About the Author Charley Dickson is a former Oregonian who now lives full-time in a 38’ Class A motorhome in various places around the country. In his 30+ years of RVing, he and his wife have traveled in a pop-up trailer, a 30’ travel trailer, a 29’ Class C motorhome, a 40’ 5th wheel trailer, and two Class A motorhomes. He’s been to most of the country, but there are still many places he and his wife will be seeing. He’s a firm believer in being more of a do-it-yourselfer rather than having someone else do a repair or modification. As such, he’s a staunch supporter of doing the homework to find out as many aspects of a certain subject as possible. As such, this book is written for other folks who want to know more about RVing. HowExpert publishes how to guides by everyday experts.

THE LIES WE ARE

A dead man's secrets. A girl's forgotten past. The key to both mysteries is buried within three pages torn from a Civil War diary, raising questions that will pit Sandi Beck against a small-town Southern dynasty, a billionaire developer, and her own conflicting desires. As she untangles 150 years of lies, Sandi is faced with a choice - will she pursue the truth at any cost, even if the price is her own life? In a story that could be ripped from today's headlines, this sequel to *Kind Lies* exposes the dark influence of greed and bitterness on the human heart.

CLAIMING THE ICE

BRITAIN AND THE ANTARCTIC 1900-1950

Cambridge Scholars Publishing It is over a hundred years in Antarctic history since the British Government formalised its claim to the Falkland Islands Dependencies, and 75 years since continuous occupation began. This book explains why and how, using the voices of the Ministers, and more particularly their officials, who shaped government policy. Until now the unsung heroes of Britain's long involvement in Antarctica, they collectively had a far greater impact than any of the famous Antarctic explorers of the last century. The book draws heavily upon documentation from The National Archives to chart the twists and turns of policy making for the first 50 years of the last century, showing how the priority shifted from a focus on sovereignty to the first glimmerings of internationalisation. It is a story of a great whaling industry, of territorial conflicts and tensions, and how science ultimately came to underpin Britain's policy aims.

TWELVE YEARS A SLAVE

Prabhat Prakashan "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

OILEAIN

A GUIDE TO THE IRISH ISLANDS

Pesda Press A wealth of information on the wildlife, stories and history of the islands. For those wishing to visit in small boats or kayaks there are details of: Landings? Camping? Drinking water? Tidal information. Oileain is a detailed guide to almost every Irish offshore island. The guide is comprehensive, describing over 300 islands, big and small, far out to sea and close in by the shore, inhabited and uninhabited. Oileain tells it as it is, rock by rock, good and bad, pleasant and otherwise. It concentrates on landings and access generally, then adds information on camping, drinking water, tides, history, climbing, birds, whales, dolphins, legends or anything else of interest. Oileain will, I hope, appeal to all who go to sea in small boats, divers and yachtsmen as well as kayakers. The sheer level of detail contained in Oileain must surely throw new light on places they thought they knew well. It is not a book about kayaking. It so happens that a practical way of getting to islands is by kayak, and that is how the author gets about. Scuba divers and RIBs get in close too. Yachtsmen get about better than most, and they too enjoy exploring intensively from a dinghy. With the increasing availability of ferries, boatless people will also enjoy Oileain. Offshore islands are the last wilderness in Ireland. Hillwaking is now so popular that there are few untrampled mainland hills. Ninety per cent of offshore islands are uninhabited outside of the first fortnight in August, and eighty per cent even then. You won't meet many other people, if any at all, out beyond an Irish surf line. It is a time of change though, and holiday homes are very much the coming thing in some offshore areas. Sea going will never stop being a great adventure. Therefore, offshore islands are still the preserve of the very few. Now is a golden era for exploration.

THE BRITISH CODE OF ADVERTISING PRACTICE

KIND LIES

A cry for help answered too late. A woman's soul lost to the sea. Now three children are left without a mother, and Sandi Beck is driven by guilt to search for answers. As she sifts through the remains of Liz Bryson's life, Sandi is drawn into a web of lies that shakes her belief in the woman she once knew. Every new clue brings her closer to a truth that threatens to destroy a grieving family--and the man she loves. A masterpiece of twists and turns, Kind Lies will keep you turning pages until the explosive final scene.

