MANUAL DE REDACCIÓN Y ESTILO

Ediciones AKAL La capacidad imaginativa es innata, pero la técnica para redactar puede adquirirse. Con este trabajo se pretende advertir de los errores morfosintácticos y de las desviaciones léxicas y estilísticas más frecuentes en el español actual a los posibles lectores, alumnos de los últimos años de bachillerato, de la universidad, profesionales y personas preocupadas por la lengua, a la vez que facilitarles los mecanismos necesarios para su corrección. Para ello se recogen los vicios lingüísticos más usuales, se explica el porqué de su incorrección y se formula su buen uso. En vez de partir de planteamientos teóricos previos, se ha preferido hacerlo del empleo que los hablantes del español hacen de su idioma, por lo que se ha recurrido a un conjunto muy amplio de textos escritos (literarios, periodísticos, jurídicos, administrativos, científicos, etc.), al lenguaje oral utilizado en los medios de comunicación audiovisuales y a ejemplos extraídos de la conversación cotidiana. La catalogación de los errores se completa con algunas pautas técnicas para la redacción y normas para la presentación de textos, centrados, especialmente por el tipo de público al que va dirigido el libro, en la elaboración de los trabajos a los que se tiene que enfrentar el alumno en su vida académica. Al final de este manual, dado su carácter didáctico, se incluyen una serie de ejercicios sobre las diversas materias tratadas. De esta manera, el lector podrá comprobar si ha asimilado correctamente los aspectos teóricos expuestos a lo largo de los distintos capítulos del libro.

GREEK AND ROMAN TEXTILES AND DRESS

AN INTERDISCIPLINARY ANTHOLOGY

Oxbow Books Twenty chapters present the range of current research into the study of textiles and dress in classical antiquity, stressing the need for cross and inter-disciplinary study in order to gain the fullest picture of surviving material. Issues addressed include: the importance of studying textiles to understand economy and landscape in the past; different types of embellishments of dress from weaving techniques to the (late introduction) of embroidery; the close links between the language of ancient mathematics and weaving; the relationships of iconography to the realities of clothed bodies including a paper on the ground breaking research on the polychromy of ancient statuary; dye recipes and methods of analysis; case studies of garments in Spanish, Viennese and Greek collections which discuss methods of analysis and conservation; analyses of textile tools from across the Mediterranean; discussions of trade and ethnicity to the workshop relations in Roman fulleries. Multiple aspects of the production of textiles and the social meaning of dress are included here to offer the reader an up-to-date account of the state of current research. The volume opens up the range of questions that can now be answered when looking at fragments of textiles and examining written and iconographic images of dressed individuals in a range of media. The volume is part of a pair together with Prehistoric, Ancient Near Eastern and Aegean Textiles and Dress: an interdisciplinary anthology edited by Mary Harlow, C_cile Michel and Marie-Louise Nosch

MODERN SPANISH GRAMMAR

A PRACTICAL GUIDE

Routledge Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as: giving and seeking information putting actions into context * expressing likes, dislikes and preferences comparing objects and actions. All grammar points and functions are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross-referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels, from elementary to advanced. It will prove invaluable to those with little experience of formal grammar, as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back-up to functional syllabuses, and to designers of Spanish courses.

REFLECTIONS

ESSAYS, APHORISMS, AUTOBIOGRAPHICAL WRITINGS

HarperCollins "This book is just that: reflections of a highly polished mind that uncannily approximate the century's fragments of shattered traditions." — Time A companion volume to *Illuminations*, the first collection of Walter Benjamin's writings, *Reflections* presents a further sampling of his wide-ranging work. Here Benjamin evolves a theory of language as the medium of all creation, discusses theater and surrealism, reminisces about Berlin in the 1920s, recalls conversations with Bertolt Brecht, and provides travelogues of various cities, including Moscow under Stalin. Benjamin moves seamlessly from literary criticism to autobiography to philosophical-theological speculations, cementing his reputation as one of the greatest and most versatile writers of the twentieth century.

OFFICIAL MANUAL OF THE TENNESSEE REAL ESTATE COMMISSION

PROGRESS IN TOURISM MARKETING

Routledge The aim of this book are two-fold: (1) to evaluate the current progress of theoretical approaches to tourism marketing and (2) to show the ways to further develop the

concept of tourism marketing for application within tourist destinations and individual businesses and evaluate its potential impact on performance improvement. The structure is based upon the inclusion of an introduction and four main parts, namely IT marketing, destination competitiveness, image measurement, and consumer behaviour. There is a brief introduction for each part prior to the discussion of specific chapters just to make the readers familiar with their content. The editors believe that there is a need for information on how to better apply both traditional and contemporary marketing tools in order to be more competitive within the international arena. Metin Kozak serves as an Associate Professor of Marketing in the School of Tourism and Hotel Management, Mugla University, Turkey. Also, he is a visiting fellow in the Department of Marketing, University of Namur, Belgium. NARRATIVE OF THE INCAS

University of Texas Press One of the earliest chronicles of the Inca empire was written in the 1550s by Juan de Betanzos. Although scholars have long known of this work, only eighteen chapters were actually available until the 1980s when the remaining sixty-four chapters were discovered in the collection of the Fundación Bartolomé March in Palma de Mallorca, Spain. Narrative of the Incas presents the first complete English translation of the original manuscript of this key document. Although written by a Spaniard, it presents an authentic Inca worldview, drawn from the personal experiences and oral traditions told to Betanzos by his Inca wife, Doña Angelina, and other members of her aristocratic family who lived during the reigns of the last Inca rulers, Huayna Capac Huascar and Atahualpa. Betanzos wrote a history of the Inca empire that focuses on the major rulers and the contributions each one made to the growth of the empire and of Inca culture. Filled with new insights into Inca politics, marriage, laws, the calendar, warfare, and other matters, Narrative of the Incas is essential reading for everyone interested in this ancient civilization.

SICK

Abrams Brian and his friends are not part of the cool crowd. They're the misfits and the troublemakers—the ones who jump their high school's fence to skip class regularly. So when a deadly virus breaks out, they're the only ones with a chance of surviving. The virus turns Brian's classmates and teachers into bloodthirsty attackers who don't die easily. The whole school goes on lockdown, but Brian and his best friend, Chad, are safe (and stuck) in the theater department—far from Brian's sister, Kenzie, and his ex-girlfriend with a panic attack problem, Laura. Brian and Chad, along with some of the theater kids Brian had never given the time of day before, decide to find the girls and bring them to the safety of the theater. But it won't be easy, and it will test everything they thought they knew about themselves and their classmates. Praise for SICK "The gore and action will leave enthralled readers thrilled and then sated with each kill on either side." —Booklist "Between the pacing and the heroes' salty, blue language (full of lovingly creative, genital-inspired insults), reluctant readers who love zombies will devour it, right up to the abrupt end." —Kirkus Reviews "Sick is well written, with great detail, even if it is a little gory." —VOYA Magazine Awards 2014 Quick Picks for Reluctant Young Readers list from YALSA
