### How to Stay Alive in the Woods

### A Complete Guide to Food, Shelter and Self-Preservation Anywhere

*Black Dog & Leventhal HOW TO STAY ALIVE IN THE WOODS is a practical, readable-and potentially indispensable-manual for anyone venturing into the great outdoors. Broken down into four essential sections, Sustenance, Warmth, Orientation and Safety, this enlightening guide reveals how to catch game without a gun, what plants to eat (full-color illustrations of these make identification simple), how to build a warm shelter, make clothing, protect yourself and signal for help. Detailed illustrations and expanded instructions, newly commissioned for this deluxe edition, offer crucial information at a glance, making How to Stay Alive in the Woods truly a lifesaver.*

### How to Stay Alive in the Woods

### A Complete Guide to Food, Shelter, and Self-Preservation That Makes Starvation in the Wilderness Next to Impossible

*Fireside Practical advice for campers and hikers who must find food, water, warmth and shelter when lost or stranded*

### 101 Skills You Need to Survive in the Woods

### The Most Effective Wilderness Know-How on Fire-Making, Knife Work, Navigation, Shelter, Food and More

*Page Street Publishing The Foundation of All Survival Skills is “Feeder” Mind-Set “Feeder” mind-set means being in control of a situation, proactive rather than reactive. It is an optimistic outlook that reframes any situation as a learning experience. Kevin Estela teaches survival skills from this feeder-based perspective, which is what separates his teaching style from other wilderness instructors. Kevin has written the quintessential guide for an outdoor enthusiast’s “bucket list” of skills—how to make a fire, build a shelter, gather food, find water, use a knife correctly and make cordage. These skills will keep you safe and better prepare you to deal with emergencies in the field, when you’ll need the additional skills of signaling and communication, navigation and crisis first aid taught in this book. Each chapter concludes with more advanced techniques to build your skills in various challenging situations, with tips that even seasoned survival enthusiasts haven’t thought of. 101 Skills You Need to Survive in the Woods is not a onetime read but a lifetime reference you will turn to over and over again. It will become the first thing you pack for any adventure and just might save your— or someone else’s—life. kevin estela, a bushcraft and survival expert, is an avid world traveler and martial arts instructor.*

### How to Survive in the Woods

*Mendon Cottage Books Table of Contents Introduction Who Needs to Know How to Survive in the Woods What You Need In Order To Survive Deadly Animals to Avoid What to Do During the Day and Night Conclusion Author Bio Publisher Introduction The beautiful scenery and fresh and breathtaking views of forests makes them some of the best places to visit. There are countless number of attractive plant and animal species in forests and therefore most people are tempted to go deeper and deeper into the woods. When venturing into the forest, you might find yourself lost within a few hours of entering it. Unless you know your way out of the forest, you’ll be forced to spend a few days in the forest while waiting for help or trying to figure out how to get out. This means that the only way you can be alive and healthy when help arrives is by knowing how to survive in the forest. Unlike deserts and dry areas, forests are characterized by heavy rains and mud throughout the year. In Polar Regions, temperatures in the forest are always extremely low and may freeze you to death. With these harsh conditions, it is normally verydifficult to move around while in a forest. It is therefore up to you to make sure that you know how to survive in the woods while looking for your way out. Unlike in inhabited areas, it is quite difficult to send out a distress signal while in the middle of the forest. Calling for help might also be impossible because of poor or no cellphone network coverage in most parts of the forest. If you’re keen on coming out of the woods alive, you must never avoid knowing how to survive in it. The book “How to survive in the Woods” is equipped with everything you need to know in order to survive in the woods. Inside the book you’ll find step by step guidelines on what to do and what not to do so as to stay alive and healthy in the woods. By reading this book, you’ll know how to prepare for an excursion into the woods and also how to make sure that you don’t get lost in the forest. In case you get lost, the tips listed in this book will help you know how to find your way back home or call for help. By reading this book, you’ll also get to know where to get food and water while in the woods. This means that you won’t die of starvation if you read this book before going anywhere near a forest. Enjoy reading the book “How to survive in the Woods!!!”*

