The Virgins

A Novel

Tin House Books *It's 1979, and Aviva Rossner and Seung Jung are notorious at Auburn Academy. They're an unlikely pair at an elite East Coast boarding school (she's Jewish; he's Korean American) and hardly shy when it comes to their sexuality. Aviva is a formerly bookish girl looking for liberation from an unhappy childhood; Seung is an enthusiastic dabbler in drugs and a covert rebel against his demanding immigrant parents. In the minds of their titillated classmates—particularly that of Bruce Bennett-Jones—the couple lives in a realm of pure, indulgent pleasure. But, as is often the case, their fabled relationship is more complicated than it seems: despite their lust and urgency, their virginity remains intact, and as they struggle to understand each other, the relationship spirals into disaster. The Virgins is the story of Aviva and Seung's descent into confusion and shame, as re-imagined in richly detailed episodes by their classmate Bruce, a once-embittered voyeur turned repentant narrator. With unflinching honesty and breathtaking prose, Pamela Erens brings a fresh voice to the tradition of the great boarding school novel.*

The Children's Story

A Collection of Stories

Dell *It was a simple incident in the life of James Clavell—a talk with his young daughter just home from school—that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was —any mind, for that matter—under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly—almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions... Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can—then your child will...."*
