Change came in the mid-19th century when Cyrus Hall McCormick built the mechanical harvester. Though the McCormicks used their wealth to establish art collections and universities, battle disease, and develop birth control, members of the family faced constant scrutiny and scandal. This book recounts their story as well as the history of the International Harvester Company (IHC)--a merger of the McCormick and Deering companies and the world's leader in agricultural machinery in the 1900s. International Harvester Heavy Duty Truck CTS 2301 Service Manual Truck Service Manual Travelall The Farmall Dynasty 671 Press The developmental history of the tractors built by the dominant agricultural manufacturer of the early 20th Century. International Harvester, is dramatically told in The Farmall Dynasty. The book traces the evolution of the Farmall tractor from the early Titans and Moguls through to modern times. The book includes well-researched accounts of the development of the original Farmall, the Letter Series, 4100, Cub, and other legendary IHC tractors, with first-hand accounts from factory engineers describing the challenges they faced. Tractor Mac Worth the Wait Farrar, Straus and Giroux (Byr) Tractor Mac: Worth the Wait stars the lovable pigs, Pete and Paul, as they learn the importance of patience when they try (unsuccessfully) to speed along the growth of Farmer Bill's prize watermelons.
