### **GERMAN OPERETTA ON BROADWAY AND IN THE WEST END, 1900-1940**

---

*Cambridge University Press* Academic attention has focused on America's influence on European stage works, and yet dozens of operettas from Austria and Germany were produced on Broadway and in the West End, and their impact on the musical life of the early twentieth century is undeniable. In this ground breaking book, Derek B. Scott examines the cultural transfer of operetta from the German

stage to Britain and the USA and offers a historical and critical survey of these operettas and their music. In the period 1900-1940, over sixty operettas were produced in the West End, and over seventy on Broadway. A study of these stage works is important for the light they shine on a variety of social topics of the period - from modernity and gender relations to new technology and new media - and these are investigated in the individual chapters. This book is also available as Open Access on Cambridge Core.

### **A MEGA MENAGE REVERSE HAREM STEPBROTHER ROMANCE**

---

*My five stepbrothers love playing games...and I'm their favorite toy. When I fly cross-country, I'm expecting my dad to be at the airport to collect me. Instead, I'm faced with five huge stepbrothers who've tripled in size since I last saw them. Jameson, Jessie, and Joshua are triplets with wicked green eyes and bodies made for games. Their younger twin brothers, Kyle and Kameron are even bigger with piercing blue eyes and thighs so thick I practically swoon. They're sexy as sin, but still the same assholes they were when we were kids. All they care about is football and making my life a misery with their practical jokes and snide comments. Then my friend Sara tells me I need to turn the tables. She encourages me to use my feminine powers to distract them from their games. She tells me the rumors she's heard about them, huge things I definitely don't want to know but keep me awake at night, aching. I'm not convinced until I give it a try and see the filthy gleam in their eyes. It's definitely not the way they should be looking at their stepsister! Then I overhear Kyle and Kameron talking. They have a secret that is about to turn this game upside down, but I'm playing to win, whatever the cost. This is a standalone mega menage/reverse harem romance. It involves MMFMMM situations with a very happy ever after ending. Well, there are five men involved! It's part of the Huge Series; standalone romances with lots of HUGE goodness to link them all. ### **MATHEMATICAL CIRCUS**

---

American Mathematical Soc. Martin Gardner's Mathematical Games columns in Scientific American inspired and entertained several generations of mathematicians and scientists. Gardner in his crystal-clear prose illuminated corners of mathematics, especially recreational mathematics, that most people had no idea existed. His playful spirit and inquisitive nature invite the reader into an exploration of beautiful mathematical ideas along with him. These columns were both a revelation and a gift when he wrote them; no one--before Gardner--had written about mathematics like this. They continue to be a marvel. This volume, first published in 1979, contains columns published in the magazine from 1968-1971. This 1992 MAA edition contains a foreword by Donald Knuth and a postscript and extended bibliography added by Gardner for this edition.
