From Qumran to the Synagogues Selected Studies on Ancient Judaism [Walter de Gruyter GmbH & Co KG](#) This volume collects papers written during the past two decades that explore various aspects of late Second Temple period Jewish literature and the figurative art of the Late Antique synagogues. Most of the papers have a special emphasis on the reinterpretation of biblical figures in early Judaism or demonstrate how various biblical traditions converged into early Jewish theologies. The structure of the volume reflects the main directions of the author's scholarly interest, examining the Dead Sea Scrolls, the Apocrypha and Pseudepigrapha, and Late Antique synagogues. The book is edited for the interest of scholars of Second Temple Judaism, biblical interpretation, synagogue studies and the effective history of Scripture. Teaching Content Management in Technical and Professional Communication [Routledge](#) This collection offers a comprehensive overview of approaches to teaching the complex subject of content management. The 12 chapters define and explain content management and its accompanying competencies, providing teaching examples in areas including content strategy, topic-based writing, usability studies, and social media. The book covers tasks associated with content management such as analyzing audiences and using information architecture languages including XML and DITA. It highlights the communal aspects of content management, focusing on the work of writing stewardship and project management, and the characteristics of content management in global contexts. It concludes with a look to the future and the forces that shape content management today. The editor situates the collection within a pedagogical exigency, providing sound instructional approaches to teaching content management from a rhetorical perspective. The book is an essential resource for both instructors new to teaching technical and professional communication, and experienced instructors who are interested in upgrading their pedagogies to include content management.

Judaism and Crisis Crisis as a Catalyst in Jewish Cultural History [Vandenhoeck & Ruprecht](#) In their long history, Jews encountered political, social, cultural, and religious crises which threatened not only their very existence but Jewish identity as well. Examples for such crises include the Babylonian Exile, the so-called Hellenistic Religious reforms, the first and second Jewish war, the inquisition, and the Shoah, but also the encounter of modernity or socio-economic developments. Political, cultural, and religious crises did not coin Jewish culture, thought, and religion but forced Jews from the very beginnings of Judaism until today to rethink and shape their Jewish identity anew. This volume asks how Jews coped with events that threatened Jewish existence, culture, and religion and how they responded to them. Each crisis was different in nature and evoked hence different developments in Jewish culture, thought, and religion.
