**KEY=MANUAL - LISA ALEX**

---

**THE BOOK OF NINJA**

---

**THE BANSENSHUKAI - JAPAN'S PREMIER NINJA MANUAL**

---

**Watkins Media Limited** The first complete translation of the ultimate Ninja manual—a comprehensive guide to the arts of the ninja, including espionage, warfare, assassination, and more In 1676, a ninja named Fujibayashi collected and combined information from the ninja clans of Iga—regarded to be the homeland of the ninja—and compiled it into an authoritative book. Known as The Bansenhukai, Fujibayashi's book has now been translated into English by the Historical Ninjutsu Research Team and is widely considered to be the 'bible' of ninjutsu, the arts of the ninja. The Book of Ninja begins with an in-depth introduction to the history of Fujibayashi's scripture. The teachings themselves, appealingly rendered in this translation, then take us into the secrets of guerrilla warfare and espionage. We learn how to become the ultimate spy, whether through a network of spies or by hiding in plain sight. Through the stealth and concealment tactics of night-time infiltration, through weapon and tool building skills, and through mission planning, we can learn much both about warfare and about adopting the right mindset for tackling our own inner and outer enemies. Adding to the mix for the spycraft lover, there are sections on capturing criminals, performing night raids, making secret codes and signs, and even techniques for predicting the weather, and using an esoteric Buddhist system of divination. An exciting and engaging tome of lost knowledge, The Book of Ninja is the final say in the world

of the ninja and the ultimate classic for samurai and ninja enthusiasts alike.

## **NINJA SKILLS**

---

---

### **THE AUTHENTIC NINJA TRAINING MANUAL**

---

Watkins Media Limited The world's only illustrated guide to the real ninja teachings of historic Japan with original techniques presented in a highly accessible 'how-to' format The shadowy figure of the ninja—expert commando, secret agent, maverick who operates outside social norms—continues to exert fascination in the West, yet much of what is presented as ninja fact today is distorted or wrong. Drawing on the scrolls created by historical Japanese ninjas (or shinobi, as they were then known), this book offers the real ninja teachings in 150 easy-to-follow, illustrated lessons designed to draw contemporary students of ninja straight into the world of these skilled spy-commandos. The truth about the ninja is so much more complex and intriguing than the Hollywood clichés we know today. We may think, for example, of a ninja as being always garbed in black and fighting with 'throwing stars' but in fact, a ninja had clothes in different colours to serve as disguises for different times of day, and their arsenal of weaponry could include anything from poison, poison gas, pepper spray and fire-creating tools to swords, spears and knives (but no throwing stars). The 150 lessons in this book cover all the basics of ninja warfare, including clever ideas for infiltrating an enemy compound (from wearing 'silent sandals' to faking passes and passwords), tactics for hiding and retreat (in the racoon dog retreat, a ninja will crouch low and halt, allowing the pursuer to collide with him at speed, whereupon the agent kills his enemy), and ways of crossing marshes and water (for example, with special shoes made of boards, or using a foldaway floating seat). The description is made all the more vivid by step-by-step photographs of the fighting techniques, diagrams outlining military tactics and beautiful samples of Japanese calligraphy.

## **TRUE PATH OF THE NINJA**

---

---

### **THE DEFINITIVE TRANSLATION OF THE SHONINKI (AN AUTHENTIC NINJA TRAINING MANUAL)**

---

Tuttle Publishing True Path of the Ninja is the first authoritative translation in English of the Shoninki—the famous 17th century ninjutsu manual. Authors Antony Cummins and Yoshie Minami worked closely with Dr. Nakashima Atsumi, author of the most comprehensive modern Japanese version of the Shoninki, thus making this English translation the closest to the original scrolls. The information and insights found in this translation are invaluable for understanding

the skills, techniques and mentality of the historical shinobi. Whether it involved tips for surviving in the wild, advice on intelligence-gathering techniques, or methods for creating chaos in the enemy camp, this ninja book unveils secrets long lost. Along with its practical applications, this book is an important guide to the mental discipline that ninjas must have to ensure success in accomplishing their mission. True Path of the Ninja covers the following topics: What a ninja is and what equipment he needs The skills of infiltration and information gathering How to disrupt and distract the enemy How to be mentally prepared to carry out ninja missions In addition to the translation of the Shoninki, this book also includes the first written record of the oral tradition "Defense Against a Ninja" taught by Otake Risuke, the revered sensei of the legendary Katori Shinto Ryu school of swordsmanship. Sensei reveals for the first time these ancient and traditional teachings on how the samurai can protect himself from the cunning wiles of a ninja. About this new edition: This second edition contains a new introduction by the translator, and has been thoroughly updated to reflect developments that shed new light on the original Japanese text.

