Someone Was Watching

Albert Whitman & Company It's been three miserable months since 13-year-old Chris Barton lost his little sister, Molly. "Missing, presumed drowned" was what the paper said, and surely that is what everyone believes. After all, the Bartons had been picnicking by the river when Molly disappeared. One night, Chris views a video he made the day Molly was lost. There doesn't seem to be anything unusual here: a rest stop, lunch by

the river, a hungry squirrel, a familiar ice cream van. But the video harbors an awful secret. In the middle of the night, Christ Barton wakes from fitful sleep—and begins a journey filled with fear, doubt, and impossible hopes.

The Sociology of Food

Eating and the Place of Food in Society

Bloomsbury Publishing A classic text about the social study of food, this is the first English language edition of Jean-Pierre Poulain's seminal work. Tracing the history of food scholarship, *The Sociology of Food* provides an overview of sociological theory and its relevance to the field of food. Divided into two parts, Poulain begins by exploring the continuities and changes in the modern diet. From the effect of globalization on food production and supply, to evolving cultural responses to food - including cooking and eating practices, the management of consumer anxieties, and concerns over obesity and the medicalization of food - the first part examines how changing food practices have shaped and are shaped by wider social trends. The second part provides an overview of the emergence of food as an academic focus for sociologists and anthropologists. Revealing the obstacles that lay in the way of this new field of study, Poulain shows how the discipline was first established and explains its development over the last forty years. Destined to become a key text for students and scholars, *The Sociology of Food* makes a major contribution to food studies and sociology. This edition features a brand new chapter focusing on the development of food studies in the English-speaking world and a preface, specifically written for the edition.

Drunk Stoned Brilliant Dead The Writers and Artists Who Made the National Lampoon Insanely Great

Abrams From its first issue in April, 1970, the National Lampoon blazed like a comet, defining comedy as we know it today. To create **Drunk Stoned Brilliant Dead**, former Lampoon illustrator Rick Meyerowitz selected the funniest material from the magazine and sought out the survivors of its first electrifying decade to gather their most revealing and outrageous stories. The result is a mind-boggling tour through the early days of an institution whose alumni left their fingerprints all over popular culture: **Animal House**, **Caddyshack**, **Saturday Night Live**, **Ghostbusters**, **SCTV**, **Spinal Tap**, **In Living Color**, **Ren & Stimpy**, **The Simpsons**—even **Sesame Street** counts a few Lampooners among its ranks. Long before there was **The Onion** and **Comedy Central** news shows, there was the **National Lampoon**, setting the bar in comedy impossibly high! A very similar title, differing only in the subtitle, was used for the 2015 documentary film, **Drunk Stoned Brilliant Dead: The Story of the National Lampoon**, for which Rick Meyerowitz designed the poster, as he also did for the 1978 film **National Lampoon's Animal House**.

Run to Win

Lessons in Leadership for Women Changing the World

Penguin “I have long believed that women who dream big, work hard, and get back up after they get knocked down can do anything; Stephanie Schriock is one of those women. I’m so glad her thoughtful guidance is now available for women everywhere.”—Hillary Rodham Clinton “Stephanie Schriock leads the leaders.”—Michelle Lujan Grisham, governor of New Mexico “Run to Win is an antidote to anxiety and a welcome call to action. I encourage every woman (and a few good men) to dive into Run to Win and take your turn at saving the world.”—Stacey Abrams From the president of EMILY’s List, a playbook for women changing the world in politics, business, or any arena, with a foreword from Vice President Elect Kamala Harris. For the past thirty-five years EMILY’s List has helped the campaigns of thousands of pro-choice Democratic women, but the hardest part has always been convincing more women to run. Then Donald Trump was elected, and something shifted into place. American women who were furious and frustrated were looking for a way to channel their outrage into action, united in proclaiming, “If that guy can get elected, why not me?” The day after the 2016 election, dozens of women searched out an old sign-up link buried on the EMILY’s List website. By Thanksgiving, those dozens had grown to a few thousand. And that was only the beginning. By the end of 2018, there were nearly fifty thousand women signed up to run for office, with scores more signing up each day. Run to Win is for all women who are looking to lead. Organized around the steps that EMILY’s List coaches its candidates through (from deciding to run through celebrating victory), this book is full of essential lessons for any woman trying to succeed in a male-dominated field. Their arena is politics but their message is universal. And Stephanie Schriock is the most qualified person to share these lessons. Not only is she a powerful figure in politics but she’s also a woman who commands respect for her astounding success as president of EMILY’s List and a longtime Democratic operative. Her message is uplifting and actionable, her voice is that of your best girlfriend walking you through what you need to consider as you make your plan, and her experience coaching the biggest female candidates in recent elections (including all of the female 2020 Democratic presidential candidates) makes her the de facto authority on the strategies women can employ to run, fight, and win, whatever their field or goal.
