## **GENGHIS KHAN AND THE MAKING OF THE MODERN WORLD**

---

**Crown New York Times Bestseller • The startling true history of how one extraordinary man from a remote corner of the world created an empire that led the world into the modern age. The Mongol army led by Genghis Khan subjugated more lands and people in twenty-five years than the Romans did in four hundred. In nearly every country the Mongols conquered, they brought an unprecedented rise in cultural communication, expanded trade, and a blossoming of civilization. Vastly more progressive than his European or Asian counterparts, Genghis Khan abolished torture, granted universal religious freedom, and smashed feudal systems of aristocratic privilege. From the story of his rise through the tribal culture to the explosion of civilization that the Mongol Empire unleashed, this brilliant work of revisionist history is nothing less than the epic story of**

how the modern world was made.

### **HOW THE WORLD'S GREATEST CONQUEROR GAVE US RELIGIOUS FREEDOM**

---

Penguin A landmark biography by the New York Times bestselling author of Genghis Khan and the Making of the Modern World that reveals how Genghis harnessed the power of religion to rule the largest empire the world has ever known. Throughout history the world's greatest conquerors have made their mark not just on the battlefield, but in the societies they have transformed. Genghis Khan conquered by arms and bravery, but he ruled by commerce and religion. He created the world's greatest trading network and drastically lowered taxes for merchants, but he knew that if his empire was going to last, he would need something stronger and more binding than trade. He needed religion. And so, unlike the Christian, Taoist and Muslim conquerors who came before him, he gave his subjects freedom of religion. Genghis lived in the 13th century, but he struggled with many of the same problems we face today: How should one balance religious freedom with the need to reign in fanatics? Can one compel rival religions - driven by deep seated hatred--to live together in peace? A celebrated anthropologist whose bestselling Genghis Khan and the Making of the Modern World radically transformed our understanding of the Mongols and their legacy, Jack Weatherford has spent eighteen years exploring areas of Mongolia closed until the fall of the Soviet Union and researching The Secret History of the Mongols, an astonishing document written in code that was only recently discovered. He pored through archives and found groundbreaking evidence of Genghis's influence on the founding fathers and his essential impact on Thomas Jefferson. Genghis Khan and the Quest for God is a masterpiece of erudition and insight, his most personal and resonant work.

---

### **HIS CONQUESTS, HIS EMPIRE, HIS LEGACY**

---

Da Capo Press Mongol leader Genghis Khan was by far the greatest conqueror the world has ever known. His empire stretched from the Pacific Ocean to central Europe, including all of China, the Middle East, and Russia. So how did an illiterate nomad rise to such colossal power and subdue most of the known world, eclipsing Alexander the Great, Julius Caesar, and Napoleon? Credited by some with paving the way for the Renaissance, condemned by others for being the most heinous murderer in history, who was Genghis Khan? His actual name was Temujin, and the story of his success is that of the Mongol people: a loose collection of fractious tribes who tended livestock, considered bathing taboo, and possessed an unparalleled genius for horseback warfare. United under Genghis, a strategist of astonishing cunning and versatility, they could dominate any sedentary society they chose. Combining fast-paced accounts of battles with rich cultural background and the latest scholarship, Frank McLynn brings vividly to life the strange world of the Mongols, describes Temujin's rise from boyhood outcast to becoming Genghis Khan, and provides the most accurate and absorbing account yet of one of the most powerful men ever to have lived.

### **THE HISTORY OF MONEY**

---

Currency "If you're interested in the revolutionary transformation of the meaning and use of money, this is the book to read!"—Charles R. Schwab Cultural anthropologist Jack Weatherford traces our relationship with money, from primitive man's cowrie shells to the electronic cash card, from the markets of Timbuktu to the New York Stock Exchange. The History of Money explores how money and the myriad forms of exchange have affected humanity, and how they will continue to shape all aspects of our lives—economic, political, and personal. "A fascinating book about the force that makes the world go round—the dollars, pounds, francs, marks, bahts, ringits, kwansas, levs, biplwelles, yuans, quetzales, pa'angas, ngultrums, ouguiyas, and other 200-odd brand names that collectively make up the mysterious thing we call money."—Los Angeles Times

### **GENGHIS KHAN, HIS HEIRS AND THE FOUNDING OF MODERN CHINA**

---

Random House Genghis Khan is one of history's immortals: a leader of genius, driven by an inspiring vision for peaceful world rule. Believing he was divinely protected, Genghis united warring clans to create a nation and then an empire that ran across much of Asia. Under his grandson, Kublai Khan, the vision evolved into a more complex religious ideology, justifying further expansion. Kublai doubled the empire's size until, in the late 13th century, he and the rest of Genghis's 'Golden Family' controlled one fifth of the inhabited world. Along the way, he conquered all China, gave the nation the borders it has today, and then, finally, discovered the limits to growth. Genghis's dream of world rule turned out to be a fantasy. And yet, in terms of the sheer scale of the conquests, never has a vision and the character of one man had such an effect on the world. Charting the evolution of this vision, John Man provides a unique account of the Mongol Empire, from young Genghis to old Kublai, from a rejected teenager to the world's most powerful emperor.