## **SHONINKI: THE SECRET TEACHINGS OF THE NINJA**

---

### **THE 17TH-CENTURY MANUAL ON THE ART OF CONCEALMENT**

---

Simon and Schuster The classic text on the mystical traditions of the ninja now decoded in English • The path of the ninja as an authentic spiritual discipline • Details the art of concealment and espionage, including methods of disguise, survival techniques, and face reading • A ninja response to the Samurai Bushido and the way to mind-body harmony Experts in disguise, infiltration, espionage, and counterintelligence, the ninja had spiritual values and magical traditions that distinguished them from the soldierlike samurai. Their art of ninjutsu, invisible as well as indispensable, was transmitted in secret schools and relied on only a few books, which were written in code. The Shoninki, one of the most important of these coded manuals, was written in 1681 by Master Ninja Natori Masazumi. Presenting all facets of the art of concealment, espionage, and physical prowess, including methods of disguise and survival techniques, this source text also contains teachings on spiritual meditations, psychic powers, the art of face reading, controlling the emotions, and magic spells. Revealing the connection between the ninja and the yamabushi--warrior monks who were endowed with supernatural powers--this classic text confirms the path of the ninja as an authentic spiritual discipline, one of self-realization and detachment and the way to mind-body harmony.

## **IGA AND KOKA NINJA SKILLS**

---

---

## **THE SECRET SHINOBI SCROLLS OF CHIKAMATSU SHIGENORI**

---

**The History Press** ‘A retainer of our domain, Renpeido Chikamatsu Hikonoshin Shigenori, each morning washed his face and hands, dressed himself in Hakama and prayed in front of the kamidana alter ...His prayer was thus: “Please afford me success in war.” He kept to this routine all through his life.’ Through patient and scholarly detective work, Antony Cummins and the Historical Ninjutsu Research Team have unearthed a Shinobi treasure. The 18th-century military historian Chikamatsu recorded the oral traditions of the Ninja and passed on those skills in lectures he gave at his Renpeido school of war in Owari domain during the early 1700s. Chikamatsu wrote specifically about the Shinobi of Iga and Koka, regions from which warriors were hired all over the land in the days of war. The lost scrolls are filled with unknown Shinobi teachings, skills that include infiltration, assassination, explosives, magic and commando tactics, including an in depth commentary on Sun Tzu’s famous 13th chapter, ‘The Use of Spies’.

---

---

### **THE HISTORICAL TRUTH OF NINJUTSU**

---

The History Press Lost in modern myth, false history and general misinterpretation, the Ninja have been misrepresented for many years. More recently, a desire for a more historical view of the ninja has become a popular theme in the history/martial arts community and Antony Cummins is the primary driving force behind that movement. In Search of the Ninja is based upon the Historical Ninjutsu Research Team's translations of the major ninja manuals and consists of genuinely new material. Little historical research has been done on the Ninja of Japan. Here for the first time the connection of the famous Hattori family warriors with the Ninja is explained. The Samurai versus Ninja myth is dispelled. The realities of Ninja skills are analysed. How did a Ninja work underwater when mining castle walls? How can a bird be used to set fire to the enemy's camp? The book explores newly discovered connections to ancient Chinese manuals, lost skills and the 'hidden' Zen philosophy that the Ninja followed. In Search of the Ninja is the first and only historical look at the shinobi of ancient Japan.

