SPLITTING THE DIFFERENCE

GENDER AND MYTH IN ANCIENT GREECE AND INDIA

University of Chicago Press Hindu and Greek mythologies teem with stories of women and men who are doubled. This text recounts and compares a range of these. The comparisons show that differences in gender are more significant than differences in culture.

PICASSO HARLEQUIN, 1917-1937

Documents the works of Picasso created between 1917 and 1937, exploring his incorporations of such styles as cubism, neoclassicism, and surrealism while including coverage of La Suite Viollard, in a volume published to coincide with a major exhibition.

MUSLIM WOMEN IN WAR AND CRISIS

REPRESENTATION AND REALITY

University of Texas Press In the Eyes of many Westerners, Muslim women are hidden behind a veil of negative stereotypes that portray them as either oppressed, subservient wives and daughters or, more recently, as potential terrorists. Yet many Muslim women defy these stereotypes by taking active roles in their families and communities and working to create a more just society. This book introduces eighteen Muslim women activists from the United States and Canada who have worked in fields from social services, to marital counseling, to political advocacy, in order to further social justice within the Muslim community and in the greater North American society. --

ART HISTORY

COLLECTING AND PROVENANCE

Cambridge Scholars Publishing This collection of essays highlights the enduring significance of provenance and its implications for historians and art historians, as well as students and researchers engaged in museum studies. It also offers an opportunity to demonstrate its relevance to other fields of expertise, such as conservation, visual culture studies, aesthetics, authentication and connoisseurship versus technology as a means of establishing attributions and detecting forgeries. Provenance is still of vital importance to jurisdiction, whether it concerns property law or ownership. It also remains topical because of the ongoing debates over looted art in the 1930s and 1940s and the illicit trade in antiquities conducted from Iraq and Syria by terrorist groups.

A SHORT GUIDE TO WRITING ABOUT ART

Addison-Wesley A Short Guide to Writing about Art offers invaluable advice for any art course where students write papers. It addresses a wealth of fundamental matters: description versus analysis som critical approaches to art (e.g., formal analysis, cultural materialism, gender studies) getting ideas for an essay engaging in peer review developing paragraphs organizing a comparison using bibliographic tools, including the Internet quoting sources writing captions for illustrations avoiding sexist and Eurocentric language editing the final draft documenting sources, using either The Chicago Manual of Style or The Art Bulletin style preparing for essay examinations Among the new features of the sixth edition are new guidelines for using the World Wide Web and the Internet for art-historical research, five new checklist (e.g., a checklist for evaluating Web Sites), ten new illustrations, and the style guide published by The Art Bulleting. Several sample essays are also included, accompanied by analyses that show readers the particular strengths of effective writing.

ANDY WARHOL AND THE CAN THAT SOLD THE WORLD

Basic Books (AZ) Documents the events surrounding the iconic artist's influential 1962 "32 Soup Cans" solo exhibition in Los Angeles, offering insight into its polarized responses and the ways in which the exhibition sparked the pop art revolution and blurred the distinction between high and low culture.

HOW TO WRITE ART HISTORY

Laurence King Publishing An invaluable handbook, *How to Write Art History* enables students to get the most from their art history course. In a clear and engaging style, Anne D'Alleva empowers readers to approach their coursework with confidence and energy. The book introduces two basic art historical methods - formal analysis and contextual analysis - revealing how to use these methods in writing papers and in class discussion. The common strengths and weaknesses of an art history essay are highlighted by using real examples of written work, and at each stage of the writing process D'Alleva offers valuable advice on developing an argument convincingly. In addition, she explains the most effective methods of note-taking and outlines strategies for reviewing images - essential tools when preparing for an exam. Providing a fascinating view of the study of art history within its historical context, this book will be particularly helpful for those considering a career in this rewarding discipline.

ROLES OF THE NORTHERN GODDESS

Routledge While much work has been done on goddesses of the ancient world and the male gods of pre-Christian Scandinavia, the northern goddesses have been largely neglected. *Roles of the Northern Goddess* presents a highly readable study of the worship of these goddesses by men and women. With its use of evidence from early literature, popular tradition, legend and archaeology, this book investigates the role of the early hunting goddess and the local goddesses who were involved in all aspects of the household and the farm. What emerges is that the goddess was both benevolent and destructive, a powerful figure closely concerned with birth and death and with destiny of individuals.

