---

A study on urban risk and resettlement programs in the Global South in the era of climate change. Environmental changes impact everyone, but the burden is especially heavy upon the lives and livelihoods of the urban poor and those living in informal settlements. In an effort to reduce urban residents' exposure to climate change and natural disasters, resettlement programs are becoming widespread across the Global South. Yet, while resettlement may reduce a region's future climate-related disaster risk, it can also often increase poverty and vulnerability. This volume collates the findings from a research project that examined urban areas across the globe, including case studies from India, Uganda, Peru, Colombia, Mexico, Cambodia, and the Philippines. The book offers a unique approach to resettlement, providing an opportunity for urban planners to re-think how disaster risk management can better address the accumulation of urban risks in the era of climate change.

### **THE CONCISE SANSKRIT-ENGLISH DICTIONARY**

---

Motilal Banarsidass The present Dictionary is designed to meet the long-felt need of the English-knowing reader who is interested in the study of classical as well as modern Sanskrit. It covers a very large field-Epics such as the Ramayana and Mahabharata, Puranas and Upapuranas, Smrti and Niti literature, Darshanas or Systems of Philosophy, such as Nyaya, Vedanta, Mimamsa, Sankhya and Yoga, Grammar, Rhetoric, Poetry in all its branches, Dramatic and Narrative Literature, Mathematics, Medicine, Botany, Astronomy, Music and other technical or scientific branches of learning. Thus, it embraces all words occurring in the general post-Vedic literature. It includes most of the important terms in Grammar. It gives quotations and references to the peculiar and remarkable meanings of words, especially such as occur in books prescribed for study in the Indian and foreign universities. It also renders an explanation of important technical terms occurring in different branches of Sanskrit learning. To add to its usefulness the work includes three appendices. There are in existence no doubt excellent Sanskrit-English dictionaries compiled by eminent scholars like Monier Williams, H.H. Wilson, V. S. Apte and L. R. Vaidya, but their bulkiness and cost prohibit a large number of users from enjoying an advantage so necessary in their study of Sanskrit. There is, therefore, a crying need for one which supplies everything required by an average reader and which is at the same time characterized by brevity and cheapness. The present compilation is intended to serve this purpose. The author in this handy work has kept out Sanskrit words that are less commonly used and has tried to avoid all technicalities as well as words that can easily be seen as simple derivatives of some given words. Thus he has been able to reduce the bulk of the dictionary without

compromising its usefulness.

Pushkin Press A vibrant fable of marriage, caste and social convention from a major Indian writer Kali and Ponna are perfectly content in their marriage, aside from one thing, they are unable to conceive. As their childlessness begins to attract local gossip and family disapproval, they try everything from prayers to potions, but none of the offerings or rituals helps. Increasingly unhappy and desperate, they consider a more drastic plan: the annual chariot festival, a celebration of the half-male, half-female god Maadhorubaagan. For one night, the rules of marriage are relaxed, and consensual sex between unmarried men and women is overlooked, for all men are considered gods. But rather than bring them together, this scheme threatens to drive the couple apart. Selling over 100,000 copies in India, where it was published first in the original Tamil and then in this celebrated English translation, One Part Woman has become a cult phenomenon in the subcontinent, jump-starting conversations about caste and female empowerment. Tender, deeply poignant, and biting critical, One Part Woman is a powerful exploration of a loving marriage under strain. Perumal Murugan is an Indian author and professor of Tamil literature. He has written six novels and four collections each of short stories and poetry.
