VIDEO MAGAZINE**HOW TO TAKE GOOD PICTURES****A PHOTO GUIDE BY KODAK****Silver Pixel Press** *Introduces techniques for taking better pictures, provides guidelines for operating a camera, and includes tips on photographing people, animals, and landscapes***PHOTOGRAPHER'S GUIDE TO THE NIKON COOLPIX P900****GETTING THE MOST FROM NIKON'S SUPERZOOM DIGITAL CAMERA**

White Knight Press *This book, by Alexander S. White, is a complete, clearly written guide to the operation of the Nikon Coolpix P900 digital camera. The book explains all shooting modes, menus, functions, and controls of this superzoom camera, accompanied by more than 350 full-color illustrations and sample photographs. The guide shows beginning and intermediate photographers how to use the camera's many options to get the results they want. The book explains topics such as autofocus, manual focus, HDR (High Dynamic Range) photography, ISO, memory cards, and flash modes. It includes a discussion of techniques for using the P900's phenomenal zoom lens, with a maximum optical focal length of 2000mm, to full advantage. The book also discusses the camera's features for image transfer and remote control through the P900's built-in Wi-Fi network, as well as its features for adding location data to images. The book includes sample images taken with the creative settings of the camera, including the Picture Control options, which alter the color processing of images; the Scene and Special Effects shooting modes, with settings optimized for subjects such as landscapes, birds, pets, sunsets, and action shots; and the camera's features for burst shooting and time-lapse photography. In addition, the book provides introductions to topics such as infrared photography, street photography, and macro photography. The book also explains the video features of the P900, which can shoot HD video with stereo sound and can record high-speed video at rates up to 4 times normal speed. In addition, the book describes procedures for playing back images and videos in the camera and for using the Filter Effects option to add special effects to images after they have been captured. In three appendices, the book discusses accessories for the Coolpix P900, including cases, external flash units, and charging and power options. The appendices include a list of useful web sites and other resources, as well as a section with "quick tips" to help users take advantage of the camera's features in the most efficient ways possible.*

Nelson Publishing&Marketing *Joanna, the daughter of an innkeeper in Bethlehem, relates the events of the day during which Jesus is born in her family's stable.*

WOLVES OF THE YUKON

eBookIt.com *This non-fiction book is about a great mountain wilderness where wolves and their prey continue to live in a delicate, natural balance. Using a combination of narrative non-fiction and easy-to-follow essays, this book explores the natural history of the Yukon during the last 20,000 years. Part 1 - History - chronicles wolf evolution since the end of the ice age, including the great collapse of Beringia large mammals and the domination by caribou through the Holocene. Other chapters include the relation between ancient native people and wolves, and the importance of Jack London's Yukon stories to our collective image of wolves as a symbol of wilderness. Other history chapters explore the relentless, but largely ineffective attempts to reduce wolves through bounties, poison and hunting through the 20th century. Part 2 - Understanding - describes the author's original research into wolf relations to moose, caribou, Dall's sheep, ravens, and grizzly bears. In the last chapter Hayes, who studied three Yukon wolf control projects, explains why broad-scale killing of wolves has only produced brief benefits for moose and caribou, and why the practice should end. Finally, the book raises questions about how we should use and conserve one of the largest remaining tracts of complete wilderness on the continent.*
