The Simple Dollar How One Man Wiped Out His Debts and Achieved the Life of His Dreams *FT Press* Struggling with debt? Frustrated about work? Just not satisfied with life? The Simple Dollar can change your life. Trent Hamm found himself drowning in consumer debt, working in a job he couldn't stand... and figured out how to escape that debt and build the fulfilling career he'd always dreamt about, all at the same time. Hamm shared his experiences at TheSimpleDollar.com—and built it into one of America's top personal finance websites. Now, The Simple Dollar is a book: packed with practical tips, tools, and lessons you can use to transform your life, too. This isn't just "another" personal finance book: it's profoundly motivating, empowering, practical, and 100% grounded in today's American realities. Trent Hamm will show you how to rewrite the rules, creating healthier relationships with money... and with your loved ones, too. With his help, you can get out of debt, start moving forward, and build the strong personal community that offers true happiness—no matter what happens to the economy. · Escape the plastic prison, and stop running to stand still 5 simple steps to eliminate credit card debt... and 5 more to start moving forward · Shift your life's balance towards more positive, stronger relationships Learn how to put the golden rule to work for you · Discover the power of goals in a random world Then, learn how to overcome inertia, and transform goals into reality · Navigate the treacherous boundaries between love and money Move towards deeper communication, greater honesty, and more courage Inspiralized Turn Vegetables Into Healthy, Creative, Satisfying Meals *Clarkson Potter* Offers tasty, healthy recipes all using the spiralizer, a tool that turns fruit and vegetables into noodles, including Jicama Shoestring Fries, Sweet Potato Fried Rice and Zucchini Linguine with Garlic Clam Sauce. Original. The Ultimate Pasta Machine Cookbook 100 Recipes for Every Kind of Amazing Pasta Your Pasta Maker Can Make *Harvard Common Press* At last, a cookbook about pasta-making that covers all kinds of pasta machines—both manual and electric, and also stand-mixer pasta attachments—and that delivers foolproof recipes sure to make you an expert noodle master in no time! Homemade pasta is easy, fast, and fun. It tastes better than boxed pastas from the store. And, while-store-bought pastas do indeed come in a variety of shapes, they all have basically one bland and unexciting flavor; by contrast, as this wide-ranging and deliciously inventive book shows, making pasta by hand at home lets you create and enjoy dozens and dozens of different flavors of noodles. In her previous books—on such subjects as searing, marinating, and cast-iron cooking—chef, cooking teacher, and food blogger Lucy Vaserfirer has earned a reputation for expertly and gently translating the methods of master chefs into simple-to-follow, step-by-step instructions that let home cooks cook like the pros. Here, Lucy does the same for pasta-making, showing you how easy it is to use a sheeter or an extruder of any type, manual or electric, to create tasty pastas that will please everyone from grown-up gourmards to picky kids who want pasta at nearly every meal. Lucy shares in these pages terrific purees that you can make, using a blender or a mixing bowl, that you then can turn into all sorts of flavored pastas, from the familiar tomato or spinach pastas to noodles flavored with herbs like basil or tarragon, spices like pepper or saffron, and other flavors, such as a Sage Brown Butter Pasta that incorporates a flavored butter. She teaches you how to make every kind of pasta shape with your pasta machine, including ones you can't find in stores. She includes durum and semolina pastas, the most common kinds, as well as buckwheat, ancient-grain, and gluten-free pastas. She even shows how to make Asian noodles, such as udon, soba, and ramen, with your pasta machine. Whether you are a first-time owner of a pasta maker or a seasoned pro looking for exciting new ideas, this book has more than 100 splendid recipes, plus loads of clever tips and tricks, that will make you love your pasta machine and use it often. The Design of Everyday Things Revised and Expanded Edition *Basic Books (AZ)* Even the smartest among us can feel inept as we fail to figure out which light switch or oven burner to turn on, or whether to push, pull, or slide a door. The fault, argues this ingenious—even liberating—book, lies not in ourselves, but in product design that ignores the needs of users and the principles of cognitive psychology. The problems range from ambiguous and hidden controls to arbitrary relationships between controls and functions, coupled with a lack of feedback or other assistance and unreasonable demands on memorization. The Design of Everyday Things shows that good, usable design is possible. The rules are simple: make things visible, exploit natural relationships that couple function and control, and make intelligent use of constraints. The goal: guide the user effortlessly to the right action on the right control at the right time. In this entertaining and insightful analysis, cognitive scientist Don Norman hails excellence of design as the most important key to regaining the competitive edge in influencing consumer behavior. Now fully expanded and updated, with a new introduction by the author, The Design of Everyday Things is a powerful primer on how—and why—some products satisfy customers while others only frustrate them. NKBA Kitchen and Bathroom Planning Guidelines with Access Standards *John Wiley & Sons* The essential kitchen and bath design reference, updated with the latest codes NKBA Kitchen & Bathroom Planning Guidelines with Access Standards is the industry