Global Marketing

Harcourt College Pub Several key features make this book special; * Global Marketing offers a marketing management thrust into the global market. It does not simply replicate domestic marketing issues with the addition of an international dimension. Rather, it dives headfirst into global issues; * It covers the entire range of international marketing, including start-up operations and new market entry considerations. However, its main emphasis rests on the key concerns of the multinational and global corporation; * It places key emphasis on the cultural and geographic dimensions in conjunction with their effects on marketing management; * It examines global marketing from a truly global perspective, rather than just from the U.S. point of view. As a result, the concerns of firms around the world are addressed, confronted, and analyzed; * Global Marketing integrates the important societal dimensions of diversity, environmental concern, ethics, and economic transformation.

Business to Business Marketing Management

A Global Perspective

Routledge Business to business markets are considerably more challenging than consumer markets and as such demand a more specific skillset from marketers. Buyers, with a responsibility to their company and specialist product knowledge, are more demanding than the average consumer. Given that the products themselves may be highly complex, this often requires a sophisticated buyer to understand them. Increasingly, B2B relationships are conducted within a global context. However all textbooks are region-specific despite this growing move towards global business relationships - except this one. This textbook takes a global viewpoint, with the help of an international author team and cases from across the globe. Other unique features of this insightful study include: placement of B2B in a strategic marketing setting; full discussion of strategy in a global setting including hypercompetition; full chapter on ethics and CSR early in the text; and detailed review of global B2B services marketing, trade shows, and market research. This new edition has been fully revised and updated with a full set of brand new case studies and features expanded sections on digital issues, CRM, and social media as well as personal selling. More selective, shorter, and easier to read than other B2B textbooks, this is ideal for introduction to B2B and shorter courses. Yet, it is comprehensive enough to cover all the aspects of B2B marketing any marketer needs, be they students or practitioners looking to improve their knowledge.

Business Marketing Management: B2B

Cengage Learning Reflecting the latest trends and issues, market-leading BUSINESS MARKETING MANAGEMENT: B2B, 11e delivers comprehensive, cutting-edge coverage that equips readers with a solid understanding of today's dynamic B2B market. Highlighting the similarities--and emphasizing the differences--between consumer goods and B2B marketing, this proven text focuses on market analysis, organizational buying behavior, relationship management, and the ensuing adjustments required in the marketing strategy elements used to reach organizational customers. Its managerial approach ties chapter concepts directly to real-world decision making. The new edition includes additional emphasis on automated B2B practices and the impact of the Internet. A well-balanced mix of cases equips students with a variety of hands-on applications. With its complete and timely treatment of business marketing, BUSINESS MARKETING MANAGEMENT minimizes the overlap with other marketing courses. It is an excellent text for undergraduate as well as MBA-level courses.
