Steve Jobs

Insanely Great

Schwartz & Wade "A graphic biography about the creator of Apple"--Cover.

The Life and Times of the Peanut

Houghton Mifflin Harcourt Examines the history and statistics of peanuts, their agriculture and influence.

The Life and Times of Mexico

W. W. Norton & Company A San Francisco Chronicle Best Book of the Year. "A work of scope and profound insight into the divided soul of Mexico." —History Today The Life and Times of Mexico is a grand narrative driven by 3,000 years of history: the Indian world, the Spanish invasion, Independence, the 1910 Revolution, the tragic lives of workers in assembly plants along the border, and the experiences of millions of Mexicans who live in the United States. Mexico is seen here as if it were a person, but in the Aztec way; the mind, the heart, the winds of life; and on every page there are portraits and stories: artists, shamans, teachers, a young Maya political leader; the rich few and the many poor. Earl Shorris is ingenious at finding ways to tell this story: prostitutes in the Plaza Loreto launch the discussion of economics; we are taken inside two crucial elections as Mexico struggles toward democracy; we watch the creation of a popular "telenovela" and meet the country's greatest living intellectual. The result is a work of magnificent scope and profound insight into the divided soul of Mexico.

Cicero

The Life and Times of Rome's Greatest Politician

Random House Trade Paperbacks NATIONAL BESTSELLER • “An excellent introduction to a critical period in the history of Rome. Cicero comes across much as he must have lived: reflective, charming and rather vain.”—The Wall Street Journal “All ages of the world have not produced a greater statesman and philosopher combined.”—John Adams He squared off against Caesar and was friends with young Brutus. He advised the legendary Pompey on his botched transition from military hero to politician. He lambasted Mark Antony and was master of the smear campaign, as feared for his wit as he was for his ruthless disputations. Brilliant, voluble, cranky, a genius of political manipulation but also a true patriot and idealist, Cicero was Rome’s most feared politician, one of the greatest lawyers and statesmen of all times. In this dynamic and engaging biography, Anthony Everitt plunges us into the fascinating, scandal-ridden world of ancient Rome in its most glorious heyday—when senators were endlessly filibustering legislation and exposing one another’s sexual escapades to discredit the opposition. Accessible to us through his legendary speeches but also through an unrivaled collection of unguarded letters to his close friend Atticus, Cicero comes to life as a witty and cunning political operator, the most eloquent and astute witness to the last days of Republican Rome. Praise for Cicero “ [Everitt makes] his subject—brilliant, vain, principled, opportunistic and courageous—come to life after two millennia.”—The Washington Post “ Gripping . . . Everitt combines a classical education with practical expertise. . . . He writes fluidly.”—The New York Times “In the half-century before the assassination of Julius Caesar . . . Rome endured a series of crises, assassinations, factional bloodletting, civil wars and civil strife, including at one point government by gang war. This period, when republican government slid into dictatorship, is one of history’s most fascinating, and one learns a great deal about it in this excellent and very readable biography.”—The Plain Dealer “Riveting . . . a clear-eyed biography . . . Cicero’s times . . . offer vivid lessons about the viciousness that can pervade elected government.”—Chicago Tribune “Lively and dramatic . . . By the book’s end, he’s managed to put enough flesh on Cicero’s old bones that you care when the agents of his implacable enemy, Mark Antony, kill him.”—Los Angeles Times

His Very Best

Jimmy Carter, a Life

Simon and Schuster From one of America's most respected journalists and modern historians comes the highly acclaimed, "splendid" (The Washington Post) biography of Jimmy Carter, the thirty-ninth president of the United States and Nobel Prize-winning humanitarian. Jonathan Alter tells the epic story of an enigmatic man of faith and his improbable journey from barefoot boy to global icon. Alter paints an intimate and surprising portrait of the only president since Thomas Jefferson who can fairly be called a Renaissance Man, a complex figure—ridiculed and later revered—with a piercing intelligence, prickly intensity, and biting wit beneath the patented smile. Here is a moral exemplar for our times, a flawed but underrated president of decency and vision who was committed to telling the truth to the American people. Growing up in one of the meanest counties in the Jim Crow South, Carter is the only American president who essentially lived in three centuries: his early life on the farm in the 1920s without electricity or running water might as well have been in the nineteenth; his presidency put him at the center of major events in the twentieth; and his efforts on conflict resolution and global health set him on the cutting edge of the challenges of the twenty-first. "One of the best in a celebrated genre of presidential biography," (The Washington Post), His Very Best traces how Carter evolved from a timid, bookish child—raised mostly by a Black woman farmhand—into an ambitious naval nuclear engineer writing passionate, never-before-published love letters from sea to his wife and full partner, Rosalynn; a peanut farmer and civic leader whose guilt over staying silent during the civil rights movement and not confronting the white terrorism around him helped power his quest for racial justice at home and abroad; an obscure, born-again governor whose brilliant 1976 campaign demolished the racist wing of the Democratic Party and took him from zero percent to the presidency; a stubborn outsider who failed politically amid the bad economy of the 1970s and the seizure of American hostages in Iran but succeeded in engineering peace between Israel and Egypt, amassing a historic environmental record, moving the government from tokenism to diversity, setting a new global standard for human rights and normalizing relations with China among other unheralded and far-sighted achievements. After leaving office, Carter eradicated diseases, built houses for the poor, and taught Sunday school into his mid-nineties. This "important, fair-minded, highly readable contribution" (The New York Times Book Review) will change our understanding of perhaps the most misunderstood president in American history.