## ILLUSTRATED NINJA HANDBOOK

---

---

---

---

### HIDDEN TECHNIQUES OF NINJUTSU

---

---

**Tuttle Publishing** Learn to master ninjutsu techniques and the Budo warrior ethos with this informative and entertaining martial arts guide. Welcome to the secret world of the ninja master! The Illustrated Ninja Handbook is your ultimate guide to the esoteric knowledge and teachings of the ancient Japanese shinobi. It provides ninjitsu devotees with the first detailed understanding of this shadowy and mysterious martial art form. This handbook contains step-by-step instructions that allow you to master the 40 most devastating ninja fighting techniques. It was created with the blessing of legendary ninjutsu master Soke Masaaki Hatsumi, who taught for many generations in the Bujinkan School—generally recognized as the leading ninjutsu school in the world. The Bujinkan Dojo encompasses nine separate ryu-ha or martial arts schools that are based in Japan and headed by Hatsumi. Bujinkan ninjas use both armed and unarmed fighting techniques, with weapons such as swords, bamboo shinai, and staffs. They also learn to defend themselves unarmed against weapons attacks. Author Remigiusz Borda studied and taught Bujinkan ninjutsu for many decades, and in this book presents the unique system created by Masaaki Hatsumi—the 34th Grandmaster and head of the Togakure-ryu Ninjutsu lineage. The Illustrated Ninja Handbook is based on hundreds of years of actual ninja combat experience and contains the traditional knowledge of the legendary Shinobi warrior clan who were instrumental in helping found the Tokugawa Shogunate.

## NINJA

---

---

---

---

### UNMASKING THE MYTH

---

---

**Casemate Publishers** The ninja is a well-known phenomenon in Japanese military culture, a fighter who is widely regarded as the worlds greatest exponent of secret warfare. He infiltrates castles, gathers vital intelligence and wields a deadly knife in the dark. His easily recognizable image is that of a secret agent or assassin who dresses all in black, possesses almost magical martial powers, and is capable of extraordinary feats of daring. He sells his skills on a mercenary basis and when in action his unique abilities include confusing his enemies by making mystical hand gestures or by sending sharp iron stars spinning towards them. That is the popular view, but it is much exaggerated, as this exciting new book explains. *Ninja: Unmasking the Myth* is a revealing, fascinating and authoritative study of

Japans famous secret warriors. Unlike all previous books on the subject the author, who is an expert in the subject, does not take the ninja for granted. Instead he examines the entire phenomenon in a critical manner, ranging from accounts of undercover operations during the age of Japans civil wars to the modern emergence of the superman ninja as a comic book character. The popular ninja image is shown to be the result of several influences that were combined to create the worlds greatest secret warrior. Many well-known features of the ninja tradition such as the black clothes and the iron stars are shown to be complete inventions. One important feature of the book is the use of original Japanese sources, many of which have never been translated before. As well as unknown accounts of castle attacks, assassinations and espionage they include the last great ninja manual, which reveals the spiritual and religious ideals that were believed to lie behind the ninjas arts. The book concludes with a detailed investigation of the ninja in popular culture up to the present day including movies, cartoons and theme parks.

## **THE SECRET TRADITIONS OF THE SHINOBI**

---

---

## **HATTORI HANZO'S SHINOBI HIDEN AND OTHER NINJA SCROLLS**

---

North Atlantic Books The shinobi, or ninja, is one of the most widely recognized figures in the world of espionage—and also one of the most misrepresented. What do we really know about the historical shinobi, his tactics, and his role in medieval Japanese society? In *Secret Traditions of the Shinobi*, these questions—and many more—are answered. Translated into English for the very first time, this widely sought-after collection of historical documents brings to light the secret practices, techniques, philosophies, and lifestyles of the shinobi. Included are: • the *Shinobi Hiden*, or "Secret Ninja Tradition," a documentation of techniques commonly attributed to one of the best-known ninja masters, Hattori Hanzo; • the *Koka Ryu Ninjutsu Densho*, a small but important work from the Edo period that reveals the realm of ninja magic and spells; • the three shinobi scrolls of the *Gunpo Jiyoshu*, a manual enthusiastically promoted by Tokugawa Ieyasu, the first Tokugawa shogun of Japan; • one hundred poems written between the twelfth and fifteenth centuries—making them the oldest collection of written ninjutsu information in the world; and • seventy historical black-and-white illustrations depicting ninja tools and weapons. *Secret Traditions of the Shinobi* will enthrall martial artists eager to learn the real skills of the shinobi, as well as anyone interested in this exciting period of Japanese history and espionage. From the Trade Paperback edition.