standard reference, written by the National Kitchen and Bath Association and updated with the latest codes and standards. This new second edition features revised guidelines for cooking surface clearance, electrical receptacles, and ventilation for kitchens, as well as ceiling height, shower size, electrical receptacles, and ventilation for bathrooms. Revised to reflect the 2015 International Residential Code and the ICC A117.1-2009, all illustrations have been expertly redrawn using 2020 Design and Chief Architect Software to provide clearer visual reference for real-world application. With thirty-one kitchen guidelines and twenty-seven bathroom guidelines, this book provides full planning recommendations, code references, and access standards for today's kitchen and bath design professional. Kitchens and bathrooms are the two most functional rooms in the house, and also the most code-intensive. It is imperative that design professionals stay up to speed on the latest guidelines to ensure the safety and efficiency of their projects. Get up to date on the latest kitchen and bath codes Reference a new range of standards for clearance, ventilation, and more Design for storage based on the results of university research Examine illustrative and descriptive plans, sections, and perspective views The NKBA guidelines are based on a composite of historical review, current industry environment and practices, emerging trends, consumer lifestyles, research, and building codes. These factors combine to help kitchen and bath professionals create designs that are beautiful, functional, accessible, and safe. The NKBA Kitchen & Bathroom Planning Guidelines with Access Standards is the complete reference professionals turn to for the latest in kitchen and bath design. Chainsaw Operator's Manual Chainsaw Safety, Maintenance and Cross-cutting Techniques *Landlinks Press* The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw. Consumer Reports January-December 2003 *Saint Martin's Griffin* Consumer Bulletin Gilbert American Flyer S Gauge Operating and Repair Guide *CreateSpace* An extension of the best selling "Gilbert American Flyer Operating and Repair Guide." This volume is full of new information and covers many of the aspects not found in the original book and adds an index to both volumes. This is a new book and not to be confused with the original book. The price is higher than Volume 1 because of the full color photographs found in this new volume. An Edge in the Kitchen The Ultimate Guide to Kitchen Knives—How to Buy Them, Keep Them Razor Sharp, and Use Them Like a Pro *Harper Collins* Why are most of us so woefully uninformed about our kitchen knives? We are intimidated by our knives when they are sharp, annoyed by them when they are dull, and quietly ashamed that we don't know how to use them with any competence. For a species that has been using knives for nearly as long as we have been walking upright, that's a serious problem. An Edge in the Kitchen is the solution, an intelligent and delightful debunking of the mysteries of kitchen knives once and for all. If you can stack blocks, you can cut restaurant-quality diced vegetables. If you can fold a paper airplane, you can sharpen your knives better than many professionals. Veteran cook Chad Ward provides an in-depth guide to the most important tool in the kitchen, including how to choose the best kitchen knives in your price range, practical tutorials on knife skills, a step-by-step section on sharpening, and more—all illustrated with beautiful photographs throughout. Along the way you will discover what a cow sword is, and why you might want one; why chefs are abandoning their heavy knives in droves; and why the Pinch and the Claw, strange as they may sound, are in fact the best way to make precision vegetable cuts with speed and style. An Edge in the Kitchen is the one and only guide to the most important tool in the kitchen. The All New Ball Book Of Canning And Preserving Over 200 of the Best Canned, Jammed, Pickled, and Preserved Recipes *Time Inc. Books* From the experts at Jarden Home Brands, makers of Ball canning products, comes the first truly comprehensive canning guide created for today's home cooks. This modern handbook boasts more than 200 brand

new recipes ranging from jams and jellies to jerkies, pickles, salsas, and more. Organized by technique, *The All New Ball Book of Canning and Preserving* covers water bath and pressure canning, pickling, fermenting, freezing, dehydrating, and smoking. Straightforward instructions and step-by-step photos ensure success for beginners, while practiced home canners will find more advanced methods and inspiring ingredient twists. Tested for quality and safety, recipes range from much-loved classics—Tart Lemon Jelly, Tomato-Herb Jam, Ploughman's Pickles—to fresh flavors such as Asian Pear Kimchi, Smoked Maple-Juniper Bacon, and homemade Kombucha. Make the most of your preserves with delicious dishes including Crab Cakes garnished with Eastern Shore Corn Relish and traditional Strawberry-Rhubarb Hand Pies. Special sidebars highlight seasonal fruits and vegetables, while handy charts cover processing times, temperatures, and recipe formulas for fast preparation. Lushly illustrated with color photographs, *The All New Ball Book of Canning and Preserving* is a classic in the making for a new generation of home cooks. Paperbound Books in Print Bernard Clayton's *New Complete Book of Breads* *Simon and Schuster* A thirtieth anniversary edition of the classic baking guide provides updated advice on baking, storing, and freezing a wide assortment of breads, in a volume that also includes chapters on croissants, flatbreads, brioches, and crackers. Reprint. 35,000 first printing. *The Psychology of Everyday Things* *Basic Books*