Nowhere for Very Long

The Unexpected Road to an Unconventional Life

HarperCollins NEW YORK TIMES BESTSELLER • WALL STREET JOURNAL BESTSELLER • USA TODAY! BESTSELLER In this beautifully written, vividly detailed memoir, a young woman chronicles her adventures traveling across the deserts of the American West in an orange van named Bertha and reflects on an unconventional approach to life. A woman defined by motion, Brianna Madia bought a beat-up bright orange van, filled it with her two dogs Bucket and Dagwood, and headed into the canyons of Utah with her husband. *Nowhere for Very Long* is her deeply felt, immaculately told story of exploration—of the world outside and the spirit within. However, pursuing a life of intention isn't always what it seems. In fact, at times it was downright boring, exhausting, and even desperate—when Bertha overheated and she was forced to pull over on a lonely stretch of South Dakota highway; when the weather was bitterly cold and her water jugs froze beneath her as she slept in the parking lot of her office; when she worried about money, her marriage, and the looming question mark of her future. But Brianna was committed to living a life true to herself, come what may, and that made all the difference. *Nowhere for Very Long* is the true story of a woman learning and unlearning, from backroads to breakdowns, from married to solo, and finally, from lost to found to lost again . . . this time, on purpose.

Steve Jobs

Childrens Press Traces the life of the the Apple co-founder, looking at his early years, the founding of the company, and his major personal and professional achievements.

Richard Wright

The Life and Times

University of Chicago Press Skillfully interweaving quotations from Wright's writings, Rowley portrays a man who transcended the times in which he lived and sought to reconcile opposing cultures in his work. In this lively, finely crafted narrative, Wright--passionate,

complex, courageous, and flawed--comes vibrantly to life. Two 8-page photo inserts.

Steve Jobs

Simon and Schuster Draws on more than forty interviews with Steve Jobs, as well as interviews with family members, friends, competitors, and colleagues to offer a look at the co-founder and leading creative force behind the Apple computer company.

Hackers

Heroes of the Computer Revolution - 25th Anniversary Edition

"O'Reilly Media, Inc." This 25th anniversary edition of Steven Levy's classic book traces the exploits of the computer revolution's original hackers -- those brilliant and eccentric nerds from the late 1950s through the early '80s who took risks, bent the rules, and pushed the world in a radical new direction. With updated material from noteworthy hackers such as Bill Gates, Mark Zuckerberg, Richard Stallman, and Steve Wozniak, Hackers is a fascinating story that begins in early computer research labs and leads to the first home computers. Levy profiles the imaginative brainiacs who found clever and unorthodox solutions to computer engineering problems. They had a shared sense of values, known as "the hacker ethic," that still thrives today. Hackers captures a seminal period in recent history when underground activities blazed a trail for today's digital world, from MIT students finagling access to clunky computer-card machines to the DIY culture that spawned the Altair and the Apple II.