DOT'S LEGACY

Createspace Independent Publishing Platform **When Dot Jacks inherited a 'public' park she began a career that was to change the lives of the people of Chip Notting, providing unintended entertainment for them, and a social legacy to both haunt and taunt her heir. Rhys gradually discovered his inheritance included decades of hostilities with the local Council, the dog Dot tried to sue, the dossers, the debts, and the wonderful community his Aunt had inspired. The story of the first year of Park ownership by Rhys, and outspoken girlfriend Anne, is strewn with lively characters, all of whom have a part to play in the ups and downs of love, business and the Park Effect that was Dot's true legacy.**

DENALI

A MAN, A DOG, AND THE FRIENDSHIP OF A LIFETIME

Penguin "....a very sweet dog story" -- Outside The story of a dog, his human, and the friendship that saved both of their lives. When Ben Moon moved from the Midwest to Oregon, he hadn't planned on getting a dog. But when he first met the soulful gaze of a rescue pup in a shelter, Ben instantly felt a connection, and his friendship with Denali was born. The two of them set out on the road together, on an adventure that would take them across the American west and through some of the best years of their lives. But when Ben was diagnosed with colorectal cancer at age 29, he faced a difficult battle with the disease, and Denali never once left his side until they were back out surfing and climbing crags. It was only a short time later that Denali was struck by the same disease, and Ben had the chance to return the favor. Denali is the story of this powerful friendship that shaped Ben and Denali's lives, showing the strength and love that we give and receive when we have our friends by our side.

THE WOOD DOCTOR'S RX

TAKE THE SLOW ROAD: ENGLAND AND WALES

INSPIRATIONAL JOURNEYS ROUND ENGLAND AND WALES BY CAMPER VAN AND MOTORHOME

Bloomsbury Publishing Forget hurrying. Forget putting your foot down and racing through sweeping bends. Forget the understeer (whatever that is). Forget the blur of a life lived too fast. This is a look at taking life slowly. It's about taking the time to enjoy journeys and places for their own sake. It's about stopping and putting the kettle on. Stopping to take a picture. Stopping to enjoy stopping. How are you going to do it? In a camper van or a motorhome, of course. In this book we define the best driving routes around England and Wales for camper vans and motorhomes. We show

you the coolest places to stay, what to see, what to do and explain why it's special. We meander around England and Wales on the most breathtaking roads, chugging up mountain passes and pootling along the coast. We show you stuff that's fun, often free. We include the best drives for different kinds of drivers; for surfers, wildlife watchers, climbers and walkers. We include the steepest, the bendiest, those with the most interesting bridges or views or obstacles, ferries and tidal causeways. And you don't even have to own a camper van or motorhome - we'll tell you the many places you can rent one to take you on the journey. All of this is interspersed with beautiful photos, handy maps and quirky travel writing from the king of camper vans and motorhomes, Martin Dorey. So if all you want to do is flick through it on a cold day and plan your next outing, you'll be transported (albeit slowly) to pastures, beaches, mountains and highways that make you want to turn the key and go, go, go!

SALMON P. CHASE

LINCOLN'S VITAL RIVAL

Simon and Schuster **An NPR Best Book of 2022** From an acclaimed New York Times bestselling biographer, an “eloquently written, impeccably researched, and intensely moving” (The Wall Street Journal) reassessment of Abraham Lincoln’s indispensable Secretary of the Treasury: a leading proponent for black rights during his years in cabinet and later as Chief Justice of the United States. Salmon P. Chase is best remembered as a rival of Lincoln’s for the Republican nomination in 1860—but there would not have been a national Republican Party, and Lincoln could not have won the presidency, were it not for the groundwork Chase laid over the previous two decades. Starting in the early 1840s, long before Lincoln was speaking out against slavery, Chase was forming and leading antislavery parties. He represented fugitive slaves so often in his law practice that he was known as the attorney general for runaway negroes. Tapped by Lincoln to become Secretary of the Treasury, Chase would soon prove vital to the Civil War effort, raising the billions of dollars that allowed the Union to win the war while also pressing the president to recognize black rights. When Lincoln had the chance to appoint a chief justice in 1864, he chose his faithful rival because he was sure Chase would make the right decisions on the difficult racial, political, and economic issues the Supreme Court would confront during Reconstruction. Drawing on previously overlooked sources, Walter Stahr offers a “revelatory” (The Christian Science Monitor) new look at the pivotal events of the Civil War and its aftermath, and a “superb” (James McPherson), “magisterial” (Amanda Foreman) account of a complex forgotten man at the center of the fight for racial justice in 19th century America.

