The entire matter in the book is given in a logical sequence so as to develop and strengthen the concepts of the students. **Endangered Scholastic Inc.** From National Book Award Finalist Eliot Schrefler comes the compelling tale of a girl who must save a group of bonobos -- and herself -- from a violent coup. Congo is a dangerous place, even for people who are trying to do good. When Sophie has to visit her mother at her sanctuary for bonobos, she's not thrilled to be there. Then Otto, an infant bonobo, comes into her life, and for the first time she feels responsible for another creature. But peace does not last long for Sophie and Otto. When an armed revolution breaks out in the country, the sanctuary is attacked, and the two of them must escape unprepared into the jungle. Caught in the crosshairs of a lethal conflict, they must struggle to keep safe, to eat, and to live. In ENDANGERED, Eliot Schrefler plunges us into a heart-stopping exploration of the things we do to survive, the sacrifices we make to help others, and the tangled geography that ties us all, human and animal, together. **I.C.S.E. Economics for Class IX I.C.S.E. Economics Goyal Brothers Prakashan History & Civics Frank Brothers The Laghukatha A Historical and Literary Analysis of a Modern Hindi Prose Genre Walter de Gruyter** The book presented here is the first work of Western literary criticism to examine the Hindi laghukathā - a modern Indian prose genre that has been published since the 1970s in Hindi newspapers and magazines and is characterised by its concise form (500 words on average) and socio-political agenda. The importance of the genre within the Hindi literary scene lies in the fact that the laghukathā is based on indigenous genres which have been modernised, whereas the Hindi short story and the novel are Western genres that have been appropriated and Indianised. A thorough investigation of around 280 primary texts accompanied by an evaluation of the relevant Hindi criticism gives a comprehensive literary analysis of this genre and its historical development. This allows, in conclusion, to delineate an "ideal type" of laghukathā, suggesting a range of compulsory, desirable and optional features. English translations of almost 50 representative Hindi texts complete the picture and thus provide an insight into this genre so far unknown to a Western audience. **Murkha Bara Samajik Nay Ananda Publishers Pvt. Ltd. Comprehensive Practical Chemistry XII Laxmi Publications The Megha-Duta (Cloud Messenger) Sample Question Papers for ISC Humanities Stream : Class 12 Semester I Exam 2021 Oswal Publishers Science For Ninth Class Part 2 Chemistry S. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the

preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. **Mansarovar - Part I Short stories by premchand** *Diamond Pocket Books Pvt Ltd* As a story-writer Premchand had become a legend in his own lifetime. The firmament of Premchand's stories is vast. In view of variety of topics, he, as though, had encompassed the entire sky of humane world into his fold. Each of Premchandji's stories unravels many sides of human mind, many streaks of man's conscience, the evils in some societal practices and heterogeneous angles of economic tortures. All this is done with complete artistry. His stories stir the readers' mind even today by means of their variegated layers of thoughts and feelings. They are all the heralds of human glories coming from the pen of a time-tested author. The very intrinsic nature of his stories, their external formats unfold their entire uniqueness and appeal to the reader's mind. Owing to such special features Premchandji's stories are still relevant today, as much as they were five decades ago. The chief themes of his stories are rooted to the rural life with city social life appearing as the contrast to illustrate the complete picture of contemporary Indian life. The stories of Munshi Premchand, fighting on behalf of the downtrodden of the society, who are suffering from the social and economic agonies, are the strongest assets of our literature. **Three Women** *Penguin UK* Ignored by her well-meaning husband, Charulata falls in love with a high-spirited young cousin in *The Broken Nest* (Nashtaneer, 1901). Sharmila, in *Two Sisters* (Dui Bon, 1933) witnesses her husband sink her fortunes and his passion into his business – and her sister. And the invalid Neeraja finds her life slowly ebbing away as a new love awakens for her beloved husband in *The Arbour* (Malancha, 1934). Romantic, subtle and nuanced, Rabindranath Tagore's novellas are about the undercurrents in relationships, the mysteries of love, the ties and bonds of marriage, and above all about the dreams and desires of women. **Bharata Sindhu Rashmi** Poem on Indian civilization, with reference to the coalescence of Aryan and Dravidian traditions. **Jules Verne Omnibus (Translated and Illustrated)** Jules Verne has been acknowledged --for 150 years-- as one of the founders of the science fiction