### How to Eat in the Woods

### A Complete Guide to Foraging, Trapping, Fishing, and Finding Sustenance in the Wild

*Black Dog & Leventhal A comprehensive, practical, and reliable guide to finding food in the woods and living off the land, by respected wilderness survivalists. With text by wilderness survivalists, the information in How to Eat in the Woods is tried, trusted, and true. One of the most complete books written on the subject, this portable guide includes essential information on how to track, trap, kill, and prepare various types of animals; select bait, land fish, and clean and cook the catch; recognize edible plants, fruits, berries, and nuts; locate bird eggs; catch edible insects; and find potable water. Also included is information on building a fire and preparing food without utensils.*

## How to Stay Alive

### The Ultimate Survival Guide for Any Situation

*HarperCollins* The ultimate survival guide from Bear Grylls, former Special Forces soldier and #1 world-renowned "King of Survival" (*Outside*) For more than a decade, Bear Grylls has introduced TV viewers to the most dramatic wilderness survival situations, through his hit shows such as *Man Vs. Wild*. Now, with *How to Stay Alive*, Bear reveals to readers his full toolkit of survival tactics, from everyday basics like avoiding blisters to once-in-a-lifetime events like surviving a kidnapping. Opening with the most essential survival skills—assembling your survival kit, making a fire, building a shelter—and then moving on to more specific situations, such as escaping fire, dealing with harsh terrain, and handling medical emergencies, Grylls is a sure guide for any type of disaster situation. Readers will learn how to survive in a life raft, land a helicopter in an emergency, treat hypothermia and frostbite, escape from quicksand, and numerous other lifesaving tips. Richly illustrated with diagrams throughout, *How to Stay Alive* will be the definitive outdoor survival tome for years to come.

### Ultimate Guide to Wilderness Living

*Ulysses Press* A detailed resource to wilderness survival eschews the popular practices of reality television shows while outlining step-by-step strategies for a range of topics, from foraging for food and erecting temporary shelter to making fire and fashioning tools. Original.

### Your Cabin in the Woods

*Black Dog & Leventhal* For dreamers of escaping to a cozy cabin in the great outdoors, *Your Cabin in the Woods* is a classic work that not only makes this a reality, but also imparts a deeper appreciation of nature and homebuilding. Author Conrad E. Meinecke has been writing about living the simply life in the wilderness for over 70 years with *Your Cabin in the Woods* and *Cabin Craft and Outdoor Living*. For the first time, these books are combined into a deluxe two-color vintage package. In prose both practical and inspirational, Meinecke details how to turn your cabin dream into a reality, such as choosing land, using tools, and the basics of construction. He provides hand-drawn floor plans for a variety of cabins, from a simple two-room to a more complex long house; the best way to build fireplaces, both indoors and out; and instructions for basic furniture, lighting, and other touches that make a cabin feel like home. Throughout are Meinecke's thoughts on ways to enjoy your new-found space, from hearty fireplace recipes to the types of wood for a perfect fire and the beauty found in birdsong. Instructional as it may be, the book's enduring appeal owes in large part to its warmly engaging tone and firm belief in the restorative power of nature and the satisfaction of hard work. He writes, "Take full enjoyment in the building. Take time out to rest. Most city folks seem always to rush things through. Why? Lay off until tomorrow. Take an afternoon nap. Stop the clock for the weekend. Get off to an early start in the cool of tomorrow morning. You may be crowded in your work in town, but this should be your rest cure, your recreating."

### How to Camp in the Woods

### A Complete Guide to Finding, Outfitting, and Enjoying Your Adventure in the Great Outdoors

*Black Dog & Leventhal* Perfect for everyone from novices to boondockers, *How to Camp in the Woods* compiles contemporary and classic wisdom, practical tips, and illustrated DIY advice on every aspect of equipping, packing, setting up camp, cooking, and improvising no matter where you are in the great outdoors. If you want to immerse yourself or your family in the natural world but still be warm, dry, and comfortable, *How to Camp in the Woods* is for you. *How to Camp in the Woods* will teach readers: Camping and survival basics including fire building, essential knots, site finding, wilderness first aid/CPR, map/compass reading, and camping off the grid. Essential gear, packing light, recommendations for DIY if you've left something behind, and how to keep everything relatively clean. Guides to camping comfortably in all seasons and weather, as well as tips and etiquette for camping around the world, including with pets and kids. Tips for enhancing the experience, including recipes for easy and inexpensive meals from 25 base ingredients, stargazing essentials, fireside games and songs, bird-watching, and the perfect campfire reading list.

