## **EBOOK: E-LEARNING GROUPS AND COMMUNITIES**

---

**McGraw-Hill Education (UK)** How can we design networked e-learning courses to ensure students participate in them and engage in quality learning outcomes? What happens in an e-learning course that is designed to foster group work and a sense of 'community'? How can we research e-learning practice in ways that will enhance the processes of learning and teaching? This book outlines approaches to networked e-learning course design that are underpinned by a belief that students learn best in these contexts when they are organised in groups and communities. As such, the book is one of the first to provide a detailed analysis of what goes on in e-learning groups and communities. But how do students react to working in e-learning groups and communities? What determines their willingness to adopt new forms of learning in order to participate in these new courses? What actually happens in an e-learning community, and what impact does this have on students and tutors? This book examines these key questions through a variety of research approaches aimed at exploring the experience of e-learners as they participate in successful e-groups and communities. It also offers ways in which learning outcomes may be achieved in these communities and outlines the specific skills that students would develop through e-learning. E-learning Groups and Communities is essential reading for teachers, trainers, managers, researchers and students involved in e-learning courses as well as people interested in improving the quality of the learning experience.

**Penguin** "One of my favorite authors."—Colleen Hoover An insightful, delightful, instant #1 New York Times bestseller from the author of Beach Read and People We Meet on Vacation. Named a Most Anticipated Book of 2022 by Oprah Daily • Today • Parade • Marie Claire • Bustle • PopSugar • Katie Couric Media • Book Bub • SheReads • Medium • The Washington Post • and more! One summer. Two rivals. A plot twist they didn't see coming... Nora Stephens' life is books—she's read them all—and she is not that type of heroine. Not the plucky one, not the laidback dream girl, and especially not the sweetheart. In fact, the only people Nora is a heroine

for are her clients, for whom she lands enormous deals as a cutthroat literary agent, and her beloved little sister Libby. Which is why she agrees to go to Sunshine Falls, North Carolina for the month of August when Libby begs her for a sisters' trip away—with visions of a small town transformation for Nora, who she's convinced needs to become the heroine in her own story. But instead of picnics in meadows, or run-ins with a handsome country doctor or bulging-forearmed bartender, Nora keeps bumping into Charlie Lastra, a bookish brooding editor from back in the city. It would be a meet-cute if not for the fact that they've met many times and it's never been cute. If Nora knows she's not an ideal heroine, Charlie knows he's nobody's hero, but as they are thrown together again and again—in a series of coincidences no editor worth their salt would allow—what they discover might just unravel the carefully crafted stories they've written about themselves.
