Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. AN ASSESSMENT OF THE MILITARY SURVIVOR BENEFIT PLAN

"The Survivor Benefit Plan (SBP) provides income security for the survivors of U.S. service members who perform in an authorized-duty status--whether active or inactive--and die in the line of duty, as well as for the survivors of retired members enrolled in SBP. This report responds to Congress's request for an assessment of SBP. The assessment includes information about SBP participation and available benefits, how SBP compares with similar plans in public organizations and private companies, and how large a contribution SBP makes to survivors' incomes. Congress also requested that the assessment consider the feasibility and advisability of having SBP provided by commercial sources. Overall, the authors find that SBP is well structured to serve the role of providing survivor benefits to service members and military retirees, and SBP benefits generally compare well to those of public and private plans. Using commercial sources to provide survivor benefits appears feasible; however, the advisability of shifting to commercial sources requires information not currently available about internal and external cost and quality of service under different approaches to outsourcing."--Publisher's description.

CSRS RETIREMENT GUIDE

THE FEDERAL EMPLOYEES' COMPENSATION ACT (FECA)

Nova Science Pub Incorporated The Federal Employees' Compensation Act (FECA) is the workers' compensation program for federal employees. Like all workers' compensation programs, FECA pays disability, survivors, and medical benefits, without fault, to employees who are injured or become ill in the course of their federal employment and the survivors of employees killed on the job. The FECA program is administered by the Department of Labor (DOL) and the costs of benefits are paid by each employees' host agency. Employees of the U.S. Postal Service (USPS) currently comprise the largest group of FECA beneficiaries and are responsible for the largest share of FECA benefits. This book examines the key policy issues facing the FECA today, including the disproportionate share of claims and program costs attributed to postal workers, the payment of FECA benefits after retirement age, the overall generosity of FECA disability benefits as

compared with those offered by the states, and the overall administration of the FECA program.
