KEY=MANAGEMENT - WESTON MAXIM

Fundamentals of Human Resource Management with CD & Powerweb Irwin/McGraw-Hill Provides a brief introduction to human resource management. This book focuses on the uses of human resources for the general population. A comprehensive instructor's manual, test bank, PowerPoint presentation and a complete Online Learning Center make course preparation easy. **Human Resource Management 12th Edition** McGraw-Hill Higher Education **Human Resource Management** McGraw-Hill College Human Resource Management (HRM) takes a managerial orientation; and is viewed as being relevant to managers in every unit, project, or team. Managers are constantly faced with HRM issues, problems, and decision making and the text's primary goal is to show how each manager must be a human resource problem solver and diagnostician. This book pays attention to the application of HRM approaches in "real organizational" settings and situations. Realism, understanding, and critical thinking were important in the revision. Users have continuously been satisfied with the consistent writing style and level of presentation. **Human Resource Management** McGraw-Hill Ryerson Steen/Noe Fifth Canadian Edition has been written to make HR more accessible to students, more reflective of their situation, and more about them. Today, every manager is "in HR", and every employee is actively engaged in the process of HRM, regardless of whether they aspire to be a manager or an HR professional. Students will experience HRM every day of their working lives, from how they are perceived by recruiters to completing a performance appraisal, to being promoted or fired. When students ask "What's In It For Me?", the Fifth Canadian Edition will show them just how relevant HRM is to them as people, employees and eventually managers. This easy to read and relevant 11 chapter human resource management text is ideal for a one-semester course. Steen/Noe balances theory with practical application and rich examples that support the need for foundational HRM, thought leadership and applied insight necessary to perform and thrive in organizations today. **Canadian Human Resource Management A Strategic Approach Human Resource Management** Pearson Educación Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form. Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues. **Operations Management An Integrated Approach** "Today, companies are competing in a very different environment than they were only a few years ago. Rapid changes such as a globally interconnected environment, the Internet, big data analytics, advances in technology, and sustainability imperatives have required businesses to adapt their standard practices. Operations management (OM) is the critical function through which companies can succeed in this competitive landscape. Operations management concepts are not confined to one department. Rather, they are far-reaching, affecting every functional aspect of the organization. Whether studying accounting, finance, human resources, information technology, management, marketing, or purchasing, students need to understand the critical impact operations management has on any business"-- **Armstrong's Handbook of Human Resource Management Practice** Kogan Page Publishers Armstrong's Handbook of Human Resource Management Practice is the bestselling and definitive resource for HRM students and professionals, which helps readers to understand and implement HR in relation to the needs of the business. It covers in-depth all of the areas essential to the HR function such as employment law, employee relations, learning and development, performance management and reward, as well as the HR skills needed to ensure professional success, including leadership, managing conflict, interviewing and using statistics. Illustrated throughout in full colour and with a range of pedagogical features to consolidate learning (e.g. source review boxes, key learning points, summaries and case studies from international organizations such as IBM, HSBC and Johnson and Johnson), this fully updated 15th edition includes new chapters on the HRM role of line managers, evidence-based HRM, e-HRM and the gender pay gap, further case studies and updated content covering the latest research and developments. Armstrong's Handbook of Human Resource Management Practice is aligned with the Chartered Institute of Personnel and Development (CIPD) profession map and standards and is suited to both professionals and students of both undergraduate degrees and the CIPD's level 5 and 7 professional qualifications. Online supporting resources include comprehensive handbooks for lecturers and students, lecture slides, all figures and tables, toolkits, and a literature review, glossary and bibliography. **(WCS)Fundamentals of Human Resource Management 9th Edition for Boston University** Wiley **Loose-Leaf for Managing Human Resources** McGraw-Hill Education Managing Human Resources 11e is for the general management student whose job inevitably will involve responsibility for managing people. It explicitly links the relationship between productivity, quality of work life, and profits to various human resource management activities and as such, strengthens the students' perception of human resource management as an important function, which affects individuals, organizations, and society. It is research-based and contains strong links to the applicability of this research to real business situations. **Human Resource Management** Wiley Over the past decade, management practice has gone through dramatic changes. Workforce diversity, downsizing, reengineering, total