---

### **KUBLAI KHAN**

---

Random House In Xanadu did Kubla Khan A stately pleasure dome decree  
 Kublai Khan lives on in the popular imagination thanks to these two lines of poetry by Coleridge. But the true story behind this legend is even more fantastic than the poem would have us believe. He inherited the second largest land empire in history from his grandfather, Genghis Khan. He promptly set about extending this into the biggest empire the world has ever seen, extending his rule from China to Iraq, from Siberia to Afghanistan. His personal domain covered sixty-percent of all Asia, and one-fifth of the world's land area. The West first learnt of this great Khan through the reports of Marco Polo. Kublai had not been born to rule, but had clawed his way to leadership, achieving power only in his 40s. He had inherited Genghis Khan's great dream of world domination. But unlike his grandfather he saw China and not Mongolia as the key to controlling power and turned Genghis' unwieldy empire into a federation. Using China's great wealth, coupled with his shrewd and subtle government, he created an empire that was the greatest since the fall of Rome, and shaped the modern world as we know it today. He gave China its modern-day borders and his legacy is that country's resurgence, and the superpower China of tomorrow.

---

## **THE RISE AND FALL OF THE SECOND LARGEST EMPIRE IN HISTORY**

---

### **HOW GENGHIS KHAN'S MONGOLS ALMOST CONQUERED THE WORLD**

---

Fair Winds Press Emerging out of the vast steppe grasslands of Central Asia in the early 1200s, the Mongols, under their ferocious leader, Genghis Khan, quickly carved out an empire that by the late thirteenth century covered almost one-sixth of the Earth's landmass—from Eastern Europe to the eastern shore of Asia—and encompassed 110 million people. Far larger than the much more famous domains of Alexander the Great and ancient Rome, it has since been surpassed in overall size and reach only by the British Empire. *The Rise and Fall of the Second Largest Empire in the World* recounts the spectacularly rapid expansion and dramatic decline of the Mongol realm, while examining its real, widespread, and enduring influence on countless communities from the Danube River to the Pacific Ocean.

---

## **MODERN MONGOLIA**

---

### **FROM KHANS TO COMMISSARS TO CAPITALISTS**

---

Univ of California Press Land-locked between its giant neighbors, Russia and China, Mongolia was the first Asian country to adopt communism and the first to abandon it. When the Soviet Union collapsed in the early 1990s, Mongolia turned to international financial agencies—including the International Monetary Fund, the World Bank, and the Asian Development Bank—for help in compensating for the economic changes caused by disruptions in the communist world. *Modern Mongolia* is the best-informed and most thorough account to date of the political economy of Mongolia during the past decade. In it, Morris Rossabi explores the effects of the withdrawal of Soviet assistance, the role of international financial agencies in supporting a pure market economy, and the ways that new policies have led to greater political freedom but also to unemployment, poverty, increasingly inequitable distribution of income, and deterioration in the education, health, and well-being of Mongolian society. Rossabi demonstrates that the agencies providing grants and loans insisted on Mongolia's adherence to a set of policies that did not generally take into account the country's unique heritage and society. Though the sale of state assets, minimalist government, liberalization of trade and prices, a balanced budget, and austerity were supposed to yield marked economic growth, Mongolia—the world's fifth-largest per capita recipient of foreign aid—did not recover as expected. As he details this painful transition from a collective to a capitalist economy, Rossabi also analyzes the cultural effects of the sudden opening of Mongolia to democracy. He looks at the broader implications of Mongolia's international situation and considers its future, particularly in relation to China.

## INDIAN GIVERS

---

---

### HOW THE INDIANS OF THE AMERICAS TRANSFORMED THE WORLD

---

Ballantine Books "As entertaining as it is thoughtful....Few contemporary writers have Weatherford's talent for making the deep sweep of history seem vital and immediate." --Washington Post After 500 years, the world's huge debt to the wisdom of the Indians of the Americas has finally been explored in all its vivid drama by anthropologist Jack Weatherford. He traces the crucial contributions made by the Indians to our federal system of government, our democratic institutions, modern medicine, agriculture, architecture, and ecology, and in this astonishing, ground-breaking book takes a giant step toward recovering a true American history.

