# Wendy and the Lost Boys

## The Uncommon Life of Wendy Wasserstein

Penguin *The authorized biography of Pulitzer Prize-winning playwright Wendy Wasserstein. In Wendy and the Lost Boys bestselling author Julie Salamon explores the life of playwright Wendy Wasserstein's most expertly crafted character: herself. The first woman playwright to win a Tony Award, Wendy Wasserstein was a Broadway titan. But with her high-pitched giggle and unkempt curls, she projected an image of warmth and familiarity. Everyone knew Wendy Wasserstein. Or thought they did. Born on October 18, 1950, in Brooklyn, New York, to Polish Jewish immigrant parents, Wendy was the youngest of Lola and Morris Wasserstein's five children. Lola had big dreams for her children. They didn't disappoint: Sandra, Wendy's glamorous sister, became a high-ranking corporate executive at a time when Fortune 500 companies were an impenetrable boys club. Their brother Bruce became a billionaire superstar of the investment banking world. Yet behind the family's remarkable success was a fiercely guarded world of private tragedies. Wendy perfected the family art of secrecy while cultivating a densely populated inner circle. Her friends included theater elite such as playwright Christopher Durang, Lincoln Center Artistic Director André Bishop, former New York Times theater critic Frank Rich, and countless others. And still almost no one knew that Wendy was pregnant when, at age forty-eight, she was rushed to Mount Sinai Hospital to deliver Lucy Jane three months premature. The paternity of her daughter remains a mystery. At the time of Wendy's tragically early death less than six years later, very few were aware that she was gravely ill. The cherished confidante to so many, Wendy privately endured her greatest heartbreaks alone. In Wendy and the Lost Boys, Salamon assembles the fractured pieces, revealing Wendy in full. Though*

*she lived an uncommon life, she spoke to a generation of women during an era of vast change. Revisiting Wendy's works-The Heidi Chronicles and others-we see Wendy in the free space of the theater, where her many selves all found voice. Here Wendy spoke in the most intimate of terms about everything that matters most: family and love, dreams and devastation. And that is the Wendy of Neverland, the Wendy who will never grow old.*

# Models and Modeling

## Cognitive Tools for Scientific Enquiry

Springer Science & Business Media *The process of developing models, known as modeling, allows scientists to visualize difficult concepts, explain complex phenomena and clarify intricate theories. In recent years, science educators have greatly increased their use of modeling in teaching, especially real-time dynamic modeling, which is central to a scientific investigation. Modeling in science teaching is being used in an array of fields, everything from primary sciences to tertiary chemistry to college physics, and it is sure to play an increasing role in the future of education. Models and Modeling: Cognitive Tools for Scientific Enquiry is a comprehensive introduction to the use of models and modeling in science education. It identifies and describes many different modeling tools and presents recent applications of modeling as a cognitive tool for scientific enquiry.*

## Morium

S.J. Hermann *A GRIPPING SUPERNATURAL THRILLER - Book 1 of the MORIUM TRILOGY*  
*If you had the powers to avenge yourself... would you? Bullied... Years of shame... Lexi and Nathan knew pain. MORIUM is the story of Alexandria and Nathan... and Stacy. Three teenagers who were victims of bullying all through high school. They kept their torment a secret from their family and tried to cope in their own way. They only had each other. Their friendship saw them through the seemingly endless years of suffering. But hope was in sight... they will be graduating soon. The vision of a new life away from the bullies and the constant humiliation, gave them something to look forward to. If only that day came sooner. One night, Lexi and Nathan saw an object fall from the sky and went to investigate. As they touched the rock, a strange power entered their bodies. Suddenly, they're not helpless anymore. They can get revenge for all the suffering and pain they had to endure. How will they use these powers? MORIUM discusses the moral dilemma of doing what's right against getting revenge. When your dignity has been shattered and your life has been a living hell... what is RIGHT?*

## Ask Dr. Mueller

# The Writings of Cookie Mueller

Serpents Tail Ask Dr. Mueller captures the glamour and grittiness of Cookie Mueller's life and times. Here are previously unpublished stories - wacky as they are enlightening - along with favorites from *Walking Through Clear Water in a Pool Painted Black* and other publications. Also the best of Cookie's art columns from *Details* magazine, and the funniest of her advice columns from the *East Village Eye*, on everything from homeopathic medicine to how to cut your cocaine with a healthy substance. This collection is as much an autobiography as it is a map of downtown New York in the early '80s - that moment before *Bright Lights, Big City*, before the art world exploded, before New York changed into a yuppie metropolis, while it still had a glimmer of bohemian life.

## Rookie Yearbook One

Razorbill Collects articles, interviews, photographic editorials, and illustrations from the first year of the online magazine.

# Laser-Driven Particle Acceleration Towards Radiobiology and Medicine

Springer This book deals with the new method of laser-driven acceleration for application to radiation biophysics and medicine. It provides multidisciplinary contributions from world leading scientist in order to assess the state of the art of innovative tools for radiation biology research and medical applications of ionizing radiation. The book contains insightful contributions on highly topical aspects of spatio-temporal radiation biophysics, evolving over several orders of magnitude, typically from femtosecond and sub-micrometer scales. Particular attention is devoted to the emerging technology of laser-driven particle accelerators and their application to spatio-temporal radiation biology and medical physics, customization of non-conventional and selective radiotherapy and optimized radioprotection protocols.

## Paramedic Killer

Lighthouse Publishing ( ) The only way two people can keep a secret is if one of them dies. "Fast action from dramatic start to thrilling climax. Sailors and medics will delight in the accuracy of technical detail. Patterson delivers thrilling suspense fiction." Donn Taylor, author of *Lightning on a Quiet Night*, *Rhapsody in Red*, and *The Lazarus File*. An early morning wreck. A grisly, fiery mess. Paramedic Jim Stockbridge does his best to save the family but the flames drive him back. Now, with a masked killer out for revenge and two beautiful women on his mind, Jim is about to learn that failure is not an option - especially when lives are on the line.

# Look Into Bible Series - James

'Look Into' materials provide the reader with an overview of Scripture at a level to help personal knowledge and application for the individual, together with Bible study and sermon material for the hard-working church leader. 'Look Into' series are intended to provide an overview of Bible books and pick out main topics. In this way, the reader is left with a real flavour of the specific Biblical subject, with the hope that, in due time, he/she might be encouraged into a deeper study. These studies from the book of James meet our aims and focus the reader on the need to study, learn and apply the undoubted word of God. Why? Because we live in a time when the Word of God has never been easier to obtain, yet it is a time when that same Word is so little understood. This creates one of the greatest dangers to the Church that is from within, not from outside.