### Hatchet

*Simon and Schuster* Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel *Hatchet* with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. *Hatchet* has also been nominated as one of America's best-loved novels by PBS's *The Great American Read*. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

### At Home in the Woods

### Living the Life of Thoreau Today

*Down East Books* One hundred years ago, Henry Thoreau wrote of the charms and joys of simple living in the woods, away from the hectic nuisances of our city civilization. His philosophy has become part of our American heritage, as sound today as the day he first set it down. But his advice on the simple life has seemed too rugged for later generations, brought up in cities, pampered with conveniences and scared of nature. Vena and Brad Angier were fed up with their city bound existence and longtime readers and admirers of Thoreau, they set out to see if his discoveries were valid today. This is the account of two wilderness-loving tenderfeet, who headed for the tall timber on the banks of the Peace River, British Columbia. There near the trading post of Hudson Hope they found their Walden. How they made themselves 'At Home in the Woods,' stocked their cabin, met their interesting wilderness neighbors who helped them get settled and who saw them through their first winter makes honest and exciting reading. The city-bred Angiers found out that Thoreau was right when he wrote: "What people say you can not do, you try and find you can."

### Alone in the Woods

*Sourcebooks, Inc.* From the author of *The Disaster Days* comes a thrilling survival story, and lost in the woods children's book, about two former best friends who must work together to stay alive after getting lost in a remote national forest. Jocelyn and Alex have always been best friends...until they aren't. Jocelyn's not sure what happened, but she hopes the annual joint-family vacation in the isolated north woods will be the perfect spot to rekindle their friendship. But Alex still isn't herself when they get to the cabin. And Jocelyn reaches a breaking point during a rafting trip that goes horribly wrong. When the girls' tube tears it leaves them stranded and alone. And before they know it, the two are hopelessly lost. Wearing swimsuits and water shoes and with only the contents of their wet backpack, the girls face threats from the elements. And as they spend days and nights lost in the wilderness, they'll have to overcome their fractured friendship to make it out of the woods alive. Praise for *The Disaster Days*: "A realistic, engrossing survival story that's perfect for aspiring babysitters and fans of John Macfarlane's *Stormstruck!*, Sherry Shahan's *Ice Island*, or Wesley King's *A World Below*."—*School Library Journal* "The strength of this steadily paced novel that stretches over four days of a scary disaster scenario is that Hannah doesn't figure everything out; she stumbles, doubts, and struggles throughout it all."—*The Bulletin of the Center for Children's Books* "Fans of survival thrillers in the vein of Gary Paulsen's *Hatchet* will enjoy this tense, honest tale of bravery...an excellent (and refreshingly not didactic) teaching tool on natural-disaster preparedness."—*Booklist* "The relentless progression of a variety of disaster scenarios will keep readers turning pages...equally

suspenseful and informative."—School Library Connection "Behrens uses immersive details and situations effectively viewed from Hannah's perspective to create a suspenseful, vivid story filled with lessons about responsibility and overcoming adversity."—Publishers Weekly *Alone in the Woods* is a perfect... gift for preteen survival story fans summer reading tween book for girls 11-14 book for middle school girls

## How to Stay Alive in the Woods

### Living off the Country

## The Stranger in the Woods

## The Extraordinary Story of the Last True Hermit

Vintage *The unforgettable true story of Christopher Knight, who found refuge from the pressures of modern society by living alone in the Maine woods for twenty-seven years.*