---

## WOMEN AND THE MAKING OF THE MONGOL EMPIRE

---

Cambridge University Press How did women contribute to the rise of the Mongol Empire while Mongol men were conquering Eurasia? This book positions women in their rightful place in the otherwise well-known story of Chinggis Khan (commonly known as Genghis Khan) and his conquests and empire. Examining the best known women of Mongol society, such as Chinggis Khan's mother, Hö'elün, and senior wife, Börte, as well as those who were less famous but equally influential, including his daughters and his conquered wives, we see the systematic and essential participation of women in empire, politics and war. Anne F. Broadbridge also proposes a new vision of Chinggis Khan's well-known atomized army by situating his daughters and their husbands at the heart of his army reforms, looks at women's key roles in Mongol politics and succession, and charts the ways the descendants of Chinggis Khan's daughters dominated the Khanates that emerged after the breakup of the Empire in the 1260s.

---

## SAVAGES AND CIVILIZATION

---

---

### WHO WILL SURVIVE?

---

Ballantine Books In Indian Givers and Native Roots, renowned anthropologist Jack Weatherford opened the eyes of tens of thousands of readers to the clash between Native American and European cultures. Now, in his brilliant new book, Weatherford broadens his focus to examine how civilization threatens to obliterate unique tribal and ethnic cultures around the world -- and in the process imperils its own existence. As Weatherford

explains, the relationship between "civilized" and "savage" peoples through history has encompassed not only violence, but also a surprising degree of cooperation, mutual influence, trade, and intermarriage. But this relationship has now entered a critical stage everywhere in the world, as indigenous peoples fiercely resist the onslaught of a global civilization that will obliterate their identities. *Savages and Civilization* powerfully demonstrates that our survival as a species is based not on a choice between savages and civilization, but rather on a commitment to their vital coexistence.

---

## **GENGHIS KHAN AND MONGOL RULE**

---

Hackett Publishing Spawning an empire ranging from Persia to China, Genghis Khan united a nomadic warrior culture that had lived with their agrarian neighbors through controlled and limited extortion. This accessible book provides an introduction to the history and culture of the Steppe people from which Genghis Khan emerged, and chronicles the events that led to his being named the Great Khan. Also included are sixteen biographical sketches, a wealth of annotated primary documents, five maps, an annotated timeline, a glossary, an annotated bibliography and several illustrations.

### **MAKING MONGOL HISTORY**

---

---

## **RASHID AL-DIN AND THE JAMIE AL-TAWARIKH**

---

Edinburgh University Press This book examines the life and work of Rashid al-Din Tabib (d. 1318), the most powerful statesman working for the Mongol Ilkhans in the Middle East. It begins with an overview of administrative history and historiography in the early Ilkhanate, culminating with Rashid al-Din's *Blessed History of Ghazan*, the indispensable source for Mongol and Ilkhanid history. Later chapters lay out the results of the most comprehensive study to date of the manuscripts of Rashid al-Din's historical writing. The complicated relationship between Rashid al-Din's historical and theological writings is also explored, as well as his appropriation of the work of his contemporary historian, `Abd Allah Qashani.

## **GENGHIS KHAN**

---

---

### **HIS LIFE AND LEGACY**

---

---

## **GENGHIS KHAN**

---

---

## **LIFE, DEATH, AND RESURRECTION**

---

Macmillan Genghis Khan is one of history's immortals, alive in memory as a scourge, hero, military genius and demi-god. To Muslims, Russians and westerners, he is a murderer of millions, a brutal oppressor. Yet in his homeland of Mongolia he is the revered father of the nation, and the Chinese honor him as the founder of a dynasty. In his so-called Mausoleum in Inner Mongolia, worshippers seek the blessing of his spirit. In a supreme paradox, the world's most ruthless conqueror has become a force for peace and reconciliation. As a teenager, Genghis was a fugitive, hiding from enemies on a remote mountainside. Yet he went on to found the world's greatest land empire and change the course of world history. Brilliant and original as well as ruthless, he ruled an empire twice the size of Rome's until his death in 1227 placed all at risk. To secure his conquests and then extend them, his heirs kept his death a secret, and secrecy has surrounded him ever since. His undiscovered grave, with its imagined treasures, remains the subject of intrigue and speculation. This is more than just a gripping account of Genghis' rise and conquests. John Man uses first-hand experiences in China and Mongolia to reveal the khan's enduring influence. He has traveled the length of the empire. He spotlights the tension between Mongols and Chinese, who both claim Genghis' spirit. He is the first writer to explore the hidden valley where Genghis is believed to have died, and one of the few westerners to climb the mountain where he was likely buried. This stunning narrative paints a vivid picture of the man himself, the places where he lived and fought, and the passions that surround him still. For in legend, ritual and intense controversy, Genghis lives on.