The Life and Times of the Thunderbolt Kid

A Memoir

Crown From one of the world's most beloved writers and New York Times bestselling author of A Walk in the Woods and The Body, a vivid, nostalgic, and utterly hilarious memoir of growing up in the 1950s. Bill Bryson was born in the middle of the American century—1951—in the middle of the United States—Des Moines, Iowa—in the middle of the largest generation in American history—the baby boomers. As one of the best and funniest writers alive, he is perfectly positioned to mine his memories of a totally all-American childhood for 24-carat memoir gold. Like millions of his generational peers, Bill Bryson grew up with a rich fantasy life as a superhero. In his case, he ran around his house and neighborhood with an old football jersey with a thunderbolt on it and a towel about his neck that served as his cape, leaping tall buildings in a single bound and vanquishing awful evildoers (and morons)—in his head—as "The Thunderbolt Kid." Using this persona as a springboard, Bill Bryson re-creates the life of his family and his native city in the 1950s in all its transcendent normality—a life at once completely familiar to us all and as far away and unreachable as another galaxy. It was, he reminds us, a happy time, when automobiles and televisions and appliances (not to mention nuclear weapons) grew larger and more numerous with each passing year, and DDT, cigarettes, and the fallout from atmospheric testing were considered harmless or even good for you. He brings us into the life of his loving but eccentric family, including affectionate portraits of his father, a gifted sportswriter for the local paper and dedicated practitioner of isometric exercises, and of his mother, whose job as the home furnishing editor for the same paper left her little time for practicing the domestic arts at home. The many readers of Bill Bryson's earlier classic, A Walk in the Woods, will greet the reappearance in these pages of the immortal Stephen Katz, seen hijacking literally boxcar loads of beer. He is joined in the Bryson gallery of immortal characters by the demonically clever Willoughby brothers, who apply their scientific skills and can-do attitude to gleefully destructive ends. Warm and laugh-out-loud funny, and full of his inimitable, pitch-perfect observations, The Life and Times of the Thunderbolt Kid is as wondrous a book as Bill Bryson has ever written. It will enchant anyone who has ever been young.

The Life and Times of Dan Haggerty - The Man Who

Made Grizzly Adams Famous!

The Preacher, the Pirate and the Pagan

CreateSpace The Life and Times of Dan Haggerty Book Series, is a fascinating journey into the life of one of America's most beloved actors. It reveals all the triumphs and tragedies that went on behind the scenes of the television show that captured the hearts of millions. You'll discover the "wild side" of the actors that worked with the Grizzly Bear named Ben, and about the man that made Grizzly Adams famous! "The Preacher, the Pirate, and the Pagan" is the first book in the series.

On Her Own Ground

The Life and Times of Madam C.J. Walker

Scribner Soon to be a Netflix series starring Octavia Spencer, On Her Own Ground is the first full-scale biography of "one of the great success stories of American history" (The Philadelphia Inquirer), Madam C.J. Walker—the legendary African American entrepreneur and philanthropist—by her great-great-granddaughter, A'Lelia Bundles. The daughter of formerly enslaved parents, Sarah Breedlove—who would become known as Madam C. J. Walker—was orphaned at seven, married at fourteen, and widowed at twenty. She spent the better part of the next two decades laboring as a washerwoman for \$1.50 a week. Then—with the discovery of a revolutionary hair care formula for black women—everything changed. By her death in 1919, Walker managed to overcome astonishing odds: building a storied beauty empire from the ground up, amassing wealth unprecedented among black women, and devoting her life to philanthropy and social activism. Along the way, she formed friendships with great early-twentieth-century political figures such as Ida B. Wells, Mary McLeod Bethune, W.E.B. Du Bois, and Booker T. Washington.

All about Me!

My Remarkable Life in Show Business

Ballantine Books No information is currently available. 400pp., 100K.

LIFE 75 Years

The Very Best of LIFE

Life In this deluxe commemorative edition, LIFE's editors focus on the publication's achievements more tightly than they ever have before: This is truly the best of everything LIFE has accomplished. In these pages are the best war photos ever taken for LIFE; the best photo essays ever to grace our pages (including the works of Capa and Parks and Smith); the loveliest pictures from Hollywood (in fact, the best pictures of Marilyn Monroe ever taken by such as Halsmann, Eisenstaedt and her dear friend Milton Greene), the best sports pictures, the funniest pictures we ever ran. The best pictures from the space race, and the most significant pictures to the human race, including Lennart Nilsson's "Life Before Birth." This is a premium volume of LIFE, and beyond its 200-plus pages, which include a review of every LIFE cover ever published, there is, included here, the ultimate premium: The first-ever LIFE issue, with the Margaret Bourke-White photograph of the Fort Peck Dam on the cover, reprinted in its entirety, at actual size (which was really big 10 1/2" x 14") and able to be detached. We've come a long way: We, you, those places, LIFE itself. This book tells, and celebrates, that voyage.

