Brothers Law & Greed

Xlibris Corporation Thaddeus Jaxxon Muizarajs, nicknamed TJ, and Dorian Jaxxon Muizarajs, nicknamed Cotton, two brothers who were children of immigrants from Latvia, both grew up and went to school in the Miami, Florida area. Neither felt that the locals, in the area, were accepting them as an integrated part of Miami society or culture. Their father, who had a difficult time obtaining decent work, always emphasized, to his sons, that in order to get ahead, in a culture that was hostile to their ethnicity, that a modest amount of pilfering from the wealthy and embellishments about their backgrounds and financials, were appropriate. Those would enhance their chances of increasing their income and improve their way of life. The brother's parents were both killed in an automobile accident when the brothers were in high school. So, with a couple of small socialistic scholarships and the proceeds of the legal settlement they received from the death of their parents, both brothers decided to attend law school. After the graduation of the youngest brother, Cotton, the brothers decided to leave the Miami area and start their legal practice together, in a more accepting location in the Fort Myers, Florida, area where their ethnicity was deemed a better fit than on the East coast of Florida. They even changed their last names to Murry to better become assimilated into the area's society. However, both brothers had little money. TJ, who was three years older than Cotton, had a different view on how to start and grow their law practice to become well known and increase their wealth. However, one thing they both recalled was their father's advice as to what was acceptable to assist in becoming successful and accumulate wealth. Therefore, the brother's, through several local businessmen they befriended, acquired the necessary funds to open their own law firm through providing fraudulent financial statements to obtain a large bank loan. The banker who granted the loan was aware of the brother's fraudulent financials, as well as other fraudulent financials provided periodically to the bank. Through an implied threat of revealing the brothers false financials to the authorities, the banker obtained the brother's understanding to become involved with a group of professional community leaders, in a web of deceit, fraudulent real estate loans, and other white collar criminal activities. TJ attempted to extradite himself from the criminal activity, but realized he had become too involved and was unable to get out. *BROTHERS GREED & THE LAW*, takes the reader through a journey that the brothers experienced involving multiple dishonest brokers, bankers, FBI agents and lawyers. Their fraudulent schemes involved the embezzlement of millions of dollars from innocent investors during the early days of the real estate boom in Florida in the 1980's and 1990's. Through an intriguing misunderstanding by the mastermind of these illegal schemes, and the inquisitiveness of several nonparticipants in the schemes, several innocent persons were murdered thinking that their deaths would keep the schemes from being discovered. A turn in events, by several of the perpetrators, and other unrelated parties to the schemes, causes the illegal activities to be revealed to the authorities. How the brothers extracted themselves from the legal consequences of the long time criminal enterprise was a turn in events that none of the participants, or the informers of the criminal enterprise, could have expected.

Charles Burnett

Interviews

*Univ. Press of Mississippi Charles Burnett (b. 1944) is a groundbreaking African American filmmaker and one of this country's finest directors, yet he remains largely unknown. His films, most notably *Killer of Sheep* (1977) and *To Sleep with Anger* (1990), are considered classics, yet few filmgoers have seen them or heard of Burnett. The interviews in this volume explore this paradox and collectively shed light on the work of a rare film master whose stories bring to the screen the texture and poetry of life in the black community. The best qualities of Burnett's films—rich characterizations, morally and emotionally complex narratives, and intricately observed tales of African American life—are precisely the things that make his films a tough sell in the mass marketplace. As many of the interviews reveal, Hollywood has been largely inept in responding to this marketing challenge. "It takes an extraordinary effort to keep going," Burnett told Terrence Rafferty in 2001, "when everybody's saying to you, 'No one wants to see that kind of movie,' or 'There's no black audience.'" All the interviews selected for this volume (spanning more than three decades of Burnett's directorial career including his recent work) examine, in various degrees, Burnett's status as a true independent filmmaker and explore his motivation for making films that chronicle the black experience in America.*

The Greatest Works of Dostoevsky: Crime and Punishment + The Brother's Karamazov + The Idiot + Notes from Underground + The Gambler + Demons (The Possessed / The Devils)

e-artnow This carefully crafted ebook: "The Greatest Works of Dostoevsky: Crime and Punishment + The Brother's Karamazov + The Idiot + Notes from Underground + The Gambler + Demons (The Possessed / The Devils)" contains 6 books in one volume and is formatted for your eReader with a functional and detailed table of contents. Table of Contents: Crime and Punishment The Brother's Karamazov The Idiot Notes from Underground The Gambler Demons (The Possessed / The Devil Fyodor Dostoevsky (1821-1881) was a Russian novelist and short-story writer. His writing is steeped in deep psychology and the exploration of human nature, while it also accurately depicts the Russian reality of his times. Dostoyevsky is usually regarded as one of the finest novelists who ever lived. In his time he was also renowned for his activity as a journalist. Each of Dostoevsky's works is famous for its psychological profundity, and, indeed, Dostoyevsky is commonly regarded as one of the greatest psychologists in the history of literature. He specialized in the analysis of pathological states of mind that lead to insanity, murder, and suicide and in the exploration of the emotions of humiliation, self-destruction, tyrannical domination, and murderous rage. These major works are also renowned as great "novels of ideas" that treat timeless and timely issues in philosophy and politics. Psychology and philosophy are closely linked in Dostoyevsky's portrayals of intellectuals, who "feel ideas" in the depths of their souls.