## **NINJA HACKING**

---

---

### **UNCONVENTIONAL PENETRATION TESTING TACTICS AND TECHNIQUES**

---

Elsevier Ninja Hacking offers insight on how to conduct unorthodox attacks on computing networks, using disguise, espionage, stealth, and concealment. This book blends the ancient practices of Japanese ninjas, in particular the historical Ninjutsu techniques, with the present hacking methodologies. It looks at the methods used by malicious attackers in real-world situations and details unorthodox penetration testing techniques by getting inside the mind of a ninja. It also expands upon current penetration testing methodologies including new tactics for hardware and physical attacks. This book is organized into 17 chapters. The first two chapters incorporate the historical ninja into the modern hackers. The white-hat hackers are differentiated from the black-hat hackers. The function gaps between

them are identified. The next chapters explore strategies and tactics using knowledge acquired from Sun Tzu's The Art of War applied to a ninja hacking project. The use of disguise, impersonation, and infiltration in hacking is then discussed. Other chapters cover stealth, entering methods, espionage using concealment devices, covert listening devices, intelligence gathering and interrogation, surveillance, and sabotage. The book concludes by presenting ways to hide the attack locations and activities. This book will be of great value not only to penetration testers and security professionals, but also to network and system administrators as well as hackers. Discusses techniques used by malicious attackers in real-world situations Details unorthodox penetration testing techniques by getting inside the mind of a ninja Expands upon current penetration testing methodologies including new tactics for hardware and physical attacks

Content is presented in a clear and concise way, perfect for the younger hands-on techie. Includes table of contents, glossary, and index--as well as sources for further reading.

---

## **NINJA**

---

The ninja, Japan's famous black-clad spies and assassins renowned for their superb martial arts skills, are the stuff of legend, their shadowy dealings inspiring countless tales in Japanese folklore. No other military figure in the world has captured the popular imagination as have the ninja, with a swathe of movies, comic books, theme parks and computer games being dedicated to them. Ninja takes the reader into the world of Japan in 1789, conveying the excitement, danger and subterfuge of the period. Based on an original ninjutsu training manual, it teaches readers precisely what is required to become a ninja, and of course the craft itself, so that they can master the ninja arts. Illustrated throughout with contemporary artifacts, documents and prints taken from the original manuals, as well as modern reconstructions, this light-hearted but informative guide will captivate readers young and old, and covers every aspect of what it was really like to be a ninja in Japan.

---

## **SAMURAI AND NINJA**

---

---

### **THE REAL STORY BEHIND THE JAPANESE WARRIOR MYTH THAT SHATTERS THE BUSHIDO MYSTIQUE**

---

Tuttle Publishing The myths of the noble Samurai and the sinister Ninja are filled with romantic fantasy and fallacy. Samurai and Ninja expert Antony Cummins shatters the myths and exposes the true nature of these very real—and very lethal—medieval Japanese warriors. The Samurai and Ninja were in fact brutal killing machines trained in torture and soaked in machismo. Many were skilled horsemen and sword-fighting specialists, while others were masters of deception and sabotage. Some fought for loyalty, others for personal gain. What these warriors all shared in common was their unflinching personal bravery, skill and brutality. In Samurai and Ninja, Cummins separates myth from reality and shows why the Japanese were the greatest warriors of all time: He describes the Samurai and the Ninja as they really were in earlier times when battles raged across Japan—not in later times when war became obsolete and

Japanese warriors became philosophers, scholars and courtiers. He describes the social context of the day and the feudal world into which the warriors were trained to fight and die for their lords. He exposes the essentially brutal nature of warfare in medieval Japan. This book is illuminated by many rare Japanese manuscripts and texts which are translated into English for the very first time.

---

## **NINJA**

---

**Black Belt Communications** The first installment in Hayes' epic Ninja series introduces the reader to the building blocks of ninjutsu: basic postures, the natural elements that correspond with fighting techniques, weapons, and the "scheme of totality." The author also teaches meditation exercises to strengthen one's consciousness and decrease reaction time. The seminal book in Hayes' best-selling collection, it provides the reader with the tools to start his path in the Togakure Ryu tradition.