## Prepper

## No1 Survival Guide Book for Prepper's

Createspace Independent Publishing Platform *Prepper PLUS free book inside*> Survival Pantry Ever thought about what would happen if a major disaster occurred and you weren't prepared? Do you know how to prepare for a catastrophe Have you got the survival skills you need? Well you're about to discover how to PREP for any situation!... Disasters can come in any form and at any time. Worse still, they are quite likely to strike you when you are least prepared to welcome them. And when a disaster does hit you, especially if it's a strong, devastating one, you are likely to succumb to its fierce blow. Even if you do manage to survive the initial attack, you won't be able to last for a long time if you haven't prepared beforehand for it. The extreme weather conditions, lack of the 'normal' food supply, lack of proper shelter, inability to make a fire, attacks from other people and animals and a lot more can cause slow and painful death such that you wish you could just have died when the disaster first hit. Keep in mind that you can only survive for about 3 minutes without air, 3 hours without a synchronized body temperature, 3 days without water, and about 3 weeks without food. This means that if you are to survive post disaster, you must ensure that you get all these items in their order of importance otherwise you won't live long enough until help comes your way. Preparing for all sorts of natural disasters, calamities, and catastrophes is incredibly important if you want to live longer. This is where prepping comes in. Prepping refers to preparing in advance for possible catastrophes or emergencies that can threaten your survival. You can think of prepping as simply the art of living your life normally today while you are preparing yourself for any possible disaster, which may strike any time. Prepping is typically done by stocking food, medicines, important survival tools, ammunition, and different necessary supplies that can help you fight a calamity successfully and endure its harsh intensity as well as the side effects. You have seen what tsunamis, earthquakes and hurricanes have done to millions of people across the globe, right? Many weren't able to live through those turbulent times, but there were some who were successful in staying alive. The secret to their survival is prepping. If you don't want to perish when a disaster strikes you and want to help your family endure the calamity too, then you must learn and practice how to prep for various disasters the right way. *This Is What You'll Discover Inside Getting Started with Prepping Setting Up The Ultimate Survival Kit Your Emergency Bug Out Bag Tips On How To Prepare Food For Storage Dealing With Anarchy and Uncontrolled Chaos, Disease Outbreak and Radiological Contamination Clothing & Personal Hygiene Free Bonus And Much, much more! ## Survival Guide

### The Book All Survivalist and Preppers Need

Createspace Independent Publishing Platform Survival Guide: The Book All Survivalist and Preppers Need ( 3 in 1 )

#### Into the Wild

Anchor Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

#### How to Survive in the Wild

#### Wilderness Survival Skills

### How to Stay Alive in the Wild with Just a Blade & Your Wits

Chartwell Books *Wilderness Survival Skills* is an outdoor survival guide that utilizes the most popular and versatile tool carried by every hiker, camper and hunter: the knife. It provides you with the essential information and life-saving techniques for all survival situations, including hunting, fishing, and trapping, building a shelter, making a fire, self-defense, and carving useful tools. Each chapter presents the knife skills and activities essential for wilderness survival, including: using a knife and axe, carrying and caring for a knife, securing food with a knife, sharpening an axe, and constructing watercraft with a knife

