500 General Portion Real Estate Exam Questions RealtySchool.com has been providing quality, real estate education to new and experienced real estate agents for decades. This textbook was written by Joseph R. Fitzpatrick, a real estate instructor who is also licensed as a Nevada broker with more than 30 years of experience. This textbook contains 500 multiple-choice practice real estate exam questions to help you PASS the PSI, AMP, or Pearson Vue general-portion real estate exams. These testing companies hire any number of test item writers and maintain a bank of several hundred or even several thousand test questions. Many states will randomly select questions from the bank in order to produce an individual exam thus preventing future test takers from knowing all the answers. The 500 questions within this publication are not the questions from the actual state examinations. In fact, no one really knows what is in a state's bank of questions, so don't let anyone fool you by saying, "that's not on the exam" or "that question will be there for sure." While we don't know any specific questions or answers, we do know the content topics and the "types" of questions that you will likely see. RealtySchool.com has published this collection of real estate exam questions to "condition" you and "get you in shape" for your state's real estate licensing exam. For our Nevada students, be sure to look for our textbook "150 Nevada State Law Questions" which covers the Nevada state law related material.

All 50 states have their own real estate licensing authorities. As such, each state has determined its own educational requirements and what content is to be tested of new licensing applicants. Each state produces some form of content outline that specifies the number or percentage of questions that will appear on the state exam per content category. The exam topics are usually available on the state's commission or division website. The state exams consist of test questions that fall within two broad categories. The general portion (or national portion) will contain questions based on general real estate principles and practices that are applicable to the real estate practitioner regardless of his or her home state. The state portion consists of issues and laws that are specific to that one state, although many states have similar laws and regulations. The various states employ professional testing companies to administer their exams, such as Pearson Vue. These testing companies produce a candidate bulletin for each state they service that goes into great detail of registration, center locations, how the computer works, the number of test items, passing scores, and perhaps most important, the exam content outline. These testing companies hire any number of test item writers and maintain a bank of several hundred or even several thousand test questions. Many states will randomly select questions from the bank in order to produce an individual exam thus preventing future test takers from knowing all the answers.** **Wiley Series 65 Exam Review 2013 + Test Bank The Uniform Investment Adviser Law Examination** *John Wiley & Sons* **The Uniform Investment Advisor Law Examination (Series 65) is designed to qualify candidates as investment adviser representatives.
