FIAT 131 ABARTH

Veloce Publishing Ltd When Fiat entered rallying in 1970, its ultimate aim was to become World Rally Champion and the 131 Abarth of 1976-1980 provided the machinery to make that possible. It started winning World rallies within months of being launched, and in 1977, 1978 and 1980 the 'works' team also won the World Championship for Makes, and set every standard by which Rally Giants were to be judged. Was there ever any doubt that successors like the Lancia Rally 037 and the Delta Integrale would eventually come from the same stable?

THE PININFARINA BOOK

Te Neues Publishing Company What is innovation? The dictionary defines it as "renewal through the use of new processes and technologies." In advertising, everything is an innovation. But what is truly

innovative? Since 1930, the Pininfarina design firm of Turin, Italy, has been answering that question. This is where the Cistalia 202 was developed, the first vehicle to be added to MoMA's permanent collection. The list goes on: the interior of the new stadium for Juventus Turin, the Nash Healey Spider seen in Billy Wilder's *Sabrina*, and the legendary Ferrari Dino 246 and Ferrari Testarossa. However, Pininfarina is not resting on its laurels, but blasting full speed ahead into the future with an expanded portfolio while honoring its heritage. Whether it's a solution for sustainable mobility, interior designs, or household gadgets, all Pininfarina projects bear an unmistakable signature. To visually celebrate the history and influence of Pininfarina, there is no one better suited than a man who has made his own unmistakable mark on automotive photography. Gunther Raupp has spent 30 years photographing cars for Ferrari's official calendars, which enjoy a cult following among the experts. He has two successful books with teNeues, the most recent being *The Ferrari Book*. As a star photographer and connoisseur of industrial design, Raupp showcases a company that embodies true Italianità.

TOM TJAARDA

MASTER OF PROPORTIONS

A comprehensive, richly illustrated appraisal of the life of this automotive design giant. Few automotive designers have as impressive a resume as Tom Tjaarda. Among automotive enthusiasts, his name is synonymous with the De Tomaso, Ferrari, Fiat, Ford, Innocenti, and Lancia marques, but he also is responsible for the successful workaday Ford Fiesta. Raised in Detroit when the American Dream was beating out its rock 'n' roll rhythm, Tjaarda moved to Europe, where he had a ringside seat at the heart of automotive styling activities in the Mecca of vehicle design, Turin, in its heyday. The lessons he learned there helped make him one of the most influential and important designers of the second half of the twentieth century. *Tom Tjaarda: Master of Proportions* is a comprehensive, richly illustrated appraisal of the life of this design giant, featuring all his designs, both automotive and in other fields.
