MANAGERIAL EPIDEMIOLOGY

Jones & Bartlett Learning Managerial Epidemiology provides a solid balance of baseline materials on epidemiologic methods with a focus on tools and skills required to succeed as a healthcare manager. Logically organized, this first edition centers in on the purpose and focus 'managerial epidemiology', thus broadening the definition and scope of Epidemiology from the distribution, spread, and containment of health problems in populations to the planning, organization, and management of health services. Written specifically for current and future healthcare managers and masters students in Health Administration, this text is designed to develop hands-on, data-driven, analytic management skills. Managerial Epidemiology helps readers understand that epidemiologic data on incidence and prevalence in conjunction with administrative data on cost and quality are necessary to enhance access and delivery of high quality services in a cost-effective and efficient manner. Written with clarity and currency in mind, Manag

TIBETAN MEDICINAL PLANTS

CRC Press Increasingly, modern medicine relies on so called traditional or ancient medical knowledge. Holistic practices such as adhering to proper diet, observing rules for appropriate behavior, and administering medical preparations are coupled with the latest technology and methods to treat the whole patient. In light of this trend, there is much to be gained from understanding of one of the oldest medical systems still in existence. Tibetan Medicinal Plants provides you a detailed analysis of how Tibetan plants are used in this centuries old system. The book opens with a summary of Tibetan medicine and covers the various habitats in which the plants are found. The main part of this volume encompasses 60 monographs listed by the Tibetan plant name. Each monograph consists of several chapters addressing different topics related either to the Tibetan or the Western approach. Most of the monographs contain a description of the macroscopic and microscopic characteristics of the used plant parts, and anatomical features of 76 plants are provided. Each monograph presents an overview of the known chemical constituents and pharmacological properties of each plant and describes their use in Tibetan medicine. In contrast to other publications on Tibetan medicine, where translations of the Tibetan terms are given in other languages, this book treats the Tibetan word as a technical term, keeps the Tibetan term and explains its

meaning, lessening confusion by reducing the number of translations. Traditional Tibetan medicine has been in existence for centuries. Curative practices existed in the prebuddistic era, and the art of healing developed more than 2500 years ago. Tibetan Medicinal Plants provides a comprehensive overview of all plant types, thus making it easier to grasp the Tibetan concept. It gives you a comprehensive look at this centuries old science.

UTTAR PRADESH ASSISTANT PROSECUTION OFFICER (PRE.) EXAM.

Upkar Prakashan

A BRIEF HISTORY OF MODERN INDIA

INDIA'S STRUGGLE FOR INDEPENDENCE

Penguin UK *India's struggle for Independence by Bipin Chandra* is your go to book for an in-depth and detailed overview on Indian independence movement . Indian freedom struggle is one of the most important parts of its history. A lot has been written and said about it, but there still remains a gap. Rarely do we get to hear accounts of the independence from the entire country and not just one region at one place. This book fits in perfectly in this gap and also provides a narration on the impact this movement had on the people. Bipin Chandra's book is a well-documented history of India's freedom struggle against the British rule. It is one of the most accurate books which have been painstakingly written after thorough research based on legal and valid verbal and written sources. It maps the first war of independence that started with Mangal Pandey's mutiny and witnessed the gallant effort of Sri Rani Laxmi Bai. Many of the pages of this book are dedicated to Mahatma Gandhi's non-cooperation and the civil disobedience movements. It contains detailed description of Subash Chandra Bose's weapon heavy tactics and his charisma. This book includes all the independence movements and fights, irrespective of their size and impact, covering India in its entirety. Although these movements varied in means and ideas, but they shared a common goal of independence. This book contains oral and written narratives from different parts of the country, making this book historically rich and diverse. The book captures the evolution of Indian independence struggle in full detail and leaves no chapter of this story untouched. This book is a good read for the students of Indian modern history and especially for students who are preparing for UPSC examination and have taken History as their subject.

GENERAL ENGLISH FOR ALL COMPETITIVE EXAMINATIONS

Arihant Publications India limited *English is globally recognized language for cross-border business communication. As a dominant*