quality management, outsourcing, and rediscovering the importance of satisfying the customer, all has a significant impact on Human Resources. The new Sixth Edition of De Cenzo/Robbins' Human Resource Management features a current, real-world perspective that gives readers a crystal-clear picture of what today's HRM is really like. Emphasizing the application of theory, the Sixth Edition carefully integrates real examples with the most up-to-date information available. **Project Management A Systems Approach to Planning, Scheduling, and Controlling** John Wiley & Sons The landmark project management reference, now in a new edition Now in a Tenth Edition, this industry-leading project management "bible" aligns its streamlined approach to the latest release of the Project Management Institute's Project Management Body of Knowledge (PMI®'s PMBOK® Guide), the new mandatory source of training for the Project Management Professional (PMP®) Certification Exam. This outstanding edition gives students and professionals a profound understanding of project management with insights from one of the best-known and respected authorities on the subject. From the intricate framework of organizational behavior and structure that can determine project success to the planning, scheduling, and controlling processes vital to effective project management, the new edition thoroughly covers every key component of the subject. This Tenth Edition features: New sections on scope changes, exiting a project, collective belief, and managing virtual teams More than twenty-five case studies, including a new case on the Iridium Project covering all aspects of project management 400 discussion questions More than 125 multiple-choice questions (PMI, PMBOK, PMP, and Project Management Professional are registered marks of the Project Management Institute, Inc.) **Human Resources Management in Canada** Scarborough, Ont. : Prentice-Hall Canada **Management** Cengage Learning MANAGEMENT, 12E, takes a functional, skills-based approach to the process of management with a focus on active planning, leading, organizing and controlling. Griffin carefully examines today's emerging management topics, including the impact of technology, importance of a green business environment, ethical challenges, and the need to adapt in changing times. This edition builds on proven success to help strengthen your management skills with a balance of classic theory and contemporary practice. Numerous new and popular cases and learning features highlight the challenges facing today's managers. Hundreds of well-researched contemporary examples, from Starbucks to The Hunger Games to professional baseball, vividly demonstrate the importance of strong management to any type of organization. It is a requirement in modern day society that everyone, whether at individual or organisational level, understands the softer nuances of this concept and prepares for it. During scenarios of change interventions, the role of human resources (HR) becomes highly crucial, even as the perception towards it becomes ambivalent. This volume delivers a holistic view on the role of HR in organisational change. It is built on the various theoretical models of change and provides a dramatic sequence of issues in change management to gain a big picture thinking for HR managers and weaves through why, how and what perspectives to change management. Human Resources Management for Organisational Change offers a comprehensive coverage of the changing role of HR as it relates to organisational change theories and models, strategy, changing business environment and implications, organisational culture, leadership, resistance management, and high performance work practices (HPWP) to support change management and cost of no-changers. It is unique in that it covers the entire gamut of organisational change as well as HR. It will be of value to researchers, academics, professionals, and students interested in learning more about how organisational change can improve productivity and human satisfaction as well as the systematic approach to managing organisational change. **Managing Human Resources Productivity, Quality of Work Life, Profits** "I did not write this book for students who aspire to be specialists in human resource management (HRM). Rather, I wrote it for students of general management whose jobs inevitably will involve responsibility for managing people, along with capital, material, and information assets. A fundamental assumption, then, is that all managers are accountable to their organizations in terms of the impact of their HRM activities, and they are expected to add value by managing their people effectively. They also are accountable to their peers and to their subordinates in terms of the quality of work life that they are providing"-- **Strategic human capital management** DIANE Publishing **Functional Job Analysis A Foundation for Human Resources Management** Psychology Press This book was written to address the need for timely, thorough, practical, and defensible job analysis for HR managers. Under continuing development over the past 50 years, Functional Job Analysis (FJA) is acknowledged by major texts in HR and industrial/organizational psychology as one of the premier methods of job analysis used by leading-edge organizations in the private and public sectors. It is unique among job analysis methods in having its own in-depth theoretical grounding within a systems framework. In addition to providing a methodology for analyzing jobs, it offers a rich model and vocabulary for communicating about the competencies (skills) contributing