Life and Times of Michael K

A Novel

Penguin From author of Waiting for the Barbarians and Nobel Prize winner J.M. Coetzee. J.M. Coetzee's latest novel, The Schooldays of Jesus, is now available from Viking. Late Essays: 2006-2016 will be available January 2018. In a South Africa turned by war, Michael K. sets out to take his ailing mother back to her rural home. On the way there she dies, leaving him alone in an anarchic world of brutal roving armies. Imprisoned, Michael is unable to bear confinement and escapes, determined to live with dignity. This life affirming

novel goes to the center of human experience—the need for an interior, spiritual life; for some connections to the world in which we live; and for purity of vision.

Bagehot: The Life and Times of the Greatest Victorian

W. W. Norton & Company The definitive biography of one of the most brilliant and influential financial minds—banker, essayist, and editor of the *Economist*. During the upheavals of 2007–09, the chairman of the Federal Reserve had the name of a Victorian icon on the tip of his tongue: Walter Bagehot. Banker, man of letters, inventor of the Treasury bill, and author of *Lombard Street*, the still-canonical guide to stopping a run on the banks, Bagehot prescribed the doctrines that—decades later—inspired the radical responses to the world’s worst financial crises. Born in the small market town of Langport, just after the Panic of 1825 swept across England, Bagehot followed in his father’s footsteps and took a position at the local family bank—but his influence on financial matters would soon spread far beyond the county of Somerset. Persuasive and precocious, he came to hold sway in political circles, making high-profile friends, including William Gladstone—and enemies, such as Lord Overstone and Benjamin Disraeli. As a prolific essayist on wide-ranging topics, Bagehot won the admiration of Matthew Arnold and Woodrow Wilson, and delighted in paradox. He was also a misogynist, and while he opposed slavery, he misjudged Abraham Lincoln and the Civil War. As editor of the *Economist*, he offered astute commentary on the financial issues of his day, and his name lives on in an eponymous weekly column. He has been called “the Greatest Victorian.” In James Grant’s colorful and groundbreaking biography, Bagehot appears as both an ornament to his own age and a muse to our own. Drawing on a wealth of historical documents, correspondence, and publications, Grant paints a vivid portrait of the banker and his world.

The Life and Times of a Very British Man

Bloomsbury Publishing 'Full of charm' *GUARDIAN* 'An account of what being British means' i 'Captures a country in transition ... You can't fail to be moved' *THE TIMES* Kamal Ahmed's childhood was very 'British' in every way - except for the fact that he was brown. Half English, half Sudanese, he was raised at a time when being mixed-race meant being told to go home, even when you were born just down the road. 'Ahmed grew up as a mixed-race kid in west London in the seventies, and his book charts the progress (sometimes slow and now without a few setbacks along the way) that our country has made on race issues since then. Brilliant' Rohan Silva, *Evening Standard*

Let the People In

The Life and Times of Ann Richards

University of Texas Press This intimate biography of the pioneering Texas governor is “required reading for political junkies—and for women considering a life in politics” (Booklist). When Ann Richards delivered the keynote of the 1988 Democratic National Convention and mocked President Bush—“Poor George, he can’t help it. He was born with a silver foot in his mouth”—she became an instant celebrity and triggered a rivalry that would alter the course of history. In 1990, she won the governorship of Texas, becoming the first ardent feminist elected to high office in America. Richards opened pathways for greater diversity in public service, and her achievements created a legacy that transcends her tenure in office. In Let the People In, Jan Reid offers an intimate portrait of Ann Richards’s remarkable rise to power as a liberal Democrat in a deeply conservative state. Reid draws on his long friendship with Richards, as well as interviews with family, personal correspondence, and extensive research to tell the story of Richards’s life, from her youth in Waco, through marriage and motherhood, her struggle with alcoholism, and her shocking encounters with Lyndon Johnson and Jimmy Carter. Reid shares the inside story of Richards’s rise from county office to the governorship, as well as her score-settling loss of the governorship to George W. Bush. Reid also describes Richards’s final years as a mentor to a new generation of public servants, including Hillary Clinton.

Infinite Loop

How the World's Most Insanely Great Computer Company Went Insane

Broadway Business Reveals the behind-the-scenes story of the downfall of Apple Computer, a tale of incredible technological inventiveness undercut by corporate ineptitude and internal competition featuring a bruising portrait of the company's co-founder, Steve Jobs.

