iPad for Photographers

Master the Newest Tool in your Camera Bag

Pearson Education Apple's latest iPad tablet has been an incredible success and generated a lot of interest from photographers soon after it was released. Instead of hauling a laptop along on vacation or to a photo shoot, a photographer can bring the lightweight iPad and take advantage of its large screen, third-party software, and online access. The iPad is great for reviewing photos on-site using something other than a camera's small LCD, editing photos, presenting a photographer's portfolio, and more. This fully updated 2nd edition of the iPad for Photographers will help novice, intermediate, and pro shooters to:

- Get photos onto the iPad. Import using the camera connection kit.
- Take photos with the iPad.
- Back up photos. Copying photos from memory cards; using iCloud Photo
- Stream as online backup; uploading files to Dropbox; and so on.
- Organize your photos.
- Rate photos and assign tags in the field--instead of waiting until you get home!
- Edit photos on the iPad.
- Share photos with others: iCloud Photo Stream, play on an Apple TV, and more.
- Create your portfolio. Use portfolio software to give impressive presentations to prospective clients. Great for wedding photographers meeting people face to face, for example.
- Video. Edit clips in iMovie, create slideshows, rough cuts, and more. In addition, photographers will learn other clever uses for their iPad, such as triggering the shutter using an iPad; using the screen as a fill flash; storing PDFs of camera manuals, books, etc.; and much more!
