### **PERSONAL LETTERS FROM AN EXPERIENCED ENGINEER TO STUDENTS AND NEW ENGINEERS**

---

*CRC Press* Written by an experienced engineer, *Practical Career Advice for Engineers: Personal Letters from an Experienced Engineer to Students and New Engineers* is a series of personal conversation-style letters that offers practical career advice to all engineers. It guides them through their entire career from early education, to professional certification, on into the workplace, and eventually to retirement. Important topics such as how to acquire leadership skills, improve communication skills, and develop the business side of engineering, as well as how to find a

good engineering job, are also addressed. The book guides engineers on how to make good career decisions, using precise and systematic processes. It offers inspiration and insight to student engineers and working engineers on how to have successful and satisfying educations and careers. It can also help experienced engineers to more effectively guide and mentor new engineers. It explores the important topics of creativity, ethics, intellectual property, and scientific principles in engineering and at the same time weaves real-world stories, concepts, diagrams, and tips throughout the book in the form of personal letters perfect for quick and easy comprehension. The book targets all engineers working in all disciplines, all industry sectors, and all locations. Engineering students can also learn more about a career in engineering and what they need to do to prepare for it by reading this book. Radovan Zdero, PhD, CEng, MIMechE, has decades of experience as an engineer and a mentor to engineers. His engineering background includes a master's degree in aerodynamics (McMaster University, Canada) and a doctoral degree in biomechanics (Queen's University, Canada). He is a Chartered Engineer, a Member of the Institution of Mechanical Engineers, and a Professor in the Division of Orthopaedic Surgery and the Department of Mechanical and Materials Engineering (Western University, Canada). He has published many scholarly research articles in peer-reviewed engineering, science, and medical journals. He is also the editor of the engineering textbook *Experimental Methods in Orthopaedic Biomechanics*. Contact the author: [dr.zdero@hotmail.com](mailto:dr.zdero@hotmail.com)

## **ACADEMIC PIPELINE PROGRAMS**

---

---

### **DIVERSIFYING PATHWAYS FROM THE BACHELOR'S TO THE PROFESSORIATE**

---

*University of Michigan Press* Academic pipeline programs are critical to effectively support the steady increase of diverse students entering the academy. **Academic Pipeline Programs: Diversifying Bachelor's to the Professoriate** describes best practices of successful academic government and privately funded pre-collegiate, collegiate, graduate, and postdoctoral/faculty development pipeline programs. The authors explore 21 hallmark academic pipeline programs using their THRIVE index: Type, History, Research, Inclusion, Identity, Voice, and Expectation. The final chapter of the book offers information for using and starting similar programs. The appendix offers an interactive Geographic Information System (GIS) mapped database of programs using the THRIVE index. This book will equip parents, high school counselors, college advisors, faculty, department chairs, and higher education administrators to identify academic pipeline programs that fit their needs. Readers will also learn about how academic pipeline programs are situated within an institutional or organizational change model.

### **THE PROFESSOR IS IN**

---

---

### **THE ESSENTIAL GUIDE TO TURNING YOUR PH.D. INTO A JOB**

---

*Crown* The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an

important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site *The Professor is In*, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish - Writing a foolproof grant application -Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap -Making the leap to nonacademic work, when the time is right *The Professor Is In* addresses all of these issues, and many more.