When All Is Said

A Novel

Thomas Dunne Books One of Goodreads' 43 Most Anticipated Reads of 2019 "Beautiful. Intimate. Tearful. Aching and lyrical. So simply and beautifully told." -Louise Penny, #1 New York Times bestselling author "I'm here to remember-all that I have been and all that I will never be again." If you had to pick five people to sum up your life, who would they be? If you were to raise a glass to each of them, what would you say? And what would you learn about yourself, when all is said? At the bar of a grand hotel in a small Irish town sits 84-year-old Maurice Hannigan. He's alone, as usual - though tonight is anything but. Pull up a stool and charge your glass, because Maurice is finally ready to tell his story. Over the course of this evening, he will raise five toasts to the five people who have meant the most to him. Through these stories - of unspoken joy and regret, a secret tragedy kept hidden, a fierce love that never found its voice - the life of one man will be powerful and poignantly laid bare. Beautifully heart-warming and powerfully felt, the voice of Maurice Hannigan will stay with you long after all is said and done.

The Fish That Ate the Whale

The Life and Times of America's Banana King

Macmillan The author of Sweet and Low presents a historical profile of Samuel Zemurray that traces his rise from a penniless youth to one of the world's wealthiest and most powerful men, offering insight into his capitalist talents and the ways in which his life reflected the best and worst of American business dealings.

A Very Punchable Face

A Memoir

Crown "Saturday Night Live head writer and Weekend Update co-anchor, Colin Jost, has six sets of stitches on his face alone. He's been punched in at least four different sketches on Saturday Night Live, including once by his boss, Lorne Michaels. But if there's one trait that makes someone well suited to comedy, it's being able to take a punch-metaphorically and, occasionally, physically. From growing up as an overweight kid in a family of firefighters on Staten Island to commuting three hours a day to high school and "seeing the sights" (like watching a Russian woman throw a stroller off the back of a ferry) to attending Harvard while Facebook was created (and choosing comedy instead!), Colin shares how he has navigated the world like a "slightly smarter Forrest Gump." You'll also discover things about Colin that will surprise and confuse you. You'll go behind the scenes at SNL (where he's written some of the most iconic sketches and characters of the past fifteen years) and Weekend Update (where's he's been "the white guy next to Leslie Jones.") And you'll experience the life of a touring stand-up comedian—from performing in rural cafeterias at noon to opening for Dave Chappelle at Radio City Music Hall. For every accomplishment (hosting the Emmys), there is a setback (hosting the Emmys). And for every absurd moment (watching paramedics give CPR to a raccoon), there is an honest, emotional one (recounting his mother's experience on the scene of the Twin Towers' collapse on 9/11.) A Very Punchable Face reveals the brilliant mind behind some of the dumbest sketches on television and lays bare the heart and humor of a hardworking guy—with a face you can't help but want to punch."--

A (Very) Short History of Life on Earth

4.6 Billion Years in 12 Pithy Chapters

St. Martin's Press "[A]n exuberant romp through evolution, like a modern-day Willy Wonka of genetic space. Gee's grand tour enthusiastically details the narrative underlying life's erratic and often whimsical exploration of biological form and function." —Adrian Woolfson, The Washington Post In the tradition of Richard Dawkins, Bill Bryson, and Simon Winchester—An entertaining and uniquely informed narration of Life's life story. In the beginning, Earth was an inhospitably alien place—in constant chemical flux, covered with churning seas, crafting its landscape through incessant volcanic eruptions. Amid all this tumult and disaster, life began. The earliest living things were no more than membranes stretched across microscopic gaps in rocks, where boiling hot jets of mineral-rich water

*gushed out from cracks in the ocean floor. Although these membranes were leaky, the environment within them became different from the raging maelstrom beyond. These havens of order slowly refined the generation of energy, using it to form membrane-bound bubbles that were mostly-faithful copies of their parents—a foamy lather of soap-bubble cells standing as tiny clenched fists, defiant against the lifeless world. Life on this planet has continued in much the same way for millennia, adapting to literally every conceivable setback that living organisms could encounter and thriving, from these humblest beginnings to the thrilling and unlikely story of ourselves. In *A (Very) Short History of Life on Earth*, Henry Gee zips through the last 4.6 billion years with infectious enthusiasm and intellectual rigor. Drawing on the very latest scientific understanding and writing in a clear, accessible style, he tells an enlightening tale of survival and persistence that illuminates the delicate balance within which life has always existed.*

The Absolutely True Diary of a Part-Time Indian

*Little, Brown Books for Young Readers Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.*

Thelonious Monk

The Life and Times of an American Original

Simon and Schuster A comprehensive profile of the enigmatic jazz pianist and composer offers insight into his origins, his early musical career, and the mid-twentieth-century cultural upheavals that shaped his personal and creative life.