## What the Woods Keep

*Imprint* *What the Woods Keep* is the stunning debut of Katya de Becerra, who combines mystery, science fiction, and dark fantasy in a twisty story that will keep you mesmerized right up to the final page. On her eighteenth birthday, Hayden inherits her childhood home—on the condition that she uncover its dark secrets. Hayden tried to put the past behind her, and it worked. She’s getting ready for college, living in a Brooklyn apartment, and hanging out with her best friend and roommate Del. But now it’s all catching up with her: her mother’s mysterious disappearance a decade before, her father’s outlandish theories about a lost supernatural race, and Hayden’s own dark dreams of strange symbols and rituals in the Colorado woods where she grew up. As soon as Hayden arrives at her hometown, her friend Del in tow, it begins: Neighbors whisper secrets about Hayden’s mother; the boy next door is now all grown-up in a very distracting way; and Hayden feels the trees calling to her. And among them, deep in the woods, Hayden will discover something incredible—something that threatens reality itself. An Imprint Book “Blending mythology and a contemporary story of family drama, de Becerra’s debut novel is a narrative that will keep readers enthralled.” —Booklist “Spooky atmospheric and moral ambiguity complement the blend of science and myth to create a thoughtful and compelling horror fantasy.” —BCCB “This book glues you to the edge of your seat. The writing is powerful, with dashes of humor to lighten the tension at just the right moments... One of the best sci-fi/horror/mysteries I’ve ever read.” —Derek Milman, author of *Scream All Night* “The characters in this debut novel are interesting and modern, particularly Hayden’s humorous, vibrant roommate... Adds a new angle to the “small town with a secret” genre.” —VOYA “A magical, intelligent twist on the Nibelungenlied epic, with elements of science, set in a real world that is frightening and wonderful. Highly recommended.” —Rena Rossner, author of *The Sisters of the Winter Wood* “What an amazing, creepy, spooktacular book! *What the Woods Keep* is a unique blend of fantasy, sci-fi, and horror story all rolled into one. It gave me shivers down my spine and kept me awake at night, both because of the chill factor and just because I couldn’t wait to see what happened next. This book is everything you could want, from a spooky cabin in the woods to a massive conspiracy to a fantasy romance. Definitely check it out. It’s so much fun in so many ways that you won’t want to stop reading.” —Caryn Lix, author of *Sanctuary* “This book was so. damn. good. Lush and creepy, with a totally unique yet totally relatable heroine. I LOVED the way this book pinned logic and science against fantasy and primal fear—and managed to find the common ground between them in a deeply incisive way. A fast, frantic, fascinating read. Very highly recommended for anyone interested in mythology, psychology, or just some good scares.” —Maxine Kaplan, author of *The Accidental Bad Girl* “A stellar debut from a stellar author... De Becerra has a striking gift for description and using the setting to create atmosphere. The novel is haunting and the place is a character of its own... I loved every minute! I felt like the Colorado woods of Hayden’s childhood were calling to me, as they were to her!” —Lucia DiStefano, author of *Borrowed* “An amazing, immersive contemporary fantasy with strong female characters, female friendships, and descriptions that will make you feel like you’re walking alongside them.” —S. Gonzales, author of *The Law of Inertia* “Part fairy tale, part science fiction, part horror, this novel takes the best parts of these genres and blends them into something completely unique, satisfying, and new... Super smart and spooky, this story kept me on the edge of my seat from start to finish. A must read.” —Tara Gilboy, author of *Unwritten* “If you like howling winds, ominous birds, dark woods, clouds casting shadows over a perfectly creepy town, blood (okay, you don’t have to like blood), cryptic messages, mystery, and intensely likeable heroines in the midst of it all... you will LOVE this book as much as I did. It was the perfect blend of sci-fi, mystery, and fantasy. But this is not your average fantasy. It’s the kind of fantasy that makes you double-bolt the door before you go to bed and maybe even leave on a light or two to ward off the scary dreams. It’s the kind of YA that reminded me of why I love YA in the first place.” —Dana L. Davis, author of *Tiffany Sly Lives Here Now* “A real high-tension page-turner with a dash of humor to give relief from holding your breath...” —Taryn Bashford, author of *The Harper Effect* “If you like eerie towns like in *Silent Hill* and scary science like in *Resident Evil*, then this is your jam.” —Maura Milan, author of *Ignite the Stars* “The book pretty much had everything—friendship, mystery, creepiness, and a dash of romance. Trust me, you’ll want to get lost in these woods!” —Candace Robinson, author of *Quinsey Wolfe’s Glass Vault* and *The Bride of Glass*

## Woods Runner

Wendy Lamb From his 1776 Pennsylvania homestead, thirteen-year-old Samuel, who is a highly-skilled woodsman, sets out toward New York City to rescue his parents from the band of British soldiers and Indians who kidnapped them after slaughtering most of their community. Includes historical notes.

