Epic Fail

Harper Collins Pride and Prejudice goes Hollywood in this winning romantic comedy inspired by Jane Austen's classic. In her teen fiction debut, the author of Knitting Under the Influence goes back to high school for a tale of sisters, misinformation, and star-crossed love. Will Elise's love life be an epic win or an epic fail? At Coral Tree Prep in Los Angeles, who your parents are can make or break you. Case in point: As the son of Hollywood royalty, Derek Edwards is pretty much prince of the school—not that he deigns to acknowledge many of his loyal subjects. As the daughter of the new principal, Elise Benton isn't exactly on everyone's must-sit-next-to-at-lunch list. When Elise's beautiful sister catches the eye of the prince's best friend, Elise gets to spend a lot of time with Derek, making her the envy of every girl on campus. Except she refuses to fall for any of his rare smiles and instead warms up to his enemy, the surprisingly charming social outcast Webster Grant. But in this hilarious tale of fitting in and flirting, not all snubs are undeserved, not all celebrity brats are bratty, and pride and prejudice can get in the way of true love for only so long.

But when she goes to her first workshop, the words are just...gone. Fortunately, Caroline has a solution: Tessa just needs to find some inspiration in a real-life love story of her own. And she's ready with a list of romance novel-inspired steps to a happily ever after. Nico, the brooding artist who looks like he walked out of one of Tessa's stories, is cast as the perfect Prince Charming. But as Tessa checks each item off Caroline's list, she gets further and further away from herself. She risks losing everything she cares about—including the surprising bond she develops with sweet Sam, who lives across the street. She's well on her way to having her own real-life love story, but is it the one she wants, after all?

Smoke and Magic

Patti Larsen Books Banished to Victorian London "Auburdeen Perneila Hayle," Sassafras hissed, the amber glow from his cat eyes growing until the front of the wicker cage shone with it, "you will do whatever you can to behave yourself, to not embarrass me or your mother and to absolutely under every circumstance maintain a firm hand on your horrid temper." My anger simmered. Yes, I had a temper. And yes, it had taken me into situations in the past that perhaps I shouldn't have been part of, situations that usually

devolved into fistfights and incoherent yelling at the offender. He should be grateful I always kept control of myself enough my magic never came into play. Except that one time. But it wasn't my fault. Not really. And the offender recovered. Eventually. Auburdeen Hayle is the sixteen-year-old daughter of the next leader of her coven. When the transition of power becomes tense, Burdie is sent from her home in America to stay with old friends in London to keep her safe. But a handsome young man chooses to hide from the police in her hansom, drawing Burdie into an underground world of magic that challenges even her sense of adventure and puts her at odds with the very people who are meant to protect her.

Interrogating Inequality

Essays on Class Analysis, Socialism, and Marxism

Verso Books This lively new collection from one of America's leading sociologists covers a wide range of theoretical problems of interest to radical social scientists and political activists. The book opens with a fascinating autobiographical essay exploring the challenges and benefits of being a Marxist scholar in the present era. Following this is a discussion of various issues in class analysis, with particular attention being paid to two overarching themes: class and inequality, and the relationship between class and power. The second section of the book engages the problem of socialism as a possible future to capitalism. Wright attempts to clarify the conceptual status of socialism, and discusses why certain reforms such as basic income grants may ultimately require the introduction of some form of socialism for their full realization. Interrogating Inequality concludes by examining the general problem of Marxism as a tradition of radical social theory. Three issues in particular are discussed: the central principles of "analytical Marxism" as a strategy for reconstructing Marxism as a social scientific theory; the relationship between Marxism and feminism as emancipatory social theories; and the prospects for Marxism in the aftermath of the collapse of communist regimes.
