QUATRO

Page Publishing Inc Why Quatro? It is pretty simple. Quatro means “four,” and this book contains four novellas. These four works are not related to one another in any possible way except for the fact they were all written by the same author. They all have distinct characters with diverse personalities. Where each story takes place is unique. They are all of varying lengths, and not surprisingly, they all have individual titles, so it does not matter in which order you read them. ***** “15 Minutes to Live.” Five chapters, five dissimilar people, five separate locations, five different times. All with one thing in common: they all have only fifteen minutes to live! “Hamden Notch.” A sleepy little town with a grisly little secret. “HouseBeat.” There’s no place like home—except if the home doesn’t want you there! “Crust Heaven.” Travel back in time before computers, before cell phones, even before most homes had televisions. Back when life was simpler, especially when viewed through the eyes of a nine-year-old boy.