to work success and about the design of the work organization through which those competencies are expressed. FJA is the right theory and methodology for future work in an increasingly competitive global economy. This book is the authoritative source describing how FJA can encourage and support an ongoing dialogue between workers and management as they jointly pursue total quality, worker growth, and organization performance. It is a flexible tool, fully recognizing the rapid changes impacting today's organizations. It is a comprehensive tool, leading to an in-depth understanding of work, its results, and its improvement in a unique organization context. It is a humane tool, viewing workers in light of their full potential and capacity for positive growth. With FJA, workers and managers can work more constructively together in a wholesome and productive work relationship. **Human Resource Management** This market-leading text takes a pragmatic approach emphasizing the strategic role of human resources. Comprehensive, research-based coverage includes all major topics identified on the Human Resource Certification Institutes Content Outline. Coverage includes a global chapter, expanded coverage of diversity, new material on performance management, and current hot topics such as self-directed work teams, shamrock organization, broadbanding, competency-based pay systems, job security, violence in the workplace, and how organizational commitment affects production, quality, and service. **Information Technology for Management On-Demand Strategies for Performance, Growth and Sustainability** John Wiley & Sons Information technology is ever-changing, and that means that those who are working, or planning to work, in the field of IT management must always be learning. In the new edition of the acclaimed Information Technology for Management, the latest developments in the real world of IT management are covered in detail thanks to the input of IT managers and practitioners from top companies and organizations from around the world. Focusing on both the underlying technological developments in the field and the important business drivers performance, growth and sustainability—the text will help students explore and understand the vital importance of IT's role vis-a-vis the three components of business performance improvement: people, processes, and technology. The book also features a blended learning approach that employs content that is presented visually, textually, and interactively to enable students with different learning styles to easily understand and retain information. Coverage of next technologies is up to date, including cutting-edged technologies, and case studies help to reinforce material in a way that few texts can. **Effective Human Relations: Interpersonal And Organizational Applications** Cengage Learning Master the human relation skills you need to become successful in today's workplace with one of the most widely used human relations texts available. EFFECTIVE HUMAN RELATIONS incorporates hundreds of examples of real human relations issues and practices in successful companies. This comprehensive

13th edition explores goal- setting, the root causes of negative attitudes, the use of personal branding and social media in the job market, emotional intelligence, positive psychology and happiness, and how companies create a dynamic company cultures. Self-assessments and self-development opportunities throughout the book teach you to assume responsibility for improving your personal skills and competencies. This text will help you gain the insights, knowledge and relationship skills you need to deal successfully with the wide range of people-related challenges in business today. It is a text you can continue to refer to throughout your life! Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. **Principles of Management** Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Contributing Authors David S. Bright, Wright State University Anastasia H. Cortes, Virginia Tech University Eva Hartmann, University of Richmond K. Praveen Parboteeah, University of Wisconsin-Whitewater Jon L. Pierce, University of Minnesota-Duluth Monique Reece Amit Shah, Frostburg State University Siri Terjesen, American University Joseph Weiss, Bentley University Margaret A. White, Oklahoma State University Donald G. Gardner, University of Colorado-Colorado Springs Jason Lambert, Texas Woman's University Laura M. Leduc, James Madison University Joy Leopold, Webster University Jeffrey Muldoon, Emporia State University James S. O'Rourke, University of Notre Dame **Human Resource Management Essentials You Always Wanted To Know** Vibrant Publishers The core of every company is its people, and Human Resources Management (HRM) is the key to handling all the complexities of human relations, compensation, conflict resolution, and much more. Strategies and tactics are needed to effectively manage the human resource potential that drives all companies to profitability and success. Human Resource Management Essentials You Always Wanted To Know guides readers through the challenges and provides tools to address those challenges. It provides an understanding of areas including: · The concept of HRM · Performance management strategies · Legal and regulatory compliance · Organizational development · Conflict management · Payroll and compensation · Information technology in HRM · Health and safety · Personnel development Human Resource Management Essentials is part of the Self-Learning Management Series focused on working professionals. The series addresses every aspect of business from HR to