## The Syntax of French

Cambridge University Press French is a syntactically interesting language, with aspects of its word order and clause structure triggering a variety of important developments in syntactic theory. This is a concise and accessible guide to the syntax of Modern French, providing a clear overview of those aspects of the language that are of particular interest to linguists. A broad variety of topics are covered, including the development and spread of French; the evolution of its syntax; syntactic variation; lexical categories; noun, verb and adjective phrases; clause structure; movement; and agreement. Drawing on the work of a wide range of scholars, it highlights the important role of French in the development of syntactic theory and shows how French challenges some fundamental assumptions about syntactic structure. An engaging and in-depth guide to all that is interesting about French, The Syntax of French will be invaluable to students and scholars of syntactic theory and comparative linguistics.

## Elementary French

### The Essentials of French Grammar

### Français Interactif

### Les étudiants Américains en France

This textbook includes all 13 chapters of Français interactif. It accompanies [www.laits.utexas.edu/fi](http://www.laits.utexas.edu/fi), the web-based French program developed and in use at the University of Texas since 2004, and its companion site, *Tex's French Grammar (2000)* [www.laits.utexas.edu/tex/](http://www.laits.utexas.edu/tex/) Français interactif is an open access site, a free and open multimedia resources, which requires neither password nor fees. Français interactif has been funded and created by Liberal Arts Instructional Technology Services at the University of Texas, and is currently supported by COERLL, the Center for Open Educational Resources and Language Learning UT-Austin, and the U.S. Department of Education Fund for the Improvement of Post-Secondary Education (FIPSE Grant P116B070251) as an example of the open access initiative.

## Direct and Indirect Speech

Walter de Gruyter **TRENDS IN LINGUISTICS** is a series of books that open new perspectives in our understanding of language. The series publishes state-of-the-art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science. **TRENDS IN LINGUISTICS** considers itself a forum for cutting-edge research based on solid empirical data on language in its various manifestations, including sign languages. It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language. **TRENDS IN LINGUISTICS** publishes monographs and outstanding dissertations as well as edited volumes, which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints. High quality standards are ensured through anonymous reviewing.

### Allez, Viens!

## Holt French

French language text focuses on the language skills of reading, writing, listening, and speaking. Grammar and vocabulary are also stressed as a foundation.

### Allez Viens Level 2

Holt Rinehart & Winston

## The Violence of Modernity

## Baudelaire, Irony, and the Politics of Form

JHU Press The result is a study that underscores how Baudelaire's legacy continues to energize literary engagements with the violence of modernity.

## The Pronunciation of Canadian French

## Analyticity and Syntheticity

## A Diachronic Perspective with Special Reference to Romance Languages

Walter de Gruyter The series is a platform for contributions of all kinds to this rapidly developing field. General problems are studied from the perspective of individual languages, language families, language groups, or language samples. Conclusions are the result of a deepened study of empirical data. Special emphasis is given to little-known languages, whose analysis may shed new light on long-standing problems in general linguistics.

## Marketing Identities Through Language

## English and Global Imagery in French Advertising

Springer Elizabeth Martin explores the impact of globalization on the language of French advertising, showing that English and global imagery play an important role in tailoring global campaigns to the French market, with media companies undeterred by the attempts through legislation to curb language mixing in the media.

Walter de Gruyter

## Elements of Structural Syntax

John Benjamins Publishing Company This volume appears now finally in English, sixty years after the death of its author, Lucien Tesnière. It has been translated from the French original into German, Spanish, Italian, and Russian, and now at long last into English as well. The volume contains a comprehensive approach to the syntax of natural languages, an approach that is foundational for an entire stream in the modern study of syntax and grammar. This stream is known today as dependency grammar (DG). Drawing examples from dozens of languages, many of which he was proficient in, Tesnière presents insightful analyses of numerous phenomena of syntax. Among the highlights are the concepts of valency and head-initial vs. head-final languages. These concepts are now taken for granted by most modern theories of syntax, even by phrase structure grammars, which represent, in a sense, the opposite sort of approach to syntax from what Tesnière was advocating. Now Open Access as part of the Knowledge Unlatched 2017 Backlist Collection.

