It is not because I say so, but because my ideals really do work, and they can work for you in your evidence room. 100 Simple Ways How to Manage a Successful Property and Evidence Room is the culmination of trial and error from things that work versus things that will not work and is finally captured in a "how-to," fun, easy-to-read book that is sure to revolutionize your department's management of property and evidence.

The 30 Day Project

How Daily Dedication Can Lead to Something Amazing

CB Publishing One Hour To Wealth was the first book in a series where I provide real examples of launching a business. What I've realized is that there are countless books that give instruction and advice and those books also tell you how to implement that advice. What is always, always, always missing from those books is real, tangible, examples of how implementing that advice actually works. In One Hour To Wealth I gave you a workshop section. This time I give you further evidence and numbers and then back it up with inspirational examples and proof in the 30 day project. In The 30 Day Project, I take the advice and examples that I wrote about in One Hour To Wealth and give more statistics and analysis to help you develop your project into something better, something amazing. What I've realized is that my pitch to you is not that of a motivational speaker, or a life coach, my pitch is that I can generate ideas and actually show you the proof that tenacity and dedication can move you in the right direction. The 30 Day Project, like One Hour To

Wealth, is full of information that analyzes how I attempted to get traffic to reach potential clients. For example, there is a chapter on how much money I spent to generate traffic to ARCH; my footwear and apparel company. That chapter also shows you the increase in traffic and how I used that information to shape how I would sell a shoe that no one has really heard of. There are articles on promotion in social media. Instead of telling you simply to work every day, I tear down my own social media to see how it will affect traffic to my websites. The book also has sections of inspiration supported by my own commitment to a 30 Day Project. I give you the tools, real tools to B.O.M.B and P.O.P.I.T. The 30 Day Project is written in 3 sections that continue the direction of One Hour To Wealth. Unlike any other person out there speaking or lecturing, I am probably the only writer you will meet who can redesign your website, help you launch a publishing company, give you direction on how to build a straight to consumer website for musicians, help you establish a sports website and camp/combine system, give you a great idea in your field, and tell you how to implement it with real evidence of how to do it. Section 1: The Research Phase Chapter 1: Introduction