finance, marketing, and operations. Each book includes fundamentals, important concepts, and well-known principles, as well as practical applications of the subject matter. **Compensation A Handbook of Human Resource Management Practice** Kogan Page Publishers Revised in the light of recent developments in HRM policy and practice, this text now includes new chapters on human capital management, the role of the front line manager, HR strategies, and implementing HR strategies and learning and development. It also incorporates the results of surveys and research projects conducted by professionals. **The Art of Failure An Essay on the Pain of Playing Video Games** MIT Press An exploration of why we play video games despite the fact that we are almost certain to feel unhappy when we fail at them. We may think of video games as being "fun," but in The Art of Failure, Jesper Juul claims that this is almost entirely mistaken. When we play video games, our facial expressions are rarely those of happiness or bliss. Instead, we frown, grimace, and shout in frustration as we lose, or die, or fail to advance to the next level. Humans may have a fundamental desire to succeed and feel competent, but game players choose to engage in an activity in which they are nearly certain to fail and feel incompetent. So why do we play video games even though they make us unhappy? Juul examines this paradox. In video games, as in tragic works of art, literature, theater, and cinema, it seems that we want to experience unpleasantness even if we also dislike it. Reader or audience reaction to tragedy is often explained as catharsis, as a purging of negative emotions. But, Juul points out, this doesn't seem to be the case for video game players. Games do not purge us of unpleasant emotions; they produce them in the first place. What, then, does failure in video game playing do? Juul argues that failure in a game is unique in that when you fail in a game, you (not a character) are in some way inadequate. Yet games also motivate us to play more, in order to escape that inadequacy, and the feeling of escaping failure (often by improving skills) is a central enjoyment of games. Games, writes Juul, are the art of failure: the singular art form that sets us up for failure and allows us to experience it and experiment with it. The Art of Failure is essential reading for anyone interested in video games, whether as entertainment, art, or education. **Human Resource Management Global and Southern African Perspectives The Chief HR Officer Defining the New Role of Human Resource Leaders** John Wiley & Sons Praise for THE CHIEF HR OFFICER The Chief HR Officer offers the most current thinking on the evolving role of the chief human resource officer (CHRO). An essential resource for experienced and aspiring CHROs, the book shows leaders how to best prepare for and perform this critical role. This comprehensive book shows how, in today's extremely competitive work environment, the job of the CHRO has expanded to encompass many important roles. Among other things, HR leaders must adapt to and address the demands of an increasingly diverse and demanding workforce, globalization, stricter regulatory requirements, increased accountability to the CEO and board of directors, and the complexity of leading the HR function with often limited resources. This vital guide is filled with rare insights and practical guidance from some of the country's most successful CHROs who have been in the trenches as well as top academics researching the field including Randy MacDonald (IBM), Eva Sage-Gavin (Gap Inc.), L. Kevin Cox (American Express), Miriam M. Graddick-Weir (Merck), and Dave Ulrich (Ross School of Business, University of Michigan, and The RBL Group). Sponsored by the National Academy of Human Resources (NAHR), the book covers a wealth of topics including how to develop a perspective and set of skills to effectively lead and perform in the role and how to approach strategy, management, leadership, ethics, and talent. In addition, the authors include information on forming and implementing activities that will further the firm's strategy, advice for coaching and counseling the CEO, and much more. **Effective Police Supervision Study Guide** Routledge Good police officers are often promoted into supervisory positions with little or no training for what makes a good manager. Effective Police Supervision provides readers with an understanding of the group behaviors and organizational dynamics necessary to understand the fundamentals of police administration. The Effective Police Supervision Study Guide, which includes quizzes and other study tools, gives students, as well as professionals training for promotional exams, a way to review the material and be fully prepared for examinations and the world of police supervision. This new edition, like the new edition of the textbook it accompanies, includes information on the following topics: police accountability, police involvement with news media, dealing with social media, updates on legal considerations, and avoiding scandals. **Managing Human Resources** Englewood Cliffs, NJ : Prentice Hall This book centers on business decision-making and managerial problem-solving, consistent with today's best practices' Human Resource Management Practice and Research. Real-life cases and a global focus will hold readers' interest as this book imparts valuable information about the dynamic field of human resources. Expanded coverage of international human resource issues governs this edition of the popular book; it also covers the management of work flows, job analysis, equal opportunity and the legal