CROSSWORD LISTS

PETEY (NEW COVER)

Hyperion In 1922, at the age of two, Petey's distraught parents commit him to the state's insane asylum, unaware that their son is actually suffering from severe cerebral palsy. Bound by his wheelchair and struggling to communicate with the people around him, Petey finds a way to remain kind and generous despite the horrific conditions in his new "home." Through the decades, he befriends several caretakers but is heartbroken when each eventually leaves him. Determined not to be hurt again, he vows to no longer let hope of lifelong friends and family torment him. That changes after he is moved into a nursing home and meets a young teen named Trevor Ladd; he sees something in the boy and decides to risk friendship one last time. Trevor, new to town and a bit of a loner, is at first weary of the old man in the wheelchair. But after hearing more of his story, Trevor learns that there is much more to Petey than meets the eye. Petey is a touching story of friendship, discovery, and the uplifting power of the human spirit.

SURFING AND HEALTH

Createspace Independent Publishing Platform **Doc Paskowitz** started surfing in the Gulf of Mexico on Galveston Island in 1930. He's 93, and he's still surfing (now riding in heaven) While he would never agree, Doc can be considered one of the earliest pioneers of the shape of today's surf culture. He spent nearly 25 years on the road, living in a succession of used campers. It is, quite possibly, the world's longest surf trip. He and his wife raised nine children in those campers, soaking them in the ocean and their idea of how life should be lived. Take a trip with Doc Paskowitz and his family. This easy read is honest and can help you understand his passion for Surfing and Health,

HOW TO CHOOSE AND BUY AN RV: HERE'S HOW TO GET IT RIGHT FIRST AND EVERY TIME

RV Books Buying an RV is a major investment. It is likely to be second only to buying a house. When you buy a house you already know a lot about houses. You've likely lived in houses for many years and have certainly visited a great many. When you're buying one you can figure out who to ask for help. It's not like that with an RV. Unless you've been

travelling in a range of different RVs for a long time you probably don't know much about the realities of RV living. RVs come in a vast array of shapes and sizes. You'll need to select a camper trailer, caravan, or motorhome based on the sort of travel you plan, your budget and your preferences. You'll need to figure out how to outfit your purchase and understand the intricacies of travelling with everything you need to carry. And what is it you need to carry anyway? What else do you need to know? And who can you ask? In *How to Choose and Buy an RV*, Collyn Rivers breaks down the pros and cons of the various sorts of recreational vehicle. He identifies the key questions you need to ask yourself to work out what you really want and need. He gives clear advice about how to inspect and negotiate for new or used RVs. He discusses extras you'll want before hitting the road and details the rules and regulations you'll need to know before venturing around Australia. You'll need good advice before buying an RV. This book is a great place to start.

BIOLOGY 12

40 DIVES, 40 DISHES

DIVE STORIES AND RECIPES FROM THE MV SALUTAY

It is unusual that a scuba diving liveaboard should be known for anything other than the quality of the diving service it offers. The MV Salutay is that rare exception. Not only does she offer a top and innovative diving service and access to some of the best diving around the United Kingdom and Northern France, she also has divers returning every year because of the wonders that her galley produces. Chef Freda Wright has been getting requests for recipes for many years and generations of divers have begged her to produce a cookbook, so that they can continue to enjoy her mouth-watering meals and snacks when they go home. This is the cookbook that they wanted: a selection of soups, main courses, desserts and snacks that divers aboard the MV Salutay have been enjoying for decades and that now you can cook at home for family and friends. As well as the easy-to-follow recipes, this book also includes diving tales from the three decades that Freda and her husband, captain and technical diving pioneer Al Wright, have been exploring British, Irish and French waters. From the story of how Al discovered three major shipwrecks off Malin Head, Ireland at the dawn of the technical diving revolution to diving with seals in St. Kilda and descriptions of exploring the D-Day wrecks in the Baie de Seine, these anecdotes are clips of British diving history: essential reading for new divers and veterans alike.