story telling genre; but, curiously enough, over a century ago readers knew him as the most popular writer of a kind of literature cataloged under the name of Travel Novel; the purpose of those who cultivated the genre was as much to teach as to entertain. However, Jules Verne went beyond the Travel Novel and became the most accredited representative of the Scientific Novel, which he further developed into the Science Fiction Novel. It would be pointless to ask Jules Verne if he brought science into the context of the novel or simply introduced the novel in the field of science; his enthusiasm led him from one genre to the other and his creativity, his fertility, did the rest. Jules Verne was the first, at least in France, to use the marvelous scientist as main character; an element of his story-telling that especially established his enormous success. *Five Weeks in a Balloon* launched Jules Verne in 1863 into a famous and well-respected career, writing prescient literature loved worldwide. This journey of discovery in Africa by three Englishmen --Doctor Ferguson, his friend Kennedy and his valet Joe-- who undertake the crossing of the African Continent in a balloon. The reader learns the geography of Africa and the history of its main explorers and follows, along the way, a course of aerostation. *Journey to the Center of the Earth* is Jules Verne's most popular work --a tale of adventures inside planet Earth, written in 1864. The novel deals with the discovery of an ancient runic manuscript by a German scholar who, with his nephew and a guide, undertakes a journey to the center of the earth by entering through an extinct Icelandic volcano, the Snæfellsjökull; it is a clever mix of scientific data, daring extrapolations and adventures very representative of what Verne later published. Professor Lidenbrock is bigger than life with his unlimited devotion to science and his ethics, but also by his ridiculous antics. The novel is not just an imaginary trip toward the Earth's core; it is also a journey in paleontology that takes the reader through the various epochs of our planet's formation. The possibility of a subterranean sea similar to the Lidenbrock Sea has been for a long time refuted by geological scientists; however, in 2016, researchers from Florida State University and the University of Edinburgh estimated that water existed far deeper in the Earth than previously thought. Although the exact amount of water is unknown, researchers believe it could account for as much as 1.5 percent of the weight of the planet --the same amount of water as all the world's oceans put together. I don't know if this body of water has yet been given a name; but may I suggest Lidenbrock Sea. *Around the World in 80 Days* is Jules Verne's masterpiece: The first three chapters alone would make a fine short story. The book is an absolute joy to read, beautifully written with thrilling adventures, brief historical background notes concerning a given place and time, subtle humor and --Romance. Jean Passepartout, a young Frenchman, muscular and of herculean strength, has practiced such disparate trades as street singer, circus acrobat, gymnastics teacher, and fireman sergeant in Paris; but he is tired of that existence. After leaving behind the Jack-of-all-trade lifestyle of his youth, we find him in London, trying out the more peaceful trade of valet. Passepartout is delighted to find Phileas Fogg, the perfect sedentary English gentleman. He gladly foresees a future of pure blissful quietude as valet in the house on Saville Row; but his dream of blissful tranquility is cut short, for the very day he is hired, Phileas Fogg, contrary to his calm, collected, sedentary nature, decides to take up the challenge of traveling around the world in eighty days! And right there and then, our young Frenchman is embarked on a race against time around the planet. Enjoy! **Comprehensive Chemistry Inviting Life**

**Channaveera Kanavi's Poetry** 'Inviting Life', This Expression, As Used Specifically Here, Would Mean That The Poet Participates Actively In The Process Of Living By 'Inviting' Experience. This English Version Of Kanavi's Poems Cannot Claim To Capture His Poetry In All Its Richness And Complexity. But It Is Meant Certainly To Give Some Ideas To Those Without Access To Kannada Of What Kanavi And His Poetry All About! They May, Of Course, Be Read As Original English Pieces, And Even In That Case, The Editor Fondly Hopes That They May Give The Reader Some Pleasure, A Pleasure Not Produced By Kanavi's Kannada Poems But By English Version Of His Poems! **Kamayani** Jaishankar Prasad's epic poem *Kamayani* (1936) is a feast for intellectuals. It operates at three different levels: the gross or mythological, the emotional and the spiritual. Prasad infused the vision of a rishi, a sage, into this work. The reader experiences poetic currents of human emotions - anxiety, hope, desire, love, shyness, sorrow, conflict - and finally emerges at an elevated level of consciousness.