## A Week in the Woods

*Simon and Schuster* Mark didn’t ask to move to New Hampshire. Or to go to a hick school like Hardy Elementary. And he certainly didn’t request Mr. Maxwell as his teacher. Mr. Maxwell doesn’t like rich kids, or slackers, or know-it-alls. And he’s decided that Mark is all of those things. Now the whole school is headed out for a week of camping -- Hardy’s famous Week in the Woods. At first it sounds dumb, but then Mark begins to open up to life in the country, and he decides it might be okay to learn something new. It might even be fun. But things go all wrong for Mark. The Week in the Woods is not what anyone planned. Especially not Mr. Maxwell. With his uncanny knack to reach right to the heart of kids, Andrew Clements asks -- and answers -- questions about first impressions, fairness, loyalty, and courage -- and exactly what it takes to spend a Week in the Woods.

## I Am Still Alive

Penguin "This tense wire of a novel thrums with suspense. . . . [this book] just might be the highlight of your summer." —*The New York Times* Cheryl Strayed’s *Wild* meets *The Revenant* in this heart-pounding story of survival and revenge in the unforgiving wilderness. After: Jess is alone. Her cabin has burned to the ground. She knows if she doesn’t act fast, the cold will kill her before she has time to worry about food. But she is still alive—for now. Before: Jess hadn’t seen her survivalist, off-the-grid dad in over a decade. But after a car crash killed her mother and left her injured, she was forced to move to his cabin in the remote Canadian wilderness. Just as Jess was beginning to get to know him, a secret from his past paid them a visit, leaving her father dead and Jess stranded. After: With only her father’s dog for company, Jess must forage and hunt for food, build shelter, and keep herself warm. Some days it feels like the wild is out to destroy her, but she’s stronger than she ever imagined. Jess will survive. She has to. She knows who killed her father...and she wants revenge.

## Into the Forest

## A Holocaust Story of Survival, Triumph, and Love

*St. Martin’s Press* A 2021 National Jewish Book Award Finalist One of *Smithsonian Magazine’s* Best History Books of 2021 "An uplifting tale, suffused with a karmic righteousness that is, at times, exhilarating." —*Wall Street Journal* "A gripping narrative that reads like a page turning thriller novel." —*NPR* In the summer of 1942, the Rabinowitz family narrowly escaped the Nazi ghetto in their Polish town by fleeing to the forbidding Bialowieza Forest. They miraculously survived two years in the woods—through brutal winters, Typhus outbreaks, and merciless Nazi raids—until they were liberated by the Red Army in 1944. After the war they trekked across the Alps into Italy where they settled as refugees before eventually immigrating to the United States. During the first ghetto massacre, Miriam Rabinowitz rescued a young boy named Philip by pretending he was her son. Nearly a decade later, a chance encounter at a wedding in Brooklyn would lead Philip to find the woman who saved him. And to discover her daughter Ruth was the love of his life. From a little-known chapter of Holocaust history, one family’s inspiring true story.

## How to Shit in the Woods

## An Environmentally Sound Approach to a Lost Art

*Random House Digital, Inc.* It’s the feisty third edition of *How to Shit in the Woods*, jam-packed with new information for outdoor enthusiasts of every stripe. Hailed in its first edition as "the most important environmental book of the decade" by *Books of the Southwest*, and in its second as "the real shit" by the late, great, outdoor photographer Galen Rowell, this bestselling guide is often called the "backpacker’s bible" and has sold more than 2.5 million copies in eight languages. Author Kathleen Meyer continues to pioneer the way with her inimitable voice—at once humorous, irreverent, and direct—examining the latest techniques for graceful backcountry elimination, and answering a desperate cry from nature concerning environmental precautions in our ever-shrinking wilds. World changes come fast and furious, and in the backcountry it is no different. The practice of "packing-it-out," adopted to protect high use areas and fragile eco-systems, is here to stay. We are now often urged to haul our poop home. Or with increasing frequency, the whole business is mandatory. To assist with all this responsible human waste disposal, Meyer’s new edition features the latest in product innovations, from classy high-tech to inexpensive do-it-yourself. She covers the most current solutions to the health risks of drinking straight from wilderness waterways; presents a raft of natural substitutes for the purist swearing off toilet tissue; and offers a wealth of new recommendations for ladies who must make do without a loo. This down-to-earth guide has been employed as a training aid for scout troops, outdoor schools, and wilderness programs for inner-city youth; for rangers with the U.S. Forest Service, National Park Service, and Bureau of Land Management; as well as for whitewater rafting guides, backcountry outfitters, and members of the military. In rowing hundreds of urbanites down whitewater rivers, Meyer honed her squatting skills and found she "wasn’t alone in the klutz department." Her delightfully shameless discussion of a once-shameful activity, her erudite examination of its