The Man Who Ran Washington

The Life and Times of James A. Baker III

Anchor "Co-authored by the Chief White House correspondent at The New York Times and the Washington columnist at the The New Yorker, this is a biography any would-be power broker must own: the story of legendary White House chief of staff and secretary of state James A. Baker III, the man who ran Washington when Washington ran the world. In the latter half of the twentieth century, no Republican won the presidency without his help, and the men he counseled in the Oval Office--Gerald R. Ford, Ronald Reagan, George H.W. Bush, and George W. Bush--defined more than one generation of American life. Campaign manager, chief of staff, treasury secretary, and ultimately secretary of state, James A. Baker III understood better than anyone how to make Washington work and how to pull the levers of power at home and abroad. A suave and profane Texas Democrat, Baker worked as a wealthy Houston lawyer until his best friend, George H. W. Bush, drew him into Republican politics. His first dramatic win was in 1976 as the delegate hunter who secured the Republican nomination for Ford against a challenge from Ronald Reagan. His next job, as Bush's campaign manager four years later, maneuvered Bush onto the ticket with Reagan and Baker into the most powerful office in Washington other than the Oval Office: White House chief of staff. In his years in the White House and in the cabinet, Baker was the avatar of a style of politics and governance that valued pragmatism and deal making over purity. He went from win to win--reforming the tax code, negotiating the first Middle East peace talks, managing the dissolution of the Soviet Union--until his capstone victory, as field marshal for the younger Bush's Florida recount battle, helped divide the country forever. In today's era of gridlock, The Man Who Ran Washington is an electrifying escape"--

Cloud Cuckoo Land (Large Print Edition)

Large Print

Simon and Schuster From the Pulitzer Prize-winning author of All the Light We Cannot See, perhaps the most bestselling and beloved literary fiction of our time, comes a triumph of imagination and compassion, a soaring novel about children on the cusp of adulthood in a broken world, who find resilience, hope, and story. The heroes of Cloud Cuckoo Land are trying to figure out the world around

them: Anna and Omeir, on opposite sides of the formidable city walls during the 1453 siege of Constantinople; teenage idealist Seymour in an attack on a public library in present day Idaho; and Konstance, on an interstellar ship bound for an exoplanet, decades from now. Like Marie-Laure and Werner in *All the Light We Cannot See*, Anna, Omeir, Seymour, and Konstance are dreamers and outsiders who find resourcefulness and hope in the midst of peril. An ancient text—the story of Aethon, who longs to be turned into a bird so that he can fly to a utopian paradise in the sky—provides solace and mystery to these unforgettable characters. Doerr has created a tapestry of times and places that reflects our vast interconnectedness—with other species, with each other, with those who lived before us and those who will be here after we're gone. Dedicated to “the librarians then, now, and in the years to come,” *Cloud Cuckoo Land* is a hauntingly beautiful and redemptive novel about stewardship—of the book, of the Earth, of the human heart.

The Brief Wondrous Life of Oscar Wao

Penguin Winner of: The Pulitzer Prize The National Book Critics Circle Award The Anisfield-Wolf Book Award The Jon Sargent, Sr. First Novel Prize A Time Magazine #1 Fiction Book of the Year One of the best books of 2007 according to: The New York Times, San Francisco Chronicle, New York Magazine, Entertainment Weekly, The Boston Globe, Los Angeles Times, The Washington Post, People, The Village Voice, Time Out New York, Salon, Baltimore City Paper, The Christian Science Monitor, Booklist, Library Journal, Publishers Weekly, New York Public Library, and many more... Nominated as one of America's best-loved novels by PBS's The Great American Read Oscar is a sweet but disastrously overweight ghetto nerd who—from the New Jersey home he shares with his old world mother and rebellious sister—dreams of becoming the Dominican J.R.R. Tolkien and, most of all, finding love. But Oscar may never get what he wants. Blame the fukú—a curse that has haunted Oscar's family for generations, following them on their epic journey from Santo Domingo to the USA. Encapsulating Dominican-American history, *The Brief Wondrous Life of Oscar Wao* opens our eyes to an astonishing vision of the contemporary American experience and explores the endless human capacity to persevere—and risk it all—in the name of love.

Gorbachev: His Life and Times

W. W. Norton & Company A National Book Critics Circle Award Finalist “Essential reading for the twenty-first [century].” —Radhika Jones, *The New York Times Book Review* In the first comprehensive biography of Mikhail Gorbachev, William Taubman shows how a peasant boy clambered to the top of a system designed to keep people like him down, found common ground with America's arch-conservative president Ronald Reagan, and permitted the USSR and its East European empire to break apart without using force to

preserve them. Drawing on interviews with Gorbachev himself, transcripts and documents from the Russian archives, and interviews with Kremlin aides and adversaries, Taubman's intensely personal portrait extends to Gorbachev's remarkable marriage to a woman he deeply loved. Nuanced and poignant, yet unsparing and honest, this sweeping account has all the amplitude of a great Russian novel.

