The Lexus Story describes the brand's rapid ascent and its travails along the way. The Lexus Story is the first journalistic telling of the history of this extraordinary company. And it is the only account afforded full access to the designers, engineers, dealers, and company leaders who molded the cars and the brand. The Lexus Story takes readers deep inside the making of first-class automobiles, from the creative sparks kindled in Lexus' far-flung design studios to the engineering refinements that translate ideals of performance and luxury into steel, glass, and rubber.