---

## **NATIVE ROOTS**

---

---

### **HOW THE INDIANS ENRICHED AMERICA**

---

Ballantine Books "Well written, imagery-ridden...A tale of what was, what became, and what is today regarding the Indian relation to the European civilization that 'grafted' itself onto this ancient system." (Minneapolis Star Tribune) Conventional American history holds that the white settlers of the New World re-created the societies they had known in England, France, and Spain. But as anthropologist Jack Weatherford, author of **INDIAN GIVERS**, brilliantly shows, the Europeans actually grafted their civilization onto the deep and nourishing roots of Native American customs and beliefs. Our place names, our farming and hunting techniques, our crafts, the very blood that flows in our veins--all derive from American Indians ways that we consistently fail to see.

---

## **THE LIFE AND TIMES OF CHINGGIS KHAN**

---

**Routledge** There has long been a need for a scholarly English edition of the great 13th century historical epic, *The Secret History of the Mongols*, the only surviving Mongol source about the empire. The book is mainly about the life and the career of Chinggis Khan, his ancestors and his rise to power. Chinggis Khan was not only a military genius, but also a great statesman and diplomat. Through a combination of armed force and diplomacy, he managed to merge the complex system of alliances which existed between diverse tribes into a powerful confederacy that swept across most of Eurasia, starting in 1219. Urgunge Onon's fresh translation brings out the excitement of this epic with its wide-ranging commentaries on military and social conditions, religion and philosophy, while remaining faithful to the original text. This fully annotated edition is prefaced by a 36 page introduction setting the work in its cultural and historical context.

## **REMBRANDT IS IN THE WIND**

---

### **LEARNING TO LOVE ART THROUGH THE EYES OF FAITH**

---

Zondervan Did you know Vincent van Gogh sold only one painting during his lifetime and that during the last three months of his life he completed an average of one painting every day? Did you know that Michelangelo's David is covered in a dusting of human skin? Did you know Caravaggio murdered several people while he was painting some of the most glorious paintings of biblical scenes the world has ever known? Rembrandt Is in the Wind by Russ Ramsey is an invitation to discover some of the world's most celebrated artists and works, while presenting the gospel of Christ in a way that speaks to the struggles and longings common to the human experience. The book is part art history, part biblical study, part philosophy, and part analysis of the human experience; but it's all story. The lives of the artists in this book illustrate the struggle of living in this world and point to the beauty of the redemption available to us in Christ. Each story is different. Some conclude with resounding triumph while others end in struggle. But all of them raise important questions about humanity's hunger and capacity for glory, and all of them teach us to love and see beauty.

### **HISTORY OF INTERNATIONAL RELATIONS**

---

---

#### **A NON-EUROPEAN PERSPECTIVE**

---

Open Book Publishers Existing textbooks on international relations treat history in a cursory fashion and perpetuate a Euro-centric perspective. This textbook pioneers a new approach by historicizing the material traditionally taught in International Relations courses, and by explicitly focusing on non-European cases, debates and issues. The volume is divided into three parts. The first part focuses on the international systems that traditionally existed in Europe, East Asia, pre-Columbian Central and South America, Africa and Polynesia. The second part discusses the ways in which these international systems were brought into contact with each other through the agency of Mongols in Central Asia, Arabs in the Mediterranean and the Indian Ocean, Indic and Sinic societies in South East Asia, and the Europeans through their travels and colonial expansion. The concluding section concerns contemporary issues: the processes of decolonization, neo-colonialism and globalization - and their consequences on contemporary society. History of International Relations provides a unique textbook for undergraduate and graduate students of international relations, and anybody interested in international relations theory, history, and contemporary politics.

---

## **WORLD BY JACK WEATHERFORD: CONVERSATION STARTERS**

---

**Blurb Genghis Khan and the Making of the Modern World by Jack Weatherford: Conversation Starters** In "Genghis Khan and the Making of the Modern World," readers are introduced to Jack Weatherford's unique insights concerning Genghis Khan and the truth of the Mongolian history in Europe and Asia. The only Western scholar allowed into Khan's homeland and burial site, Weatherford challenges traditionally bloodthirsty characterizations of the historic figure to assert instead a progressive and benevolent image of the ancient ruler. Jack Weatherford delivers "Genghis Khan and the Making of the Modern World" with a thoughtful and reflective tone, critically deconstructing myths about the historic figure to provide a new perspective of the infamous Genghis Khan. A New York Times bestseller, the book aims to shed light on the storied and grandiose legend of Genghis Khan. **A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER** than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to... **Create Hours of Conversation:** - Promote an atmosphere of discussion for groups - Foster a deeper understanding of the book - Assist in the study of the book, either individually or corporately - Explore unseen realms of the book as never seen before **Disclaimer:** This book you are about to enjoy is an independent resource meant to supplement the original book. If you have not yet read the original book, we encourage you to before purchasing this unofficial Conversation Starters.