Sarah

The Life of Sarah Bernhardt

Yale University Press Everything about Sarah Bernhardt is fascinating, from her obscure birth to her glorious career--redefining the very nature of her art--to her amazing (and highly public) romantic life, to her indomitable spirit. Well into her seventies, after the amputation of her leg, she was performing under bombardment for soldiers during World War I and toured America for the ninth time. Though the Bernhardt literature is vast, this is the first English-language biography to appear in decades, tracking the trajectory through which an illegitimate--and scandalous--daughter of a Jewish courtesan transformed herself into the most famous actress who ever lived, and into a national icon, a symbol of France.--From publisher description.

All Your Perfects

A Novel

Simon and Schuster INSTANT NEW YORK TIMES BESTSELLER The #1 New York Times bestselling author of It Ends with Us—whose writing is “emotionally wrenching and utterly original” (Sara Shepard, New York Times bestselling author of the Pretty Little Liars series)—delivers a tour de force novel about a troubled marriage and the one old forgotten promise that might be able to save it. Quinn and Graham's perfect love is threatened by their imperfect marriage. The memories, mistakes, and secrets that they have built up over the years are now tearing them apart. The one thing that could save them might also be the very thing that pushes their marriage beyond the point of repair. All Your Perfects is a profound novel about a damaged couple whose potential future hinges on promises made in the past. This is a heartbreaking page-turner that asks: Can a resounding love with a perfect beginning survive a lifetime between two imperfect people?

Wintering

The Power of Rest and Retreat in Difficult Times

Penguin A NEW YORK TIMES BESTSELLER! AS HEARD ON NPR MORNING EDITION AND ON BEING WITH KRISTA TIPPETT “Katherine May opens up exactly what I and so many need to hear but haven't known how to name.” —Krista Tippett, On Being “Every bit as beautiful and healing as the season itself. . . . This is truly a beautiful book.” —Elizabeth Gilbert “Proves that there is grace in letting go, stepping back and giving yourself time to repair in the dark...May is a clear-eyed observer and her language is steady, honest and accurate—capturing the sense, the beauty and the latent power of our resting landscapes.” —Wall Street Journal An intimate, revelatory book exploring the ways we can care for and repair ourselves when life knocks us down. Sometimes you slip through the cracks: unforeseen circumstances like an abrupt illness, the death of a loved one, a break up, or a job loss can derail a life. These periods of dislocation can be lonely and unexpected. For May, her husband fell ill, her son stopped attending school, and her own medical issues led her to leave a demanding job. Wintering explores how she not only endured this painful time, but embraced the singular opportunities it offered. A moving personal narrative shot through with lessons from literature, mythology, and the natural world, May's story offers instruction on the transformative power of rest and retreat. Illumination emerges from many sources: solstice celebrations and dormice hibernation, C.S. Lewis and Sylvia Plath, swimming in icy waters and sailing arctic seas. Ultimately Wintering invites us to change how we relate to our own fallow times. May models an active acceptance of sadness and finds nourishment in deep retreat, joy in the hushed beauty of winter, and encouragement in understanding life as cyclical, not linear. A secular mystic, May forms a guiding philosophy for transforming the hardships that arise before the ushering in of a new season.

The Eagle and the Dragon

Globalization and European Dreams of Conquest in

China and America in the Sixteenth Century

John Wiley & Sons In this important new book the renowned historian Serge Gruzinski returns to two episodes in the sixteenth century which mark a decisive stage in global history and show how China and Mexico experienced the expansion of Europe. In the early 1520s, Magellan set sail for Asia by the Western route, Cortes seized Mexico and some Portuguese based in Malacca dreamed of colonizing China. The Aztec Eagle was destroyed but the Chinese Dragon held strong and repelled the invaders - after first seizing their cannon. For the first time, people from three continents encountered one other, confronted one other and their lives became entangled. These events were of great interest to contemporaries and many people at the time grasped the magnitude of what was going on around them. The Iberians succeeded in America and failed in China. The New World became inseparable from the Europeans who were to conquer it, while the Celestial Empire became, for a long time to come, an unattainable goal. Gruzinski explores this encounter between civilizations that were different from one another but that already fascinated contemporaries, and he shows that our world today bears the mark of this distant age. For it was in the sixteenth century that human history began to be played out on a global stage. It was then that connections between different parts of the world began to accelerate, not only between Europe and the Americas but also between Europe and China. This is what is revealed by a global history of the sixteenth century, conceived as another way of reading the Renaissance, less Eurocentric and more in tune with our age.

