### TRADITIONS & ENCOUNTERS: A GLOBAL PERSPECTIVE ON THE PAST

---

**McGraw-Hill Education** *Traditions & Encounters* offers an inclusive vision of the global past—one that is meaningful and appropriate for the interdependent world of contemporary times. Given the diversity of human societies, gathering and organizing the sheer mass of information in a meaningful way is a daunting challenge for any world history survey course. The seven-part chronological organization enables students to understand the development of the world through time, while also exploring broader, big-picture thematic issues in world history. Through new and revised chapter-level and part-level features, the hallmark twin themes of traditions and encounters emerge in greater clarity than ever before in this sixth edition. As a result, students have resources that enable them to move beyond the facts of history and examine the past critically, analyze causes and effects, and recognize similarities and differences across world regions and time periods. By digging deeper into the implications of world history's stories—not just the who, the what, and the where, but also the why and the how—students can make sense of the human past. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

#### CATASTROPHE AND COLONIAL SETTLEMENT IN EARLY AMERICA

---

**University of Pennsylvania Press** *The stories we tell of American beginnings typically emphasize colonial triumph in the face of adversity. But the early years of English settlement in America were characterized by catastrophe: starvation, disease, extreme violence, ruinous ignorance, and serial abandonment. Seasons of Misery offers a provocative reexamination of the British colonies' chaotic and profoundly unstable beginnings, placing crisis—both experiential and existential—at the center of the story. At the outposts of a fledgling empire and disconnected from the social order of their home society, English settlers were both physically and psychologically estranged from their European identities. They could not control, or often even survive, the world they had intended to possess. According to Kathleen Donegan, it was in this cauldron of uncertainty that colonial identity was formed. Studying the English settlements at Roanoke, Jamestown, Plymouth, and Barbados, Donegan argues that catastrophe marked the threshold between an old European identity and a new colonial identity, a state of instability in which only fragments of Englishness could survive amid the upheavals of the New World. This constant state of crisis also produced the first distinctively colonial literature as settlers attempted to process events that they could neither fully absorb nor understand. Bringing a critical eye to settlers' first-person accounts, Donegan applies a unique combination of narrative history and literary analysis to trace how settlers used a language of catastrophe to describe unprecedented circumstances, witness unrecognizable selves, and report unaccountable events. Seasons of Misery addresses both the stories that colonists told about themselves and the stories that we have constructed in hindsight about them. In doing so, it offers a new account of the meaning of settlement history and the creation of colonial identity.*

**INTRODUCTION TO PSYCHOLOGY**

"This book is designed to help students organize their thinking about psychology at a conceptual level. The focus on behaviour and empiricism has produced a text that is better organized, has fewer chapters, and is somewhat shorter than many of the leading books. The beginning of each section includes learning objectives; throughout the body of each section are key terms in bold followed by their definitions in italics; key takeaways, and exercises and critical thinking activities end each section"--BCcampus website.

**LAW AND ETHICS FOR HEALTH PROFESSIONS 8E**

*Law and Ethics for Health Professions* explains how to navigate the numerous legal and ethical issues that health care professionals face every day. Topics are based upon real-world scenarios and dilemmas from a variety of health care practitioners. Through the presentation of Learning Outcomes, Key Terms, From the Perspective of, Ethics Issues, Chapter Reviews, Case Studies, Internet Activities, Court Cases, and Video Vignettes, students learn about legal and ethical problems and situations that health care professions currently face. In the eighth edition, chapter 3 contains an expanded section on accreditation of hospitals and other patient care facilities, and of health care education programs. Students also use critical thinking skills to learn how to resolve real-life situations and theoretical scenarios and to decide how legal and ethical issues are relevant to the health care profession in which they will practice.

**McGraw-Hill Education** *Student Activity Workbook***JOHN KNOX'S HISTORY OF THE REFORMATION IN SCOTLAND**

---

**Bloomsbury T&T Clark** *A new scholarly, fully annotated edition of John Knox's classic History of the Reformation in Scotland is long overdue. Knox, a key figure in the international Reformation and the establishment of the Protestant Church in Scotland, began this work as a defence of the revolutionary stage of the Scottish Reformation (1558-60), and extended it to include accounts of earlier Scottish reformers and the personal rule of Mary Queen of Scots (1561-1567). The 'History' is the premier contemporary narrative account of the Scottish Reformation and key to any study of the period. Its value is enhanced by Knox's inclusion of documentary sources (many of which are otherwise unrecorded), and its scope benefits from Knox's experience as a reformer in England, Germany and Switzerland. It is also an important source of information on Knox's career and his relationship with leading figures of his day. The last scholarly edition in the original orthography was edited by David Laing in 1847. The present edition aims to reproduce Knox's text using the earliest surviving manuscript, dated to 1566, taking account of variations in all other early manuscripts. The result is an extensive revision of the Laing text, which it will replace as the standard edition. This will be a vital requirement for all libraries and collections in religion and history throughout the world. The work includes an Introduction, full indexes to persons (with biographical details), places and subjects, over two hundred references to biblical quotations and allusions, a map and glossary.*

---

**TRADITIONS & ENCOUNTERS: A BRIEF GLOBAL HISTORY, VOLUME I**

---

**McGraw-Hill Humanities/Social Sciences/Languages** *Based on Bentley and Ziegler's best-selling, comprehensive survey text, Traditions & Encounters: A Brief Global History provides a streamlined account of the cultures and interactions that have shaped world history. An effective part structure organizes developments into seven eras of global history, putting events into perspective and creating a framework for cross-cultural comparisons, while the strong themes of traditions (the formations and development of the world's major societies) and encounters (cross-cultural interactions and exchanges) bring focus to the human experience and help turn the giant story of world history into something more manageable. With an engaging narrative, visual appeal, extended pedagogy, and a strong emphasis on critical thinking, this concise version offers enhanced flexibility and affordability without sacrificing the features that have made the complete text a favorite among instructors and students alike.*

**THE MODERN WORLD**

---

*This resource book is designed to assist teachers in implementing California's history-social science framework at the 10th grade level. The models support implementation at the local level and may be used to plan topics and select resources for professional development and preservice education. This document provides a link between the framework's course descriptions and teachers' lesson plans by suggesting substantive resources and instructional strategies to be used in conjunction with textbooks and supplementary materials. The resource book is divided into eight units: (1) "Unresolved Problems of the Modern World"; (2) "Connecting with Past Learnings: The Rise of Democratic Ideas"; (3) "The Industrial Revolution"; (4) "The Rise of Imperialism and Colonialism: A Case Study of India"; (5) "World War I and Its Consequences"; (6) "Totalitarianism in the Modern World: Nazi Germany and Stalinist Russia"; (7) "World War II: Its Causes and Consequences"; and (8) "Nationalism in the Contemporary World." Each unit contains references. (EH)*
