**Vyakaran IX** *Laxmi Publications, Ltd. First Book of Sanskrit Being an Elementary Treatise on Grammar, with Exercises (Classic Reprint)* *Forgotten Books* Excerpt from First Book of Sanskrit: Being an Elementary Treatise on Grammar, With Exercises Tur. Study of Sanskrit has but recently risen in the estimation of the educated natives of this Presidency and of our Educational authorities. The old Sanskrit College of Poona owed its existence and continuance rather to the spirit of conciliation and tolerance in our rulers, than to their conviction of the utility of Sanskrit as a branch of general education. The modern critical and progressive spirit was not brought to bear upon it. The old Scribes were allowed to carry all things in their own way. After about thirty years since its establishment, the authorities began to exercise active interference, until at length the College was abolished, and a new system inaugurated, which to be complete and effective, requires, in my humble opinion, a partial restoration of the old institution. This play has been translated from the original Sanskrit and Prakrits by Arthur Ryder. "ACT I., entitled The Gems are left Behind. Evening of the first day.--After the prologue, Charudatta, who is within his house, converses with his friend Maitreya, and deploras his poverty. While they are speaking, Vasantasena appears in the street outside. She is pursued by the courtier and Sansthanaka; the latter makes her degrading offers of his love, which she indignantly rejects. Charudatta sends Maitreya from the house to offer sacrifice, and through the open door Vasantasena slips unobserved into the house. Maitreya returns after an altercation with Sansthanaka, and recognizes Vasantasena. Vasantasena leaves a casket of gems in the house for safe keeping and returns to her home."