## **THE NINJA DEFENSE**

---

---

### **A MODERN MASTER'S APPROACH TO UNIVERSAL DANGERS (DOWNLOADABLE MEDIA INCLUDED)**

---

**Tuttle Publishing** Master the Japanese martial art of ninjutsu with this illustrated, informative guide. In *The Ninja Defense*, the classic art of the ninja is updated for maximum effectiveness in modern day situations. Stephen K. Hayes

is a Black Belt Hall of Fame member, founder of To-Shin Do, and acknowledged "Father of American Ninjutsu." He has distilled and refined the knowledge he has built studying and teaching ninjutsu for decades into a comprehensive self-defense system that can defuse the worst situations the modern world has to offer. The result is a realistic martial arts training system that includes instruction in techniques and strategies for dealing with: Grappling, Throwing, Choking, and Joint-locking Striking, Kicking, and Punching Stick, Blade, Cord, and Projectile weapons Handling multiple assailants and Surprise attacks Overcoming psychological intimidation or Bullying This ninja book, which includes a bonus DVD, focuses on Hayes' revised take on the classical martial arts styles of Japan's famed shinobi. He provides his readers with all the key ingredients—both physical and mental—to emerge safely from unexpected danger. The chapter on mental discipline will allow readers to feel more confident in whatever situation everyday life brings. The Ninja Defense contains extremely practical techniques that the author honed while serving as a bodyguard for His Holiness the Dalai Lama and fine-tuned through years of teaching. It is the ultimate self-defense book from a true martial art master.

---

### **LASER MOOSE AND RABBIT BOY (LASER MOOSE AND RABBIT BOY SERIES, BOOK 1)**

---

Andrews McMeel Publishing The forest is full of danger . . . but help is here. Meet Laser Moose and Rabbit Boy, improbable pals who use their powers—laser vision and an unrelenting sense of optimism—to fight the forces of evil. Join the dynamic duo as they battle aliens, a mutant fish-bear, a cyborg porcupine, and a mechanical squirrel, learning along the way that looking on the bright side might be just as powerful as shooting a laser. Get ready for hilarious, action-packed, laser-powered adventures written and drawn by Doug Savage, creator of the popular comic Savage Chickens. This is Savage's first graphic novel.

### **PARENTOLOGY**

---

---

### **EVERYTHING YOU WANTED TO KNOW ABOUT THE SCIENCE OF RAISING CHILDREN BUT WERE TOO EXHAUSTED TO ASK**

---

Simon and Schuster An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting

books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

## **THE MISSING MOLA LISA**

---

### **CASE 1**

---

Graphic Universe™ The Mola Lisa is missing! Someone sneaky has stolen the world's most famous painting. Good thing Q and Ray are on the case! These second-grade critters are Elm Tree Elementary's best crime solvers. Ray loves magic and stinky cheese. Q loves disguises and surprises. But can the super sleuths outwit an art thief?

---

## **TAIJUTSU**

---

### **NINJA ART OF UNARMED COMBAT**

---

Action Pursuit Group Taijutsu is the ninja warrior's elite system of unarmed self-defense. This is the first book to definitively present the concepts, principles, and techniques of this rarest of martial arts, whose lineage traces back through the feudal Japanese masters to ancient Chinese monks.

---

## **UNDERSTANDING CODING WITH MINECRAFT™**

---

The Rosen Publishing Group, Inc Introduced in 2009, Minecraft™ has become an enormous success with gaming kids and adults. Users love exploring and building within Minecraft’s mind-bogglingly large environments. This game allows users to practice STEM skills while having fun. One of its greatest strengths is its ability to teach coding principles with

“redstone” blocks. These blocks can be used to make exciting machines and devices in Minecraft’s virtual world. With this volume, readers will learn the logic and technology behind coding with Minecraft™. Photographs, diagrams, sidebars, and a graphic organizer help reinforce basic coding concepts. Minecraft is a trademark of Mojang (a game development studio owned by Microsoft Technology Corporation), and its use in this book does not imply a recommendation or endorsement of this title by Mojang or Microsoft.