THE BOOKS THAT SHAPED ART HISTORY: FROM GOMBRICH AND GREENBERG TO ALPERS AND KRAUSS

Thames & Hudson An exemplary survey that reassesses the impact of the most important books to have shaped art history through the twentieth century. Written by some of today's leading art historians and curators, this new collection provides an invaluable road map of the field by comparing and reexamining canonical works of art history. From Émile Mâle's magisterial study of thirteenth-century French art, first published in 1898, to Hans Belting's provocative *Likeness and Presence: A History of the Image before the Era of Art*, the book provides a concise and insightful overview of the history of art, told through its most enduring literature. Each of the essays looks at the impact of a single major book of art history, mapping the intellectual development of the writer under review, setting out the premises and argument of the book, considering its position within the broader field of art history, and analyzing its significance in the context of both its initial reception and its afterlife. An introduction by John-Paul Stonard explores how art history has been forged by outstanding contributions to scholarship, and by the dialogues and ruptures between them.

THE NEGRO MOTORIST GREEN BOOK

1940 EDITION

Colchis Books The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

ANNUAL REPORT OF THE AMERICAN HISTORICAL ASSOCIATION

THE ART OF FAILURE

AN ESSAY ON THE PAIN OF PLAYING VIDEO GAMES

MIT Press An exploration of why we play video games despite the fact that we are almost certain to feel unhappy when we fail at them. We may think of video games as being "fun," but in *The Art of Failure*, Jesper Juul claims that this is almost entirely mistaken. When we play video games, our facial expressions are rarely those of happiness or bliss. Instead, we frown, grimace, and shout in frustration as we lose, or die, or fail to advance to the next level. Humans may have a fundamental desire to succeed and feel competent, but game players choose to engage in an activity in which they are nearly certain to fail and feel incompetent. So why do we play video games even though they make us unhappy? Juul examines this paradox. In video games, as in tragic works of art, literature, theater, and cinema, it seems that we want to experience unpleasantness even if we also dislike it. Reader or audience reaction to tragedy is often explained as catharsis, as a purging of negative emotions. But, Juul points out, this doesn't seem to be the case for video game players. Games do not purge us of unpleasant emotions; they produce them in the first place. What, then, does failure in video game playing do? Juul argues that failure in a game is unique in that when you fail in a game, you (not a character) are in some way inadequate. Yet games also motivate us to play more, in order to escape that inadequacy, and the feeling of escaping failure (often by improving skills) is a central enjoyment of games. Games, writes Juul, are the art of failure: the singular art form that sets us up for failure and allows us to experience it and experiment with it. *The Art of Failure* is essential reading for anyone interested in video games, whether as entertainment, art, or education.

WRITINGS ON AMERICAN HISTORY

EMBLEMATA HISPANICA

AN ANNOTATED BIBLIOGRAPHY OF SPANISH EMBLEM LITERATURE TO THE YEAR 1700

Emblem books—books containing pictorial representations whose symbolic meaning is expressed in words—were produced in great quantities and in numerous languages during the sixteenth and seventeenth centuries. Because literary critics and art historians increasingly recognize the importance of the emblem in Renaissance and Baroque studies, this book answers the need for a bibliography listing the locations of all known emblem books in Spanish, as well as those translated into Spanish, written by Spaniards in other languages, and polyglot editions that contain a Spanish text. Covered in this bibliography are all emblem books published from the beginning to the end of the Spanish Golden Age, as well as a wide range of secondary sources on relevant subjects, among them mythography, paradoxography, numismatics, fetes, funerals, proverbs, apothegms, antiquarianism, collecting, and pertinent studies in art history and architecture. Providing call numbers for library locations, information on facsimile reprints, and microform editions, the work is extensively indexed—by date and place of publication, by printers and booksellers, by authors and artists, and by dedicatees, as well as by subject.