## Crosswords

## Language, Education and Ethnicity in French Ontario

Walter de Gruyter CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students, researchers and practitioners in all of the social and language-related sciences carefully selected book-length publications dealing with sociolinguistic theory, methods, findings and applications. It approaches the study of language in society in its broadest sense, as a truly international and interdisciplinary field in which various approaches, theoretical and empirical, supplement and complement each other. The series invites the attention of linguists, language teachers of all interests, sociologists, political scientists, anthropologists, historians etc. to the development of the sociology of language.

## Vocabulary from Latin and Greek Roots

Prestwick House Inc Students learn the sources of hundreds of vocabulary words with this new, multi-year program. Unlike many programs that depend on rote memorization, Vocabulary from Latin and Greek Roots incorporates a variety of techniques to teach students the skills they need to determine the meaning of unfamiliar words, while also expanding sight vocabulary. Vocabulary from Latin and Greek Roots reinforces new words through: a format that capitalizes on word families associative hooks and visuals to jog the memory building language-analysis skill exercises designed for maximum retention Many vocabulary programs are focused on preparing students for a test from week to week, but Vocabulary from Latin and Greek Roots teaches skills that they can use for a lifetime. Teaches word analysis skills by focusing on root words. Additional notes on word and phrase histories build interest Humorous visual mnemonics reinforce recall. Book Five is recommended for 11th Grade. This is a student classroom edition. Tests and Answer Keys are available through the publisher but are only sold to schools and teachers.

## In the Grip of Minos

## Confessional Discourse in Dante, Corneille, and Racine

Following Trent, a new mode of confession makes its appearance, a baroque discourse in which "the heart speaks to the heart." Senior argues that Corneille similarly creates a new kind of hero who distinguishes himself as much by the confessional trial of self-statement as by his military exploits. In the work of Racine, Senior notes, Minos appears again, tormenting the conscience of Phedre.

## The Martian

## A Novel

New York : Harper & brothers The narrator and main character, Barty Josselin, attempts suicide after he loses his sight in one eye, prompting the appearance of Martia, the Martian, with whom he now shares his body. Du Maurier also introduces the concept of automatic writing in this novel: while Josselin sleeps, Martia writes and Josselin becomes a world-famous writer.

## Arthur's Christmas Cookies

Harper Collins Arthur decides to make Mother and Father special Christmas cookies as a present. But when the cookies are finally finished, they are hard as rocks! Can Arthur think of a way to turn this disaster into the best Christmas present ever?

## Translating Children's Literature

Routledge Translating Children's Literature is an exploration of the many developmental and linguistic issues related to writing and translating for children, an audience that spans a period of enormous intellectual progress and affective change from birth to adolescence. Lathey looks at a broad range of children's literature, from prose fiction to poetry and picture books. Each of the seven chapters addresses a different aspect of translation for children, covering: · Narrative style and the challenges of translating the child's voice; · The translation of cultural markers for young readers; · Translation of the modern picture book; · Dialogue, dialect and street language in modern children's literature; · Read-aloud qualities, wordplay, onomatopoeia and the translation of children's poetry; · Retranslation, retelling and reworking; · The role of translation for children within the global publishing and translation industries. This is the first practical guide to address all aspects of translating children's literature, featuring extracts from commentaries and interviews with published translators of children's literature, as well as examples and case studies across a range of languages and texts. Each chapter includes a set of questions and exercises for students. Translating Children's Literature is essential reading for professional translators, researchers and students on courses in translation studies or children's literature.

Holt Rinehart & Winston Integrated approach to language instruction develops student's listening, speaking, reading and writing skills with a variety of print and technology resources.

### Framing French Culture

University of Adelaide Press Throughout this book, the concept of framing is used to look at art, photography, scientific drawings and cinema as visually constituted, spatially bounded productions. The way these genres relate to that which exists beyond the frame, by means of plastic, chemically transposed, pencil-sketched or moving images allows us to decipher the particular language of the visual and at the same time circumscribe the dialectic between presence and absence that is proper to all visual media. Yet, these kinds of re-framing owe their existence to the ruptures and upheavals that marked the demise of certain discursive systems in the past, announcing the emergence of others that were in turn overturned.