Machine Habitus

Toward a Sociology of Algorithms

John Wiley & Sons We commonly think of society as made of and by humans, but with the proliferation of machine learning and AI technologies, this is clearly no longer the case. Billions of automated systems tacitly contribute to the social construction of reality by drawing algorithmic distinctions between the visible and the invisible, the relevant and the irrelevant, the likely and the unlikely - on and beyond platforms. Drawing on the work of Pierre Bourdieu, this book develops an original sociology of algorithms as social agents, actively participating in social life. Through a wide range of examples, Massimo Airoidi shows how society shapes algorithmic code, and how this culture in the code guides the practical behaviour of the code in the culture, shaping society in turn. The 'machine habitus' is the generative mechanism at work throughout myriads of feedback loops linking humans with artificial social agents, in the

context of digital infrastructures and pre-digital social structures. *Machine Habitus* will be of great interest to students and scholars in sociology, media and cultural studies, science and technology studies and information technology, and to anyone interested in the growing role of algorithms and AI in our social and cultural life.

Fortunate Life

Fremantle Press Albert Facey's story is the story of Australia. Born in 1894, and first sent to work at the age of eight, Facey lived the rough frontier life of a labourer and farmer and jackaroo, becoming lost and then rescued by Indigenous trackers, then gaining a hard-won literacy, surviving Gallipoli, raising a family through the Depression, losing a son in the Second World War, and meeting his beloved Evelyn with whom he shared nearly sixty years of marriage. Despite enduring unimaginable hardships, Facey always saw his life as a fortunate one. A true classic of Australian literature, Facey's simply penned story offers a unique window onto the history of Australian life through the greater part of the twentieth century – the extraordinary journey of an ordinary man.

A Promised Land

Crown A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform,

responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

The Unicorn's Secret

Murder in the Age of Aquarius

Open Road Media The true story of Ira Einhorn, the Philadelphia antiwar crusader, environmental activist, and New Age guru with a murderous dark side. During the cultural shockwaves of the 1960s and '70s, Ira Einhorn—nicknamed the "Unicorn"—was the leading radical voice for the antiwar movement at the University of Pennsylvania. At his side were such noted activists as Abbie Hoffman and Jerry Rubin. A brilliantly articulate advocate for peace in a turbulent era, he rallied followers toward the growing antiestablishment causes of free love, drugs, and radical ecological reform. In 1979, when the mummified remains of his girlfriend, Holly Maddux, a Bryn Mawr flower child from Tyler, Texas, were found in a trunk in his apartment, Einhorn claimed a CIA frame-up. Incredibly, the network of influential friends, socialites, and powerful politicians he'd charmed and manipulated over the years supported him. Represented by renowned district attorney and future senator Arlen Specter, Einhorn was released on bail. But before trial, he fled the country to an idyllic town in the French wine region and disappeared. It would take more than twenty years—and two trials—to finally bring Einhorn to justice. Based on more than two years of research and 250 interviews, as well as the chilling private journals of Einhorn and Maddux, prize-winning journalist Steven Levy paints an astonishing and complicated portrait of a man motivated by both genius and rage. The basis for 1998 NBC television miniseries The Hunt for the Unicorn Killer, The Unicorn's Secret is a "spellbinding sociological/true crime study," revealing the dark and tragic dimensions of a man who defined an era, only to shatter its ideals (Publishers Weekly).

It's a Long Story

My Life

Little, Brown One of the most beloved popular musicians of our time tells the story of his extraordinary life. This is Willie Nelson's complete, unvarnished story, told in his voice and leaving no significant moment or experience untold, from Texas, Nashville, Hawaii, and beyond. Having recently turned 80, Nelson is ready to shine a light on all aspects of his life, including his drive to write music, the women in his life, his collaborations, and his biggest lows and highs--from his bankruptcy to the founding of Farm Aid. An American icon who still tours constantly and headlines music festivals, Willie Nelson and his music have found their way into the hearts and minds of fans the world over, winning ten Grammys and receiving Kennedy Center Honors. Now it's time to hear the last word about his life -- from the man himself. "Every page radiates authenticity." --Washington Post
