EARNINGS MANAGEMENT

EMERGING INSIGHTS IN THEORY, PRACTICE, AND RESEARCH

Springer Science & Business Media **This book is a study of earnings management, aimed at scholars and professionals in accounting, finance, economics, and law. The authors address research questions including: Why are earnings so important that firms feel compelled to manipulate them? What set of circumstances will induce earnings management? How will the interaction among management, boards of directors, investors, employees, suppliers, customers and**

regulators affect earnings management? How to design empirical research addressing earnings management? What are the limitations and strengths of current empirical models?

BUSINESS

THE ULTIMATE RESOURCE

Cambridge, MA : Perseus Publishing Offers essays by more than 150 top business leaders that cover a range of topics pertaining to management, as well as biographical information, a world almanac with twenty-six industry sector surveys, and profiles of 150 countries.

PERSPECTIVES ON INTERNATIONAL RELATIONS

POWER, INSTITUTIONS, AND IDEAS

CQ Press **Perspectives on International Relations: Power, Institutions, and Ideas** shows students new to the field how theories (perspectives) of international affairs—realism, liberalism, constructivism (identity), and critical theory—play a decisive role in explaining every-day debates about world affairs. Why, for example, do politicians and political scientists disagree about the causes of the ongoing conflict in Syria, even though they all have the same facts? Or, why do policymakers disagree about how to deal with North Korea when they are all equally well informed? The new Sixth Edition of this best-seller includes updates on Brexit, the rise of Donald Trump and other populist leaders, and continuing developments for ISIS, Syria, and Russia.

THE ANALYSIS AND USE OF FINANCIAL STATEMENTS

John Wiley & Sons **Accounting Standards (US and International)** have been updated to reflect the latest pronouncements. * **An increased international focus with more coverage of IASC and non-US GAAPs and more non-US examples.**

THE FINANCIAL NUMBERS GAME

DETECTING CREATIVE ACCOUNTING PRACTICES

John Wiley & Sons **Praise for The Financial Numbers Game** "So much for the notion 'those who can, do-those who can't,

teach.' Mulford and Comiskey function successfully both as college professors and real-world financial mercenaries. These guys know their balance sheets. The Financial Numbers Game should serve as a survival manual for both serious individual investors and industry pros who study and act upon the interpretation of financial statements. This unique blend of battle-earned scholarship and quality writing is a must-read/must-have reference for serious financial statement analysis." --Bob Acker, Editor/Publisher, The Acker Letter "Wall Street's unforgiving attention to quarterly earnings presents ever increasing pressure on CFOs to manage earnings and expectations. The Financial Numbers Game provides a clear explanation of the ways in which management can stretch, bend, and break accounting rules to reach the desired bottom line. This arms the serious investor or financial analyst with the healthy skepticism required to drive beyond reported results to a clear understanding of a firm's true performance." --Mark Hurley, Managing Director, Training and Development, Global Corporate and Investment Banking, Bank of America "After reading The Financial Numbers Game, I feel as though I've taken a master's level course in financial statement analysis. Mulford and Comiskey's latest book should be required reading for anyone who is serious about fundamentally analyzing stocks." --Harry Domash, San Francisco Chronicle investing columnist and investment newsletter publisher

APPLIED MARKETING, LOOSE-LEAF

John Wiley & Sons **Applied Marketing** is a concise product that provides the very latest examples of marketing techniques and campaigns from today's business world without compromising on traditional theories of marketing. Marketing is about decision making and professors want material that will help students develop their critical thinking skills so they can think like a marketer and see that marketing is everywhere around them. Who better to develop such a product than a practitioner, Andrew Loos of Attack Marketing, and an academic, Daniel Padgett of Auburn University. Together these authors provide insights into what employers need, know the latest tools used by companies today and can help students smoothly move from the classroom to their careers. **Applied Marketing** connects traditional marketing with customer-perspective marketing, thus teaching students the value of allowing customers to feel more connected to the product, brand and company.