associated vocabulary, and her unapologetic promotion of its colorful vernacular make *How to Shit in the Woods* essential and vastly entertaining reading for anyone who's ever paused at the edge of the forest and pondered: "Where do I go to go?"

## How to Stay Alive in the Woods

### A Complete Guide to Food, Shelter, and Self-Preservation That Makes Starvation in the Wilderness Next to Impossible

#### 98.6 Degrees

#### The Art of Keeping Your Ass Alive

*ReadHowYouWant.com* If you breathe and have a pulse, you **NEED** this book. -Cody Lundin Cody Lundin, director of the Aboriginal Living Skills School in Prescott, Arizona, shares his own brand of wilderness wisdom in this highly anticipated new book on commonsense, modern survival skills for the backcountry, the backyard, or the highway. It is the ultimate book on how to stay alive-based on the principal of keeping the body's core temperature at a lively 98.6 degrees. In his entertaining and informative style, Cody stresses that a human can live without food for weeks, and without water for about three days or so. But if the body's core temperature dips much below or above the 98.6 degree mark, a person can literally die within hours. It is a concept that many don't take seriously or even consider, but knowing what to do to maintain a safe core temperature when lost in a blizzard or in the desert could save your life. Lundin delivers the message with wit, rebellious humor, and plenty of backcountry expertise. Cody Lundin and his Aboriginal Living Skills School have been featured in dozens of national and international media sources, including Dateline NBC, CBS News, USA Today, The Donny and Marie Show, and CBC Radio One in Canada, as well as on the cover of Backpacker magazine. When not teaching for his own school, he is an adjunct faculty member at Yavapai College and a faculty member at the Ecosa Institute. Cody is the only person in Arizona licensed to catch fish with his hands, and lives in a passive solar earth home sixty miles from Prescott, Arizona.

## The Road

Vintage NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

## The Ultimate Hunter's Handbook

### Essential Skills, Tips, and Expertise from the "Raised Hunting" Family

Harvest House Publishers NEW from the authors of *Raised Hunting... Equip Yourself for the Hunt and for Life* David and Karin Holder, stars of the hit television show *Raised Hunting* on the Discovery Channel want to show you how to succeed in the outdoors and at home. What they have found is that many of the skills that lead to a great hunt—preparation, effort, patience, and determination—are the very same traits that will help you lead a more fulfilling life. Now they pass on these essential truths, tools, and tips to you for better hunting and better living in this indispensable guide. You will benefit from David's decades of experience as an avid and accomplished hunter. Join him as he embarks on his bucket list hunt for a giant whitetail buck, and the lessons he learns along the way. But the hunt is only half the adventure. Karin will share spiritual insights that will deepen your appreciation for the role our Creator plays—not just in the outdoors but in our regular everyday existence. If you want to experience the ultimate in hunting and in life, this handbook will help you achieve it!

## This Is a Book for People Who Love the National Parks

Running Press Adult Smart, short, and irresistibly illustrated, *This Is a Book for People Who Love National Parks* is a park-by-park celebration of the American outdoors. For devoted park-goers and casual campers alike, this charming guide is nothing short of a celebration of America's natural wonders. An introduction to the storied history of the Parks Service is paired with engaging profiles of each of the sixty-one National Parks, from Acadia to Zion and everything in between. Quirky facts and key dates are woven throughout, while refreshingly modern illustrations capture the iconic features of each majestic setting. Deeply researched but not too serious, *This Is a Book for People Who Love National Parks* is an essential addition to every park lover's field library.
