Garcia Villa, and Jose Antonio Villarreal symbolize different aspects of the American dream, from individualism to imperialism, assimilation to upward mobility. The dynamics of characterization are also those of contestation, Rana argues. Analyzing the interrelation of persona and personhood, *Race Characters* presents an original method of comparison, revealing how the protagonist of the American dream is socially constrained and structurally driven.

**2016 and Beyond How Republicans Can Elect a President in the New America** "Whit Ayres provides both a diagnosis of the GOP's problems and a prescription for the cure. In plain language with do's and don'ts for Republican candidates and campaigns, Ayres has written the best analysis of current American politics I have read in years." -- Charlie Cook, Editor and Publisher, Cook Political Report --///-- Society is changing at unprecedented speeds, and these changes are having dramatic effects on the American political landscape. *2016 and Beyond* explores public opinion on hot-button issues like immigration, health care, gay rights, abortion, national security, taxes and spending, and the role of government. With unsparing honesty, *2016 and Beyond* explains how GOP candidates must adapt to these changes to win the presidency without compromising Republican principles. -- ///-- Leading GOP pollster Whit Ayres draws upon 30 years of campaign experience and data-driven research from his own firm and that of other highly-respected polling organizations to deliver this insightful commentary. The result is a fascinating and highly readable exploration of how new candidates, new messages, and a new tone are needed for Republicans to win the presidency in the New America. --///-- *2016 and Beyond* belongs in the arsenal of any political junkie, candidate, or student of the game. --///-- "For years, no Republican has thought more deeply than Whit Ayres about the implications for his party of the demographic and cultural changes

remaking America. In this engaging and accessible book, he's produced an intriguing roadmap to this new landscape that should be essential reading for any Republican who wants to win back the White House in 2016; any Democrat who wants to stop them; and anyone else who wants to understand the evolving political dynamics of a rapidly changing America." -- Ron Brownstein, National Political Reporter, National Journal --//-- "Dr. Whit Ayres is one of the brightest stars in our party, and this book will show you why his is such a respected, influential voice. I don't agree with every idea in this book; but in a political party that has to attract some 70 million votes in 2016 to elect a Republican president, it is silly to think everybody would agree on everything. Ours is a big, broad, diverse party, and we can't let purity be the enemy of victory." -- Governor Haley Barbour, Former Chairman, Republican National Committee and Republican Governors Association --//-- "Read this book and you will be alarmed: Our Republican Party is running out of voters. Whit Ayres makes a frighteningly urgent case that, in an increasingly diverse America, we Republicans have to broaden the appeal of our principles to Hispanic and minority voters, millennials and women, or the GOP will soon go the way of the Whigs." -- Alex Castellanos, Founder, NewRepublican.org --//-- "Whit Ayres is among the smartest thinkers in American politics. 2016 and Beyond is a must read for GOP candidates, campaign operatives, political journalists and anyone who wants to understand American politics today. Where I agree with him, I'm reassured; in the rare places I disagree, I worry that I'm wrong. Move this book to the top of your priority reading list." -- Steve Hayes, Weekly Standard and FOX News