environment, diversity, recruitment and selection of employees, downsizing and outplacement, performance management and appraisal, workforce training, career development, compensation management, rewards and performance, employee benefits, employee relations, employee rights and discipline, organized labor, and workplace safety and health. The reference resource for human resource directors, managers, and small business owners, as well as others in leadership positions. **Managing Human Resources Concepts of Biology** Concepts of Biology is designed for the single-semester introduction to biology course for non-science majors, which for many students is their only college-level science course. As such, this course represents an important opportunity for students to develop the necessary knowledge, tools, and skills to make informed decisions as they continue with their lives. Rather than being mired down with facts and vocabulary, the typical non-science major student needs information presented in a way that is easy to read and understand. Even more importantly, the content should be meaningful. Students do much better when they understand why biology is relevant to their everyday lives. For these reasons, Concepts of Biology is grounded on an evolutionary basis and includes exciting features that highlight careers in the biological sciences and everyday applications of the concepts at hand. We also strive to show the interconnectedness of topics within this extremely broad discipline. In order to meet the needs of today's instructors and students, we maintain the overall organization and coverage found in most syllabi for this course. A strength of Concepts of Biology is that instructors can customize the book, adapting it to the approach that works best in their classroom. Concepts of Biology also includes an innovative art program that incorporates critical thinking and clicker questions to help students understand--and apply--key concepts. **Canadian Human Resource Management A Strategic Approach International Human Resource Management** Cengage Learning Emea Dowling et al is a rare instance of a textbook that has developed alongside the field - helping to shape what it is today - and remains the market leading IHRM textbook worldwide. The international author team have ensured this edition is even more international than its predecessors, whilst also remaining close to curriculum developments. New edition changes include a streamlined chapter structure and a new chapter on the cultural context of IHRM. The focus on expatriates has been balanced with a stronger global management emphasis throughout. The content also reflects the current economic climate, including greater coverage of turbulence for IHRM and issues of employee separation. There is also expanded coverage of business ethics, outsourcing, emerging markets and small medium enterprises. In addition the new edition includes a wealth of case study material and class discussion material. A fully tailored CourseMate and Instructor's website will also be available to adopters. MARKET: Dowling et al is a core textbook for "International HRM" modules (IHRM) as taught at intermediate and postgraduate levels on all HRM programmes and the majority of broad-based business programmes. It is also used on some "International Management" modules. This textbook is autopackaged with CourseMate. CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the printed textbook and the textbook-specific website. CourseMate includes an integrated eBook and interactive teaching and learning tools including quizzes, flashcards, videos, and more and an EngagementTracker, a first-of-its-kind tool that monitors student engagement in the course. **New Products Management** McGraw-Hill/Irwin Taking a managerial approach, in order to acquaint students with the managerial steps and processes involved in new product development, this work includes coverage of product protocol. **Fundamentals of Human Resource Management 12th Edition WileyPLUS Learning Space Card Wiley Human Resource Management** Offers students a comprehensive understanding of HRM theory, skills and application - a perfect fit for a one semester unit. The authors reflect on current HRM issues such as diversity, flexibility, equity, globalisation, the regulatory environment, and IT. J Griffiths, La Trobe University and B Lloyd-Walker, Victoria University. **Strategic Human Resource Management** Pearson College Division This book deals with the interaction between strategy and human resources, as approached from a general managerial perspective. Updated and revised, the Second Edition provides students with a comprehensive overview of human resource issues applied to the most current technological advances and updated investments in employment practices. The book provides an investment perspective of human resources and covers the human resource general and legal environment, strategy formulation, planning, strategy implementation, the performance impact of human resource practices and resource evaluation. For managers and executives involved with human resource issues. **Loose-Leaf for Fundamentals of Human Resource Management** McGraw-Hill Education **Human Resource Management in a Global Context A Critical Approach** Palgrave A global, contemporary and critical view of human resource management. Using international examples and case studies, this text covers the basic principles of HRM, whilst exposing students to real world issues facing managers on a daily basis. This text is essential reading for anyone who wants to understand and engage critically with HRM globally.