REPRESENTATION

CULTURAL REPRESENTATIONS AND SIGNIFYING PRACTICES

SAGE This broad-ranging text offers a comprehensive outline of how visual images, language and discourse work as 'systems of representation'. Individual chapters explore: representation as a signifying practice in a rich diversity of social contexts and institutional sites; the use of photography in the construction of national identity and culture; other cultures in ethnographic museums; fantasies of the racialized 'Other' in popular media, film and image; the construction of masculine identities in discourses of consumer culture and advertising; and the gendering of narratives in television soap operas.

FUNDAMENTALS OF ART HISTORY

Laurence King Publishing This invaluable guide enables students to get the most from their art history course. Written in an accessible style, the book introduces two basic art historical methods - formal analysis and contextual analysis. In this new edition revising author Michael Cothren has extended the discussion on iconography and iconology, as well as adding discussions on the effects of the market and museums on art. Greater emphasis is placed on the global and multicultural aspects of art creation and analysis with new images and more case studies. There is more step-by-step guidance on how to use these methods to prepare for exams and write papers.

THE OLD GUARD AND THE AVANT-GARDE

MODERNISM IN CHICAGO, 1910-1940

University of Chicago Press "The Old Guard and the Avant-Garde: Modernism in Chicago, 1910-1940 brings together the history and the critical reaction to the new developments in art and design, places them in the context of conservative yet innovative Chicago at the turn of the century, and explores the tensions between tradition and innovation. The individual essays present the best in specialized current research, yet one can clearly understand the impact of modernism on the broader intellectual and cultural life of the city. I eagerly await as cohesive and thorough an analysis of the subject for New York."—David Sokol, University of Chicago "This is fresh and fascinating research about the ups and downs of modernism in Chicago, a city where art students reportedly once hung Matisse in effigy. Regional studies like this one broaden our understanding of how the art world has worked outside of New York and gives depth to a story we know too narrowly. Applause all the way around."—Wanda M. Corn, Stanford University

EUROPEAN DRAWINGS FROM THE COLLECTION OF THE ACKLAND ART MUSEUM

University of North Carolina at Chapel This handsome catalogue presents 267 European drawings and watercolors dating from the 16th through the early 20th centuries. Color reproductions of 73 of the Ackland's most important Italian, Netherlandish, French, British, and German drawings are accompanied by 194 black-and-white reproductions and 35 supplemental images. Although the Ackland has not previously published its drawings, many of the works are already quite well known, including works by Luca Cambiaso, Pietro da Cortona, Eugène Delacroix, Jean-Honoré Fragonard, William Blake, Guilio Romano, Henry Fuseli, and Egon Shiele. Beginning with an overview of the history of the Ackland's drawings collection, the catalogue examines the most significant works with full-page reproductions and essays that detail the scholarly issues relevant to each drawing, including questions of attribution, date, subject matter, and relationship to other studies or to known projects. In addition, 200 works are presented with thumbnail reproductions and brief commentary.

A MANUAL FOR WRITERS OF RESEARCH PAPERS, THESES, AND DISSERTATIONS, EIGHTH EDITION

CHICAGO STYLE FOR STUDENTS AND RESEARCHERS

University of Chicago Press A little more than seventy-five years ago, Kate L. Turabian drafted a set of guidelines to help students understand how to write, cite, and formally submit research writing. Seven editions and more than nine million copies later, the name Turabian has become synonymous with best practices in research writing and style. Her Manual for Writers continues to be the gold standard for generations of college and graduate students in virtually all academic disciplines. Now in its eighth edition, *A Manual for Writers of Research Papers, Theses, and Dissertations* has been fully revised to meet the needs of today's writers and researchers. The Manual retains its familiar three-part structure, beginning with an overview of the steps in the research and writing process, including formulating questions, reading critically, building arguments, and revising drafts. Part II provides an overview of citation practices with detailed information on the two main scholarly citation styles (notes-bibliography and author-date), an array of source types with contemporary examples, and detailed guidance on citing online resources. The final section treats all matters of editorial style, with advice on punctuation, capitalization, spelling, abbreviations, table formatting, and the use of quotations. Style and citation recommendations have been revised throughout to reflect the sixteenth edition of *The Chicago Manual of Style*. With an appendix on paper format and submission that has been vetted by dissertation officials from across the country and a bibliography with the most up-to-date listing of critical resources available, *A Manual for Writers* remains the essential resource for students and their teachers.
