## **MERCURY LIVING PRESENCE LPS AND CDS**

---

*Createspace Independent Publishing Platform* This book is primarily concerned with the classical music catalog of Mercury Living Presence recordings recorded and published by the Mercury Record Corporation. Mercury Records made some of the finest and most natural sounding audio recordings ever made, mostly of excellent and committed performances of classical music. But this is not a history of Mercury records or even of the Living Presence series of recordings. My main focus was to create a list of all the Mercury Living Presence classical records. I am mostly interested in the stereo recordings, but there are also many earlier mono recordings of great interest, too, so I have included those also. Specifically, what is included is information on the SR 90000 series of stereo recordings and the MG 50000 series of mono recordings, but there is also a listing of the Wing classical reissue series. \*\*\*\*\* Decades ago, when I began collecting Mercury records, and years later when I started collecting the CDs, I was looking for a complete list of all the Mercury Living Presence records and later the CDs. Though I found some information that was helpful, to get what I wanted, I had

to make the list myself. I started with lists of records on the record sleeves of the albums, got some information from The Absolute Sound! magazine, and in the internet age, found useful information on several internet sites, but mostly to get the list I wanted, I had to dig up the information and build it myself. Having completed the list, it occurred to me that other collectors might find it helpful, too. So I put together a group of databases and spreadsheets in Microsoft Excel and Microsoft Works database format files and issued the databases I had created on a CD-rom disc in early 2013. By that time I had all the original series of CDs mastered by Wilma Cozart Fine, and many of the records that had been reissued on CD, and virtually all of the stereo records not issued on CD, plus most of the mono records in which I had a strong interest. Now it is available as a book. Among other things it includes the following lists: Complete Mercury Living Presence CDs, including every CD, with its track information, identifying Composer, title, soloist, conductor, orchestra, CD #, LP where originally published, and recording date. Complete Mercury Living Presence LPs including every LP with its track information identifying Composer, title, soloist, conductor, orchestra, LP #, CD on which it was reissued if any, and recording date. Different versions of the files are arranged by: Composer and Title, Recording Date, Record number, and CD number. There are also a listings of LPs and LP tracks that have not been reissued in the Mercury Living Presence CD series. Included are listings of all original Mercury Living Presence records in the SR 90000 and MG 50000 series, all CDs originally mastered by Wilma Cozart Fine, all SACDs, and the more recent reissues and new issues in the large 50+ CD box sets and the 10-CD box sets of Marcel Dupré and Janos Starker. There are also a few chapters of background information, little known facts, and other topics of interest. Hopefully readers will find it interesting and useful.

### **UNAPOLOGETICALLY, ME.**

---

*CreateSpace* This book is a compilation of my thoughts-- transformed into poems, quotes, and self notes. At the unseasoned age of 20, I can testify to life taking me through some expected changes and detours. There were many days that I couldn't speak, think, or even write clearly. Through silence, prayer, and this little writing outlet, I've learned so much. I've found inspiration in the most unexpected places. I've learned that it's okay to cry. It's okay to not know all the answers. It's okay to be you-- Unapologetically you.

Sometimes, it's even okay to feel lost.. So long as you remember who you are. We're all destined for greatness and success. I pray this book opens minds, encourages smiles, and inspires creativity. Above all, I'm forever grateful to my Heavenly Father for his magnificent plan over my life.

## **WEEKLY OPTIONS FOR MONTHLY INCOME**

---

*CreateSpace Weekly Index Options* became available on the Chicago Board of Options Exchange in 2003. I have watched this type of Options Trading evolve as more investors used weekly trading. The trading software I have developed adapted to the weeklies evolution. The software became simpler: It uses SPX for the weekly options My principle strategy for trading Weekly Index Options uses 2 sigma Condors: Short Calls 2 standard deviations above the market and the Long Calls the next strike price higher; Short Puts 2 standard deviations below the market and the Long Puts the next strike price lower. This is called 2 Sig Iron Condors. I have developed a tactic to make weekly profits in spite of the huge daily Up and Down movements in the SPX. SelfAdapSPXweeklyVLTy is the name of my software which I use to generate monthly income. The software described in this book uses only SPX for the options because I discovered that when I used other underlying stocks or indices such as Google and SPY, SPX usually finished best. This book describes how to use the TradeMonster real-time SPX quotes for computing the 2 sig Condors used in my Software: SelfAdapSPXweeklyVLTy. Trade Monster's affiliate OptionsHouse can be used for Weekly Options trading if you have a minimum of \$2,000 in the account. I use 1/4 of the capital = \$500 for Margin to generate about \$100 for the week or \$400 for the Month. In other words you get 90% return per month on \$500 margin. Remember the weekly in-out trades should be no more than 2 per week to avoid being designated a day trader by your broker which requires a minimum of \$25,000 in your account.

## **TOTALLY CORRUPT**

## **THE REPUBLICAN AGENDA, TODAY**

---

Createspace Independent Publishing Platform This book is DEDICATED TO: The eradication of FEAR in America-as FDR articulated: "nameless, unreasoning, unjustified terror which paralyzes needed efforts to convert retreat into advance." In short, fear is the mother of all cancers on the body politic of America.....i.e., fear is a wall to keep the Mexicans out, and drives our insidious racism.....and the pernicious fear resulting from McCarthyism still hangs like a black cloud over and cripples America to this day, resulting in our Third World healthcare system, and Job Creation--and is the parent of the pervasive hate in America today.....to illustrate: I didn't write the following. It is a cut and paste from FACEBOOK, or some blog [would like to give credit if knew the author]--but it is so on target regarding how "fear" is driving Conservative policy in America today-i.e., is undermining America and our progress-and relegating America to a Third World country status, rather than a world leader-"Conservatives are such cowards: they are afraid of gay people getting married or serving in the military; they are afraid of bringing terrorists to super max prisons in the US from which no one has ever escaped; they are afraid of the boy scouts letting gay kids in; they are afraid of everyone voting and are constantly suppressing the vote under some bogus voter fraud theory; they are afraid of letting students vote at their universities; they are afraid of women having the right to choose; they even are afraid of women getting contraception [the real issue actually is a women's agency and control over their bodies]; they are afraid of immigration reform leading to citizenship because they are afraid of-- name whatever reason; they are afraid of mandating gun purchasers to undergo background checks for crazy people and terrorists; they are afraid of

people smoking pot; they are afraid of climate change being real and contradicting their beloved Bible; they are afraid of legitimate campaign reform; they are afraid of Muslims; they are afraid of blacks; they are afraid of atheists; they are afraid of hippies; they are afraid of socialists; they are probably still afraid of monsters under their beds; they are just rank cowards and keep making things up to be afraid of."

After a failed marriage, left with the responsibility of raising two young girls, life moves on and readers are introduced to a cast of characters that make the author's life enriching and rewarding. Joaquin Bowman, is not new to writing. He published TADVILLE in 2010.
