TIGERS, RICE, SILK, AND SILT

ENVIRONMENT AND ECONOMY IN LATE IMPERIAL SOUTH CHINA

Cambridge University Press *Challenging the conventional wisdom conveyed by Western environmental historians about China, this book examines the correlations between economic and environmental changes in the southern Chinese provinces of Guangdong and Guangxi from 1400 to 1850, but also provides substantial background from 2CE on. Robert Marks discusses the impact of population growth on land-use patterns, the agro-ecology of the region, and deforestation; the commercialization of agriculture and its implications for ecological change; the impact of climatic change on agriculture; and the ways in which the human population responded to environmental challenges. This book is a significant contribution to both Chinese and environmental history. It is groundbreaking in its methods and in its findings.*

People go to Huntington Beach in search of the endless parties, the ultimate highs, and the perfect waves. Ike Tucker has come to look for his missing sister and for the three men who may have murdered her. In that place of gilded surfers and sun-bleached blonds, Ike's search takes him on a journey through a twisted world of crazed Vietnam vets, sadistic surfers, drug dealers, and mysterious seducers. He looks into the shadows and finds parties that drift toward pointless violence, joyless vacations, and highs you may never come down from...and a sea of old hatreds and dreams gone bad. And if he's not careful, his is a journey from which he will never return.

ELEMENTARY ALGEBRA 2E

THE MAGPIES

Meet the neighbors from hell, in the gripping thriller that reviewers and readers describe as "fast-paced," "chilling," and "impossible to put down." When Jamie and Kirsty move into their first home together, they are full of optimism. The future, in which they plan to get married and start a family, is bright. The other residents of their building seem friendly too, including the Newtons, a married couple who welcome them to the building with open arms. But then strange things start to happen. Dead rats are left on their doorstep. They hear disturbing noises, and much worse, in the night. After Jamie's best friend is injured in a horrific accident, Jamie and Kirsty find themselves targeted by a campaign of terror. As they are driven to the edge of despair, Jamie vows to fight back—but he has no idea what he is really up against... *The Magpies* is a gripping psychological thriller in which the monsters are not vampires or demons but the people who live next door. It is a nightmare that could happen to anyone. Praise for *The Magpies* "Mark Edwards achieves what other writers yearn for, by creating characters that genuinely feel like real people, individuals you know personally—and then puts them into the scariest of situations so that we cannot help but suffer with them. Edwards takes the places that should feel safe and subverts them, shifting the ground beneath our feet, until we're left clinging to the book, hoping against hope for a positive conclusion. There's something deeply unsettling about *The Magpies*—and that's exactly as it should be." —Elizabeth Haynes, author of *Into the Darkest Corner* "The *Magpies* is absorbing, claustrophobic and terrifying. Read this book! Then get a top notch alarm system fitted in your house." —Helen Fitzgerald, author of *The Cry*

ONE SIMPLE ACT

DISCOVERING THE POWER OF GENEROSITY

Simon and Schuster Beloved #1 New York Times bestselling author Debbie Macomber shares inspirational and empowering true stories of what happens when we commit intentional acts of generosity. Master storyteller Debbie Macomber knows a secret. In a world that seems too often reticent and begrudging, Debbie has learned firsthand that living in a spirit of generosity yields unforeseen miracles. Lives can be changed in ways we never envisioned. Just as a young boy volunteered his fishes and loaves to Jesus in Galilee and saw his meager gift multiplied many times over to feed five thousand, we can live open-handed and stand amazed at what God accomplishes through simple acts of generosity. This moving blend of true stories and motivating messages delights and surprises us as we see for ourselves that giving the gifts of time, encouragement, hope, laughter, prayer, hospitality, service, and forgiveness often have a life-changing impact, not only on the recipient of such gifts, but on the giver as well. All it takes is one simple act. Macomber, through her masterful power of storytelling, calls us to live with an open heart, offering who we are and what we have to God, to use in the lives of others. When we do so with an eager sense of expectancy, lives—including our own—are changed in ways we couldn't have imagined.

AGED CARE NURSING

A GUIDE TO PRACTICE

With increased life expectancy, the aged population has grown markedly throughout the world, but there is a shortage of experienced nurses with expertise in the holistic care of the elderly. This book is written to inspire and empower such nurses. Care of the aged has a long and noble history within the nursing profession. Respect for the dignity of the elderly and a commitment to their well-being have inspired generations of nurses. But it is only in more recent times that aged-care nursing has really 'come of age' with the provision of sound evidence-based nursing practice. The traditional ethical approach to aged-care nursing has thus become combined with sound scientific knowledge in a modern holistic model of care. *Aged Care Nursing: A Guide to Practice* is written by clinicians for clinicians. Each chapter describes contemporary nursing practice in a specific area of aged care. The inclusion of evidence-based and outcome-based practices throughout the book ensures that all readers, be they novices or experts, will have a reliable and beneficial reference to guide their practice. The chapter authors are from several countries, and the content of each chapter is presented generically to ensure international applicability. Each author is a recognised expert in his or her subject area, and all present their topics with a focus that is practical, rather than academic.
